To the Honorable Mayor, Members of the
Board of Supervisors and Audit Committee of
Carson City, Nevada

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Carson City, Nevada (City) for the year ended June 30, 2010, and have issued our report thereon dated December 21, 2010. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards* and OMB Circular A-133, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 24, 2010. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the City are described in Note 1 to the financial statements. We noted no transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

- useful lives of assets determined for depreciation
- valuation of developer dedicated and other donated capital assets
- liability and related disclosures for postemployment benefits other than pensions (OPEB)

Management's estimate of the useful lives of the City's capital assets is based upon the City's historical usage of its capital assets and consistency with lives utilized by other local governments. Management's estimates of the value of the City's developer dedicated and other donated capital assets is typically based upon the cost incurred by the donor for the capital asset. Management's estimate of the liability for the City's OPEB is based upon third party actuarial analysis. We evaluated the key factors and assumptions used to develop these sensitive estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

YERINGTON

To the Honorable Mayor, Members of the
Board of Supervisors and Audit Committee of
Carson City, Nevada
December 21, 2010
Page 2

The disclosures in the financial statements are neutral, consistent and clear. Certain financial statement disclosures are particularly sensitive because of their significance to the financial statement users. Sensitive disclosures affecting the financial statements were Note 4D regarding the liability for postemployment benefits other than pensions and Note 4H regarding the prior period adjustment to correct an error in recording donated infrastructure.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. The attached schedule summarizes uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

In addition, material misstatements were detected as a result of our audit procedures and were corrected by management. The material misstatements affected balances in the City's government wide financial statements, resulting in audit adjustments to correct understatement of capital assets and beginning net assets. The material misstatements affected balances in the City's proprietary fund financial statements, resulting in audit adjustments to correct understatement of liabilities and expenses.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's reports. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 21, 2010.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the City's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine

To the Honorable Mayor, Members of the
Board of Supervisors and Audit Committee of
Carson City, Nevada
December 21, 2010
Page 3

that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the City's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Supervisors, the Audit Committee and management of Carson City, Nevada, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Kafoury, Armstrong & Co.

INTRODUCTORY SECTION

CARSON CITY, NEVADA

CONSOLIDATED MUNICIPALITY AND STATE CAPITAL

December 21, 2010

Honorable Mayor,
Members of the Board of Supervisors
and the Citizens of Carson City:

The comprehensive annual financial report of Carson City for the fiscal year ended June 30, 2010, is hereby submitted as mandated by both local ordinances and state statutes. These ordinances and statutes require that Carson City issue annually a report on its financial position and activity, and that this report be audited by an independent firm of certified public accountants.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Kafoury, Armstrong & Co., Certified Public Accountants, have issued an unqualified opinion on Carson City's financial statements for the year ended June 30, 2010. The independent auditor's report is located at the front of the financial section of this report.

Carson City is required to undergo an annual single audit in conformity with the provisions of Government Auditing Standards and the U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Information related to this single audit, including the schedule of expenditures of federal awards, the independent auditor's reports on internal controls and compliance, the schedule of findings and questioned costs and the summary schedule of prior audit findings are included in the compliance section.

Accounting principles generally accepted in the United States of America (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. Carson City's MD&A can be found immediately following the report of the independent auditors.

DEPARTMENT OF FINANCE

201 North Carson Street, Suite #3, Carson City, NV 89701 - (775) 887-2133 (775) 887-2107 fax

The financial reporting entity, Carson City, includes all the funds of the primary government (i.e., the Consolidated Municipality of Carson City as legally defined), as well as, all of its component units. Component units are legally separate entities for which the primary government is financially accountable. Blended component units, although legally separate entities, are in substance, part of the primary government's operations and are included as part of the primary government. Accordingly, the Redevelopment Authority is reported as special revenue, debt service and capital project funds of the primary government. Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the primary government and to differentiate their financial position and results of operations from those of the primary government. The Carson City Convention and Visitors' Bureau and Airport Authority are reported as discretely presented component units.

THE CITY AND ITS GOVERNING BODY

Carson City is the capital city of the State of Nevada. Carson City was founded as a trading post in 1858 and incorporated February 25, 1875. Carson City is a combined City and County governmental entity formed by the consolidation of the City of Carson City and Ormsby County on July 19, 1969.

Carson City has a land area of 147 square miles and an estimated population of 56,506 as of July 1, 2010. The City is empowered to levy a property tax on both real and personal property located within its boundaries. Real and personal taxable property located within the City has an estimated market value of \$5,220,207,520 and an assessed value of \$1,827,072,632.

The City operates under what is commonly known as a "council-manager" form of government which was established by charter and adopted by the State Legislature. Under this form of government, Carson City is governed by a mayor and four supervisors who are elected at large, on a non-partisan basis, for overlapping four year terms. The Board of Supervisors is a policy-making board, appointing a city manager to oversee daily operations.

Carson City provides a full range of services including police and fire protection; sewer and water services; the construction and maintenance of highways, streets and infrastructure; and culture and recreational activities.

The City maintains several budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City's governing body in accordance with Nevada Revised Statutes Chapter 354, the Local Government Budget and Finance Act. Activities of the general fund, special revenue funds, capital projects funds, debt service funds, enterprise funds and internal service funds are included in the annual appropriated budget. The level of budgetary control (that is, the level of which expenditures cannot legally exceed the appropriated amount) is established by function within an individual fund for governmental funds and the sum of operating and non-operating expenses in the proprietary funds.

LOCAL ECONOMY

Carson City is located in the Northwestern part of the State. Nevada's rate of growth in population had been one of the highest in the nation, but with the current economic downturn, this number is expected to moderate to remain flat for the next several years. Carson City has not experienced this same type of growth as the population actually decreased 2% when comparing July 1, 2009 to July 1, 2010. Looking at the past 5 years, Carson City's growth rate has averaged .3% per year. During the past year, Carson City experienced a general slow down in the real estate market, not unlike the region, the state and the nation. According to the Assessor's office, the average sales price of a home this year has fallen to around \$241,000. The average price in Carson City hit its peak this decade in 2006 with the average sales price around \$346,000.

The real estate slow down as well as the downturn in the auto industry has impacted sales tax revenues in Carson City as well as the region. As a result, actual general fund intergovernmental revenues, a significant portion of which are made up of sales tax revenues, were \$2.9 million less than the final budget. Planned expenditures were reduced during the fiscal year in response to this reduction in revenue. At the end of the current fiscal year, total fund balance of the general fund exceeded the final budget by \$1,460,779. This is the result of expenditure reductions in response to the reduction in revenues and an increased operating transfer in from the Stabilization Fund. Continued reductions in sales taxes are anticipated and continued reductions in expenditures are being evaluated. During FY 2002/2003, Carson City established the Stabilization Fund which may be used to offset reductions in tax revenues such as sales tax. In years in which growth in sales taxes was experienced, funds were transferred into the Stabilization Fund in order to build a reserve to buffer normal economic cycles. A transfer of \$3.5 million from the Stabilization Fund to the General Fund was recorded during FY 2009/2010 in order to maintain public service levels.

The assessed valuation of Carson City decreased slightly in FY 2009/2010, and because of the continued decline in real estate, the values decreased another 7.6 percent in FY 2010/2011. Due to a cap on the growth in property tax for existing property and improvements approved by the 2005 Nevada State Legislature, the real growth in tax revenues is limited. The growth in the tax bill for residential property is limited to 3% annual growth and commercial property can grow by a maximum of 8% per year. Only new construction is outside of this cap for the first year it is on the tax rolls. The difference between the actual tax calculation (assessed valuation (x) tax rate) and the capped tax calculation is termed the "abatement". In the general fund, this abatement amount was approximately \$8.6 million in FY 2010/2011. Because of this large abatement amount, Carson City's property tax revenues should continue to grow by the 3% and 8% caps in the future.

LONG-TERM FINANCIAL PLANNING

During FY 2009/2010, fees charged at the Carson City Landfill were set based upon regional market rates rather than actual costs. The resultant change in rates has produced revenues in excess of expenditures at the Landfill. These excess revenues will be used to help offset overall General Fund ongoing expenditures.

Carson City remains very active in recruiting retail development in order to enhance the sales tax base. Two major automotive retailers have built dealerships in more desirable locations within the City. The City has continued to negotiate with various retailers to fill vacant big box locations and as a result, Kohl's and Big Lots have opened locations in former vacant buildings. Carson City is currently in negotiations with Olive Garden and anticipate their opening in the spring of 2011.

RELEVANT FINANCIAL POLICIES

It is Carson City's policy that "one-shot" revenues not be used for future operations. These funds are reserved for capital expenditure only. Each year, any unreserved, undesignated fund balance in the General Fund is transferred to the Capital Acquisition and Development Fund or the Stabilization Fund.

MAJOR INITIATIVES

Improvements to the Wastewater Treatment Plant are being implemented and new federal standards for drinking water have necessitated an agreement with Douglas County establishing a Water Line Intertie Project. The establishment of this Interlocal Agreement will allow Carson City access to water from Douglas County that will forgo the need to build a Uranium Treatment Plant. Rates and charges for the Sewer and Water Funds are reviewed each January and rates are recommended to the Board of Supervisors to cover all operations and capital costs.

The Carson Freeway, Phase 2 A was completed in September 2009. This extended the Carson Freeway from Highway 50 to Fairview Drive and required the relocation of Carson City utilities. These improvements were funded through their respective enterprise funds. Construction has begun on a portion of Carson Freeway, Phase 2 B (Fairview Drive to Highway 50 at Spooner Summit), although the entire project has not been funded by the State of Nevada. By agreement with the state, Carson City will defer payment of local fuel taxes until the project is completed.

