Program/Proposal Information

- 10. Amount of funds requested? \$ **37,000.00**
- 11. <u>Purpose of Program/Proposal</u>: Describe the program/proposal, target population, number to be served, what the grant will specifically fund. Explain your organization's qualifications to deal with the issue.

Proposal: In June of 2009, Partnership Carson City requested funds to support the local Nevada Hispanic Services (NHS) office in Carson City. The office at that time was administered by the parent office in Reno. The Reno office was struggling finanically, and terminated the Carson office Director. The next step was to close the Carson office and attempt to serve clients in Reno using the Carson City Community Service funds. Therefore, Partership Carson City applied to be the fiscal agent for the NHS office in Carson City to allow services to continue under local direction. The City Supervisors made the commitment to keep the funds within the City and awarded PCC the \$37,000 granted to the NHS parent office in Reno in previous years. PCC took over the administration and fiscal oversight of the Carson City Nevada Hispanic Services offices at this time.

The NHS office in Carson City, now no longer under the Reno NHS agency umbrella, renamed themselves the United Latino Community (ULC) Office of Carson City. Since June of 2009, they have continued to offer family advocacy, parent education, translation, youth programs, referrals, and paralegal, immigration and naturalization legal services. PCC hired a contract program director to organize and coordinate the office services, and bring together a Strategic Planning Advisory Team to create a plan for the office to meet the needs of the Latino community. Their first meeting was February 1, 2010, and the second is scheduled for March 1, 2010. Over 35 people attended the first meeting. Additionally, the Arizona and Reno Offices of the Mexican Consulate have a meeting to accommodate over 100 Carson City residents scheduled in Carson City to create a strategy to infuse more services for naturalization, immigration and immigration fraud.

This proposal will allow ULC to continue to operate with existing services while a strategic plan is put into place, and community member sub committees are formed to address specific community concerns. If everything begins to come together, it is anticipated that ULC will obtain their own non profit status within the next year.

The target population is the Latino population within Carson City, although people from as far away as Fernley come to ULC as it is the closest service available for immigration and naturalization legal assistance. Last year ULC worked with a 33 member youth group that is growing, assisted 1,140 families with advocacy and referral, and over 400 people for legal services. We anticipate increasing the numbers served by 30% in 2010-2011.

This grant funding will support a portion of current staff levels as follows: 20 of the 30 hours each for the Office Manager/Latino Service Referral Coordinator, and the Family Advocate; a modest budget of \$325 per month for phone, printer/copier, and supplies; 8% of insurance costs, and computers/software. This budget was created based on last year's contribution from the City. Given the difficult financial times, we are not asking for an

increase. However, the total operations budget for ULC for 2010-2011 with projected increase in demand for services is \$97,200. PCC will work with ULC to attempt to generate the balance of the revenue from service fees (on a sliding scale), fund raisers and other grant sources if available. The Strategic Planning Advisory Team will be directed by an Interim Director working three hours a day through other grant sources, as available.

PCC has demonstrated the ability to administer this project by the outcomes achieved this year, as summarized in the final report for Community Service Funds, 2009-2010. We achieved our commitment to maintain services at the current level, began the process for Bureau of Immigration Affairs certification, the first in Carson City, expanded the youth group, hired a consultant to act as the interim director to reorganize the office to make it more efficient, and created a Strategic Planning Advisory Team to generate grassroots community participation in directing the future services of the ULC through the identification of needs, gaps in services, and office capability/capacity.

12. <u>Goals, Objectives & Measurable Outcomes</u>: The events and/or services must assist the City to fulfill its vision statement and accomplish one or more of the City's Goals. Please indicate which goal(s) will be met. Clearly state measurable outcomes of the project. Tell how you propose to achieve the outcomes of the project in terms of specific activities, including a timetable (proposed starting date and duration of the project):

The goal of PCC as it relates to this proposal is to support community efforts to provide Hispanic citizens, especially our young people, with a safe and prosocial environment in which to live and grow by empowering the youth and adults. This mission will be realized through the achievement of the following goals and related objectives:

Objective 1: A minimum of 400 residents will receive criminal, civil, immigration and citizenship legal assistance.

Objective 2: A minimum of 400 different family members will receive intervention services through a Hispanic Family Advocate.

Objective 3: A Strategic Planning Advisory Team will meet bi monthly, with members overseeing monthly sub committee meetings formed to address specific areas of need such as educational success, vocational training, parenting education, and economic prosperity.

The goals and objectives of this proposal will fulfill the City goals, specific to the Hispanic community, of 1) a safe and secure community, 2) an active and engaged community, 3) a community where information is available to all, and 4) a community dedicated to excellence in education.

13. Indicate who will benefit from the use of these funds, and how they will benefit. If this is an ongoing event, please state how you intend to fund the program in future years.

