STATE OF NEVADA  
CARSON CITY

ABSTRACT OF THE VOTE

I, Alan Glover, Carson City Clerk-Recorder, do hereby certify the enclosed to be a full, true, and correct statement of the Vote of said City, polled at the November 3, 1998, General Election; and I hereby further certify that the whole number of votes cast in said City, and the whole number of votes set forth as the total of the respective precincts and voting districts, as said statement appears in the Records of the Proceedings of the Board of Supervisors of Carson City, Nevada, now in my custody.

In testimony whereof, I have hereunto set my hand and affixed the Seal of Carson City, Nevada, this 4th day of November, 1998.

  
ALAN GLOVER  
CARSON CITY CLERK-RECORDER

# NOTICES

Your Voting District & Precinct Number is printed above your name.

If you are going to vote on Election Day,  
TUESDAY, NOVEMBER 3

Your polling place address where you go to vote is:

COMMUNITY CENTER  
851 E. WILLIAM ST.

POLLS OPEN 7 A.M. - CLOSE 7 P.M.

NRS 293.780 voting more than once at same election.  
1. A person who is entitled to vote shall not vote or attempt to vote more than once at the same election. Any person who votes or attempts to vote twice at the same election is guilty of a Category D Felony and shall be punished as provided in NRS 193.130.

*Be sure to take your SAMPLE BALLOT  
with you if you vote on Election Day*

SAMPLE BALLOT  
WITH YOU TO YOUR  
POLLING PLACE  
ON  
ELECTION DAY.**

***DON'T  
FORGET  
TO  
VOTE***

**Explanation:** A "yes" vote would permit Carson City to levy an additional property tax of 4 cents per \$100 assessed valuation for a period of up to 30 years. The proceeds of the tax will be used for the purposes of assuring fire protection service levels in the City, including the operation, maintenance, hiring, training and equipping of firefighters (including without limitation firefighter/paramedics). This would cost the owner of a home with a taxable value of \$100,000 approximately \$14.00 per year.

A "no" vote would prevent the levy of such a tax for this purpose at this time.

**Argument For the Question:** Fire protection is of critical importance to the residents of Carson City. The proceeds of the levy will be used to:

- Add needed firefighters and/or firefighters that are also trained as paramedics or also trained in other public safety positions, equipment and other expenses necessary for the Carson City Fire Department to provide for improved fire protection coverage in all areas of the City.
- Establish compliance with new State regulations concerning required staffing levels before entering a building in response to fire calls.
- Shorten response time and improve fire protection services to better protect the residents of the City and their property.

**Argument Against the Question:** Passage of the Question will result in an increase in property taxes of 4 cents per \$100 assessed valuation, or approximately \$14.00 per year for a home with a taxable value of \$100,000. The City should pay for additional fire protection services from existing City resources by reducing other City services.

## INSTRUCTIONS TO VOTERS

To vote for a candidate of your selection, punch the ballot card in the hole next to the right of the name of that candidate.

All distinguishing marks or erasures are forbidden and make the ballot void. If you incorrectly punch, tear, or deface the ballot card, return it and obtain another.

**PUNCH OUT BALLOT CARD ONLY WITH PUNCHING DEVICE;  
NEVER WITH PEN OR PENCIL.**

### VOTING RECORDER INSTRUCTIONS

Step 1 Using both hands, insert the ballot card all the way into the Vote Recorder.

Step 2 Be sure the two slots in the end of your card fit down over the two red pins.

Step 3 To vote, hold the voting instrument straight up. Punch straight down through the ballot card for the candidates of your choice. Do not use pen or pencil.

Step 4 Vote all pages

Step 5 After voting, remove the ballot card from the Vote Recorder and inspect to be sure rectangular shaped holes were cleanly and completely punched out.

Step 6 Insert ballot card into protective envelope and return to the Election Board Officer.

TOMBURELLO, LOUIS R.	(LIBT)	14 →
WINQUIST, ROBERT W.	(NAT LAW)	15 →

BE SURE TO TAKE YOUR SAMPLE BALLOT WITH YOU WHEN YOU GO TO VOTE

- The Young Adult and Children's Libraries will be expanded and additional restrooms provided.
- The existing public auditorium will be relocated and expanded to serve approximately 170 persons. A separate exterior entrance to the Auditorium will be provided to better serve the community allowing it to remain useable at certain times when the Library might otherwise be closed
- A computer center with a bank of computers will be provided for use by patrons
- Energy and maintenance costs will be reduced.

**Bond Information** The maximum amount of the bonds is \$2,500,000. The maximum maturity of the bonds is thirty (30) years, but the Board anticipates that the bonds will actually mature within approximately twenty-two (22) years of their issuance. The anticipated interest rate on the bonds is 6.15% and the total anticipated interest cost is \$1,916,345. Accordingly the total anticipated debt service (principal and interest) on the bonds is expected to be approximately \$4,416,345. The actual interest rate and total debt service on the bonds may be higher or lower than the above estimate, depending on the interest rates at the time the bonds are sold.

The Board estimates that the bonds are to be issued in fiscal year 1998-1999. Based upon an average projected growth rate of 5 percent per year in the assessed value of the property in the City the Board estimates that the range of tax rates necessary to provide for debt service on the bonds for the dates on which they are expected to be redeemed will be between \$0.0087 per \$100.00 and \$0.0216 per \$100.00 of assessed value of the property in the City. The actual tax rate necessary to pay the bonds may be higher or lower than the above estimates, depending on the interest rates at the time the bonds are sold, the maturity schedule and term of the bonds as actually issued, and the assessed of the property in the City against which the bonds are issued at the time taxes to repay the bonds are levied. The City does not intend to increase taxes by more than 5 cents per \$100 of assessed valuation to pay for both the library ad valorem levy and the bonds.