Carson City is continuing to explore the feasibility of a public / private partnership in the downtown area which could include:

- Carson City Knowledge and Discovery Library
- Business and Technology Incubator Center
- A digital media lab

- Class A office space
- Commercial / retail spaces
- Residential, market based in-town housing
- IMAX theater
- Public transit hub
- Central public plaza
- Shared, de-centralized parking

OTHER INFORMATION

SINGLE AUDIT. As a recipient of federal and state awards, Carson City is also responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. As a part of Carson City's single audit, testing of internal control and compliance is performed as it relates to federal programs. The results of the single audit for the fiscal year ended June 30, 2010 provided no instances of non-compliance with the requirements applicable to each of the City's major federal programs or matters involving the internal control over compliance and its operation that were considered to be material weaknesses.

AWARDS. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Carson City for its comprehensive annual financial report for the fiscal year ended June 30, 2010. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. Carson City has received a Certificate of Achievement for the last twenty consecutive years. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

ACKNOWLEDGMENTS. The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department. Each member of the department has my sincere appreciation for the contribution made in the preparation of this report.

In closing, without the leadership and support of the Carson City Board of Supervisors, the continued strengthening of the City's finances and the continued dedication to financial excellence would not have been possible.

Sincerely,

A handwritten signature in black ink, appearing to read "Nickolas Providenti". The signature is fluid and cursive, with the first name "Nickolas" written in a larger, more prominent script than the last name "Providenti".

Nickolas Providenti
Director of Finance

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Carson City
Nevada

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2009

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Independent Auditor's Report

To the Honorable Mayor and Members of the
Board of Supervisors, Carson City, Nevada

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Carson City, Nevada, as of and for the year ended June 30, 2010, which collectively comprise Carson City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the management of Carson City, Nevada. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Airport Authority of Carson City, Nevada or the Carson City Convention and Visitors' Bureau, both of which are discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component units, is based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Carson City Convention and Visitors' Bureau were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Carson City, Nevada, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund, the Quality of Life Special Revenue Fund and the Regional Transportation Special Revenue Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2010 on our consideration of Carson City, Nevada's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's discussion and analysis on pages 3A through 3L and the Schedule of Funding Progress on page 60 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited

procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Carson City, Nevada's basic financial statements. The Introductory Section, combining and individual fund statements and schedules, and Statistical Section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of Carson City, Nevada. The combining and individual fund statements and schedules and the Schedule of Expenditures of Federal Awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The Introductory Section and Statistical Section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Kafoury, Armstrong & Co.

Reno, Nevada
December 21, 2010

Carson City, Nevada Management's Discussion and Analysis

As management of Carson City, Nevada (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2010. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-vi of this report.

Financial Highlights

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$274,586,615 (*net assets*).
- The City's total net assets increased by \$18,000,162. Approximately \$9.1 million of this increase is the result of a prior period adjustment to capitalize infrastructure that was donated in prior years. A portion of the remaining \$8.9 million increase is attributable to an increase in capital grants and the decline of consolidated tax, sales taxes, fuel taxes and investment income in the governmental activities. Other factors include a decrease in capital grants, assets contributed by developers and connection fees in the business-type activities.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$30,856,781, a decrease of \$5,900,522 in comparison with the prior year.
- At the end of the current fiscal year, unreserved fund balance for the General Fund was \$5,318,237, or 8.6 percent of total General Fund expenditures.
- The City's total bonded debt increased by \$2,972,377 (2.2 percent) during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the City's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, judicial, public works, sanitation, health, welfare, community support, airport, economic opportunity, and culture and recreation. The business-type activities of the City include water, sewer, ambulance, cemetery, building permits and stormwater drainage.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also a legally separate airport authority and a legally separate convention and visitors' bureau for which the City is financially accountable. Financial information for these *component units* is reported separately from the financial information presented for the primary government itself. The Redevelopment Authority, although also legally separate, functions for all practical purposes as a department of the City, therefore has been included as an integral part of the primary government.

The government-wide financial statements can be found on pages 4-7 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains twenty-eight individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Quality of Life Fund, and the Regional Transportation Fund each of which are considered to be major funds. Data from the other twenty-five governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining and individual fund statements and schedules* elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund and for each of its special revenue funds, debt service funds and capital projects funds. A budgetary comparison statement has been provided for each of the City's governmental funds to demonstrate compliance with this budget. The budgetary comparison statements for the General Fund, Quality of Life Fund and the Regional Transportation Fund, major governmental funds, are located in the basic financial statements and budgetary comparison schedules for the nonmajor governmental funds are provided in the individual funds statements.

The basic governmental fund financial statements can be found on pages 8-16 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water, sewer, ambulance, cemetery, building permit, and stormwater drainage operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its group medical insurance, workers' compensation, insurance and fleet management. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water, sewer and stormwater drainage operations, each of which are considered to be major funds of the City. Conversely, internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Data from the other three enterprise funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor funds is provided in the form of *combining and individual fund statements and schedules* elsewhere in this report. Individual fund data for the internal service funds is provided in the form of *combining and individual fund statements and schedules* elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 17-26 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 27-28 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 29-59 of this report.

Other Information. The combining statements referred to earlier in connection with nonmajor governmental funds, internal service funds, and enterprise funds are presented following the notes to the financial statements. Combining and individual fund statements and schedules can be found on pages 61-160 of this report.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by \$274,586,615 at the close of the most recent fiscal year.

By far the largest portion of the City's net assets (96 percent) reflects its investment in capital assets (e.g., land, buildings, improvements, machinery and equipment, and infrastructure), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Carson City's Net Assets

	Governmental		Business-type		Total	
	Activities		Activities			
	2010	2009	2010	2009	2010	2009
Current and other assets	\$ 45,149,122	\$ 52,150,798	\$ 9,364,341	\$ 14,015,917	\$ 54,513,463	\$ 66,166,715

Total liabilities	<u>110,715,098</u>	<u>103,423,794</u>	<u>56,411,076</u>	<u>54,507,800</u>	<u>167,126,174</u>	<u>157,931,594</u>
Net assets:						
Invested in capital assets, net of related debt	172,327,528	142,099,041	90,457,625	89,403,212	262,785,153	231,502,253
Restricted	20,115,371	18,759,556	-	-	20,115,371	18,759,556
Unrestricted	<u>(14,549,896)</u>	<u>(4,678,327)</u>	<u>6,235,987</u>	<u>11,002,971</u>	<u>(8,313,909)</u>	<u>6,324,644</u>
Total net assets	<u>\$ 177,893,003</u>	<u>\$ 156,180,270</u>	<u>\$ 96,693,612</u>	<u>\$ 100,406,183</u>	<u>\$ 274,586,615</u>	<u>\$ 256,586,453</u>

An additional portion of the City's net assets (7 percent) represents resources that are subject to external restrictions on how they may be used. This leaves a negative balance of \$8,313,909 for *unrestricted net assets*.

At the end of the current fiscal year, the City is able to report positive balances in two of the three categories of net assets for the government as a whole, as well as, for its separate governmental activities. Unrestricted net assets are reported as a negative balance. The business-type activities reported positive balances in all categories of net assets. In the prior fiscal year, the City reported positive balances in all categories of net assets for business-type activities and governmental activities reported a negative balance for unrestricted net assets.

The City's net assets increased \$18,000,162 during the current fiscal year. Approximately \$9.1 million of this increase is the result of a prior period adjustment to capitalize infrastructure that was donated in prior years. A portion of the remaining \$8.9 million increase is attributable to an increase in capital grants and the decline of consolidated tax, sales taxes, fuel taxes and investment income in the governmental activities. Other factors include a decrease in capital grants, assets contributed by developers and connection fees in the business-type activities.

error correction	9,144,067	-	-	-	9,144,067	-
Net assets – July 1, as adjusted	165,324,337	157,057,539	100,406,183	102,319,843	265,730,520	259,377,382
Net assets - June 30	\$ 177,893,003	\$ 156,180,270	\$ 96,693,612	\$ 100,406,183	\$ 274,586,615	\$ 256,586,453

Governmental activities. Governmental activities increased the City’s net assets by \$12,568,666. This results in a net change (increase) of \$13,445,935 when compared to the decrease of \$877,269 in the prior year. Key elements of the change from prior year are as follows:

- \$5.9 million increase in federal grants for airport development.
- \$5.5 million increase in capital contributions of land for public right of way.
- \$930,000 decrease in unrestricted investment income due to a decrease in the investment portfolio balance.
- \$2.2 million decrease in sales taxes, fuel taxes and consolidated taxes from the prior year.
- \$2.3 increase in economic opportunity expenses related to incentives for business retention.
- \$6.5 million increase in state grants received for the acquisition of land for open space.
- \$1.4 million increase in capital grants for micropaving, ADA sidewalk and other pedestrian improvements.

Program revenues for governmental activities provided 54 percent of the resources necessary to pay the cost of providing program services. The remaining program costs were financed with general revenues. The largest general revenues are consolidated tax of \$17,477,368 and property taxes of \$20,555,087.

Business-type activities. Business-type activities decreased the City’s net assets by \$3,712,571. This results in a net change (decrease) of \$1,798,911 when compared to the decrease of \$1,913,660 in the prior year. Key elements of the change from prior year are as follows:

- \$1.1 decrease in capital assets contributed by developers, capital grants and connection fees in the Sewer and Water funds.
- \$300,000 decrease in unrestricted investment income due to a decrease in the investment portfolio balance.
- \$345,000 increase in depreciation and \$535,000 increase in various other expenses in the Water fund from the prior year.
- \$650,000 decrease in bad debt expense reported in the Ambulance fund related to the write off of uncollectible accounts receivable from prior years.

Sewer and water expenses represent 76 percent of total expenses for business-type activities.

Financial Analysis of the Government’s Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City’s *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City’s financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City’s governmental funds reported combined ending fund balances of \$30,856,781, a decrease of \$5,900,522 in comparison with the prior year. Of this total amount, \$29,671,743 constitutes *unreserved fund balance*. The remainder of fund balance is *reserved* to indicate that it is not available for new spending because it has already been committed 1) for unspent donations (\$424,557), 2) for judicial programs (\$637,694), or 3) for prepaid items and inventory (\$122,787).

