## Nevada Death Records – online

ATKINS, Henry E.  
 Died: May 1865  
 Killed by Daniel HUGHES, both soldiers

*\*\*Henry Aikens is one of over thirty Ft. Churchill soldiers who died while assigned to Fort Churchill between 1863-1866. Please see pages 148 - 154 "Re-interring Nevada's Unknown Soldiers" for more information on the re-interment from Ft. Churchill to Lone Mountain Cemetery and a list of all of the soldiers identified as having died while stationed at Ft. Churchill during this period. It is unknown if Henry is buried at Lone Mountain.... The names of the soldiers re-interred to Lone Mountain were unknown even at the time of their re-interment but since he was assigned to Ft. Churchill at the time of his death, the possibility arises that he may have been one of the thirty unknown soldiers sent to Lone Mountain.*
