43 Community Conversations -Chamber of Commerce (in kind payment)

47 Nevada Trails (not paid)

Multiple one or two time shows (most were paid)

# Brewery Arts Center Access Carson City Advisory Committee

## Bylaws

### Article I

#### Name

The name of the organization shall be the Brewery Arts Center Access Carson City Television (BACACCTV) Advisory Committee, hereafter referred to as the Committee.

### Article II

#### Purpose

The BACACCTV Advisory Committee will be an advisory body and any action of the Committee will be within policies approved by the Brewery Arts Center (BAC) Executive Board. The Committee shall present recommendations to the BAC Executive Board should policy or action affecting the overall welfare of the BAC be necessary. The purpose of the Committee includes, but shall not be limited to:

- Section I: Making recommendations to the Executive Director, General Manager, and BAC Board Representative with respect to any matters relating to cable television or telecommunication and video facilities within the BACACCTV operation;
- Section II: Making an annual report of its activities with recommendations to the BAC Executive Board;
- Section III: Serving as liaison between the BAC Executive Board and other entities involved in cable or telecommunications in the community;
- Section IV: Reviewing the BACACCTV system franchise in Carson City; specifically the compliance thereof by the franchise holder;
- Section V: Encouraging and promoting the full utilization of the BACACCTV system resources by various public bodies, citizen organizations, and the general public;
- Section VI: Encouraging and coordinating the use of all available technical equipment and expertise needed by the public and private organizations and private individuals to produce BACACCTV programs;
- Section VII: Examining all possible means of attracting public and private funding which would enhance the public's opportunity to fully benefit from the use of the BACACCTV system;
- Section VIII: Applying for and receiving public and private funds for the purpose of performing responsibilities under this section. The Committee may disburse, with advice and consent from the BAC Executive Board, such stipulated funds as may be donated to BACACCTV for the advancement of specific projects or the general purpose of the Committee;
- Section IX: Proposing appropriate procedures to the BACACCTV franchise holder regarding the scheduling and programming of public access, municipal government, and educational channels. Any procedures should be so designated as to facilitate the free and open use of these channels, and shall not be in conflict with any existing or future local, state or federal regulations regarding the public use of the BACACCTV system;
- Section X: Serving as an advisory body to the BAC Executive Board and to the BACACCTV system franchise holder in resolving disputes and citizen complaints relating to the service and the use of public access, municipal, or educational channels of the BACACCTV system;
- Section XI: Preparing an annual operation report to the City Board of Supervisors in cooperation with the franchise holder as to the status and progress of the BACACCTV system for the previous twelve months;
- Section XII: Recommending any changes and improvements in the franchise ordinances, provided that such changes are acceptable to the City Administrators, as well as the franchise holder;
- Section XIII: Reporting regularly to the City Administrators regarding the Committee's performance of its responsibilities.

### Article III

#### Representation and Membership

- Section I: The Committee will be composed of not more than eight members plus a BACACCTV production representative. All members shall be selected from one of the following areas:
1. A representative recommended by the youth council (1 year term);
  2. A representative recommended by the Board of Education;
  3. A representative recommended by Carson City Administration;
  4. A representative recommended by the Chamber of Commerce;
  5. A representative recommended by the Brewery Arts Center Executive Board;
  6. A representative from the general public;

## Operating Rules and Procedures

The following are Operating Rules and Procedures for ACCESS CARSON CITY (ACCTV) operating Public Access Television Channels 210 & 226

If you would like a hard copy of the Operating Rules and Procedures, they are available for download in a PDF format.

### INTRODUCTION

Access Carson City (ACCTV) operates as a division of the Brewery Arts Center. ACCTV has been formed to encourage the exchange of information among residents of Carson City, Nevada, through electronic media. ACCTV coordinates outreach, training, production, program playback and promotional activities to achieve this exchange of information. In providing a means of public expression, ACCTV does not discriminate on the basis of race, religion, sex, age, national origin, sexual orientation, political affiliation, economic status or physical ability.

ACCTV provides its services to Carson City residents, organizations, agencies and institutions on a first-come, first-served, non-discriminatory basis. Any ELIGIBLE individual or group may use ACCTV's facilities and equipment for non-commercial video production and/or related activities.

Through contractual agreements, ACCTV receives operating funds from the City of Carson City, Nevada. Carson City allocates funds from the franchise license fees it receives from Charter Communications within the county of Carson City.

ACCTV office and studio is located at 511 W. King St in Carson City, Nevada. The facility occupies approximately 2500 square feet of space. It contains a fully equipped television studio, control room, edit suites, master control room, training room, storage facilities for portable television equipment, digital media labs and a two channel television broadcast system.