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, unreserved fund balance of the General Fund was \$5,318,237, while total fund balance reached \$6,483,199. As a measure of the General Fund’s liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 8.6 percent of total General Fund expenditures, while total fund balance represents 10.5 percent of that same amount.

The fund balance of the City's General Fund decreased by \$5,003,045 during the current fiscal year. This results in a net change (decrease) of \$2,172,306 when compared to the decrease of \$2,830,739 in the prior year. Key elements of the change from prior year are as follows:

- Property taxes increased by \$830,000 over the prior year as a result of an increase in property assessed valuation.
- \$3.5 million increase in transfers in from the Stabilization Fund as a result of declining revenues.
- \$2.3 million increase in expenditures related to incentives for business retention.
- Intergovernmental revenues decreased by \$2.2 million from the prior year. This decrease is due to a decline in consolidated tax revenues largely as a result of a decline in taxable sales.
- Investment income decreased \$437,000 from the prior year due to a decrease in the investment portfolio balance.
- \$1.8 million increase in expenditures as the result of contract provisions with the various bargaining units.

The Quality of Life Fund has a total fund balance of \$11,174,902, all of which is unreserved except for \$75. The fund balance increased by \$2,231,810 during the current fiscal year. This results in a net change (increase) of \$4,628,612 when compared to the decrease of \$2,396,802 in the prior year. Key elements of the change from prior year are as follows:

- \$2.4 million increase in purchases of property for open space from the prior year.
- \$6.5 million increase in state grants received for the acquisition of land for open space.
- \$825,000 decrease in capital improvements for fairgrounds from the prior year.
- \$219,000 decrease in sales tax revenue due to a decline in taxable sales during the fiscal year.

The Regional Transportation Fund has a total fund balance of \$2,652,211, all of which is unreserved except for \$502. The fund balance decreased by \$393,541 during the current fiscal year. This results in a net change (increase) of \$1,392,835 when compared to the decrease of \$1,786,376 in the prior year. Key elements of the change from prior year are as follows:

- \$1.155 million decrease in bonds issued for street and highway construction.
- \$1.4 million increase in federal grants for micropaving, ADA sidewalk and other pedestrian improvements.
- \$1.2 million increase in micropaving, street sealing and overlays.
- \$2 million decrease in road construction projects.
- \$640,000 increase in motor vehicle fuel tax revenue from the prior year.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net assets at the end of the year amounted to \$2,165,633 in the Sewer Fund, \$3,152,855, in the Water Fund, and \$115,380 in the Stormwater Drainage Fund. The total growth (decline) in net assets for the funds was \$(1,980,566), \$(1,327,930), and \$(136), respectively. Other factors concerning the finances of these three funds have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary

Budgeted appropriations increased \$3,699,714 between the original budget and the final amended budget. The increase can be briefly summarized as follows:

- \$2.4 million increase in appropriations for economic development to fund incentives for business retention and recruitment.
- Carryover of program costs from the prior year budget amounting to \$515,090 allocated to various departments.
- \$784,624 increase in various department appropriations offset by increases in charges for services, fines and forfeits, intergovernmental revenues, operating transfers in, and other miscellaneous revenues.

Of this increase, \$289,714 was funded from charges for services, \$389,910 was funded from fines and forfeits, lease revenues, licenses and permits and grants and donations, and \$105,000 was funded from operating transfers in. The remaining \$2,915,090 was to be budgeted from available fund balance.

The significant differences between the final amended budget and actual amounts are as follows:

- Actual intergovernmental revenues were \$2.95 million less than the final budget due to a decline in consolidated tax revenues.
- Actual charges for services were \$644,000 less than the final budget mostly due to a decline in landfill and recreation program revenues.
- Actual expenditures by function were less than the final budget as a result of expenditure reductions in response to the declines in revenue.
- Actual operating transfers in were \$1.8 more than the final budget due to an increase in the transfer in from the Stabilization Fund to offset the declines in revenue.

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for its governmental and business-type activities as of June 30, 2010, amounts to \$387,199,326 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, infrastructure and water rights. The total increase in the City's investment in capital assets for the current fiscal year was 8 percent (a 12 percent increase for governmental activities and a 2 percent increase for business-type activities).

Major capital asset events during the current fiscal year included the following:

- Donated infrastructure (streets, curb and gutter) from developers was valued at \$2 million.
- Land donated by developers for public right of way was valued at \$5.5 million.
- \$9 million in airport improvement projects.
- \$3.7 million in land purchases for open space.
- A variety of road construction projects are on-going, such as widening and expansion projects, at a cost of approximately \$9.4 million.
- Approximately \$1.4 million for parks and recreational facilities.
- \$442,000 for the purchase of ambulances.
- \$754,000 for the purchase of buses for the transit system.
- \$760,000 for storm drainage projects.
- \$1.2 million for various sewer line replacements and utility relocations.

- \$400,000 for various infrastructure projects, such as underground pipes and street reconstruction.
- \$4.6 million for various well upgrades, water main/line improvements, and underground infrastructure.
- \$1.4 million in the Water Fund for equipment, utility line extensions, water/main/well development and/or replacements.

Additional information on the City's capital assets can be found in note 3-B on pages 39-43 of this report.

Long-term debt. At the end of the current fiscal year, the City had total bonded debt outstanding of \$136,927,274. Of this amount, \$116,061,274 comprises debt backed by the full faith and credit of the government. The remainder of the City's debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

Carson City's Outstanding Debt
General Obligation and Revenue Bonds

	Governmental Activities		Business-Type Activities		Total	
	2010	2009	2010	2009	2010	2009
General obligation bonds	\$ 67,519,131	\$ 70,042,700	\$ 48,542,143	\$ 50,484,597	\$ 116,061,274	\$ 120,527,297
Revenue bonds	20,866,000	13,427,600	-	-	20,866,000	13,427,600
Total	\$ 88,385,131	\$ 83,470,300	\$ 48,542,143	\$ 50,484,597	\$ 136,927,274	\$ 133,954,897

The City's total bonded debt increased by \$2,972,377 (2 percent) from the prior year. The key factor in this increase was the issuance of revenue bonds in the amount of \$7,900,000 for street and highway construction.

The City maintained an “AA-“ rating from Standard & Poor’s and during fiscal year 2010 the City’s debt rating changed from an “A1” to an “Aa2”rating from Moody’s for general obligation debt.

State statutes limit the amount of general obligation debt a governmental entity may issue to 15 percent of its total assessed valuation. The current debt limitation for the City is \$288,971,603, which is significantly in excess of the City’s outstanding general obligation debt.

Additional information on the City’s long-term debt can be found in note 3-D on pages 45-51 of this report.

Economic Factors and Next Year’s Budgets and Rates

- The City’s unemployment rate was 13.3% at June 30, 2010, which is an increase from a rate of 11.5% a year ago. The national and state unemployment rates were 9.5% and 14.2%, respectively, at June 30, 2010.
- The City’s assessed value decreased .9 percent in fiscal year 2009-10 to \$1.827 billion and decreased 7.6 percent in fiscal year 2010-11 to \$1.688 billion.
- Sales tax revenue was projected to remain flat for fiscal year 2010-11 and first quarter numbers are indicating a slight increase over fiscal year 2009-10.

All of these factors were considered in preparing the City’s budget for the 2011 fiscal year.

During the current fiscal year, unreserved fund balance in the General Fund decreased \$5,290,021 to \$5,318,237. The City has appropriated \$3,294,193 of this amount for spending in the 2011 fiscal year budget.

Requests for Information

This financial report is designed to provide a general overview of the City’s finances for all those with an interest in the government’s finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Carson City Finance Department, 201 N. Carson Street, Suite 3, Carson City, Nevada 89701.

**CARSON CITY, NEVADA
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES
TO THE STATEMENT OF ACTIVITIES
GOVERNMENTAL FUNDS
FOR THE YEAR ENDED JUNE 30, 2010**

Net Change in Fund Balances - Governmental Funds (pages 11-12)		\$ (5,900,522)
<p>Amounts reported for governmental activities in the statement of activities (pages 6-7) are different because:</p> <p>Governmental funds report capital outlays as expenditures and the proceeds from the sale of assets as other financing sources. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives and only the gain or loss is recorded when assets are sold.</p>		
Expenditures for capital assets	\$ 25,158,461	
Contributions of capital assets from business-type activities	21,519	
Donated capital assets	7,753,805	
Sale/disposition of assets	(203,336)	
Less: Current year depreciation	<u>(6,387,233)</u>	
		26,343,216
<p>Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds.</p>		
Change in deferred revenue		486,488
<p>Bond and note proceeds and capital leases provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of bond and note principal and capital leases is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. This is the amount by which bonds and notes issued and capital lease financing exceeded repayments and costs of issuance.</p>		
Bonds issued	(7,900,000)	
Bond issuance costs	62,605	
Capital lease financing	(69,433)	
Accrued interest	(747,776)	
Capital lease payments	79,145	
Interest payments	561,347	
Principal payments	<u>3,604,885</u>	
		(4,409,227)
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.</p>		
Amortization of loss on bond refunding	(102,446)	
Amortization of issuance costs	(62,496)	
Amortization of bond discounts	(10,042)	
Amortization of bond premiums	29,421	
Change in long-term landfill closure / post closure	(102,292)	
Change in net OPEB asset	140,220	
Change in net OPEB obligation	(1,678,810)	
Change in long-term compensated absences	<u>(418,784)</u>	
		(2,205,229)
<p>Internal service funds are used by management to charge the costs of certain activities to individual funds. The net income of the internal service funds is reported with governmental activities.</p>		
		<u>(1,746,060)</u>
Change in Net Assets of Governmental Activities (pages 6-7)		<u>\$ 12,568,666</u>

See accompanying notes.

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

Carson City(the City) is a consolidated municipality governed by an elected mayor and a four-member board, which comprise the Board of Supervisors. The accompanying financial statements present the City and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City's operations, and, therefore, data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government. Each blended and discretely presented component unit has a June 30 year end.

