BID PROPOSAL

BP. 31 COMPLIANCE GUIDELINES FOR MBE/WBE

Compliance with the requirements of this document and attachments satisfies the MBE/WBE requirements for this construction contract. This document supersedes any conflicting requirements.
Failure to take the six (6) affirmative steps listed under Good Faith Effort Requirements, prior to bid opening and to submit the Minority Business Enterprise/Women Business Enterprise Information (Form 4) form with the bid shall be cause for the bid to be rejected as a non-responsive bid.
Carson City advises potential bidders that the project is funded in whole or part with federal loan or grant funds through the Nevada Safe Drinking Water State Revolving Fund, and, as such, Executive Orders 11625, 12138, and 12432 are applicable to this contract. The United States Environmental Agency (EPA) requires that recipients of financial assistance, including assistance under the SDWSRF, comply with the requirements of these orders. In compliance with such requirements, Nevada SDWSRF has negotiated "Fair Share Objectives" with EPA for participation of small, minority and women owned businesses in procurement activity undertaken with funds made available through the SDWSRF.
Bidder agrees that it will cooperate with and assist Carson City in achieving "fair share objectives" and will exercise Good Faith Efforts to achieve such minimum participation of small, minority and women owned businesses. In particular, in submitting a bid, the bidder shall, in the selection of any and all contractors, subcontractors, and vendors for the procurement of equipment, supplies, construction, and services related to the project, at a minimum, undertake the following affirmative "Good Faith Effort" steps:

Good Faith Effort Requirements

1. Include small, minority and women owned businesses on solicitation lists;
2. Assure that small, minority and women owned businesses are solicited whenever they are potential sources;
3. Divide total requirements, when economically feasible, into small tasks or quantities to permit maximum participation by small, minority and women owned businesses;
4. Establish delivery schedules, when the requirements of the work permit, which will encourage participation by small, minority and women owned businesses;
5. Use the services of the Small Business Administration and the Office of Minority Business Enterprise of the U.S. Department of Commerce, as appropriate; and
6. If any contractor awards subagreements, require the contractor to take the affirmative steps in paragraphs (1) through (5) of this section.

Other Requirements:

1. The apparent successful low bidder must submit documentation showing that, prior to bid opening, all required positive efforts were made. The documentation must be received by Carson City within 5 working days following bid opening.
2. If the apparent successful low bidder has rejected or considered as non-responsible and or non-responsive any low MBE or WBE sub-bidder, a complete explanation must be provided to Carson City.
3. Each MBE/WBE firm to be utilized must complete Form 3 (MBE/WBE Self Certification), or equivalent certification by a federal, state, or local government entity. Such certification documentation shall be submitted to the Carson City by the apparent successful low bidder.
4. If additional procurement becomes necessary after the award of the prime contract, good faith efforts shall be applied, and, if MBE/WBE subcontracts are awarded, Form 3 (MBE/WBE Self Certification) or equivalent certification shall be provided to Carson

City by the prime contractor within 10 working days following the award of each new subcontract.

5. Any deviation from the information contained in Form 4 (Contractor Information Form) shall not result in a reduction of MBE/WBE participation without prior approval of Carson City.

6. Failure of the apparent low bidder to perform the six affirmative (Good Faith Effort) steps prior to bid opening and/or to submit Form 4 (Contractor Information Form) will lead to its bid being declared non-responsive by Carson City. The Carson City may then award the contract to the next lowest responsive, responsible bidder meeting the requirements of these contract provisions.

Fair Share Objectives:

The following good faith effort objectives have been established for this construction contract:

Procurement Category	MBE	WBE
Construction	12%	10%
Supplies	13%	28%
Equipment	11%	23%
Services	7%	25%

Documentation Requirements MBE/WBE Good Faith Effort - Positive Effort Documentation*

The bidder must take affirmative steps prior to bid opening to assure that MBEs and WBEs are used whenever possible as sources of supplies, construction and services. Failure to take such steps prior to bid opening and to submit Form 4 with the bid shall cause the bid to be rejects as non-responsive. Affirmative steps shall be as follows:

1. Include qualified MBEs and WBEs on solicitation lists

   The bidder must document that it requested assistance from the Small Business Administration and the Minority Business Development Agency and that this request for referrals was made at least five (5) working days prior to the need for referrals (see affirmative step 5 below).

2. Assure that MBEs and WBEs are solicited whenever they are potential sources.

   The bidder must document that it has provided invitations to MBE/WBE bidders at least five (5) working days prior to the need of a bid response.