# Production Rates

## Video Production Rates

Available ACCTV Media Center approved non-profit, education or Government organizations. Commercial use of ACCTV Media Center's equipment or facilities is NOT permitted. If you have any questions on any of the following prices, please call ACCTV The Media Center at 775.882.8900 or email [dbayer@bactv.org](mailto:dbayer@bactv.org).

## **Training Program**

### **Mandatory Orientation**

The Media Center has a mandatory class that must be taken by anyone interested in producing or sponsoring a program. In addition, this class must be completed prior to equipment certification and equipment use. This helpful class serves to identify what your role is as a program producer/sponsor and facility user as well as what The Media Center's role is as your access center. This one-hour class is offered free and requires no pre-registration.

### **Field Production**

#### **Camera Techniques I**

This class is for those interested in using field production units to produce access programming. Designed to provide hands-on training in operating the Canon GL2 cameras, this course concentrates on correct camera controls, techniques and shot composition.

#### **Camera Techniques II**

Combine the control of a studio production with the flexibility of cameras in the field. This advanced level course teaches students to link multiple field cameras, a video switcher, audio board and VTR on location. Produce high quality programs utilizing varied equipment and wiring.

### **Super Slam Blitz**

**This three-day course serves to certify you in the following:**

Television Production I, Camera Techniques Editing Techniques and II.

The Super Slam Blitz class will train you in every aspect of production. This intensive course is designed for those who want to learn it all.

### **Studio Production**

#### **Super Slam Blitz**

**This three-day course serves to certify you in the following:**

Television Production I, Camera Techniques I and Editing Techniques I.

The Super Slam Blitz class will train you in every aspect of production. This intensive course is designed for those who want to learn it all.

## Broadcast Arts Facility and Media Learning Center

The Brewery Arts Center (BAC) Broadcast Arts Facility and Media Learning Center is a state-of-the-art production center and TV broadcast facility housing Carson City Public Access Stations 210 and 226. It is equipped with cameras, computers for editing and animation, green screen, broadcast and link capabilities via fiber optics and cable, streaming capabilities, audio and video, and field production equipment helping independent filmmakers produce quality TV and video.

### 1. Floor plan of the facility and square footage

The media learning center is a 2,000 square foot facility. See attached diagram depicting space uses for television production, broadcasting, and the learning center.

### 2. Green screen size and virtual set options

The green screen is 16 ft wide, 8' sides left and right 8' high. The virtual set depends upon client desires: chroma key with jpeg background of client choosing.

### 3. Cameras, switchers, and audio

The BAC media center has 3 Sony HDR-FX1 cameras, 2 Sony VX21003 High Definition Cameras, and a NewTech Tricaster Switcher with a variety of microphones and multi channel audio mixers.

# 2000y Media Center Floor Plan

#### 4. Editing stations capacity and software

The media learning center has 5 PC animation editing stations with NewTech Lightwave software and Photoshop 10; and 6 Mac editing stations (see software page).

## 5. Animation stations and software

The media center has 5 Siberpower Acer PC animation editing stations with New Tech Lightwave software and Photoshop 10 5 PC Lightwave (video animation) workstations.

## 6. Media center laptops and software

The media center has 3 laptops Macbook Pro and 2 Macbooks (see software list).

## 7. Broadcast and link capabilities via fiber optics and cable

- 1 Rushworks 2 channel Television Broadcast System
- Fiber Optic (digital audio/video) feeds from Sierra Room, Nevada State Legislature, BAC Performance Hall & Bob Boldrick Theater at the Carson City Community Center
- Skype internet video conferencing for live broadcast
- ACctv Website Video on Demand
- Sierra Room- 3 Camera Pan Tilt Live Camera switching capabilities
- Bob Boldrick Theater- 3 Camera Live Production capability with switching
- Nevada State Legislature- 3 Camera Live Production capability with switching
  
- ACctv Website Channel 210 Video Live
- ACctv Website Channel 226 Video Live
- Video Streaming Live provided by Granicus

## **8. Streaming capabilities**

2 channels of internet video streaming

## **9. Audio and video interface capabilities with performance hall**

- 11 cat 5 balen feeds from performance hall to production control room booth
- 5 camera switching Toaster vt.5
- 24 channel multi-track audio Cubase SX4
- BAC Performance Hall- 5 Camera Live Production capability with switching
- Toaster TV Production System (BAC Media Center)

