Program/Proposal Information

10. Amount of funds requested? $ 19,389.00

The Boys & Girls Clubs of Western Nevada (BGCWN) offers teens what they need and want the most a place to call their own, with adults who respect and listen to them; a safe environment where they can have fun and be themselves; and interesting, constructive activities that channel youthful energy into challenging pursuits. A youth development strategy that fosters a sense of belonging, competence, usefulness and influence underlies all Boys & Girls Club programs and builds self-confidence and self-esteem.

For eighteen years, BGCWN has been in the forefront of youth development, working with teens from all segments of Carson City, but with a special effort to reach those from disadvantaged economic, social and family circumstances. We have actively sought to enrich the lives of the youth of our community. We are dedicated to ensuring that our community's youth have greater access to quality programs and services that will enhance their lives and shape their futures.

Today (January 25th), more than 1,281 boys and girls are current members of BGCWN of that number 523 are youth between the ages of 11 -18. The proposed programs will target teens and we will tract and measure the teens/middle school members participating in the following programs:

Goals For Graduation:

This program features five major components:

- **Focus teen's attention on setting goals.** This component is designed to capture teen's attention with a variety of techniques to generate enthusiasm and interest for participation in the Goals for Graduation program. Including an exciting first meeting to kick off the program where members take the confidence boosting "I Can Achieve" pledge.
- **Set goals for academic success.** Goal setting is practiced in a three-step process with increasing personal responsibility. The long-term goals are broken down into manageable steps that can be accomplished on a daily or weekly basis.
- **Support and encourage achievement.** To contribute to the success of each participant, BGCWN staff provides daily homework support and supplemental educational activities that enhance goal achievement.
- **Helps teens relate goal setting success to other areas of their lives.** Staff assists teens in bridging their goal setting experiences with other areas of their lives. They are asked to share what they accomplished as a result of the goal-setting program. Staff asks the teens if they understand how this success is helpful in other aspects of their lives. Participants are asked if they would like to hear an outside perspective on how their goal achievement has helped them. Once the discussion is completed participants are presented with an incentive that is linked to their goal setting success that is called "A's for Awards".
- **Assist teens to develop a personal commitment to learning.** As teens become more successful, staff move teens away from dependence on rewards and towards intrinsic

satisfaction from the learning experiences. Teens are encouraged to set educational goals each day and celebrate the success of achieving each goal.

Youth participating in "Goals for Graduation" can expect the following benefits:

- Securing the required knowledge and ability to set goals
- Participating is successful goal-setting experiences
- Developing good habits to apply to studying or completing home works assignments.
- Understanding how academic goal setting impacts future aspirations
- Confidence in their ability to succeed
- Improved self-esteem
- Improved grades
- Improved social behavior
- Engaging in a continual cycle of setting and attaining goals
- Acquiring a lifelong commitment to learning

Career Development/Junior Staff Program/Leaders in Training:

BGCWN proposes to implement the Career Development/Jr. Staff Program to assist members aged 13 to 18 years in exploring a career in youth or human services. This program provides youth with the opportunity to participate in a comprehensive career/volunteer development program consisting of leadership and service activities. It also provides youth with the essential support to prepare them for future employment opportunities. The program components are as follows:

- Geared for members aged 13 to 18. This small-group program gives members the opportunity to explore personal strengths, needs and interests and looks at how they correlate with a career choice.
- Participants must complete 64 hours of volunteer service within at least four different areas of the Club.
- Learn the 10 basic aspects of a Boys & Girls Club, and work in each area and level of our organization.

These three components help to set the foundation for the segments that follow:

- Club Service geared for teens aged 15 -18, this program gives members the opportunity to earn financial help for the post-secondary education while serving their community.
- Leaders in Training, gives members aged 13 to 18 the chance to gain work, and community service experience while learning the personal skills related to employment: training in leadership, responsibilities in work situations, how to conduct oneself at work and the importance of proper work ethic.