The estimated annual operation and maintenance costs of the project are \$29,500. The Board anticipates that both the normal operation and maintenance costs and any future increases in the costs will be paid from the levy of the special elective tax of up to 5 cents per \$100 assessed valuation authorized in the Question. The energy consumption and maintenance costs of the existing Library facilities are expected to be reduced by the proposed renovations.

There are presently no requirements of any court order, or state or federal statute relating to the question which will result in a consequence that is dependent upon approval or disapproval of the Question by the voters.

QUESTION NO. CC 2

**FIRE PROTECTION BALLOT QUESTION**

Shall the Board of Supervisors of Carson City be authorized to establish a property tax levy for the purposes of assuring fire protection service levels in the City, including without limitation, the operation, maintenance, hiring, training and equipping of firefighters (including without limitation firefighter/paramedics) at a rate of 4 cents per \$100 of assessed valuation (or such lesser amount as determined each year by the Board) for a period of 30 years commencing July 1, 1999, to raise approximately \$170,000 in fiscal year 1999/2000, and thereafter the amount generated by the rate not to exceed 4 cents per \$100 of assessed valuation of the City?

Yes 188  
No 189

increased utility and maintenance costs associated with expanded space, public hours and public access. For the purpose of constructing additional space and remodeling existing space, the City proposes to issue general obligation library bonds in the amount not to exceed \$2,500,000, payable from the 5 cent elective tax. The proceeds of the bonds will be used for library purposes, including but not limited to constructing, improving, equipping and acquiring an addition and renovations to the existing Library.

A "no" vote would prevent expansion of library hours and services and the issuance of the library bonds and the levy of such a tax for this purpose at this time.

**Argument For the Question:** The proceeds of the levy will be used to provide additional services for the public including additional hours of operation, staffing to serve the public during the increased hours and improving, maintaining, equipping and acquiring library facilities with the City. Such expenditures are necessary because:

- The public demand on the Library facilities exceeds the existing capacity of the Library and will become more severe as the City grows.
- Passage of the Question will also provide for the increased demand for information, expansion of the Young Adult and Children's Libraries, a computer facility and a larger public auditorium.
- Broad based surveys of citizens within the District determined that expanded public hours, public access and services are necessary.
- Existing Library funds are insufficient to provide for the operation and maintenance expenses resulting from expanded public hours and public access to the Library. The amount of funds needed exceeds the amount that can be made available to the Library from the City's general fund.

If the Question is approved, the City will be able to provide extended public hours and public access, which services have been reduced and not returned to previous levels since 1980, renovate and make more efficient existing space, and provide an addition of approximately 10,000 square feet of much needed space. If the Question is not approved, the City will not be able to provide additional hours, services or space desired by the public.

**Argument Against the Question:** Passage of the Question will result in an increase in property taxes of 5 cents per \$100 assessed valuation of which between 3 and 4 cents will be used to provide for increased hours, services, operation and maintenance, and between 1 and 2 cents will be dedicated to repayment of the renovation and construction bonds. If assessed value of property within the City decreases or if the growth in assessed value of the property in the City does not increase as projected, approval of the Question could require a property tax rate within the City greater than the property tax rate which has been projected by the City as needed to repay the bond portions of the question.

**Additional Information:** The election will be held Tuesday, November 3, 1998 in conjunction with the statewide general election. The polls will be open from 7:00 a.m. to 7:00 p.m. Your precinct and polling place are listed elsewhere on the sample ballot.

The City anticipates using the proceeds of the special elective tax for the purpose of expanding public hours and services, operation and maintenance, and retiring the general obligation bonds for remodeling and expanding the existing Library. Some of the features of the new Library facility would include:

- With the additional revenues, the Library will be able to expand hours through earlier opening times, later closing times and Sunday hours of operation.
- The new Library facility will provide an additional 10,000 square feet of usable space and rehabilitate existing space to better serve the public and provide for a larger collection. The public stack and reading areas will be increased by approximately 30%.

candidate's name on the ballot

**ARGUMENTS FOR PASSAGE**

Proponents argue that term limits are necessary to remove career politicians from the U.S. Congress and to reduce the power of the seniority system so that all members of Congress, whether old or new, have the same amount of power. Enactment of term limits may lessen the power of lobbyists and special interest groups because these elected officials will only be in office for a limited amount of time. Members of Congress would have the opportunity to focus on the issues instead of their own reelection campaigns. The proposal would ensure that term limits are enacted by one of the methods for amending the U.S. Constitution—direct action of Congress to be ratified by the states, or a Constitutional Convention. Proponents argue that citizens have a right to know whether or not their elected representatives have followed the instructions contained in this term limits proposal so informed decisions can be made at subsequent elections.

**ARGUMENTS AGAINST PASSAGE**

Opponents argue that the proposal contains methods for calling a Constitutional Convention, a process which is viewed as a dangerous and unsatisfactory method of effecting change. Opponents argue that such a convention could not be limited to consideration of just term limits as an issue, but would leave the U.S. Constitution open to wholesale revision. Others argue that voters already have the power to limit the terms of members of Congress through the act of voting. Experienced members of Congress will not be allowed to run for reelection. Members who have done a good job and been responsive to the voters would nonetheless be ineligible to continue to serve. Since they cannot be reelected, Senators and Congressmen will not be accountable to the voters in their final terms in office. Opponents argue that the printed informational statement to appear on the ballots would be unfair to the candidates and misleading to the voters.

**FISCAL NOTE**

Fiscal Impact-No. The proposal to amend the Nevada Constitution would require action by Nevada's Congressional delegation, State Legislature and the Secretary of State's Office regarding term limits. The proposed requirements would have no adverse fiscal effect.