## **10. Sierra Room capabilities**

- TriCaster TV Production System (CC Community Center-Sierra Room) for live or pre-recorded programming
- Live Television
- Live Internet Video Streaming

## **11. Field production equipment**

- 3 Sony HDR-FX1, 2 Sony VX21003 High Definition Sony Cameras
- NewTech Tricaster Switcher
- Mackie 16 channel audio mixer
- Microphones and cables
- Clear Com

Key Personnel:

Darla Bayer-Production Coordinator  
Keith Barnett-Technical Assistant  
Chrissi Barnett-Technical Assistant  
Brendon Lund-Technical Assistant  
Jim Gustafson-Technical Assistant  
Josh Johnston- Computer and Networking

## 12. Computer inventory

- 2 Mac Pro Computers with dual monitors
- 3 iMac Computers
- 1 Mac G-5 Computer
- 1 Mac Book Pro Laptop Computer
- 2 Mac Book Laptop Computers
- 2 Channel Internet Streaming Systems
- 5 Siberpower Acer PCs

### Primary Video Editing Software

- Final Cut Pro editing Software
- Adobe Premier Pro editing Software
- NewTech vt.5 editing Software

## 13. Computer software

Adobe Acrobat 9 Pro, Adobe After Effects CS4, Adobe Bridge CS3, Adobe Bridge CS4, Adobe ConnectNow, Adobe Contribute CS4, Adobe Device Central CS4, Adobe Dreamweaver CS4, Adobe Drive CS4, Adobe Encore CS4, Adobe Extension Manager CS4, Adobe Fireworks CS4, Adobe Flash CS4, Adobe Illustrator CS4, Adobe InDesign CS4, Adobe Media Encoder CS4, Adobe Media Player, Adobe OnLocation CS4, Adobe Photoshop CS4, Adobe Premiere Pro CS3, Adobe Premiere Pro CS4, Adobe Soundbooth CS4, Adobe Soundbooth Scores, Adobe Stock Photos CS3, Aimersoft DVD Studio Pack for Mac, Aimersoft Total Media Converter, Aimersoft Video Converter for Mac, AppleWorks 6, AppZapper, Automator, CanoScan LiDE 60, CanoScan Toolbox 4.9, Cocktail Computer Utility, Cubase LE 4, Cubase Studio 4, Cubase SX 3, Drive Genius 2, DVD Player, DVDxDVPro, Fast DVD Copy, Fetch ffmpegX, Flip4Mac, Front Row, iCal, iChat, iDVD, Image Capture, iMovie, Internet Explorer, iPhoto,, iSync, iTunes, iWeb, iWork '08, MacJanitor, MacPilot, Maxtor Manager, Microsoft Office 2004, MidiQuestXL, MOTU DP4.6, MovieConverter Studio, MPEG Streamclip,, OmniPage SE\_Direct\_OCR, Open XML Converter, Parallels, Photo Booth, PhotoImpression 5, PhotoStudio, Preview, QuickBooks Pro 2007, QuickTime Player, RealPlayer, Remote Desktop Connection, ScanGear Starter 1.1E, Skype, Spring Cleaning, StuffIt Deluxe 8.0, TASCAM US-1641, TechTool Pro 4, TextEdit, Time Machine, Toast 10 Titanium, Toaster VT5 Video Editing Suite, Tricaster VT5 Video Editing Suite, Windows Media Player.

## 14. Learning

### "Teen TV" - Ages 13-19

Actually make a TV show or music video with other kids your age. Learn to be a director, camera operator, editor and producer. Use the studio with green screen and virtual sets! Come with ideas and friends. Instructor: Darla Bayer

6 weeks/12 hours - tues jan 26-mar 2 3-5pm

### "Video Editing for Kids" - Ages 11-19

We'll shoot a little video but mostly we'll edit footage using simple to extravagant techniques. State-

of-the-art MAC computers, Final Cut Pro or Adobe Premiere. Instructor: Darla Bayer

6 weeks/12 hours - tues mar 9-apr 20 (skips mar 30) 3-5pm

"ACctv Studio Use" - Ages 13-Adult

The all inclusive 20 hour class, 4 five hour classes on consecutive nights. This action packed course will certify you in Television Production, Camera Techniques and Non-Linear Editing. Sound too good to be true? It's not! This intensive but exciting class will train you in every aspect of production. To use the studio after this class, by yourself, you still need to provide 12 hours of volunteer time. Instructors: Darla Bayer and Keith Barnett

mar 29-apr 1 - monday, tuesday, wednesday, thursday 3-8 pm

"Seniors Adapt Travel Pix to TV" Ages up to 110

Are you a traveling senior who has photos or video footage of your adventures? Want others to see where you've been? Using simple transfer methods and voice over you can share your experiences on television and the internet. Instructor: Darla Bayer