Program benefits as a result of taking part in the program:

- Develop and strengthen leadership skills
- Seen as positive role models and respected by peers, family, school personnel, and community and Club staff.
- Introduced to a career in Human Services or Boys & Girls Clubs professions.
- A sense of pride in their responsibilities.
- Learn how to set goals and maintain direction.
- Learn important decision-making skills to prepare and plan for their future.

- A limited number of teens that complete the program are hired as "Jr. Staff" and paid minimum wage.

Typically, participation in this program leads to improved attendance and better grades in school, improved work habits, increased involvement in community affairs, improved self-image and greater self-confidence. Although relationships with parents and families remain fundamental, the Teen Director advisor can have a powerful and positive influence on the lives of young participants by providing additional continuity, direction, support and guidance. Our Teen Director will be the appointed and trained to be the Career Development/Junior Staff Advisor and the will also be responsible to run the Goals for Graduation program as well.

The Boys & Girls Clubs unique system of informal guidance and ongoing relationships between teens and caring adults are critical to helping the majority of our teens, who haven't ventured in the wrong direction, stay on the right path, as well as to help those who have strayed from the right path to find their way back. Sustained, positive relationships with caring staff help build strong connections between youth and their community, one of the most important protective factors in preventing a number of the high-risk behaviors is to have teens participate in afterschool activities, supervised by supportive adults, leads to better grades and better behavior in teens. With transportation provided by the Club and Carson City School District, there leaves little if any barriers to accessing all the Club's programs and facility usage.

Staffing is a key component for a successful Teen program. Our Teen Center Director serves as a role model, mentor and friend to an average **35 teens/middle school a day and over 523 each year.** We know that activities alone do not attract and keep teens coming to the Teen Center or prevent youth from engaging in risky behavior-positive, caring staff do.

Unemployment is one of the biggest challenges facing our nation today. In the face of a sluggish economy, workers are daily seeing their hours cut of being laid off completely. While much is made in the media about the record-setting adult unemployment rates, the teen unemployment rate in an often overlooked, but very important, statistic. According to the Labor Department, the number of young Americans (ages 16 -24) without a job is at a post-World War II high. Young workers represent about an eighth of the workforce, but account for a quarter of America's unemployed.

Nevada's overall unemployment rate remains one of the highest in the nation, and the youth unemployment rate reflects the overall rate. According to the Employment Policies Institute, Nevada ranks fourth (34.3%) in Teen unemployment rates, 10% higher than the national average of 24.5%.

A lack of a job during one's teen years can have a lasting impact. According to the Washington Post, "Millions of (young) Americans are staring at the likelihood that their lifetime earning potential will be diminished and, combined with the predicted slow economic recovery, their transition into productive members of society could be put on hold for an extended period of time." Unfortunately for many teens, it's not a lack of desire or effort to find a job, but a high level of competitiveness for the few available positions. With so many adults out of work, the field is tough, and a teen with little or no work experience doesn't stand much of a chance against adults with long work histories.

Sadly, it's our Boys & Girls Club populations that are often in the need of help the most. Our Club serve's a primarily low-income populations 47% of our family's earn less than $40,000 annually.

12. Goals, Objectives & Measurable Outcomes: The events and/or services must assist the City to fulfill its vision statement and accomplish one or more of the City's Goals. Please indicate which goal(s) will be met. Clearly state measurable outcomes of the project. Tell how you propose to achieve the outcomes of the project in terms of specific activities, including a timetable (proposed starting date and duration of the project):

Families alone, especially single-parent families (47% of our members live in single-parent households), are not meeting the needs of the young adolescents. For developmental reasons, teens need to become more involved outside the home to learn from adults other than their parents, master new skills, and try out adult roles. The importance of adult role models to the development of young teens is well documented in research literature (An Outcome Evaluation of Across Ages: An Intergenerational Mentoring Approach to Drug Prevention, The Center for Intergenerational Learning, Temple University, 1996).

Although relationships with parents and families remain fundamental, our Teen Center Director can have a powerful and positive influence on the lives of youth participants by providing additional continuity, direction, support and guidance. Our Teen Center Director will fill this gap.