BLENDED COMPONENT UNIT. The Redevelopment Authority is governed by a board comprised of the City's elected Board of Supervisors. The ad valorem tax rates and bond issuance authorizations are approved by the Redevelopment Authority and the Board of Supervisors and the legal liability for the general obligation portion of the Authority's debt remains with the City. The financial statements of the Authority are reported as special revenue, debt service and capital projects funds.

DISCRETELY PRESENTED COMPONENT UNITS. The Carson City Convention and Visitors' Bureau is responsible for the promotion of tourism in Carson City. The members of the Bureau's governing board are appointed by the Board of Supervisors. The Bureau is fiscally dependent upon the City since the Board of Supervisors sets the room tax rates and must approve any general obligation debt issuances. The Convention and Visitors' Bureau is presented as a governmental fund type.

The Carson City Airport Authority is responsible for the operations of the Carson City Airport. The members of the Authority are appointed by the Board of Supervisors. The Authority is fiscally dependent upon the City since the Board of Supervisors is the recognized grantee for any Federal Aviation Administration grants awarded on behalf of the Authority and any property tax levies must be approved by the Board of Supervisors. The Authority is presented as a governmental fund type.

Complete financial statements for each of the discretely presented component units may be obtained at the entity's administrative offices.

1900 South Carson Street
Carson City, Nevada

Carson City Airport Authority
2600 East Graves Lane, Suite 6
Carson City, Nevada

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Government-Wide Financial Statements – The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements – Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. Carson City considers all revenues, except grants, available if they are collected within 60 days of the end of the current fiscal period. Grant revenues are considered available if they are collected within 120 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments and postemployment benefits, are recorded only when payment is due.

Property taxes, consolidated taxes, franchise fees, motor vehicle fuel taxes, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period.

Shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Grants and similar items are recognized as revenues when eligibility requirements imposed by the provider have been met. All other revenue items are considered to be measurable and available only when cash is received by the City.

The government reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Quality of Life Fund* accounts for the voter approved one-quarter percent sales tax for the purpose of acquiring open space and the construction and maintenance of park and trail facilities.

The *Regional Transportation Fund* accounts for the nine cent per gallon county fuel tax imposed in accordance with NRS 373.030. The monies are to be used for the purpose of street and highway construction.

The government reports the following major proprietary funds:

The *Sewer Fund* accounts for the activities of the sewer services provided to the residents of Carson City.

The *Water Fund* accounts for the activities of the water services provided to the residents of Carson City.

The *Stormwater Drainage Fund* accounts for the activities of the stormwater management program provided to the residents of Carson City.

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

Additionally, the government reports the following fund types:

Internal service funds account for group medical insurance, workers' compensation, liability and property insurance, and fleet management services provided to other departments or agencies of the government, or to other governments, on a cost reimbursement basis.

The *Investment Trust Fund* accounts for the external portion of the investment pool administered by the City.

Agency funds are used to account for assets held by the City in a purely custodial capacity for other organizations or governments.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board (GASB). Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are interfund services provided and used and other charges between the City's business-type activities and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds and internal service funds are charges to customers for services. Operating expenses for enterprise funds and internal service funds include salaries and wages, employee benefits, services and supplies, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY

1. Deposits and Investments

For purposes of the statement of cash flows presented for proprietary funds, cash equivalents are defined as short-term, highly liquid investments, generally with original maturities of three months or less. Since all cash in proprietary funds is pooled with the rest of the City's cash and is available upon demand, all cash and investments in those funds are considered cash equivalents. The City considers cash purchases and sales of the following types of investments as part of its cash management program rather than part of its operating, capital, investing, and financing activities.

Pursuant to NRS 355.170 and 355.167, Carson City may only invest in the following types of securities:

- a) United States bonds and debentures maturing within ten (10) years from the date of purchase.
- b) Certain farm loan bonds.
- c) Bills and notes of the United States Treasury and obligations of an agency or instrumentality of the United States of America or a corporation sponsored by the government maturing within ten (10) years from the date of purchase.
- d) Negotiable and non-negotiable certificates of deposit from commercial banks and insured credit unions or savings and loan associations.

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

- e) Certain securities issued by local governments of the State of Nevada.
- f) Other securities expressly provided by other Statutes, including repurchase agreements.
- g) State of Nevada Local Government Investment Pool.
- h) Certain bankers' acceptances, commercial paper issued by a corporation organized and operating in the United States, and money market mutual funds.

Investments are reported at fair value.

2. Investment Pool Investment Income

Interest income is recorded on the accrual basis in the investment pool. Net realized gains (losses) on investments are the sum of differences between the cost (if purchased during the fiscal year) or the fair value of the investment at the beginning of the year, and the net selling price received for investments that are sold or matured.

The net increase (decrease) in fair value of investments in the investment pool is the difference between the cost (if purchased during the fiscal year) or the fair value of the investments at the beginning of the year, and the fair value of the investments at the end of the year.

3. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." Operating appropriations and subsidies are accounted for as transfers in the funds involved.

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All funds employ the allowance method of recognizing bad debts. Management does not anticipate any material collection losses with respect to its accounts receivable balances in any fund, except the Ambulance Fund; and, therefore, the allowance in those funds is zero.

The Ambulance Fund accounts receivable are presented net of the allowance for uncollectible accounts. All uncollectible accounts were written off during fiscal year 2010; therefore, there was no allowance for uncollectible accounts at June 30, 2010.

Property taxes are levied as of July 1 on property values assessed the previous December. Taxes may be paid in four installments on the third Monday in August and the first Mondays in October, January, and March. Penalties are assessed if a taxpayer fails to pay an installment within ten days of the installment due date. On the first Monday in June, if the taxes remain unpaid, a Treasurer's Trustee Certificate is issued conveying the property to the Treasurer as Trustee, constituting a lien for back taxes and accumulated delinquency charges. A two year redemption period begins after the certificate placing such property in trust is issued. Redemption may be made by the owner and such persons as described by Statute by paying all back taxes and accumulated penalties, interest, and costs before sale. For property with taxes remaining unpaid at the end of the two year redemption period, Carson City may take a deed to the property and proceed to a tax sale. Secured roll property taxes receivable reflect only those taxes receivable from the delinquent roll years. No provision for uncollectible accounts has been established since management does not anticipate any material collection losses in respect to the remaining balances.

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

Accounts receivable for the discretely presented component units do not reflect an allowance for uncollectible accounts. The managements of the respective entities do not anticipate any material collection losses with respect to accounts receivable balances.

4. Inventories and Prepaid Items

The City's policy is to value inventories in Governmental Funds at cost using the average cost method, while Enterprise Fund inventories are valued at cost using the weighted average method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

5. Restricted Assets

Certain assets of Carson City's General Fund and Commissary Special Revenue Fund are classified as restricted assets because their use is restricted as the amounts are held for others.

6. Capital Assets

Capital assets, which include land, water rights, construction in progress, buildings, improvements, machinery and equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life of at least one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	40-50
Improvements other than buildings	30-45
Machinery and equipment	5-10
Infrastructure	15-50

7. Long-Term Obligations

In the government-wide financial statements and the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. For current and advanced refundings resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense using the straight-line method. Bonds payable are reported net of the applicable bond

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. The City pays a portion of the employee's unused sick leave at time of employee termination if provided for in the applicable Employee Association contract. Vacation pay and sick leave payoff are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

8. Connection Fees

It is the policy of the Board of Supervisors that new users hooking up to the water and sewer systems pay a "pro rata" share of the cost of the existing systems as calculated on the basis of "Equivalent Residential Customers." To this end, a connection fee is charged for new hookups to the water and sewer systems and the amounts are reported as capital contributions.

9. Equity Classifications

In the government-wide financial statements, equity is classified as net assets and displayed in three components:

- Invested in Capital Assets, Net of Related Debt – Consists of capital assets, net of accumulated depreciation and reduced by outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- Restricted Net Assets – Consists of net assets with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; (2) law through constitutional provisions or enabling legislation.
- Unrestricted Net Assets – All other net assets that do not meet the definition of “invested in capital assets, net of related debt” or “restricted.”

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent the estimated opening fund balance in the City's 2010-2011 final budget. The undesignated fund balance represents the amount by which the actual ending fund balance exceeded the reservations and designations.

10. Comparative Data

Comparative total data for the prior year have been presented only for individual funds in the fund financial statements in order to provide an understanding of the changes in financial position and operations for the funds. Also, certain amounts presented in prior year data have been reclassified in order to be consistent with current year's presentation.

**CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010**

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. BUDGETARY INFORMATION

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental and proprietary funds. All annual appropriations lapse at fiscal year end.

On or before mid-February of each year, all agencies of the City must submit requests for appropriations to the Internal Finance Committee comprised of the City Manager, Finance Director, Deputy Finance Director and Treasurer in order that a budget may be prepared. Before April 15th, a tentative budget is submitted to the Board of Supervisors, the Redevelopment Authority, and the State of Nevada. The City then holds a series of public hearings and a final budget must be prepared and adopted no later than June 1st.

The appropriated budget is prepared by fund, function and department. The City's department heads may request transfers of appropriations within the department's budget categories. Transfers of appropriations between department categories or functions within a fund may be made with the City Manager's approval. Transfers of appropriations between funds, from contingency accounts, or increases in budget appropriations require the approval of the Board of Supervisors or Redevelopment Authority. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the function level for governmental funds and the sum of operating and nonoperating expenses in the proprietary funds. There are no budgetary restrictions in the debt service funds regarding expenditures related to payments of principal and interest on long-term debt. The Board made several supplemental budgetary appropriations throughout the year.

B. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

The City conformed to all significant statutory constraints on its financial administration during the fiscal year with the following possible exceptions:

- Actual expenses exceeded appropriations in the Sewer Enterprise Fund by \$132,113. This is an apparent violation of NRS 354.626.
- Actual expenses exceeded appropriations in the Water Enterprise Fund by \$548,720. This is an apparent violation of NRS 354.626.

