The Carson City Rifle and Pistol Range Closed for Construction projects

The Carson City Rifle and Pistol Range will be closed for construction projects from May 30th – June 7th. Thanks to a Nevada Department of Wildlife Hunter Education Grant, funded through the Pittman-Robertson Act, Quality of Life funds and generous donations from local organizations, the Parks Department is finishing the installation of the restroom facility at the Carson City Rifle and Pistol Range. In addition to finishing the new restroom facility, Public Works will be doing berm work to the private shooting bays to enhance the heights of the eroded berms.

For the safety of the contractors and City employees working during this time frame at the Rifle and Pistol range, all range activities will be cancelled until the range opens up on Friday, June 8th.

If you have any questions about the projects that are being performed during this period, please contact David Navarro, Parks Operations Superintendent, at (775) 283-7346.