The beneficiaries will be the community as a whole as the Latino citizens become more prosperous and engaged in the greater community. Specifically, the Latino population needing assistance with legal issues - particularly citizenship, naturalization and immigration; family assistance in accessing services available within the community such as vocational training and job search; parents needing parental education; those requiring assistance with translation; and young people desiring educational assistance and guidance, and community service opportunities. With the acquisition of the non profit status, future funding will be secured through grants, as well as sliding scale fees for services.

14. Are you aware of any other private sector/nonprofit/governmental/agencies in the area providing the same services as your program/proposal? If yes, please explain how your project will compliment other existing programs?

There are a few organizations that have bi-lingual staff available to assist with specific services, but ULC is the only coalition focused organization designed to bring all of these entities together within the community.

- 15. Please include a detailed budget for this program/event, and detailed list of intended expenditures and revenues.
- 16. Has your organization been funded by Carson City previously?

 ✓ Yes
 ✓ No

COMMUNITY COUNCIL ON YOUTH (A NONPROFIT ORGANIZATION)

AGREED-UPON PROCEDURES REPORT

June 30, 2008

Mary C. Sanada, CPA

2832 Table Rock Dr. Carson City, NV 89706

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCECURES

To the Board of Carson City Community Council on Youth and The State of Nevada, Bureau of Alcohol and Drug Abuse

I have performed the procedures enumerated below, which were agreed to by Carson City Community Council on Youth (CCOY) and the Bureau of Alcohol and Drug Abuse (the specified parties), solely to assist you with respect to the accounting records of CCOY for the fiscal year ending June 30, 2008. Management is responsible for the organization's accounting records. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose of which this report has been requested or for any other purpose.

My procedures and findings are as follows:

1. Inspect a sample of original invoices and other supporting documentation that support expenditures submitted for reimbursement to the Bureau of Alcohol and Drug Abuse (BADA) for evidence that they are allowable costs included in the approved budget categories, which are personnel, consultants/contracts, travel, training and operating for the subgrants #08201SP;08161MT; and 08024PX.

All expenses for personnel costs were adequately documented and charged within the approved budgets.

All expenses for subgrantees under grant#08201SP were adequately documented and charged within the approved budgets.

From the sample of other expenses selected, it was possible to verify only one.

2. Inspect monthly bank statements for evidence that funds received as reimbursement for expenditures which were approved by SAPTA were properly deposited into the bank account.

No exceptions noted.

 Verify that selected expenditures submitted for reimbursement by SAPTA are within the approved budget amounts, subject to any variances defined in the grant agreement.

With the exception of personnel and subgrant expenditures, it was not possible to verify that submitted reimbursements were within approved budget amounts.

4. Verify that the Organization has maintained Subgrant accounting records.

While the organization is now maintaining subgrant accounting records, the system was not in place for the year ended December 31, 2008, and consequently the records do not agree with reports submitted to BADA.

5. Verify that the Organization is properly licensed.

No exceptions noted.

6. Inspect the Organization's non-discrimination policy.

The Organization's non-discrimination policy is in accordance with SAPTA policies.

7. Verify that the Organization has a letter from the Internal Revenue Service granting tax-exempt status.

No exceptions noted.

8. Inspect the Organization's policies and procedures manual for evidence that a system of internal controls, which would result in fiscal integrity and stability, including generally accepted accounting principles, has been adopted. I will also look for evidence of workplace policies required by SAPTA.

No exceptions noted.

9. Review documentation supporting compliance with all other policies required by the grant.

No exceptions noted.

I was not engaged to, and did not conduct an audit, the objective of which would be the expression of an opinion on the accounting record. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the information and use of CCOY and the Bureau of Alcohol and Drug Abuse and is not intended to be and should not be used by anyone other than those specified parties.

- Please attach a final financial income and expense statement that specifically explains how grant funds were used, including a comparison between your budgeted and your actual incomes and expenses.
- 2. Evaluate your achievement of your program/proposal objectives listed in your application:

The goal of this project is to support community efforts to provide Hispanic citizens, especially the young people, with a safe and prosocial environment in which to live and grow by empowering the adults. During the first two quarters of fiscal year 2009-2010, United Latino Community achieved the following:

Objective 1: A minimum of 34 Hispanic parents will complete Parent Education classes.

36 parents completed parenting classes titled Helping Hands. These classes included 12 parents each, receiving 10 hours of instruction. Class sessions covered behavior management; anger management for the parent and the child; handling depression; self esteem building in your child; coping with physical abuse; effective rules and discipline strategies; encouraging truthful behavior; and TV and Internet safety. Not all topics can be covered in ten hours, so the discussion and needs of the participants dictated which subjects received the most emphasis and time.

Objective 2: A minimum of 100 Hispanic families will receive family health and education promotion materials through the Mobile Recreation project at least monthly.