tuesdays feb 2-23 11am-1pm

Photoshop Instruction beginning January 2010

Litewave Animation Instruction beginning January 2010

### **PRESS CONTACT:**

Donna Walden  
(949) 306-3465, donna.walden@mac.com

## **Brewery Arts Center Announces Formation of Filmmakers and Animators Club**

**Carson City, NV – September 24, 2009** – The Brewery Arts Center (BAC) announced today the "Northern Nevada Film Factory," a filmmakers and animators club at the ACctv center at 511 W. King Street in Carson City and the addition of four television production and video courses this fall. Open to the public, this club is the first of its kind in the region and will help aspiring filmmakers and animators learn their craft and produce quality productions. Donna Walden has been hired by BAC to run the club, expand animation and filmmaking workshops, programs and offerings, and support the activities of Access Carson City TV (ACctv) studio.

Ms. Walden is an independent film producer who co-founded a 501c3 not-for-profit called the Fallbrook Film Factory in 2006 to bring filmmaking to film enthusiasts around San Diego. Last July in Carson City, Walden organized a youth filmmaking workshop at BAC where teens wrote, directed, acted, filmed and edited a 5-minute film in one week. Walden is currently producing some environmental TV programming in the Sierra Nevada's and wants a serious filmmaking capability launched in the region. She said, "Creating a film club has been my aspiration since I moved here in 2008 and there is no better venue in the region than Brewery Arts Center to deliver this art form to the community."

The ACctv center opened in 2006 as a public service to the community and is run by Michael Furlong and Darla Bayer. An animation function has been made possible by a generous contribution of five computers from a Carson City family and a Lightwave computer license provided by Computer Corps for educational use. This equipment expands the computer and camera equipment offering of ACctv.

Michael Furlong, Managing Director of ACctv, said, "We are excited about expanding our traditional art offerings to these new mediums. The club will give access of our studio to a broader audience."

Deb Holden said, "The BAC heard that our son Luke was trying to put together an Animator's Club here in Carson City and we are delighted that the Brewery Arts Center will support Luke by not only facilitating 'The Animators Club', but by also offering curriculum for beginning and advanced animation. We found that students who share the same interests can learn a lot from each other while working on club projects together."

"3D animation is a wide open field where many jobs will be created, such as, the world of websites, filmmaking, the medical field, architectural drawing, military, law enforcement and many others," said Dan Holden. "I'm glad to be a part of bringing these opportunities to the community."

The BAC is requesting club dues to support the infrastructure of the club and enable purchase of additional software and equipment. Scholarships will be offered for disadvantaged youth and adults. The annual dues are \$75 for children and \$150 for adults. Benefits include a mandatory camera use

course, use of the BAC cameras, filmmaking equipment and facility, special lab times for club members, individual membership to BAC, discounts on workshops, free admission to select filmmaking events, and more.

Club members will want to take advantage of four program offerings this fall.

- "Video Editing for Kids" Ages 11-19 – Tues, Oct 6-Nov 17 (skips Oct 20) - \$150
- "Teen TV" - Ages 13-19 – Wed, Sept 30-Nov 4 3-5pm - \$150
- "ACctv Studio Use" - Ages 13-Adult - Mon, Tues, Wed, and Thurs, Oct 19-22, 3-9 pm - \$240
- Seniors Adapt Travel Pix to TV" Ages up to 110 - Thursdays Oct 8-29 11am-1pm - \$100

To find out how to join the club or for more information about the Brewery Arts Center, see [www.breweryarts.org](http://www.breweryarts.org) or call (775) 883-1976. BAC seeks individuals who have a passion for animation and filmmaking, volunteers to help with the club, and sponsors to help underwrite the production facility costs. Sponsors and benefactors may call Donna Walden at (949) 306-3465.

The Brewery Arts Center is committed to presenting and promoting art, arts programming and cultural events for all ages through its facilities and resources to the community of Carson City and the surrounding area. Founded in 1975, the Brewery Arts Center (BAC) is one of Carson-Tahoe-Reno's most active cultural centers. On two blocks in the historic district of Carson City, BAC hosts more than 100 events and programs each year. These include theatrical productions, concerts, art exhibits, classes, children's programs, lectures, and receptions. The BAC operates Access Carson City TV, the Back Stage Kids, and the BAC Summer Stock Theatre Company. The BAC is home to the Nevada Artists Association whose members manage and exhibit at the Brewery Arts Center Gallery.