**QUESTION NO. CC 1  
LIBRARY QUESTION**

Shall the Board of Supervisors of Carson City, Nevada be authorized to establish an ad valorem levy for the purpose of acquiring, constructing, improving, operating, maintaining and equipping library facilities at a rate of 5 cents per \$100 of assessed valuation to raise approximately \$460,000 in fiscal year 1999-2000 and thereafter the amount generated by the rate of 5 cents per \$100 of assessed valuation of the City for a period of 30 years commencing July 1, 1999, and issue up to \$2,500,000 of general obligation library bonds? (The City does not intend to increase taxes more than 5 cents per \$100 of assessed valuation to pay for both the library bonds and the library ad valorem levy).

Yes 181  
No 182

**Explanation:** A "yes" vote would permit Carson City to levy a special elective tax of 5 cents per \$100 assessed valuation for a period of up to 30 years. The proceeds of the special elective tax will be used for library purposes, including but not limited to, extending public hours and public access to the Library; hiring additional staff to support expanded public hours and public access; purchasing books, materials and equipment; renovating existing space and providing additional space; and, funding

**ARGUMENTS AGAINST PASSAGE**

Opponents of the proposal dispute the medicinal value of marijuana, arguing that its effects can be achieved with present medications distributed through legal channels. They also cite medical evidence that marijuana is addictive and that its use may cause birth defects. Most law enforcement agencies oppose the proposal based on their belief that its passage will increase the use of marijuana and be an introduction to more harmful and illegal hard drugs. Federal law making the possession or use of marijuana a crime will prevent physicians from prescribing marijuana and suppliers and druggists from dispensing it through legal channels. Thus its production and distribution will be largely uncontrolled, thereby offering an attractive opportunity for organized crime and gang distribution.

Opponents also argue the fact that because production and distribution of marijuana would still be illegal under federal law, effective regulation will be impossible to enact and enforce.

**FISCAL NOTE**

Financial Impact - None. This proposal should have no negative fiscal impact.

**THERE ARE**

**NO**

**BALLOT QUESTION NUMBERS 10 THROUGH 16.**

**QUESTION NO. 17**

An Initiative Relating to Term Limits

CONDENSATION (ballot question)

Shall the Nevada Constitution be amended to instruct Nevada's Congressional delegation and members of the State Legislature to provide for term limits for members of the U.S. House of Representatives and the U.S. Senate through action of the Congress or through a Constitutional Convention, and shall the Nevada Constitution be further amended to inform voters how their elected representatives have acted in regard to this issue?

Yes 174  
No 175

**EXPLANATION**

Neither the U.S. Constitution nor the Nevada Constitution limits the number of terms to which a person may be elected to the U.S. House of Representatives or the U.S. Senate. This amendment proposes to limit a Representative to no more than three (3) terms in office or six (6) years and to limit a Senator to no more than two (2) terms in office or twelve (12) years. If a person holds one of these offices at the time of ratification of this amendment, that term will count as one (1) of those allowed by the amendment. Members of Nevada's Congressional delegation are instructed to pass the Congressional term limits amendment to the U.S. Constitution. The Nevada State Legislature is also instructed to make application to the U.S. Congress to call a Constitutional Convention for proposing amendments to the U.S. Constitution. All candidates for the U.S. Senate, the U.S. House of Representatives, and the Nevada State Legislature would be judged on mandated criteria to determine if each worked fully to ensure enactment of the Congressional term limits amendment. The Nevada Secretary of State would inform voters of a candidate's failure to act accordingly by placing an informational statement next to that

**FISCAL NOTE**

**Fiscal Impact - No.** The proposal to amend the Nevada Constitution would replace the Lieutenant Governor as Senate President with a Senator elected by the Senate and abolish the \$2 per day expense allowance paid to the Senate President and Assembly Speaker. Approval of this proposal would have no adverse fiscal effect.

**QUESTION NO. 9**

**Amendment to the Nevada Constitution**

An Initiative relating to the use of a plant of the genus Cannabis for medical purposes.

**CONDENSATION (ballot question)**

Shall the Nevada Constitution be amended to allow the possession and use of a plant of the genus Cannabis (marijuana) for the treatment or alleviation of certain illnesses upon advice of a physician, to require parental consent for such use by minors, and to authorize appropriate methods of supply to patients authorized to use it?

Yes 168  
No 169

**EXPLANATION**

The proposed amendment to the Nevada Constitution would add a new section providing for the use by a patient, upon advice of his or her physician, of a plant of the genus Cannabis for the treatment or alleviation of cancer; glaucoma, acquired immunodeficiency syndrome, severe, persistent nausea or cachexia resulting from these or other chronic or debilitating medical conditions; epilepsy and other disorders characterized by seizure; multiple sclerosis and other disorders characterized by muscle spasticity, or other conditions approved by law for such treatment. The amendment would restrict the medical use by a minor by requiring diagnosis and a written authorization by a physician, parental consent, and parental control of the acquisition and use of the plant.

The proposed amendment would provide for a confidential registry of patients authorized to use the plant which would be available only to law enforcement officials, would authorize appropriate methods of supply to authorized patients, and would protect plant and property related to the plant's use from forfeiture except on conviction or a guilty or nolo contendere plea of unauthorized possession or use.

The proposal does not authorize the use or possession of the plant for use other than medical nor for medical use in a public place. The amendment does not require reimbursement by an insurer for medical use nor accommodation of medical use in a place of employment.