C. SHORTFALL IN RESERVED AND UNRESERVED/DESIGNATED FUND BALANCES

The Traffic Transportation Special Revenue Fund's fund balance was insufficient to cover the budgeted July 1, 2010 opening fund balance by \$2,549. The Redevelopment Debt Service Fund's fund balance was insufficient to cover the budgeted July 1, 2010 opening fund balance by \$179,208.

D. DEFICIT FUND EQUITY

The Traffic Transportation Special Revenue Fund has a deficit fund balance of \$145.

NOTE 3 - DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

At year end, the City's carrying amount of deposits was \$6,906,988 and the bank balance was \$7,091,171. All of the bank balance was covered by FDIC, SIPC, or collateralized by the Office of the State Treasurer/Nevada Collateral Pool.

The carrying amount of deposits for discretely presented component units was \$780,407, and the bank balance was \$848,001. All of the bank balance was covered by federal depository insurance or by collateral held by the component unit's agent in the component unit's name, with the exception of \$252,398 which was uninsured and uncollateralized.

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

The City has a formal investment policy to establish guidelines for the prudent investment of City funds. Funds of the City will be invested in compliance with the provisions of Nevada Revised Statutes, Chapters 355.167 through 355.200, and other applicable statutes. Allowable investments are described in Note 1.D.1.

At year end, the City had the following investments and maturities:

Investment Type	<u>Investment Maturities (in Years)</u>			
	<u>Fair Value</u>	<u>Less Than 1</u>	<u>1-5</u>	<u>6-10</u>
U.S. Treasuries	\$ 4,386,196	\$ -	\$ 4,386,196	\$ -
U.S. Agencies	20,331,146	1,268,773	14,991,477	4,070,896
Corporate Bonds	8,892,287	543,613	8,291,623	57,051
Money Market Mutual Fund	1,361,658	1,361,658	-	-
State of Nevada:				
Local Government				
Investment Pool	410	410	-	-
Total	<u>\$ 34,971,697</u>	<u>\$ 3,174,454</u>	<u>\$ 27,669,296</u>	<u>\$ 4,127,947</u>

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy states that portfolio maturities must be structured to avoid the forced sale of securities in any but the most severe circumstances. To this end, portfolio management procedures will provide for the projection of a "minimum liquidity requirement" for the City's operating fund.

The following procedures will be applied:

- **Minimum Liquidity Requirement:** This is defined as the total cash flow needed to pay City obligations for a period of four weeks. All securities to be included in the "minimum liquidity requirement" must mature within 28 days.
- **Intermediate Market Investment:** That portion of City funds remaining after deletion of the "minimum liquidity requirement" may be invested in the intermediate market, defined herein as instruments maturing between zero and ten years.
- **No U.S. bonds, debentures, bills, notes, agency obligations or securities purchased may have a maturity date of more than 10 years from the date of purchase.**

Credit Risk. Funds invested with the State of Nevada Treasurer in the Local Government Investment Pool may be invested as permitted by Nevada Revised Statutes. City policy does not further restrict these investments. As of June 30, 2010, the City's investments in U.S Agencies were rated AAA by Standard and Poor's and Aaa by Moody's Investors Service. The City's investment in the State of Nevada Local Government Investment Pool is an unrated external investment pool with an average duration of 80 days. Of the City's investments in corporate bonds, \$4,876,775 was rated AAA, \$1,310,025 was rated AA, \$1,868,648 was rated A and \$836,839 was unrated.

Concentration of Credit Risk. The City's investment policy states that no more than 20% of the total book value of the portfolio will be invested in a single security type with the exception of U.S. Treasury and government agency securities.

At June 30, 2010 the following investments exceeded 5% of the City's total:

Federal Home Loan Bank	\$6,517,789	18.64%
Federal National Mortgage Association	6,272,230	17.94%
Federal Home Loan Mortgage Corporation	5,345,522	15.29%

**CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010**

Securities Lending. Having been approved by the State Board of Finance, Nevada Revised Statute (NRS) 355.178 authorizes the City to participate in securities lending transactions, where the City's securities are loaned to broker/dealers and other entities for collateral with a simultaneous agreement to return the collateral for the same securities in the future. The City's securities lending agent administers the securities lending program and receives collateral from the borrower in the form of cash or marketable securities equal to at least 102 percent of the fair value of the securities borrowed. The fair values of the securities loaned and the collateral provided by the borrowers are monitored on a daily basis.

Cash collateral is invested in accordance with the investment guidelines stated in NRS 355.170. According to the City's investment policy, every attempt will be made to match the maturity of the lending contract with the maturity of the investment. In no case shall the maturity for the investment contract be longer than the corresponding lending contract. The maturity of the investment shall not be more than 30 days less than the maturity of the lending contract.

At year end, the City had no credit risk exposure to borrowers because there were no outstanding securities lending transactions.

At year end, the component units' investments and maturities were as follows:

	<u>Fair Value</u>	<u>Investment Maturity Less Than 1 Year</u>
State of Nevada Local Government Investment Pool	<u>\$1,080,467</u>	<u>\$1,080,467</u>

A reconciliation of cash and investments as shown on the Statement of Net Assets for the primary government follows:

Cash on hand	\$ 6,734
Carrying amount of deposits	6,906,988
Carrying amount of investments	<u>34,971,697</u>
	41,885,419
Less: Carrying amount of deposits held for component unit	<u>(2,931)</u>
	<u>\$41,882,488</u>
Cash and investments – governmental activities	\$29,781,970
Cash and investments – business-type activities	5,353,559
Cash and investments – investment trust fund	4,152,131
Cash and investments – agency funds	2,187,351
Cash and investments – restricted	<u>407,477</u>
	<u>\$41,882,488</u>

The State of Nevada Local Government Investment Pool is an external pool administered by the State Treasurer, with oversight by the State of Nevada Board of Finance. Investment in the Local Government Investment Pool is carried at fair value, which is the same as the value of the pool shares.

Carson City administers an external investment pool combining Carson City money with involuntary investments from the Carson City School District. Each participant's share is equal to their original investment plus or minus monthly allocation of interest income and realized and unrealized gains and losses. The fair value of Carson City's investments is determined annually. The determination of realized gains and losses is independent of the determination of the net change in the fair value of investments and realized gains and losses on investments that were held by the governmental entity during a previous

**CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010**

accounting period(s) but sold during the current period were used to compute the change in the fair value of investments for the previous year(s) as well as the current year. The participant's share and redemption value are calculated using the same method. The Board of Supervisors has overall responsibility for investment of City funds, including the Investment Trust Fund, in accordance with NRS 355.175. The Carson City Chief Investment Official is the Carson City Treasurer, under authority delegated by the Board of Supervisors. The City has not provided or obtained any legally binding guarantees during the period to support the value of shares. The external investment pool is not registered with the SEC as an investment company.

Summary of investments held in the external investment pool at June 30, 2010:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Principal Amount/ Number of Shares</u>	<u>Interest Rate</u>	<u>Maturity Dates</u>
U.S. Treasuries	\$ 4,386,196	\$ 4,280,000	.75-2.625%	12/31/2011-04/30/2015

**CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010**

Construction commitments

The City was committed to construction projects in various funds, as of June 30, 2010, as follows:

Other Commitments:

On April 1, 1997, the City entered into an agreement with the State of Nevada, Department of Transportation (Highway Agreement No. R159-97-060) to help construct the Carson City Bypass. The City is funding this obligation through a \$.05 increase in the county motor vehicle fuel tax. The City intends to contribute a total of \$19 million plus interest. As of June 30, 2010 the City has contributed \$14,196,189.

In August 2004, the City and the State of Nevada, Department of Transportation (NDOT) added Amendment 1 to the above Agreement. The amendment provides for the following:

- The City shall pay to NDOT an amount of \$15,000,000, with payments beginning upon completion of the funding obligation for Phase I of the freeway as prescribed in Highway Agreement No. R159-97-060 and amended herein, estimated to start in 2011 and finish in 2026. For Phase 2, the City shall pay the tax based on a \$.03 levy in the county motor vehicle fuel tax. The amounts received from the additional \$.02 levy will be used to maintain Carson Street and Fairview Drive as described below.
- It is further agreed that the City will assume ownership and maintenance responsibility for Carson Street from approximately Arrowhead Drive in the north to the intersection of the Carson City Freeway at the Spooner Intersection to the south, upon construction completion to the point when vehicles are using Phase 2.
- The City also agrees to construct Fairview Drive to a minimum of four through lanes with turn lanes, from the terminus of Phase 2A at Fairview Drive to US 395/Carson Street, and to be responsible for maintenance of Fairview Drive.
- NDOT agrees to defer payment by the City of the current \$.05 tax as defined in Highway Agreement No. R159-97-060 from the period beginning July 1, 2005 through June 30, 2008, to allow the City to utilize the payments for the Fairview Drive improvements.

In December 2007, the City and the State of Nevada, Department of Transportation (NDOT) added Amendment 2. The amendment provides for the following:

- City agreed to assume ownership and maintenance responsibility of additional State streets in lieu of remaining payment due for Phase 1 in the amount of \$4.8 million dollars.

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

- Deferred payment of \$.03 tax to July 1, 2009, to allow construction of Fairview Drive.

In 2009, the City and the State of Nevada, Department of Transportation (NDOT) added Amendment 3. The amendment provides for the following:

- City agreed to take additional State streets for maintenance and forego pavement rehabilitation by NDOT of Carson Street in lieu of a portion of the remaining payment due for Phase 2 in the amount of \$7.9 million dollars.
- Deferred \$.03 tax payments for remaining \$7.1 million until completion of phase 2B.

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

D. LONG-TERM DEBT

General Obligation Bonds. The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities. In addition, general obligation bonds have been issued to refund general obligation bonds.

