Subject Title: Action to introduce on first reading, Bill No. ____, an ordinance amending ordinance No. 2006-12 by adding the North Town Shopping Plaza and the vacant former Kmart Building to the Redevelopment Project Area No. 2 and other matters properly related thereto.

Staff Summary: The purpose of this ordinance is to amend our Redevelopment Project Area No. 2 in order to continue to energize Carson City's aging shopping centers and re-tenant vacant big box buildings. The Redevelopment Authority's long-term strategy employs a public and private partnership approach that will retain and enhance additional commercial activity in this area. The addition of these properties to the current Project Area No. 2 is consistent with the annual goals and objectives of the Carson City Board of Supervisors in as much as this action facilitates efforts to revitalize Carson City's aging shopping to help turn them into economic success stories and sales tax generating engines.

Recommended Board Action: I move to introduce on first reading, Bill No. ____, an ordinance amending ordinance No. 2006-12 by adding the North Town Shopping Plaza and the vacant former Kmart Building to the Redevelopment Project Area No. 2 and other matters properly related thereto.

Explanation for Recommended Board Action: NRS Chapter 279 allows concerned communities to identify deteriorated areas that need revitalization through redevelopment. Redevelopment projects work best when paving the way for private investment that otherwise would not occur. The recommendation emphasizes the strict use of redevelopment as a catalyst for private investment. Carson City continues to have vacant big box stores and empty in-line shops. New commercial development is imperative to address our dependency on sales tax to pay for city services. A second reading of this ordinance will be scheduled before the amendment would take effect.