   The bidder must document that invitations were sent to at least three (or all if less than three) MBE/WBE contractors/suppliers for each item of work referred by the MBE/WBE assistance center(s). The invitations must adequately specify the item(s) for which sub-bids were requested.

   The bidder must submit to the Carson City documentation consisting of a list of all sub-bidders for each item of work that MBEs or WBEs were solicited including dollar amounts for both MBE/WBE and non-MBE/WBE sub-bidders

3. Divide total requirements, when economically feasible, into smaller tasks or quantities to permit participation by MBEs and WBEs.

   A bidder must document that it gave consideration to dividing the contract into small proprietary portions (paving, electrical, landscaping, etc). If this was not done, documentation must be submitted explaining why it could not be done.

4. Establish delivery schedules where the requirements of the work permit, which will encourage participation by MBEs and WBEs.

   The bidder must document that it gave consideration to establishing a project schedule which would allow MBEs and WBEs to bid the work as subcontractors or

suppliers. If this is not done, document reasons why the project schedule, or portions thereof, cannot be modified so as to accommodate interested MBEs and WBEs.

5. Use the services and assistance of the Small business Administration, the Minority Business Development Agency, and other agencies listed below, as appropriate.

6. If contractor awards subagreements, require subcontractors to take the affirmative steps listed in 1 through 5 above.

The bidder should make contact with the offices listed below, as appropriate. Their services are provided at no cost to bidder. If contact was made with neither, documentation must be presented to explain why contact was not made and describe what MBE/WBE solicitation lists were used.

In addition, the bidder is encouraged to procure supplies and services from small- and disabled-veteran-owned- and labor surplus area firms. Carson City recommends that bidder organize and maintain information on its MBE/WBE good faith effort in a binder, arranged according to the Good Faith Effort steps. Bidder is advised to keep printouts of searches for minority and women-owned firms, logs of telephone calls, logs and copies of correspondence, particularly contact letters. Carson City recommends that bidder include response of potential subcontractors and suppliers in the documentation log. Carson City will contact apparent selected firm to obtain for review the firm's s MBE/WBE good faith effort

supporting documentation prior to award of the contract.

Definitions

Minority Business Enterprise/Women's Business Enterprise (MBE/WBE)

A MBE is a business that is, (1) at least 51 percent owned and controlled by one or more minority individuals, or, in the case of a publicly owned business, at least 51 percent of the stock is owned by one or more minority individuals; and (2) whose daily business operations are managed and directed by one or more of the minority owners.

A WBE is a business that is, (1) at least 51 percent owned by one or more women, or, in the case of a publicly owned business, at least 51 percent of the stock is owned by one or more women; and, (2) whose daily business operations are managed and directed by one or more of the women owners.

Minority Individuals Include:

(a) American Indians

Persons having origins in any of the original peoples of North America. To qualify in this group, a person must be a citizen of the United States and meet one or more qualifying criteria including:

(1) Be at least one-fourth Indian descent (as evidenced by registration with the Bureau of Indian Affairs);
(2) Characteristic Indian name;
(3) Recognition in the community as an Indian;
(4) Membership in a tribe, band or group of American Indians (recognized by the Federal Government), as evidenced by a tribal enrollment number or similar indication; and
(5) Characteristic Indian appearance and features.

(b) Black Americans

U.S. citizens, other than Hispanic, having origins in any of the black racial groups of Africa.

(c) Asian Americans

U.S. citizens having origins in any of the original peoples of the Far East, Southern Asia, the Indian subcontinent or the Pacific Islands. This area includes, for example, China, Japan, Korea, the Philippine Islands and Samoa. The Indian subcontinent takes in the countries of India, Pakistan, Bangladesh, Sri Lanka, Nepal, Sikkim, and Bhutan.

(d) Hispanic Americans

U.S. citizens of Mexican, Puerto Rican, Cuban, or other Spanish culture or origin, regardless of race. Only those persons from Central and South American countries who are of Spanish origin, descent, or culture should be included in this category. Persons from Brazil, Guyana, Surinam or Trinidad, for example, would be classified according to their race and would not necessarily be included in the Hispanic category. In addition, the category does not include persons from Portugal, who should be classified according to race.

(e) American Eskimos and American Aleuts

SDWSRF-Procurement Categories-Model Category Definitions

Background: SDWSRF, MBE/WBE requirements apply to procurement of Construction, Services, Equipment, and Supplies. Based upon a review of federal agency references (regulations and guidance), the following definitions may be utilized in the process of documentation of the "good faith effort."