General obligation bonds are direct obligations and pledge the full faith and credit of the City. These bonds generally are issued as serial bonds with equal amounts of principal maturing each year. During the year, \$1,512,053 in general obligation bonds were issued to finance arsenic mitigation for the City's public water system. General obligation bonds currently outstanding are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Governmental activities	2.0-5.4%	\$56,539,131
Governmental activities - refunding	2.9-5.4%	10,980,000
Business-type activities	0.0-7.5%	44,470,543
Business-type activities - refunding	3.0-5.0%	4,071,600

Revenue Bonds. The City also issues bonds where the City pledges income derived from the acquired or constructed assets to pay debt service. During the year, \$7,900,000 in revenue bonds were issued to finance street and highway construction. Revenue bonds outstanding at year end are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Regional Transportation	2.0-5.34%	\$20,866,000

Notes Payable. The City issues notes to provide funds for open space, various improvements, and vehicles and to refund Redevelopment debt. During the year, \$2,900,000 in notes payable were issued to finance the cost of ambulances, sewer improvements and stormwater drainage improvements. Notes payable outstanding at year end are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Governmental activities:		
Energy Retrofit	4.3387%	\$ 335,328
Open Space	3.25%	1,483,700
Fleet Management	1.97%-2.8%	379,000
Redevelopment Refunding note	3.97%	820,900
Business-type activities:		
Stormwater Drainage	1.97-4.81%	848,000
Sewer	1.97-4.81%	1,600,000

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

Pledged Revenues. The City has pledged specific revenues to repay bonds in governmental and business-type activities.

Governmental activities

The City has pledged 15% of the Consolidated tax revenue receipts for the repayment of various General Obligation Revenue bonds consisting of the Capital Improvement Bonds Series 1998B; Capital Improvement Bonds Series 1999A; Various Purpose Bonds Series 2001; Energy Retrofit Bonds Series 2001; Medium Term Lease Purchase Series 2003; Public Safety Refunding Bonds Series 2003; Capital Improvement Bonds Series 2005; and Medium Term Redevelopment Funding Series 2006. The total principal and interest remaining to be paid on the bonds is \$65,432,341 payable through fiscal year 2033. For the current year, principal and interest paid for the bonds totaled \$3,384,151 and pledged revenues totaled \$2,621,605.

The City has pledged future ¼ cent voter approved (Quality of Life) sales tax revenues to repay \$14,703,000 in Park Bonds Series 1998A; Medium Term Bank Note Series 2004; and Park Bonds Series 2005. Proceeds of the bonds provided financing for new parks facilities, to purchase open space and to improve and equip current parks facilities. The bonds are intended to be paid solely from the ¼ cent tax revenues and are payable through fiscal year 2030. Annual principal and interest payments on the bonds are expected to require 65% of the pledged revenues. The total principal and interest remaining to be paid on the bonds is \$15,601,876. For the current year, principal and interest paid for the bonds totaled \$1,078,018 and pledged revenues totaled \$1,669,985.

The City has pledged future 1/8 cent sales tax revenues (NRS 377B), to repay \$15,000,000 in V&T Historical Bonds Series 2005. The bonds are intended to be paid solely from the 1/8 cent tax revenues and are payable through fiscal year 2025. Annual principal and interest payments on the bonds are expected to require 100% of the pledged revenues. The total principal and interest remaining to be paid on the bonds is \$17,870,993. For the current year, principal and interest paid for the bonds totaled \$1,118,044 and pledged revenues totaled \$833,551.

The City has pledged room tax and Residential Construction tax revenues to repay \$5,665,000 in Park Refunding Bonds Series 1997C; and Room Tax Revenue Supported Bonds, Series 2003. The bonds are intended to be paid solely from room tax and Residential Construction tax revenues and are payable through fiscal year 2023. Annual principal and interest payments on the bonds are expected to require 47% of the pledged revenues. The total principal and interest remaining to be paid on the bonds is \$5,311,561. For the current year, principal and interest paid for the bonds totaled \$408,360 and pledged revenues totaled \$864,360.

The City has pledged motor vehicle fuel tax revenues to repay \$5,785,000 in Highway Revenue (Motor Vehicle Fuel Tax) Improvement Bonds Series 2003; \$9,055,000 in Highway Revenue (Motor Vehicle Fuel Tax) Improvement Bonds Series 2008 and \$7,900,000 in Highway Revenue (Motor Vehicle Fuel Tax) Subordinate Lien Improvement Bonds Series 2010. The bonds are secured solely from motor vehicle fuel tax and are payable through fiscal year 2030. Annual principal and interest payments on the bonds are expected to require 39% of the pledged revenues. The total principal and interest remaining to be paid on the bonds is \$32,228,911. For the current year, principal and interest paid for the bonds totaled \$1,070,561 and pledged revenues totaled \$2,754,992.

The City has pledged future fleet management fund revenues and investment earnings, net of specified operating expenses to repay \$452,000 in fleet management general obligation revenue bonds issued in fiscal year 2010. Proceeds from the bonds provided financing of ambulances. The bonds are intended to be paid solely from fleet management fund net revenues and are payable through fiscal year 2013. Annual principal and interest payments on the bonds are expected to require as much as 45% of the funds net revenues. The total principal and interest remaining to be paid on the bonds is \$390,808. For the current year, principal and interest paid for the bonds totaled \$78,421 and net pledged revenues totaled \$172,860.

Business-type activities

The City has pledged future sewer utility customer revenues and connection fees and investment earnings, net of specified operating expenses to repay \$24,806,302 in sewer utility system general obligation revenue bonds issued between fiscal years

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

1995 and 2010. Proceeds from the bonds provided financing for expansion of, and improvements to, the sewer utility system. The bonds are intended to be paid solely from utility customer net revenues and are payable through fiscal year 2024. Annual principal and interest payments on the bonds are expected to require as much as 100% of the utility's net revenues. The total principal and interest remaining to be paid on the bonds is \$16,808,761. For the current year, principal and interest paid for the bonds totaled \$1,985,996 and net pledged revenues totaled \$1,524,025.

The City has pledged future water utility customer revenues and connection fees and investment earnings, net of specified operating expenses to repay \$43,951,600 in water utility system general obligation revenue bonds issued between fiscal years 1998 and 2010. Proceeds from the bonds provided financing for expansion of, and improvements to, the water utility system. The bonds are intended to be paid solely from utility customer net revenues and are payable through fiscal year 2030. Annual principal and interest payments on the bonds are expected to require as much as 100% of the utility's net revenues. The total principal and interest remaining to be paid on the bonds is \$42,496,231. For the current year, principal and interest paid for the bonds totaled \$3,142,072 and net pledged revenues totaled \$1,862,645.

The City has pledged future storm drainage utility customer revenues and connection fees and investment earnings, net of specified operating expenses to repay \$6,848,000 in storm drainage utility system general obligation revenue bonds issued between fiscal years 2005 and 2006. Proceeds from the bonds provided financing for expansion of, and improvements to, the storm drainage utility system. The bonds are intended to be paid solely from utility customer net revenues and are payable through fiscal year 2025. Annual principal and interest payments on the bonds are expected to require as much as 100% of the utility's net revenues. The total principal and interest remaining to be paid on the bonds is \$7,639,921. For the current year, principal and interest paid for the bonds totaled \$448,085 and net pledged revenues totaled \$426,716.

Capital Leases. The City has entered into lease agreements as lessee for financing the acquisition of office equipment. The net present value of minimum lease payments at year end was \$99,470.

The assets acquired through capital leases are as follows:

	<u>Governmental Activities</u>
Asset:	
Machinery and equipment	\$201,423
Less: Accumulated depreciation	<u>(61,511)</u>
Total	<u>\$139,912</u>

Operating Leases. On June 4, 2010, the City entered into an agreement to lease office space for the period of three years and twenty-six days with lease payments beginning the month of July 2010. Future minimum payments for this lease are:

<u>Year Ended June 20,</u>	<u>Lease Payments</u>
2011	\$ 109,193
2012	109,193
2013	<u>109,193</u>
Total	<u>\$ 327,579</u>

Compensated Absences. The compensated absences liability attributable to governmental activities will be liquidated primarily by the General Fund.

Conduit Debt. On March 4, 2002, October 1, 2003, and October 27, 2005, the City issued \$45,185,000, \$95,000,000, and \$15,000,000, respectively, in revenue bonds for Carson-Tahoe Regional Healthcare, a non-profit corporation. The bonds, issued pursuant to NRS Chapter 268, are not obligations of the City, nor shall they ever constitute a debt of the City and therefore have been excluded from the City's financial statements. The principal balance outstanding at June 30, 2010 was \$125,130,000.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010**

E. RESTRICTED ASSETS

The balances of the City's restricted asset accounts in the governmental funds are as follows:

	<u>General</u>	<u>Commissary</u>	<u>Total</u>
Funds held in trust - nonspendable	<u>\$331,016</u>	<u>\$26,461</u>	<u>\$357,477</u>

NOTE 4 - OTHER INFORMATION

A. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The City has joined together with similar public agencies (cities, counties and special districts) throughout the State of Nevada to create a pool under the Nevada Interlocal Cooperation Act. The Nevada Public Agency Insurance Pool (Pool) is a public entity risk pool currently operating as a common risk management and insurance program for its members. The City pays an annual premium and is subject to a \$100,000 deductible per occurrence. The Pool is considered a self-sustaining risk pool that will provide liability coverage for its members up to \$10,000,000 per event and a \$13,000,000 general aggregate per member. Property, crime and equipment breakdown coverage is provided to its members up to \$300,000,000 per loss with various sublimits established for earthquake, flood, equipment breakdown, and money and securities. Other coverage currently held by the City, including airport liability, boiler and machinery, and bonds on public officials, are insured without a deductible. In addition, certain automobile damage is self-insured by the City.

The City became a member of the Public Agency Compensation Trust (PACT) for workers' compensation beginning July 1, 2003. The City pays an annual premium and there are no deductibles. The PACT is considered a self-sustaining risk pool that will provide coverage for its members based on established statutory limits. The City retains liability for claims for the period from July 1, 1992 to June 30, 2003 when the City was self-insured.