**ARGUMENTS FOR PASSAGE**

Proponents of the proposal argue that scientific research indicates that marijuana has medicinal value for some patients with the illnesses enumerated in the proposal. However, current Nevada law classifies possession of marijuana as a felony. The proposal would protect patients from criminal penalties if they use Cannabis with the knowledge and consent of a physician to treat these illnesses. The initiative would require the legislature to impose additional restrictions on the medical use by minors, requiring written authorization by a physician and parental consent. A confidential registry of authorized users shall be created and available to law enforcement agencies to verify a claim of authorization. With the safeguards included to protect the concern of society, this proposal can make a difference in the lives of thousands of persons suffering from these serious illnesses. The initiative is an attempt to balance the needs of patients with the concerns of society about marijuana use.

but is not a member of the body. The President decides questions of parliamentary procedure and signs all acts, addresses, joint resolutions, writs, warrants, and subpoenas. The President does not vote on any question, except to break a tie vote.

Further, the Senate elects a President Pro-Tempore who presides over the Senate in the absence of the President and who also serves as third in line of succession to the Governor if both the offices of Governor and Lieutenant Governor become vacant.

The proposed amendment would eliminate the duty of the Lieutenant Governor to serve as President of the Senate and allow the Senate to elect one of its own members as President. The elected President would also serve as third in line of succession to the office of Governor. The amendment does not abolish the office of Lieutenant Governor.

Finally, the Nevada Constitution provides that the Speaker of the Assembly and the President of the Senate be paid an additional allowance of two dollars for each day they preside over their respective houses during the legislative session. This amendment proposes to eliminate the allowance.

### ARGUMENTS FOR PASSAGE

Allowing the Senate to elect a Senator as President is consistent with the method used by the Assembly to elect its Speaker. Instead of assigning the duties of the President to an elected official in the executive branch, it is more efficient to elect as President a qualified Senator who is familiar with parliamentary procedure and the legislative process. In addition, the Lieutenant Governor should not serve as President of the Senate because the involvement of an executive branch official in the conduct of legislative business is contrary to the constitutional separation of powers principle. Finally, removal of the Lieutenant Governor as President of the Senate will allow the Lieutenant Governor to devote his full time to the other duties of his office.

The additional allowance provided to the presiding officers of the Senate and Assembly should be eliminated because this minuscule amount of \$2 per day, which has not changed since its inclusion in the original Nevada Constitution approved in 1864, is now outdated. Also, by statute, both officers receive an additional allowance of not more than \$900 each session to cover their additional expenses for postage, telephone calls, and other communication costs.

A "Yes" vote would remove the Lieutenant Governor as President of the Senate, authorize the Senate to elect one of its members to serve as President, and eliminate the \$2 per day expense allowance paid to the Senate President and Assembly Speaker.

### ARGUMENTS AGAINST PASSAGE

The Lieutenant Governor should continue to serve as President of the Senate because that officer provides a neutral presence in conducting the daily business of that house. An elected President may be partial to the members of the Senate and may make partisan decisions, especially in situations where the President must break a tie vote. In addition, the operation of Nevada's Legislature in which the Lieutenant Governor serves as President of the Senate is consistent with Congressional procedures under which the Vice-President also serves as President of the Senate, as required by the *United States Constitution*.

In addition, the President and Speaker should retain the extra per diem allowance. Over the course of a session, the total can exceed \$200. Even though the amount is not large, it is important that the house leaders receive some compensation for the extra duties imposed on them.

A "No" vote would retain the Lieutenant Governor as President of the Senate and continue the \$2 per day expense allowance paid to the Speaker of the Assembly and the President of the Senate.

SAMPLE BALLOT  
with you when you go to vote

**ARGUMENTS FOR PASSAGE**

Stores and shops operated by agencies of state or local government often sell items such as posters, magazines, meals, and golf and ski accessories that are also offered for sale in private stores and restaurants. Because these government-run shops do not collect sales taxes from their customers, they enjoy an unfair advantage over their private competitors. This amendment would allow private businesses to compete on equal terms with governmental agencies. In addition, by ending the governmental exemption and thereby requiring governmental shops to collect sales taxes from their customers, the proposed amendment would modestly increase public revenues.

A "Yes" vote would amend the Sales and Use Tax Act of 1955 to impose sales and use tax upon items purchased by this state or by a local government or local governmental agency for resale to the public by the governmental entity.

**ARGUMENTS AGAINST PASSAGE**

Shops and restaurants operated by state and local governmental agencies provide money to help support public museums, parks, and other places for public recreation. Therefore, it is appropriate that customers in governmental shops not be required to pay taxes on their purchases. In addition, certain private nonprofit agencies that sell items to the public are currently exempt from these taxes. Shops operated by governmental agencies are similar, in some ways, to those nonprofit shops and should therefore be treated the same by continuing to receive the same exemption.

A "No" vote would continue the current practice under the Sales and Use Tax Act of 1955 which prohibits the imposition of a sales and use tax upon items purchased by this state or by a local government or local governmental agency for resale to the public by the governmental entity.

**FISCAL NOTE**

**Financial Impact - No.** The proposal to amend the Sales and Use Tax Act of 1955 would provide that state or local governments or governmental agencies must impose sales and use tax upon items sold to the public. The state or local governments or governmental agencies would be collecting the sales tax, not paying it. Approval of this proposal would have no adverse fiscal effect.

**QUESTION NO. 8**

Amendment to the Nevada Constitution  
Assembly Joint Resolution No. 14 of the 68th Session

**CONDENSATION (ballot question)**

Shall the Nevada Constitution be amended to replace the Lieutenant Governor as Senate President with a senator elected by the Senate, who will also serve as the next official in the line of succession to the Governor following the Lieutenant Governor, and to abolish the expense allowance paid to the Senate President and the Assembly Speaker?