- end -

## **Equipment Use & Maintenance Agreement**

This is a contract between **The Brewery Arts Center** and **The Holden Family** residing at 2645 Table Rock Drive, Carson City, NV 89706 for use and maintenance of five computers owned by the Holden family and Lightwave computer licenses provided by Computer Corps for educational use.

The Holden family is loaning the Brewery Arts Center (BAC) five fully loaded animation computers to create an animators club and animation capability at the Brewery Arts Center ACctv studio located at 511 W. King St. in Carson City, Nevada.

The contract begins October 1, 2009 and lasts indefinitely based upon compliance with the terms outlined below.

### **List of Equipment – Total Value is \$8,800**

Four computers built by Cyberpower (value includes computer, standard monitor, and Lightwave software):

- Computer #1 RC310BWN11092500089 – “Sparta” valued at \$1,500
- Computer #2 RC310BWN11092700346 – “Remix” valued at \$1,500
- Computer #3 RC310BWN11092700345 – “Shebang” valued at \$1,500
- Computer #4 RC310BWN11092700330 – “Madness” valued at \$1,500

The Fifth computer – “Arnold” – was custom built by a local computer guy and is the only computer not built by Cyberpower. It also functions as a server has no serial number. Its value is \$1,800.

Additionally, five flat screen monitors were purchased at \$150 each (\$750) and a D-Line switch at \$250. The total bundled value of the five computers, server, flat screen monitors, switches, and Lightwave software is \$8,800.

### **The Vision for the Filmmaker’s and Animator’s Club**

The BAC is creating a filmmaker/animators club to bring together groups of people who share the same interests and skills in filmmaking and computer animation allowing members to share their ideas, share their skills, and share their knowledge with each other. BAC aspires to make available to the community a complete filmmaking and animators capability including equipment, courses and instruction on “how to,” availability of people to work together on productions, capability of attracting talent through casting calls, and a start to finish capability for filmmaking production.

The BAC will work towards attracting an experienced animation team through promotion of the club and offering of a good animation curriculum. The curriculum over time and based upon adequate demand, will offer courses from beginning to advanced and break experienced animation teams into sections - people who model, people who texture, people who animate.

BAC will also look to expand its software to include popular programs such as Photoshop, various movie making software programs for script writing, web design, video production, and drawing. They also aspire to bring in additional animation software including 3D Max, Maya, and Lightwave updates.

### **Terms and Conditions of Use**

The equipment will be delivered to BAC by the Holdens on September 30, 2009.

The equipment will be set up in the BAC and ready for use by the public around October 7, 2009. BAC will get the computers and software listed and covered under their general liability insurance policy.

The Brewery Arts Center agrees to create a filmmaker/ animator club as specified in the Filmmaker/Animator Club Plan. The Club will be announced to the public September 24, and implementation and roll-out of the club is planned for September and October 2009.

The Brewery Arts Center agrees to offer animation training, workshops, and educational programs as part of their curriculum and will work towards fulfilling the vision for the filmmakers/animators club specified above.

BAC agrees to provide specific times and lab hours for members of the filmmakers and animators club to get together in a safe and collaborative environment enabling individual members of the animators club to grow in their talent.

The BAC, through their filmmakers/animators club agrees to support Luke's 3-D animation film project. The Holden family authorizes BAC to use Luke's experience and 3-D film as a case study and the story of Luke for promoting the animators club which is part of the broader filmmaking/animators club. BAC will support Debbie Holden in seeking out grants for the club through access to needed documents and information via Donna Walden.

**Other Considerations:**

BAC and ACctv will maintain the computers and keep them in working order. This includes problem monitoring, anti-virus protection and bug fixes, loading and reloading software, and most software related concerns. The hardware is covered by the limited liability policy that came with the computers and the Holden's are responsible for purchasing any desired long term hardware and maintenance contracts with the computer manufacturers.

As a precaution, equipment users will be required to sign an agreement outlining precautionary measures. While the Brewery Arts Center will have the equipment listed under their general liability policy and will have the computers and software use supervised at all times, they cannot be held liable for individual acts of abuse of the equipment by children or adults using the computers as part of the filmmakers/animators club.

**Cancellation and Legal Arbitration:**

This agreement is cancelable by either party with a written letter of cancellation intention delivered to BOTH PARTIES at the Brewery Arts Center administrative offices 90 days in advance of such an act. This gives the Brewery Arts Center and the Holden Family adequate time to make other arrangements. Any litigation regarding disputes on this contract will be sent to an arbitrator and legal costs will be split 50/50 by both parties.