We will fulfill the City's Goals by providing teens with:

- A Safe and Secure Community
- A Healthy Community
- An Active and Engaged Community
- A Community Dedicated to Excellence in Education
- A Community Where Information is Available to All

Teens participating in "Goals for Graduation" and "Junior Staff/Career Launch" can expect the following benefits:

- Securing the required knowledge and ability to set goals
- Participating in successful goal-setting experiences
- Developing good habits to apply to studying and completing homework assignments
- Understanding how academic goal setting impacts futures aspirations
- Improved attitude toward learning
- Improved grades
- Improved social behavior
- Acquiring a lifelong commitment to learning

The evaluation process is divided into two phases; process and outcome. The process phase documents what activities are implemented and who participates in those activities. The outcome evaluation tests behavioral changes made due to the program. The process evaluation answers the following questions, "who attended the program" and "what activities did they participate in"? In order to answer these two questions we need to track the following:

- Folders will be kept on each teen member, containing appropriate demographic information, areas of need, report cards and staff comments.

- Rosters will be kept documenting daily/monthly attendance and activities they participated in such as homework room attendance and teen center attendance.
- Goal setting forms will be copied and placed in each member's folder with successes and challenges noted for weekly/monthly goals.
- A pre/post program survey will be used to determine participant's improvements/changes.
- Rate of retention in the Junior Staff Career Development Program
- Rate of job placement from Leaders in Training to paid Jr. Staff
- Volunteer/Community Service hours will be tracked

The hours spent completing homework at the Club will be tracked through daily attendance forms. Finally, the Teen Center Director will document incremental changes in the behavior of participants. These notes will be summarized as a qualitative support for the numeric and self-reported data. Both of the programs will begin on January 2, 2012 and run until June, 13, 2012.

13. Indicate who will benefit from the use of these funds, and how they will benefit. If this is an ongoing event, please state how you intend to fund the program in future years.

Our teen/middle school membership is 523 and of that number 99% of the teens /middle school aged members are Carson City residents. The members will benefit with the staffing of the Teen Center Director to ensure delivery of the above mentioned programs.

The Boys & Girls Club of Western Nevada is committed to ensuring the long-term viability of teen programming. As teen/middle school members are only changed a nominal $30 dollar a year membership fee, the teen center will never be fully self-sustaining. However, the Board of Directors and staff are currently developing a diversified resource development strategy to obtain future funding from private donors, foundations, corporations, special events and government grants for all Club operations, including the Teen Center. Teen Center operations cost $70,000.00 annually. This request for funding in the amount of $19,389.00 represents 27% of the total program cost. Remaining costs are covered through BGCWN general operation budget. Maintaining a consistent level of community support, as evidenced by the level of funding from Carson City and Partnership Carson City, is crucial to helping us keep our Teen Center operational.

14. Are you aware of any other private sector/nonprofit/governmental/agencies in the area providing the same services as your program/proposal? If yes, please explain how your project will compliment other existing programs?

We are not aware of any other agency providing these services.

A total of (30) Keystone meetings were held in the time frame mentioned. There were a total of (64) Keystone members in this time.	Our Keystone Club is by far our most large and most successful program. Every teen member that comes to the Club has been involved in Keystone. It is a pillar of success at this Club and will always exist and remain active. Keystone, is an example of what a properly run program can be. It is also an example for Torch Club, our Middle School leadership program which is also based upon community involvement, and Club service. Without these programs, the Club would not be able to function efficiently and have as much of an

3. Approximately how many people benefitted from your project? How many of those people were Carson City residents? What were some of the individual benefits?