Yes - 163  
No - 164

**EXPLANATION**

The Nevada Constitution requires the Lieutenant Governor to serve as President of the Senate. As President, the Lieutenant Governor presides over the Senate and chairs the conduct of its business.

Nevada is the driest state in the nation. Water conservation is essential, especially as the population continues to increase. Rather than governments mandating conservation measures, the proposed amendment allows the Legislature to provide a tax incentive to encourage people to conserve water voluntarily. Conservation of currently available water reduces the need to seek expensive new water supplies from outside the state and reduces the costs of infrastructure to transport and treat this water. Finally, any possible loss in the property tax base may be compensated by the cost savings realized by local government through the reduced demand for water which alleviates the need for changes in infrastructure based on the water supply.

A "Yes" vote would allow the Legislature to authorize a reduction or elimination of taxes on property used in a manner that conserves water.

**ARGUMENTS AGAINST PASSAGE**

If the savings from conservation are not greater than the undetermined loss to the property tax base, passage of the amendment would result in an overall decrease in the property tax revenue of state and local governments.

A "No" vote would prohibit the Legislature from authorizing a reduction or elimination of taxes on property used in a manner that conserves water.

**FISCAL NOTE**

**Financial Impact** - Cannot be determined. The proposal to amend the Nevada Constitution would provide for a reduction or elimination of taxes on property used in a manner that conserves water. Approval of this proposal could result in an indeterminate loss of property tax base to the state and local governments.

**QUESTION NO. 7**

**Amendment to the Sales and Use Tax Act of 1955**

Assembly Bill No. 611 of the 69th Session

**CONDENSATION (ballot question)**

Shall the Sales and Use Tax Act of 1955 be amended to impose the sales and use tax upon items purchased by this state or by a local government or local governmental agency for resale to the public by the governmental entity?

Yes 158  
No 159

**EXPLANATION**

The proposed amendment to the Sales and Use Tax Act of 1955 would impose the tax upon the gross receipts from the sale of tangible personal property purchased by the state or a local government or local governmental agency for resale to the public.

State law requires that private businesses collect sales taxes on items that they sell to the public. Some state agencies and local governments have shops or restaurants in which they also sell items to the public. These government-owned establishments, often operated in connection with public museums, ski slopes, or beaches, are not required to collect sales taxes from their customers. The proposed amendment to the Sales and Use Tax Act of 1955 would require that the state and local governments collect sales taxes on items that they purchase for resale to the public.

**THERE ARE  
NO  
BALLOT QUESTION NUMBERS 10 THROUGH 16**

Because the proposed amendment will place the limitation on the length of session in the Nevada Constitution, the Legislature will not be able to alter the 120 day limit without voter approval of another constitutional amendment.

A "Yes" vote would limit the length of Nevada's regular legislative sessions to not more than 120 calendar days and require the Governor to submit the proposed executive budget to the Legislature at least 14 days before the start of each regular session.

**ARGUMENTS AGAINST PASSAGE**

Nevada has been the fastest growing state in the nation for many years. The complexity of issues facing a rapidly growing state requires the Legislature to take whatever time is required to accomplish its business. Further, nothing prevents the Legislature from revising its procedures and adjourning within 120 days.

If the Legislature is not able to complete its business within the specified 120 days, the Governor may be required to call a special session of the Legislature at a substantial cost to the taxpayers. A limited session also may decrease the amount of public participation as bills are processed more rapidly and citizens may not receive sufficient notice to attend hearings. Finally, the people of the state should not force the Legislature to conduct its business in a hurried manner or leave important matters unfinished for lack of time.

A "No" vote would retain the existing system under which there is no limit on the length of a regular legislative session, and the Nevada Constitution would not require the Governor to submit the proposed executive budget prior to the start of session.

**FISCAL NOTE**

**Financial Impact - No.** The proposal to amend the Nevada Constitution would limit the length of Nevada's regular legislative sessions to not more than 120 calendar days. Approval of this proposal would have no adverse fiscal effect.

**QUESTION NO. 6**

Amendment to the Nevada Constitution

Senate Joint Resolution No. 14 of the 68th Session

CONDENSATION (ballot question)

Shall the Nevada Constitution be amended to authorize an abatement of taxes on property used in a manner that conserves water?

Yes 154  
No 155

**EXPLANATION**

The proposed amendment to the Nevada Constitution authorizes the Legislature to provide for the reduction or elimination of taxes on property developed in a manner that conserves water. For example, water-efficient landscaping, such as xeriscaping or other similar features, may qualify for a reduction or elimination of property taxes. If the amendment is approved, the Legislature may establish guidelines for the uses of property that qualify for a reduction of taxes.

**ARGUMENTS FOR PASSAGE**

**QUESTION NO. 5**

Amendment to the Nevada Constitution  
Senate Joint Resolution No. 3 of the 68th Session

**CONDENSATION (ballot question)**

Shall the Nevada Constitution be amended to limit the length of Nevada's regular legislative sessions to not more than 120 calendar days and require the Governor to submit the proposed executive budget to the Legislature at least 14 days before the start of each regular session?

Yes 151  
No 152

**EXPLANATION**

Before 1960, regular legislative sessions in Nevada were conducted in odd numbered years (biennial) and were limited by the Nevada Constitution to no more than 60 calendar days. However, from 1909 through 1959, the Legislature required additional time each session to complete its business. Typically, the "clock was covered" on the 60th day so that the session could be extended a few extra days.

As the result of constitutional amendments in 1958 and 1960, the Legislature continues to meet in regular session in odd numbered years, but there currently is no limit on the length of a session. Members of the Legislature are paid a salary only for the first 60 days of session, regardless of its length. The last five regular sessions all exceeded 160 calendar days: 1989, 167 days; 1991, 164 days; 1993, 166 days; 1995, 169 days, and 1997, 169 days.

