Item F-2

CARSON AREA METROPOLITAN PLANNING ORGANIZATION REQUEST FOR BOARD ACTION

Date Submitted: August 31, 2009

Meeting Date: September 9, 2009

To: Carson Area Metropolitan Planning Organization

From: Dan Doenges, Senior Transportation Planner

Subject Title: Action to approve a proposed amendment to the CAMPO 2030 Regional Transportation Plan (RTP).

Staff Summary: The Nevada Department of Transportation (NDOT) has requested that the CAMPO RTP be amended to include a project to add a third northbound lane on US 395 between Jacks Valley Road in Douglas County and Old Clear Creek Road in Carson City.

Type of Action Requested: (check one)

() None – Information Only

() Formal Action/Motion

Recommended Commission Action: I move to approve the proposed amendment to the CAMPO 2030 Regional Transportation Plan (RTP).

Explanation for Recommended Action: The Nevada Department of Transportation (NDOT) has identified \$3,450,000 in American Recovery and Reinvestment Act (ARRA) funds to be used to add a third northbound lane on US 395 between Jacks Valley Road in Douglas County and Old Clear Creek Road in Carson City. Any project within the CAMPO area using federal funds must be identified in an approved RTP and Transportation Improvement Program (TIP) before funds can be obligated for construction. In addition to the proposed project inclusion, staff has taken this opportunity to update a series of maps showing proposed pedestrian and bicycle improvements in the CAMPO area. A 30-day public comment period and a public informational meeting was noticed and held to allow the general public to ask questions and/or comment to staff regarding the proposed amendment. No comments were received during the comment period.

Applicable Statue, Code, Rule or Policy: N/A

Fiscal Impact: \$3,450,000 in federal funds.

Explanation of Impact: NDOT will be reimbursed by the Federal Highway Administration for expenditures associated with this project.

Funding Source: American Recovery and Reinvestment Act (ARRA).

Alternatives: N/A

Supporting Material: Selected pages from the CAMPO 2030 RTP that have been revised as a result of the proposed project.

CARSON AREA METROPOLITAN PLANNING ORGANIZATION REQUEST FOR BOARD ACTION

Date Submitted: August 31, 2009

Meeting Date: September 9, 2009

To: Carson Area Metropolitan Planning Organization

From: Dan Doenges, Senior Transportation Planner

Subject Title: Action to approve a proposed amendment to the CAMPO FFY 2009 - 2012 Transportation Improvement Program (TIP).

Staff Summary: The CAMPO TIP needs to be amended to include several projects to be funded through the American Recovery and Reinvestment Act (ARRA), commonly known as stimulus funds.

Type of Action Requested: (check one)

() None – Information Only

() Formal Action/Motion

Recommended Commission Action: I move to approve the proposed amendment to the CAMPO FFY 2009 - 2012 Transportation Improvement Program (TIP).

Explanation for Recommended Action: The Nevada Department of Transportation (NDOT) has identified \$3,450,000 in American Recovery and Reinvestment Act (ARRA) funds to be used to add a third northbound lane on US 395 between Jacks Valley Road in Douglas County and Old Clear Creek Road in Carson City. In addition, the City of Carson City has received an allocation of approximately \$380,000 in ARRA funds through NDOT, which was prioritized by the Nevada Association of Counties (NACO) and the Nevada League of Cities and Municipalities, to be used for micropaving portions of the following streets: Arrowhead Drive, College Parkway, Fairview Drive, Koontz Lane, Roop Street, and Edmonds Drive. The Carson City Regional Transportation Commission (RTC) will provide an additional \$212,000 for the project for a total of \$592,000. The City also expects to receive \$250,000 in ARRA funds through NDOT under the “small urban” funding category to be used for micropaving portions of the following streets: Winnie Lane, Ash Canyon Drive, S Ormsby Boulevard, and Washington Street.

Any project within the CAMPO area using federal funds must be identified in a TIP before funds can be obligated for construction. A 30-day public comment period and a public informational meeting was noticed and held to allow the general public to ask questions and/or comment to staff regarding the proposed amendment. No comments were received during the comment period.

Applicable Statute, Code, Rule or Policy: N/A

Fiscal Impact: Approximately \$4,070,000 in federal funds and \$212,000 in funds from the City of Carson City.

Explanation of Impact: NDOT will be reimbursed by the Federal Highway Administration for expenditures associated with these projects and the Carson City RTC will provide \$212,000 to provide for a portion of the cost of micropaving various City streets.

Funding Source: American Recovery and Reinvestment Act (ARRA) and the Carson City RTC.

Alternatives: N/A

Supporting Material: Proposed amendment to the CAMPO FFY 2009 - 2012 Transportation Improvement Program (TIP).

Motion: _____	1) _____	Aye/Nay
	2) _____	_____

(Vote Recorded By)

- Carson City administers a 1% fee on new residential construction (up to \$1,000) that can be used to finance recreational facilities such as trails and shared paths.
- Douglas County administers a \$500 per unit fee on all new residential construction which can be used for the construction and maintenance of roadways.
- Douglas County also administers a \$0.50/per square foot fee on commercial developments that can be used for the construction and maintenance of roadways.

Other Federal Funds

Other funds may be available through grant opportunities. The following is a list of some grants that have been successfully awarded in the past for various improvements, but is by no means an exhaustive list. There may be grants that could be pursued in other categories; for example, a Transit Security Grant.

- Safe Routes to School (SRTS)
- Community Development Block Grant (CDBG)
- Recreational Trails

In addition to the public funding sources listed above, there are often opportunities to receive funding through private sources, such as developer fees. Funding from private sources will be sought when applicable and appropriate.

PROJECT LISTING

Tables 1 and 2 list the total cost and revenue estimates for capital and operations over the four-year TIP period for all projects included in the TIP. Table 3 provides a detailed listing of all transportation improvements in the CAMPO planning area with programmed funding. Available funding has been identified for each year covered under the TIP and the funding sources are listed as well. The funding identified will be used for capital, maintenance, and operational costs. The transportation improvements have been categorized as roadway, bicycle and pedestrian, public transit, or other. The phase of each improvement is described as one or more of the following: engineering, property acquisition, construction, maintenance, operations, capital acquisition, and planning.