"Construction" means a process of construction, improvement/alternation, or repair, remodeling, of any public structure, or public improvement of any kind to any real property. As used in this definition, the terms "buildings, structure, or other real property" typically include but are not limited to improvements of all types, such as bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, cemeteries, pumping stations, railways, airport facilities, terminals, docks, piers, wharfs, ways, lighthouses, buoys, jetties, breakwaters, levees, canals, and channels. Construction does not include the routine operation, routine repair or routine maintenance of existing facilities. Construction does not include the manufacture, production, furnishing, construction, alteration, repair, processing, or assembling of personal property.

"Services" means (1) the furnishing of labor, time or effort by a contractor which does not involve the delivery of a specific end product other than required reports and performance; (2) a contract that directly engages the time and effort of a contractor whose primary purpose is to perform an identifiable task rather than to furnish an end item of supply. [Note: Typically construction related services (electrical, plumbing, etc., integral to the construction of a specific end product which is attached to, or part of, real property is considered part of "construction" rather than "services."

"Equipment" means tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. Rental or lease of equipment may be included in this category.

BID PROPOSAL

"Supplies" means all tangible personal property other than equipment as defined above. (i.e. personal property having a useful life of less than one year and an acquisition cost of less than $5,000 per unit.)

BP. 32 CONTRACTOR'S ARRA COMPLIANCE CERTIFICATION

This project, the Production Well 41 Drilling, Construction and Testing Project, is funded in part or whole by the American Reinvestment and Recovery Act of 2009 (ARRA), also known as Federal Stimulus Money. The Contractor and all named Subcontractors shall certify in writing their understanding of and compliance with the ARRA requirements. The General Contractor shall submit a signed copy of this compliance statement with the Bid, per Specification Sections 00200. The General Contractor shall submit all named Subcontractors' signed compliance forms to the Owner within 10 business days after bid opening.

Failure to provide the General Contractor's signed certification with the Bid and the Subcontractors' signed certifications within ten (10) business days following Bid Opening shall render the Bid non-responsive and shall be the basis for rejection of the Bid.

By signing this document, the Contractor certifies they are fully compliant with ARRA Requirements, as summarized below:

B. **Buy American**: Section 1605 of the ARRA requires that all Iron, Steel, and Manufactured Goods used in the project shall be produced in the United States.

1. Steel is further defined as:

   a. An alloy that includes at least 50 percent iron, between .02 and 2 percent carbon, and may include other elements.

   b. Production in the United States of the iron or steel used in the project requires that all manufacturing processes must take place in the United States, except metallurgical processes involving refinement of steel additives.

   c. These requirements do not apply to iron or steel used as components or subcomponents of manufactured goods used in the project.

2. Manufactured goods are further defined as goods brought to the construction site for incorporation into the building or work that have been:

   a. Processed into a specific form and shape; or

   b. Combined with other raw material to create a material that has different properties than the properties of the individual raw materials.

   c. There is no requirement with regard to the origin of components or subcomponents in manufactured goods, as long as the manufacture of the goods occurs in the United States.

C. Contractor acknowledges that all submittals shall include material manufacturers' certification of ARRA compliance forms. Note that un-certified manufacturers shall be a basis for rejection of product, unless a waiver has been granted. Contractor shall replace all rejected items (due to noncompliance with ARRA guidelines) with ARRA compliant manufacturers, at no cost to the owner.

D. Waste, Fraud, and Abuse: Waste, Fraud or Abuse of public funds will not be tolerated. Contractor understands that Project accounting must be strict, accurate, and timely.

E. Whistleblower Rights Notice: The Contractor understands that Federal whistleblower protections and rights must be posted at the job site. This posting shall be public, conspicuous, and readily available to all personnel working at or visiting the job site.

F. Reporting: The Contractor understands that in addition to standard Project reporting requirements that certain additional reports are required, on a weekly and quarterly basis, including the tracking of goals per Section 1512 of the ARRA. Specific report items are expected to include jobs created, jobs saved, and other information related to the administration of the Project, and will be updated on the following website: http://www.federalreporting.gov/

G. Prevailing Wages: The Contractor understands that the payment of Nevada State and Federal Davis Bacon prevailing wages and timely submission of prevailing wage documentation is mandatory.

H. For further clarification on how to implement ARRA guidelines, see the following website:

http://ndep.nv.gov/recovery/index.html

Certification:

I (undersigned) have read, understand, and will comply with the ARRA requirements for the Production Well 41 Drilling, Construction and Testing Project due to financing from the American Reinvestment and Recovery Act of 2009.