The Boys & Girls Clubs of Western Nevada served 1,281 members in the year 2011. (99%) of those members are Carson City youth residents. Out of those members, 523 were eligible to partake in the many Teen Center programs that we offer. All programs from the Boys & Girls Clubs of Western Nevada Teen Center relate to one another, and through all of them the teen population here at our Club gains a huge insight into themselves as well as builds upon existing skills. We offer a total of nineteen programs here including: Keystone Club, Torch Club, Lifeskills, Smart Moves, Girls Circle, Guys Circle, Money Matters, Goals for Graduation, Career Launch/ Leaders in Training, Junior Staff Program, Club Tech, Debate Club, Drama Club, Glee Club, Newspaper Club, Seajay's Disabilities Awareness Class, the Youth Transition Class, "In the Hood" a partnership with The Lodge, and the Youth of the Year Program. We find these programs vital to not only the Club, but also the teens.

Each individual member that enters the Teen Center enters a family. All members have control over the programs that are offered in the Teen Center. We follow the interests and talents of our members; therefore each member is individually and specifically impacted for the better. In the year 2011, our program attendance was raised and the number of programs we offer excelled previous estimates.

4. What specific community benefit did your project provide Carson City?

We as a Club and we as a Teen Center provide a safe haven for children in the community. All nineteen programs that the Teen Center offers provides an alternative to these children causing vandalism, joining gangs, doing drugs, and any other negative

behavior that effects their population. This Club has a direct and entirely positive impact on the youth in Carson City, Nevada and surrounding areas. As for each individually stated program, the community and our members benefitted in the following ways:

- Keystone places an emphasis on community service. When the Club travels out into the community, they serve and honor those around them. That was apparent in 2011, when Keystone Club worked a total of (864) community and Club service hours. The Keystone Club was also responsible for a total of (21) community service projects/fundraisers. With their numerous missions, the Keystone Club and Torch Club provide Carson City with a league of (65) dedicated youth.
- Goals for Graduation helps our members succeed academically. Most of our members in the program attend Carson City schools, thereby directly affecting each member's grades, relationships with peers and school faculty, as well as their post high school education possibilities in Nevada. In 2011, the program graduated (3) members, held (64) classes, and is now working on graduating (10) more, even helping (2) with their senior projects.
- Money Matters teaches important financial information to our youth that will no doubt at one point positively affect the Nevada economy. By teaching them the difference between wants/needs, the art of stocks/bonds, as well as what it means to save money, we are preparing these members to spend their money in a wise fashion in the economy. With (33) members finishing the program, we have met our goal of impacting lives.
- Career Launch/Leaders in Training/ Junior Staff Program are responsible for providing a new population into the Carson City community workforce. We hope to prepare our members enough so that they may be an asset to Nevada by teaching them the necessary skills needed to be employed as well as offer them employment in our facility. In 2011, we managed to do that by employing (7) Junior Staff, and watching as (1) member went out into the workforce to be placed in a part time position. The Leaders in Training also successfully graduated (4) members, teaching them vital working information.

5. Will this future program/project be reoccurring? How do you anticipate funding the project in the future?

Yes. All above mentioned programs including Keystone Club, Goals for Graduation, Money Matters, Career Launch/ Leaders in Training/ Junior Staff Program as well as the fourteen other BGCWN Teen Center programs will continue. In the future, we plan to continue our impact and expand our programs to fulfill the ongoing interests of our members. With our new program "In the Hood", a partnership with the Lodge, an assisted living & memory care facility, we will be impacting a specific population of Carson City that

has not had enough of our direct attention. "In the Hood", represents the stages of childhood, neighborhood, and elderhood. The elders at the Lodge and our teen members, ages 11-18, will be meeting once a week for a wisdom circle where members share stories, advice, and new exciting activities.

If these above mentioned programs are not funded by Carson City, the funding will have to be found elsewhere or come from our already deficit budget from our general fund.

6. Describe any challenges that impacted your program?

As for success, all goals that we laid forth were accomplished. We held numerous programs, and numerous classes that positively impacted our Teen Center. With such high numbers of classes and members, one challenge we faced was lack of space in the Teen Center itself. We also faced a challenge with the budget deficit of our Boys & Girls Clubs of Western Nevada programming reaching a new high. We have excellent programs and when you look at the numbers, we also have excellent overall retention. The teen members and our staff will continue to work hard for our Carson City, Nevada community.

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect.
