Kit Sierra, Mayflower and Bel Aire Way Waterline Replacement Project
PWP# CC-2013-312

August 6, 2013

Addendum No. 1

As of August 14, 2013, the following questions and comments have been received. Answers are provided in blue italics.

1. I would like clarification on Asphalt Trench Patch dimensions; specifically what is the required width along Mayflower, and Bel Aire? The plans show the proposed location of the waterline outside of the (E) paving except for driveway and street crossings but plans indicate that a portion of the streets will still require paving.

Along Mayflower and Bel Aire, the hatched areas shown on the plans for AC pavement restoration represent the minimum patch areas based on the standard detail for Trench Excavation and Backfill and the standard detail for Pavement Patch. This represents typically 24 to 36 inches of minimum width AC restoration along the edge of roadway. The trench excavation must be a minimum of 12 inches beyond the O.D. of the pipe, and the pavement patch must be a minimum of 12 inches wider than the top of trench on either side per the standard details. Given that the water main will be deeper than minimum depth at some locations (refer to the profiles in the plans), the contractor may choose to widen the trench excavation in order to minimize required shoring. In which case, the contractor would be responsible for whatever width of AC restoration is necessary to correspond with 12 inches wider than the top of excavation per the Pavement Patch Detail. Keep in mind that the AC restoration width for the water service laterals will be need to be a minimum of 12 inches wider than the O.D. of the service line and 12 inches wider than the top of trench excavation on either side, therefore 50 inches minimum AC restoration width for the service laterals. The stormwater AC restoration width can be determined in the same manner, being 12 inches wider than the top of trench excavation on either side.

BP. 14

WORKERS EMPLOYED REPORT INSTRUCTIONS FOR COMPLETION

Effective July 1, 2013, contractors who receive a preference in bidding on a public work must submit an affidavit to the public body certifying that 50 percent of all workers employed on the public work, including any employees of the contractor and of any subcontractor, will hold a valid driver's license or identification card issued by the Nevada Department of Motor Vehicles. Pursuant to NRS 338.070(4), a contractor and each subcontractor engaged on a public work shall keep an accurate record showing, for each worker employed by the contractor or subcontractor in connection with the public work who has a driver's license or identification card, the name of the worker, the driver's license number or identification card number of the worker, and the state or other jurisdiction that issued the license or card. A copy of this record must be received by the public body no later than 15 days after the end of the month. Additionally, the contractor and any subcontractor will maintain and make available for inspection within Nevada his or her records concerning payroll relating to the public work.

- EACH contractor and subcontractor must complete the Workers Employed Report.
- You may make additional copies of the report as necessary.
- A copy of this report must be submitted with the monthly certified payroll report.
- For the first report submitted, each contractor and subcontractor should list every worker employed in connection with the public work. The workers listed should be the same as those reported on the certified payroll report.
- For each subsequent month, add only those workers not previously reported to the Workers Employed Report and submit the newly-revised report. If no additional workers have been added, you may submit the previous month's report.
- If a worker has been reported on a previous month's report, but does not work during a subsequent month or is no longer employed by the contractor, his or her name should remain on the report. DO NOT DELETE ANY NAMES. This report is intended to serve as a cumulative list of all workers employed by the contractor and subcontractor over the duration of the project to verify compliance with the minimum requirements of the affidavit.

BID PROPOSAL

Local Preference Affidavit

(This form is required to receive a preference in bidding)

I, Greg Gerhardt, on behalf of the Contractor, Gerhardt & Berry, swear and affirm that in order to be in compliance with NRS 338.XXX* and be eligible to receive a preference in bidding on Project No. 1314-076, Project Name Put Siena, Mayflower or Bellini way, I certify that the following requirement will be adhered to, documented and attained on completion of the contract. Upon submission of this affidavit on behalf of Gerhardt & Berry, I recognize and accept that failure to comply with any requirements is a material breach of the contract and entitles the City to damages. In addition, the Contractor may lose their preference designation and/or lose their ability to bid on public works for one year, pursuant to NRS 338. XXX*:

1. The Contractor shall ensure that 50 percent of the workers employed on the job possess a Nevada driver's license or identification card;
2. The Contractor shall ensure all vehicles used primarily for the public work will be registered and (where applicable) partially apportioned to Nevada;
3. The Contractor shall ensure at least 50 percent of the design professionals who work on the project (including sub-contractors) have a Nevada driver's license or identification card.
4. The Contractor shall ensure payroll records related to this project are maintained and available within the State of Nevada.

*Note that specific sections of NRS 338 detailing the continued procedures associated with the use of the "bidder's preference" have been amended by the passage of Assembly Bill 172 effective 7/1/13, requiring this affidavit and subsequent record keeping and reporting by the General Contractor using the preference program and awarded this project. These requirements are not applicable to Contractors who do not use the "Bidder's Preference" eligibility certificate in their bid.