This proposed amendment to the Nevada Constitution would limit future regular sessions to not more than 120 calendar days, starting with the 1999 session. Under this proposal, regular sessions remain biennial, but would start on the first Monday of February of each odd-numbered year instead of on the third Monday of January. Legislators would continue to receive salary for only the first 60 days of session.

Additionally, the proposal would specifically make void any legislative action taken after midnight Pacific standard time on the 120th calendar day. Finally, the proposal requires the Governor to submit the proposed executive budget to the Legislature at least 14 calendar days before the start of each regular session. Under current practice, the budget is not received by the Legislature until after the start of the session.

**ARGUMENTS FOR PASSAGE**

The proposed amendment to the Nevada Constitution would require the Legislature to operate more efficiently and enact necessary legislation in a timely manner. In addition, by limiting future regular sessions to no more than 120 calendar days, the proposal would save the taxpayers several million dollars each session. Limited sessions would compel the Legislature to streamline its procedures. For example, the power of committee chairmen to hold legislation for processing until the end of the session may be restricted by rules requiring that bills be heard and acted upon within a certain time frame. Finally, by requiring the executive budget to be submitted before the start of session, the proposal will allow the Legislature to begin its work on the budget earlier.

Most other states conduct legislative sessions that are limited in length. Of the six other states that conduct biennial sessions (like Nevada), four are limited to sessions that are less than the proposed 120 days. A majority of the state legislatures that meet in annual, limited session also conduct their business in less than 120 days.

<b>QUESTION NO. 17</b>	<b>An Initiative Relating to Term Limits</b>
Shall the Nevada Constitution be amended to instruct Nevada's Congressional delegation and members of the State Legislature to provide for term limits for members of the U.S. House of Representatives and the U.S. Senate through action of the Congress or through a Constitutional Convention, and shall the Nevada Constitution be further amended to inform voters how their elected representatives have acted in regard to this issue?	
<b>YES</b>	<b>174</b> →
<b>NO</b>	<b>175</b> →

<b>QUESTION NO. CC1</b>	<b>Library Question</b>
Shall the Board of Supervisors of Carson City, Nevada be authorized to establish an ad valorem levy for the purpose of acquiring, constructing, improving, operating, maintaining and equipping library facilities at a rate of 5 cents per \$100 of assessed valuation (to raise approximately \$460,000 in fiscal year 1999-2000, and thereafter the amount generated by the rate of 5 cents per \$100 of assessed valuation of the City) for a period of 30 years commencing July 1, 1999, and issue up to \$2,500,000 of general obligation library bonds? (The City does not intend to increase taxes more than 5 cents per \$100 of assessed valuation to pay for both the library bonds and the library ad valorem levy)	
<b>YES</b>	<b>181</b> →
<b>NO</b>	<b>182</b> →

<b>QUESTION NO. CC2</b>	<b>Fire Protection Question</b>
Shall the Board of Supervisors of Carson City be authorized to establish a property tax levy for the purposes of assuring fire protection service levels in the City, including without limitation, the operation, maintenance, hiring, training and equipping of firefighters (including without limitation firefighter/paramedics) at a rate of 4 cents per \$100 of assessed valuation (or such lesser amount as determined each year by the Board) for a period of 30 years commencing July 1, 1999, to raise approximately \$370,000 in fiscal year 1999/2000, and thereafter the amount generated by the rate not to exceed 4 cents per \$100 of assessed valuation of the City?	
<b>YES</b>	<b>188</b> →
<b>NO</b>	<b>189</b> →

**Be sure to take your SAMPLE BALLOT with you when you go to vote**

**NOTES TO VOTERS**

Note No. 1

Ballot Question No. 7 relates to Nevada's sales tax. It is important that you understand this tax and the process by which it may be changed. As noted below, only a portion of this tax may be changed by you, the voter, pursuant to the attached ballot questions.

Nevada's statewide sales tax consists of three separate parts levied at different rates on the sale and use of tangible personal property in the state. The current statewide combined rate is 6.50 percent. In addition to these three parts, each county also may impose additional taxes, up to a combined rate of 1 percent, subject to the approval of the voters or governing body in that county. These additional taxes have, in seven counties, increased the rate of the sales tax above the 6.5 percent rate imposed statewide.

The tax includes:

	<u>TAX</u>	<u>RATE</u>
1.	The State Sales and Use Tax	2.00 percent
2.	The Local School Support Tax (LSST)	2.25 percent
3.	The City/County Relief Tax (CCRT)	2.25 percent
4.	Optional local taxes - not more than	1.00 percent

The State Sales and Use Tax may be amended or repealed only with the approval of the voters. The Local School Support Tax (LSST) and the City/County Relief Tax (CCRT) may be amended or repealed by the Legislature without the approval of the voters.

By your "yes" vote, Question No. 7 would impose the state 2.00 percent rate, and all of the other components of the sales and use tax would then be imposed by statute.

Note No. 2

Each ballot question includes a Fiscal Note that explains only the direct adverse effect on state and local governments (increased expenses or decreased revenues). Question Nos. 3 and 6 provide that the Legislature may take action but does not specify what that action may be. Therefore, the fiscal impact cannot be determined.

Should the Nevada Legislature pass a law to designate the last Friday of October as the legal holiday for observing Nevada Day?

Yes 147  
No 148

**EXPLANATION**

Since 1939, state law has required that October 31 of each year be a legal state holiday commemorating Nevada's admission into the Union in 1864 as the 36th State. Further, the law specifies that the holiday must be observed on the preceding Friday if the 31st occurs on a Saturday, and on the following Monday when that date falls on a Sunday.

