(Ken Arnold)

Staff Summary: The proposed increase of rates reflected in Chapter 12.03 provide for the necessary revenue requirements to operate, maintain and meet debt obligations. Recommended Board Action: I move to introduce, on first reading, Bill No. _____, AN ORDINANCE AMENDING TITLE 12. WATER, SEWERAGE AND DRAINAGE, CHAPTER 12.03, SEWER CONNECTION CHARGES AND USE RATES, SECTION 12.03.020, SCHEDULE OF RATES, BY INCREASING ALL RATES 14% AND OTHER MATTERS PROPERLY RELATED THERETO.

Explanation: The sewer rates were increased a total of 5% as of July 1, 2009. That increase was necessary to simply meet existing debt service obligations and operational costs. Due to the need to fund certain capital projects at the Waste Water Reclamation Plant and to replace aging sewer mains, staff recommends a 14% increase as of July 1, 2010. The 14% rate increase requested is principally for a capital program debt service (13%) to cover costs for the North Lift Station Upgrades at the Waste Water Reclamation Plant (WWRP), Roop Street Sewer Line, pumps and motors for the WWRP and to cover increased operations and maintenance costs (1%) such as for fuel, electricity, and chemicals.

Fiscal Impact: Upon approval of second reading, revenues will increase.

Funding Source: Rates

Explanation of Impact: Less debt financing will be required.

Alternatives: Do not approve; modify; and/or give additional direction to staff.