Liabilities are reported when it is probable that a loss has occurred and the amount of loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). Claims liabilities are calculated considering the effects of inflation, recent claim settlement trends, including frequency and amount of payouts, and other economic and social factors.

The liabilities for claims and judgments are reported in the Workers' Compensation and Insurance Funds. Changes in the balances of claims liabilities during the past two years are as follows:

	<u>Current Portion</u>	<u>Long-Term Portion</u>	<u>Totals</u>	
			<u>2010</u>	<u>2009</u>
Unpaid claims, beginning of fiscal year	\$ 540,350	\$106,396	\$ 646,746	\$ 651,523
Claims and changes in estimates	380,299	(32,918)	347,381	235,677
Claim payments	<u>(411,869)</u>	<u>-</u>	<u>(411,869)</u>	<u>(240,454)</u>
Unpaid claims, end of fiscal year	<u>\$ 508,780</u>	<u>\$ 73,478</u>	<u>\$ 582,258</u>	<u>\$ 646,746</u>

Settlements have not exceeded coverages in any of the past three fiscal years.

B. LANDFILL CLOSURE AND POSTCLOSURE COSTS

The City operates a Municipal Solid Waste Landfill. The operation of this landfill is regulated by both federal and state governments under Subtitle D (40 CFR Part 258) and NRS 444.556. Recognition of liability for closure and post closure care costs is based on landfill capacity used to date. This liability at June 30, 2010,

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

\$2,871,460, is reported in governmental activities. It is estimated that the landfill will be used for an additional fifty-one years and that at June 30, 2010, approximately 34.87 percent of its capacity had been utilized. The City passes the EPA "financial assurance test" for local governments, and will self-assure payment for its obligations for closure, post closure, and corrective care costs. The estimated total current cost of closure and post closure care, \$8,234,268, has been calculated in 2010 dollars in accordance with current federal and state regulations and will be adjusted each year for changes resulting from inflation, deflation or technology.

C. CONTINGENT LIABILITIES

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not determinable, it is the opinion of the District Attorney, the City's counsel, that resolution of these matters will not have a material adverse effect on the financial condition of the City.

D. OTHER POSTEMPLOYMENT BENEFITS

From an accrual accounting perspective, the cost of postemployment healthcare and life insurance benefits, like the cost of pension benefits, generally should be associated with the periods in which the cost occurs, rather than in the future when it will be paid. The City recognizes the cost of postemployment healthcare and life insurance in the year when the employee services are received, reports the accumulated liability from prior years, and provides information useful in assessing potential demands on the City's future cash flows.

Plan Descriptions. The City contributes to a single-employer defined benefit healthcare and life insurance plan, the City's Retiree Subsidy Plan (City's Plan), and an agent multiple-employer defined healthcare plan, State of Nevada Public Employees' Benefits Program (PEBP). Both plans provide medical, dental, vision, accidental death and dismemberment, and life insurance benefits to eligible retired City employees and beneficiaries.

Benefit provisions for the City's Plan are established pursuant to NRS 287.023 and amended through Board resolution and contracts between the City and the various bargaining units. The City explicitly subsidizes the healthcare premiums pursuant to the City's Plan and contracts negotiated with various bargaining units. The City currently contributes toward the cost of coverage as follows:

- Firefighters who retire under Nevada PERS after July 1, 2002 at age 47 or older and with 20 or more years of service receive a percentage of the medical premiums for themselves and their dependents. No subsidy is paid toward the cost of firefighter's dental, vision or life coverage in retirement. In 2005, the City established the Firefighter Retirement Medical Fund to accumulate resources to provide for these subsidies. The City pays 90% of the premium until age 65, then 50% of the retiree's Medicare supplement medical premium. The City pays 50% of dependent coverage until age 65, then 25% of the dependent's Medicare supplement medical premium.
- All other employees who retire from the City with at least 10 years of service (including firefighters not yet eligible or not qualifying for the benefits above) receive a subsidy of \$6 per month for each year of service toward the cost of their coverage. Retirees may elect to continue coverage for their spouse and other eligible dependents, but do so entirely at their expense.

Under state law, retiree loss experience is pooled with active loss experience for the purposes of setting rates in the City's Plan. The difference between the true claims cost and the blended premium is an implicit rate subsidy that creates an OPEB obligation for the City.

**CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010**

The City serves as a secondary carrier for retirees eligible for Medicare. Expenditures for post-employment healthcare and life insurance are recognized each month when premiums are paid. A summary of the premium rates for the City's Plan, as of July 1, 2009, are shown below:

Retirees Without Medicare	POS (In Area)	PPO (Out of Area)
Retiree	\$469.24	\$637.66
Retiree & 1 dependent / both without Medicare	1,002.21	1,332.78
Retiree & 1 dependent / 1 without Medicare	882.53	1,216.14
Retiree & family / both without Medicare	1,311.72	1,749.29
Retiree & family / 1 without Medicare	1,153.30	1,594.89

Retirees With Medicare	POS (In Area)	PPO (Out of Area)
Retiree	\$357.84	\$526.27
Retiree & 1 dependent / both with Medicare	762.87	1,099.51
Retiree & 1 dependent / 1 with Medicare	882.53	1,216.14
Retiree & family / both with Medicare	994.88	1,440.50
Retiree & family / 1 without Medicare	1,153.30	1,594.89

Benefit provisions for PEBP are established pursuant to NRS 287.023 and are subject to amendment by the State of Nevada each biennium. Pursuant to NRS 287.023 (as amended during the 2007 session of the Nevada Legislature), through November 29, 2008, retirees had the option to participate in the City's Plan for post-employment healthcare and life insurance benefits or to join PEBP offered by the State of Nevada. However, subsequent to November 29, 2008, retirees no longer have the option of joining PEBP, yet still retain the option to participate in the City's Plan. Local governments are required to pay the same portion of cost of coverage for those persons joining PEBP that the State of Nevada pays for those persons retired from state service who have continued to participate in the plan.

The City is required to provide a subsidy for their retirees that have elected to join PEBP. The subsidy is paid on the pay-as-you-go basis. Contribution requirements for plan members and the participating employers are assessed by the PEBP Board annually. The contributions required for PEBP subsidies depend on the date of retirement of prior years of PERS service for employees earned while working for the City. For retirees retiring prior to January 1, 1994, the subsidy is \$317.30. For those who retired on or after January 1, 1994, the subsidy depends on years of service and ranges from a minimum of \$79.33 for 5 years of service to a maximum of \$436.29 for 20 or more years of service. These subsidies are then allocated and billed to all applicable former employers of the retiree. The City's portion of the monthly subsidies ranged from \$1.35 to \$446.58 during the 2010 fiscal year.

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

Funding Policy and Annual OPEB Cost. The City is currently funding the annual OPEB cost on a pay as you go basis for both plans. The City makes annual transfers to the Firefighter Retirement Medical Fund equal to a 1% salary reduction for Fire Department employees covered under the Collective Bargaining Agreement between the City of Carson City and the Carson City Firefighters' Association Local 2251 and \$6 per month for each year of service for current Firefighter retirees with a minimum of ten years of service pursuant to City policy. For fiscal year 2009-2010, \$75,408 was transferred to the Firefighter Retirement Medical Fund to be used to fund firefighter retiree subsidies. However, as an irrevocable trust fund has not been established this amount does not reduce the City's unfunded actuarial accrued liability.

The City's actuarial valuation for the plans was prepared from employee and retiree data as of May 2009. The number of participants as of June 30, 2009, the effective date of the OPEB valuation, as updated on June 30, 2010, follows.

	City Plan	PEBP Plan
Active employees	580	-
Retirees enrolled in City Plan	95	
Retirees enrolled in PEBP		205

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plans, and the net OPEB obligations (assets), by plan, for fiscal year 2009-2010 and the preceding year were as follows:

	Fiscal Year Ended	Annual OPEB Cost	Employer Contributions	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation (Asset)
City Plan	6/30/09	\$2,197,916	\$ 400,512	18.22%	\$1,797,404
City Plan	6/30/10	\$2,326,772	\$ 442,315	19.01%	\$3,681,861
PEBP	6/30/09	\$568,124	\$677,568	119.26%	\$(109,444)
PEBP	6/30/10	\$564,929	\$595,705	105.45%	\$(140,220)
Totals	6/30/09	\$2,766,040	\$1,078,080	38.98%	\$1,687,960
Totals	6/30/10	\$2,891,701	\$1,038,020	35.90%	\$3,541,641

The net OPEB obligation (asset) as of June 30, 2010, was calculated as follows:

	City Plan	PEBP Plan	Totals
Normal Cost (Current Service Cost)	\$1,459,673	\$ -	\$1,459,673
Amortization of unfunded actuarial accrued liability	866,632	564,958	1,431,590
Total Annual Required Contribution (ARC or Annual OPEB cost)	2,326,305	564,958	2,891,263
Interest on the beginning net OPEB obligation (asset)	71,898	(4,378)	67,520
ARC adjustment	(71,431)	4,349	(67,082)
Annual OPEB cost	2,326,772	564,929	2,891,701
Contributions made	(442,315)	(595,705)	(1,038,020)

**CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010**

	City Plan	PEBP Plan	Totals
Increase (decrease) in net OPEB obligation (asset)	\$1,884,457	\$(30,776)	\$1,853,681
Net OPEB obligation (asset), beginning of year	1,797,404	(109,444)	1,687,960
Net OPEB obligation (asset), end of year	\$3,681,861	\$(140,220)	\$3,541,641

Funded Status and Funding Progress. The funded status of the plans as of the latest actuarial valuation date (June 30, 2009), was as follows:

	City Plan	PEBP Plan	Totals
Accrued actuarial liability (a)	\$20,788,605	\$14,867,523	\$35,656,128
Actuarial value of plan assets (b)	-	-	-
Unfunded actuarial accrued Liability (a) - (b)	\$20,788,605	\$14,867,523	\$35,656,128
Funded ratio (b) / (a)	0%	0%	0%
Covered payroll (c)	\$31,781,336	N/A	N/A
Unfunded actuarial accrued liability as a percentage of covered payroll $([(a) - (b)] / (c))$	65.41%	N/A	N/A

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of the events in the future. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress presented as required supplementary information provides current year information (and will provide multiyear trend information, when available, that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits).