The results of this ballot question are not binding on the members of the Nevada Legislature, but will provide them with an indication of public opinion concerning the observance of Nevada Day. In summary, the proposal calls for the designation of the last Friday in October as the legal holiday honoring Nevada Day, instead of October 31. Subsequent approval of this proposal by the Legislature would result in a three-day weekend for many Nevadans at the end of each October. The proposal further suggests that the annual parade in Carson City to celebrate Nevada Day be held on Saturday following the last Friday in October.

**ARGUMENTS FOR PASSAGE**

The Legislature should designate the last Friday of October as Nevada Day to create a 3-day weekend for the celebration of Nevada's statehood. Currently, this legal holiday is observed on various weekdays, depending on which day October 31st falls on the calendar. The proposal would allow more Nevada students, marching bands, civic and historical organizations, and members of the general public to participate in the celebration of Nevada Day in Carson City and elsewhere in the state. It makes sense to observe Nevada Day on the same day of the week each year and allow more people to celebrate this important holiday as part of a 3-day weekend.

A "Yes" vote would encourage the Legislature to approve a law to change the date of Nevada Day.

**ARGUMENTS AGAINST PASSAGE**

The Legislature should not break with tradition and historical accuracy for the sake of creating another 3-day weekend. Such a change would be similar to changing America's Independence Day to the first Friday in July instead of the 4th of July. Nevadans have celebrated our state's admission into the Union on October 31 for many years, and it would be improper and confusing to change this holiday to another date.

A "No" vote would discourage the Legislature from passing a law to change the date of Nevada Day.

**FISCAL NOTE**

Financial Impact - No. The proposal would encourage the Nevada Legislature to designate the last Friday of October as a legal holiday for observing Nevada Day. Approval of this proposal would have no adverse fiscal effect.

within the district.

The proposed amendment to the Nevada Constitution authorizes the Legislature to designate the places in the county at which the district court may be located, regardless of whether the county is divided into more than one district. If the Legislature does not designate the locations, the district court is held at the county seat.

### ARGUMENTS FOR PASSAGE

In Nevada's larger counties, the county seat is several hundred miles away from many of the county's residents, and individuals must travel great distances to participate in court proceedings as plaintiffs, defendants, witnesses, and jurors. For example, the Seventh Judicial District includes the counties of Eureka, White Pine, and Lincoln and covers an area of approximately 23,688 square miles. The population within this district is approximately 16,400 people. In comparison, the Eighth Judicial District is comprised only of Clark County, which is an area of approximately 7,911 square miles, with a population of approximately 1,116,100 people.

The proposed amendment to the Nevada Constitution would allow the Legislature to designate locations for holding court that are more convenient than the county seat. By authorizing other locations within the county for holding court, the proposal also may reduce certain costs associated with court cases that are incurred by the county and parties to a proceeding, such as the travel expenses for jurors and witnesses.

A "Yes" vote would authorize the Legislature to designate places other than the county seat for holding the district court.

### ARGUMENTS AGAINST PASSAGE

The district court should remain at the county seat where other governmental agencies are located and the court records are maintained. In addition, because Nevada law requires each county to pay for the costs associated with the district court within its jurisdiction, designating additional locations for court hearings could increase the cost to the counties for maintaining the district courts if such additional cost is not outweighed by the cost savings to the court.

A "No" vote would retain the constitutional prohibition against designating places other than the county seat for holding district court, unless the county is divided into more than one district.

### FISCAL NOTE

**Financial Impact - Cannot be determined.** The proposal to amend the Nevada Constitution would allow the Legislature to designate locations in counties other than the county seat for holding terms of the district court. Although the counties would incur the cost of providing facilities for holding terms of the district court, the fiscal effect would be determined by subsequent actions of the Legislature and the counties.

## QUESTION NO. 4

Advisory Question

Assembly Bill No. 396 of the 69th Session

CONDENSATION (ballot question)

## QUESTION NO. 1

Amendment to the Nevada Constitution

Assembly Joint Resolution No. 13 of the 68th Session

CONDENSATION (ballot question)

Shall the Nevada Constitution be amended to establish procedures for resolving conflicts between constitutional amendments or new state laws that are approved by the voters at the same statewide election?

Yes 135

No 136

### EXPLANATION

It is possible to have more than one ballot question on the same topic at a statewide election. Currently, the Nevada Constitution provides for the resolution of conflicts if two or more amendments to the Constitution are sent to the voters by the Legislature. However, no similar procedures exist for resolving conflicts between proposed amendments to the Constitution or new state laws that are submitted to the voters by initiative petition. Further, procedures are lacking for resolving conflicts between legislative proposals and initiative proposals that are on the same ballot.

Assembly Joint Resolution No. 13 of the 68th Session proposes comprehensive procedures to address conflicting measures on the same ballot. In general, two or more proposals on the same topic that are approved by the voters at the same statewide election all go into effect if there is no contradiction in substance. If two or more proposals are approved by the voters that contradict in substance, only the proposal receiving the largest favorable vote goes into effect. Further, procedures are established to resolve an issue if competing proposals receive the same number of votes and to resolve conflicts between constitutional amendments that appear on consecutive general election ballots.

### ARGUMENTS FOR PASSAGE

Although it is uncommon for separate ballot questions on the same topic to appear on the same statewide ballot, it happened as recently as 1996. This proposal establishes comprehensive procedures to deal with all possible events. It is better to have specific procedures as part of the Nevada Constitution than to leave such matters up to determination by the courts.

Further, this proposal is fair because it is based on the concept that when conflicting proposals are approved by the voters, only the one that receives the greatest number of votes goes into effect.

