Meeting Date: October 18, 2018

Staff Contact: Lee Plemel, Community Development Director

Agenda Title: For Possible Action: To direct staff to serve a complaint and notice of an order to appear and show cause why business license no. 6629, issued to Ann Sullivan, owner of Capital City Liquidators, located at 3390 S. Carson Street, should not be suspended, cancelled, or revoked pursuant to CCMC 4.04.210(1), for continued operation of the business in violation of the Carson City Municipal Code, and to fix the time and place for the show cause hearing to be December 6, 2018 at 8:30 a.m. (Lee Plemel, lplemel@carson.org).

Staff Summary: The Carson City Code Enforcement Division initiated code compliance actions regarding the subject business on November 5, 2015, for unscreened outside storage and outside storage that exceeds the permitted area on property zoned Retail Commercial (20%) without a Special Use Permit. Background/Issues & Analysis

The Carson City Municipal Code Chapter 4.04 (Business Licenses), Section 4.04.210 (Suspension, cancellation or revocation of licenses or permits) establishes the reasons and process for suspending, canceling or revoking a business license. "Good cause" for such an action includes "any act in the operation of the business [that] is made unlawful or is prohibited by any ordinance, law or rule of Carson City." In accordance with CCMC 4.04.210, the process requires that the Board of Supervisors "may, on its own motion or initiative, . . . institute proceedings to suspend, cancel or revoke a license. . ." The required process is as follows:

1. The Board of Supervisors, by motion, directs staff to serve notice of an order to show cause hearing set by the Carson City Board of Supervisors by mailing a complaint to the licensee containing the location, date, and time of the hearing, and the alleged reasons for the proceedings.
2. After service of the complaint to the licensee, the licensee has 10 days in which to file a written response to the complaint and file it with the Business License Department.
3. The Board of Supervisors conducts a "show-cause" hearing to consider the evidence and written response and, if the Board chooses to suspend, cancel or revoke the license, enters a written order into the record with the applicable action.

Subject business information:

Business Name: Capital City Liquidators

Business Address: 3390 S. Carson Street

Business License No: 6629

Business Owner: Anne Sullivan

Year of Business Opening at Current Location: 2012

The property is located within the Retail Commercial (RC) zoning district. The purpose of the Retail Commercial zoning district is stated in the Carson City Municipal Code (CCMC) Section 18.04.130 (Retail Commercial), which reads:

The purpose of the RC District is to preserve a commercial district limited primarily to offices and retail sale of new merchandise and excluding all uses in the General Commercial and Industrial Districts, except for some service uses which are compatible with the zone. All uses within the RC District shall be conducted within a building, and aside from display windows, be screened from view. Outdoor display and storage of autos, recreational vehicles, or mobilehomes in conjunction with an existing business with sales of autos, recreation vehicles and mobilehomes is allowed in accordance with Division 2 of the Development Standards and provided the vehicles or mobilehomes do not encroach into City or State Right-of-Way without an approved encroachment permit and are screened from adjacent parcels. Temporary outdoor display and sale of merchandise for a period not to exceed 30 days within a calendar year may be authorized by the Director subject to Title 18.02.115.8 (Outdoor Sales and Activities).

According to Section 18.04.130(2), "Outside Storage, limited by and to subject to Development Standards Division 1 and 1.12 Outside Storage" is a permitted accessory use in the RC zoning district.

The Development Standards Division 1.12 (Outside Storage) includes the following provisions (emphasis added):

1. Storage areas shall be enclosed by a one hundred percent (100%) sight obscuring fence or wall permanently installed and maintained by a minimum height of six (6) feet. No materials and/or equipment shall be stored therein to a height exceeding that of the wall or fence.

2. Storage areas allowed as an accessory use in a commercial or Limited Industrial zoning district shall not occupy more than twenty percent (20%) of the lot area unless a Special Use Permit is first obtained.

Capital City Liquidators first obtained a business license for operating in its current location in 2012. The license was for "new and used office and warehouse items, fixtures and furniture." (See Attachment 1, current business license.) Based on discussions with the business owner, staff determined that the permitted uses under the business license, as defined in CCMC Title 18, were:

1. Secondhand Dealer, sale of new and used office/warehouse furniture and fixtures (the sale of one kind of used commodity, not a Secondhand Business which is the sale of general used merchandise).
2. Antique Sales.
3. Used cars and RV sales.

With the business license application submittal, the business owner provided a site plan showing compliance with the limitation on outside storage to no more than 20% of the parcel area (see Attachment 2). The applicant never fenced in and screened the compliant storage area but, instead, utilized a larger area for outside storage.

Despite numerous warnings, notices of violation, and citations, the outside storage area has continued to occupy more area over the years since the opening of the business. Refer to Attachment 3 to see the outside storage area before the business was located on the property and in the years since then.

Code Enforcement staff and the District Attorney's office has been unable to get the business to comply with the outside storage regulations through the misdemeanor citation process through the courts. Therefore, based on the continued lack of compliance regarding outside storage, Code Enforcement staff recommends that the Board of Supervisors initiate show cause proceedings as to why the business license should not be canceled, suspended or revoked.

City staff has notified the business owner of the proposed action at this meeting.