Over 54 youth and families were served by the Mobile Recreation project. This number is less than anticipated due to an unexpected yet very positive turn of events. The Boys and Girls Club operating the Mobile Rec was able to transition the youth living in the Tiger Drive trailer complex from on site services through the Mobile Rec into the club where they had greater access to a wide array of activities and services. As an alternative, ULC provided information and translation services to a greater number of youth by using the DARE program in the fifth grade classes at all six elementary schools to disseminate information. Updates on prescription drug abuse and marijuana were handed out in English and in Spanish, reaching over 700 children and their families. Additionally, ULC noted a need for more on site health advise in the ULC office. Therefore, we entered into a contract with Rosario Espinoza, a certified translator, ESL program coordinator for Empire Elementary School, and a licensed pediatrician in her home country of Peru, where she maintains a practice in the summer months. Rosario does not practice medicine through the office, but gives direction on nutrition, and healthy life styles for families coming in to ULC.

Objective 3: A minimum of 300 different family members will receive intervention services through a Hispanic Family Advocate.

442 families received family advocacy, translation, crisis intervention and referral services. Additionally, 132 middle and high school youth were served through the Hispanic Youth Leadership Program. This program promotes cultural diversity at the high school, a community service/tutoring program, and youth cultural events.

Objective 4: A minimum of six new predominantly Hispanic neighborhoods will be trained in Neighborhood Watch with a minimum of four implementing the program.

To date, meetings have been held to organize these efforts in the Stanton Arms community, a very large apartment complex north of the Animal Shelter. This complex generates as many as seven calls for service on a typical weekend night. It is anticipated that this objective will be completed by June 30, 2010.

Objective 5: A minimum of 1,000 Hispanic residents will receive information on Secret Witness.

We have received copies of the Secret Witness flyers in Spanish. They are in the process of being printed with support from another grant, and will be ready for dissemination through the schools and other targeted locations throughout the community. ULC is in conversation with the Sak and Save store across from the Gold Dust West to set up an outreach office for advocacy services but will allow the Sheriff's Department to access this as well for community outreach. Flyers will be placed in this location. The targeted community locations will be listed and prioritized by a crime prevention sub committee of the ULC Strategic Planning Advisory Group.

Objective 6: A minimum of 10 Hispanic residents will be actively engaged in preventing juvenile delinquency through participation in the Community Volunteer Board.

The Community Volunteer board was delayed in order to obtain signatures on an MOU agreed upon by the Sheriff, JPO, Juvenile Court Master and the DA. The signatures were completed the middle of February. The first training of volunteers is scheduled for mid March, 2010. Three representatives from the Hispanic community through ULC are involved.

PCC achieved our commitment to maintain services to the Latino community while transitioning the organization to become a Carson City based agency. In addition to the above objectives, PCC began the process for Bureau of Immigration Affairs certification, the first in Carson City, expanded the youth group, and hired a consultant to act as the interim director to reorganize the office to make it more efficient, and created a Strategic Planning Advisory Team to generate grassroots community participation in directing the future services of ULC through the identification of needs, gaps in services, and office capability/capacity.

3. Approximately how many people benefitted from your project? How many of those people were Carson City residents? What were some of the individual benefits?

Not including the Stanton Arms Neighborhood Watch project (those numbers are not available) the total served in number 2 above is 1,235 through education and family advocacy services. Additionally, the office supported legal assistance services to 289 clients to date. All of the education and family advocacy services were delivered to Carson City residents. The legal services include approximately 20% from Douglas and Lyon Counties, as the ULC services are the closest available.

4. What specific community benefit did your project provide Carson City?

All programs/services benefit Carson City by supporting healthy, substance free lifestyles for Hispanic youth and their families. The community benefits by having local ownership of services to this population, thus directing what services should be provided to our local population, how these services should be provided, where there is duplication in services, and where there are gaps in services. A comprehensive system to address the needs of this growing population provides community cohesiveness and saves money.

5. Will this program/project be reoccurring? How do you anticipate funding the project in the future?

Partnership Carson City, through the Strategic Planning Advisory Team, will continually assesses the needs of Carson City's Hispanic community and continue to provide those services that are needed, ensuring no duplication in efforts. PCC actively pursues other funding sources to support its priority goals and objectives, including state funding, federal grants, and private donors. Leveraging funding has been very successful over the past five years but these funding sources expire in 2010, leaving the organization to face the same

economic realities as the City of Carson. PCC will adjust budgets and services provided as needed to best serve the community while maintaining quality programming.

6. Describe any challenges that impacted your program.

The first two quarters of fiscal year 2009-2010 were extremely busy and productive with the emphasize being to maintain services to the Hispanic community while restructuring the organization. Challenges occurred while transitioning services and resources from the Reno based office, primarily due to change in their management and fiscal issues. These challenges did not directly impact services to the community but caused some confusion and stress on agency staff. Another challenge was identifying the needed partners in the community to move the agency forward. Many factions existed within the Hispanic community, each attempting to move forward their agendas independent of each other. Through communication and new leadership, the Strategic Planning Advisory Team brought together these groups to work as one. It is anticipated that this challenge will become less and less of an issue as the group moves forward in the second half of this fiscal year.