A "Yes" vote would amend the Nevada Constitution and establish procedures for resolving conflicts between constitutional amendments or new state laws that are approved by the voters at the same statewide election.

### ARGUMENTS AGAINST PASSAGE

The Nevada Constitution should not be further complicated by adding procedures that are not really essential. If differing proposals are approved by the voters at the same election, the issues can be referred to the courts for a final determination. The operation of mechanistic rules may not be the best way to resolve conflicts between two ballot questions, both of which may have received the approval of the majority of voters.

A "No" vote would bar the establishment of constitutional procedures for resolving conflicts between constitutional amendments or new state laws that are approved by voters at the same

statewide election.

### FISCAL NOTE

**Financial Impact - No.** The proposal to amend the Nevada Constitution would establish procedures for resolving conflicts between constitutional amendments or new state laws that are approved by the voters at the same statewide election. Approval of this proposal would have no adverse fiscal effect.

### QUESTION NO. 2

Amendment to the Nevada Constitution

Assembly Joint Resolution No. 13 of the 68th Session

CONDENSATION (ballot question)

Shall the Nevada Constitution be amended to revise the provisions regarding the Commission on Judicial Discipline?

Yes 139

No 140

### EXPLANATION

The Commission on Judicial Discipline was created by constitutional amendment in 1976. The Commission's membership is comprised of two justices or judges appointed by the Nevada Supreme Court, two licensed Nevada attorneys, and three members of the public. Currently, the Commission may only consider matters that are formally brought to its attention by members of the public. The Nevada Supreme Court has sole jurisdiction to adopt rules for the operation of the Commission, including rules governing the confidentiality of proceedings, the grounds of censure and discipline, and the conduct of investigations and hearings. The proposed amendment to the Nevada Constitution redistributes the authority to establish the rules between the Legislature, the Nevada Supreme Court, and the Commission itself. Under the proposal, the Legislature will establish the grounds for judicial discipline that are in addition to violations of the Code of Judicial Conduct. The Legislature also will establish the other forms of discipline that may be imposed in addition to censure, retirement, and removal: the standards for investigations and the provisions regarding the confidentiality of proceedings before the Commission.

Under the proposal, the Nevada Supreme Court will adopt a Code of Judicial Conduct and rules governing its handling of appeals of the Commission's decisions. The proposed amendment also requires the Commission to adopt rules of procedure for the conduct of its hearings and other activities deemed necessary to carry out its duties. Finally, the proposal would allow the Commission to consider matters relating to the fitness of a justice or judge on its own motion, even if a member of the public did not bring the matter before the Commission.

### ARGUMENTS FOR PASSAGE

The regulation of justices and judges is important to ensure public confidence in the Nevada judicial system. The Commission was established to review and act on complaints from the public concerning justices and judges. Because the Justices of the Supreme Court establish the rules and procedures governing the Commission and hear appeals from the Commission's decisions, an appearance of partiality and bias in favor of the justices and judges is created. By removing the Supreme Court from the sole control over the Commission, as proposed in the amendment, the Commission's independence and ability to act effectively on valid complaints will be ensured. Authorizing the Legislature to establish the rules governing the grounds for discipline, the forms of discipline, and the standards for investigations and confidentiality of the Commission will remove any appearance of control and bias by the Supreme Court. It will also allow the public to participate in person or through their elected representatives in

establishing the standards of conduct for judges

A "Yes" vote would amend the Nevada Constitution to revise the provisions regarding the Commission on Judicial Discipline.

### ARGUMENTS AGAINST PASSAGE

The Commission is created as an independent body under the Nevada Constitution and is authorized to investigate complaints and impose sanctions on judges without the involvement of the Supreme Court. The public is represented on the Commission by three of its seven members, who cannot be attorneys or judges. The chairman of the Commission cannot be an attorney or a judge. Although the Supreme Court is required to make the rules governing the operation of the Commission, the Court does not control the Commission. Transferring the Supreme Court's authority to make rules to the Legislature will not increase public participation or make the Commission any more independent than it is under existing provisions. Finally, the separation of powers between the executive, legislative, and judicial branches of government is a fundamental, constitutional principle. Transferring the authority to establish rules governing the Commission to the legislative branch may violate the spirit of this principle.

A "No" vote would retain the existing provisions regarding the Commission on Judicial Discipline under the Nevada Constitution.

### FISCAL NOTE

**Financial Impact - No.** The proposal to amend the Nevada Constitution would divide the authority to establish rules governing the Commission on Judicial Discipline between the Legislature, the Supreme Court, and the Commission. Approval of this proposal would have no adverse fiscal impact.

### QUESTION NO. 3

Amendment to the Nevada Constitution

Assembly Joint Resolution No. 17 of the 68th Session

CONDENSATION (ballot question)

Shall the Nevada Constitution be amended to allow the Legislature to designate locations in the county other than the county seat for holding terms of the district court?

Yes 143

No 144

### EXPLANATION

The Nevada Constitution divides the State into judicial districts based on counties and authorizes the Legislature to alter, divide, increase, or decrease districts. Currently, there are nine judicial districts throughout the State, some of which encompass more than one county. The districts vary in number of square miles and population.

The Nevada Constitution requires that the district court for each county be located at the county seat. An exception is provided for the Legislature to designate the places for holding court if the county is divided into two or more districts. To date, counties have been combined in term districts, but not divided. Each county is responsible for the cost of establishing and operating the district court at the county seat. Depending upon the number of judges within each district, which is determined by the Legislature, judges may be required to divide their time between the county seats. In the Seventh Judicial District, for example, the two judges are responsible for holding court at the three county seats.
