

PROCLAMATION

National Radon Action Month February 2010

WHEREAS, many residents of Carson City don't know about radon, yet need to know, for the safety and well being of their families; and

WHEREAS, radon is a colorless, odorless, naturally occurring radioactive gas that may threaten the health of our citizens and their families; and

WHEREAS, the challenge is that we can't see, smell or taste radon, so it's easy to forget that radon may be a problem in homes, schools and any building in Carson City; and

WHEREAS, radon is the leading cause of lung cancer for nonsmokers in the United States and the second leading cause for smokers; and

WHEREAS, the U.S. EPA estimates 21,000 people in the U.S. die each year from lung cancer caused by indoor radon exposure; and

WHEREAS, radon kills more people than secondhand smoke, drunken driving, falls in the home, drowning or home fires; and

WHEREAS, any home in Carson City may have elevated levels of radon, even if other homes in the same neighborhood do not; and

WHEREAS, testing for radon is simple and inexpensive and when identified, the problems can be fixed; and

WHEREAS, the U.S. Surgeon General recommends all homes be tested for radon and fixed if they have 4 pCi/l or greater levels of radon; and

WHEREAS, University of Nevada Cooperative Extension, the Nevada State Health Division and the U.S. Environmental Protection Agency are supporting efforts to encourage Americans to test their homes for radon, mitigate elevated levels of radon, and have new homes built with radon-reducing materials and features.

NOW, THEREFORE, I, Robert L. Crowell, Mayor of Carson City, do hereby proclaim February 2010, as **National Radon Action Month** in Carson City.

Dated this 4th Day of February 2010.

Robert L. Crowell, Mayor