Actuarial Methods and Assumptions. Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefits between the City and the plan members at that point. Actuarial calculations reflect long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions were as follows:

	City Plan	PEBP Plan
Actuarial valuation date	6/30/09	6/30/09
Actuarial cost method	Entry age normal cost	Entry age normal cost
Amortization method	Level percentage of pay	Level percentage of pay
Remaining amortization period	30 years, open	30 years, open
Asset valuation method	N / A	N / A
<u>Actuarial assumptions:</u>		
Investment rate of return	4.0%	4.0%
Projected salary increases		
Healthcare inflation rate	4.0%	4.0%
* Medical – decreasing 1% each year until ultimate trend rate of 5% is reached.	Medical – 10% *	Medical – 10% *
Dental & vision - decreasing .5% each year until ultimate trend rate of 4.5% is reached.	Dental & vision – 6% *	Dental & vision – 6% *
Life insurance – increasing 1% each year.	Life insurance – 1% *

E. DEFINED BENEFIT PENSION PLAN

Plan Description. Carson City contributes to the Public Employees Retirement System of the State of Nevada (PERS), a cost sharing, multiple employer, defined benefit plan administered by the Public Employees Retirement System of the State of Nevada. PERS provides retirement benefits, disability benefits, and death benefits, including annual cost of living adjustments, to plan members and their beneficiaries. Chapter 286 of the Nevada Revised Statutes establishes the benefit provisions provided to the participants of PERS. These benefit provisions may only be amended through legislation. The Public Employees Retirement System of the State of Nevada issues a publicly available financial report that includes financial statements and required supplementary information for PERS. That report may be obtained by writing to the Public Employees Retirement System of the State of Nevada, 693 West Nye Lane, Carson City, NV 89703-1599 or by calling (775) 687-4200.

Funding Policy. Plan members' benefits are funded under one of two methods. Under the employer pay contribution plan, the City is required to contribute all amounts due under the plan. The rate for those contributions was 21.5% for regular members and 37% for police and fire employee members on all covered payroll. The second funding mechanism for providing benefits to regular employees is the employer/employee paid contribution plan. Under this method, employees are required to contribute a percentage of their compensation to the plan, while the City is required to match that contribution. The rate for regular employees under this plan was 11.25%. The contribution requirements of plan members and the City are established by NRS Chapter 286. The funding mechanism may only be amended through legislation. The City's contributions to PERS for the years ended June 30, 2010, 2009, and 2008 were \$9,778,202, \$8,849,179, and \$8,523,859, respectively, equal to the required contributions each year. The contribution rates for the year ended June 30, 2010 were the same as disclosed above. The contribution rates for the years ended June 30, 2009 and June 30, 2008 were 20.5% for regular employees, 33.5% for police and fire employees under the employer paid plan, and 10.50% for regular employees under the employer/employee paid plan.

F. SUBSEQUENT EVENTS

Bond Issues

On July 14, 2010, Carson City issued \$10,100,000 of General Obligation (Limited Tax) Water Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2010A (Taxable Direct Pay Build America Bonds) secured by the full faith and credit of the City, subject to Nevada constitutional and statutory limitations on the aggregate amount of property taxes that may be levied by and within the City. The bonds are additionally secured by pledged water system revenues. The proceeds of the bonds will be used for the purpose of acquiring, constructing, improving and equipping water projects and to pay the costs of issuing the Bonds.

On July 14, 2010, Carson City issued \$7,095,000 of General Obligation (Limited Tax) Water Improvement and Refunding Bonds (Additionally Secured by Pledged Revenues) Series 2010B (Tax-Exempt) secured by the full faith and credit of the City, subject to Nevada constitutional and statutory limitations on the aggregate amount of property taxes that may be levied by and within the City. The bonds are additionally secured by pledged water system revenues. The proceeds of the bonds will be used for the purpose of acquiring, constructing, improving and equipping water projects, to refund outstanding City water bonds, and to pay the costs of issuing the Bonds.

On July 14, 2010, Carson City issued \$2,690,000 of General Obligation (Limited Tax) Sewer Improvement and Refunding Bonds (Additionally Secured by Pledged Revenues) Series 2010D (Tax-Exempt) secured by the full faith and credit of the City, subject to Nevada constitutional and statutory limitations on the

aggregate amount of property taxes that may be levied by and within the City. The bonds are additionally secured by pledged sanitary sewer system revenues. The proceeds of the bonds will be used for the purpose of acquiring, constructing, improving and equipping sewer projects, to refund outstanding City sewer bonds, and to pay the costs of issuing the Bonds.

On October 22, 2010, Carson City issued \$21,900,000 of General Obligation (Limited Tax) Water Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2010E (Taxable Direct Pay Build America Bonds) secured by the full faith and credit of the City, subject to Nevada constitutional and statutory limitations on the aggregate amount of property taxes that may be levied by and within the City. The bonds are additionally secured by pledged water system revenues. The proceeds of the bonds will be used for the purpose of acquiring, constructing, improving and equipping water projects and to pay the costs of issuing the Bonds.

On October 22, 2010, Carson City issued \$2,800,000 of General Obligation (Limited Tax) Sewer Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2010F (Taxable Direct Pay Build America Bonds) secured by the full faith and credit of the City, subject to Nevada constitutional and statutory limitations on the aggregate amount of property taxes that may be levied by and within the City. The bonds are additionally secured by pledged sanitary sewer system revenues. The proceeds of the bonds will be used for the purpose of acquiring, constructing, improving and equipping sewer projects and to pay the costs of issuing the Bonds.

Risk Management

General Liability. Beginning July 1, 2010, the City elected to leave the Nevada Public Agency Insurance Pool (NPAIP), which is a public entity risk pool currently operating as a common risk management and insurance program for its members and elected to purchase private property, auto physical damage and excess liability coverage and government crime insurance. For property insurance, the policy limit is \$187,000,000 with a deductible of \$25,000 per occurrence. The earth movement policy limit is \$50,000,000 with a deductible of \$100,000 per location. The flood property policy limit is \$100,000,000 with a deductible of \$100,000 per location. The flood property – high hazard zone policy limit is \$5,000,000 with a \$500,000 per location deductible. Other coverage currently held by the City, including airport liability, boiler and machinery and bonds on public officials, are insured without a deductible. In addition, automobile damage is self-insured by the City.

Workers' Compensation. Beginning July 1, 2010, the City elected to leave the Nevada Public Agency Compensation Trust (PACT) which is a fully insured program for workers compensation and formed its own self-insurance program. The coverage provides for statutory limits for worker's compensation coverage and \$1,000,000 for employer's liability limits with self-insured retentions of \$2,000,000 for police and fire employees and \$750,000 for all other employees. The City anticipates achieving a contingency reserve amount in the Worker's Compensation Fund of approximately \$3,500,000 by the end of FY 2011.

G. TERMINATION BENEFITS

On April 1, 2010, the City approved the Voluntary Separation Program (VSP). This program was designed to give employees an incentive to voluntarily choose to leave City employment at the earliest date, while allowing the City to review and consider what essential functions are necessary to the operations of the City and what positions may be eliminated or resources realigned due to vacancies created.

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

Employees were required to apply for the VSP. If the employee was accepted into the VSP, they would receive \$1,000 per full year of full time continuous service with Carson City. As of June 30, 2010, nine employees had terminated under the VSP. The VSP amount for these employees was \$120,000 and is reported in governmental activities and in the governmental funds. All voluntary terminations under the VSP are expected to be completed by July 2010 at an additional cost in fiscal year 2011 of \$355,000.

H. PRIOR PERIOD ADJUSTMENT – ERROR CORRECTION

A prior period adjustment in the amount of \$9,144,067 is reported in governmental activities. Infrastructure donated in prior years was not capitalized in the year of donation. The beginning balance of infrastructure and accumulated depreciation – infrastructure in Note B – Capital Assets, has been restated to include this correction. The following is a summary of the increases to infrastructure and net assets as a result of this prior period adjustment:

	Balance July 1, 2009 (as previously reported)	Increases	Balance July 1, 2009 (as adjusted)
Capital Assets:			
Infrastructure	\$ 94,458,663	\$ 9,283,165	\$103,741,828
Less accumulated depreciation for:			
Infrastructure	(17,304,879)	(139,098)	(17,443,977)
Net balance / change	<u>\$77,153,784</u>	<u>\$ 9,144,067</u>	<u>\$ 86,297,851</u>

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Major Funds

Quality of Life Fund - This Fund is used to account for a voter approved one-quarter percent (0.25%) sales tax for the purpose of acquiring open space and the construction and maintenance of park and trail facilities.

Regional Transportation Fund - This Fund is used to account for the nine cent per gallon County fuel tax imposed in accordance with Nevada Revised Statute 373.030. The monies are to be used for the purpose of street and highway construction.

Nonmajor Funds

Senior Citizens Center Fund - This Fund is used to account for the 1984 voter-approved tax override of five cents to provide for the construction, furnishing, equipment, operation, and ongoing maintenance of Senior Citizens facilities in Carson City.

Cooperative Extension Fund - This Fund was established in accordance with Nevada Revised Statute 549.020 and is used to account for the City's share of the Cooperative Extension work which is funded by a one cent to five cent tax rate subject to Board of Supervisor approval.

Traffic Transportation Fund - This Fund was established in accordance with the Carson City Charter Section 2.240 and is used to account for monies received for parking fees and fines and may be expended only for the establishment, repair, and control of parking meters, facilities for parking, and any other appurtenances necessary for traffic control.

Supplemental Indigent Fund - This Fund is used to account for additional indigent expenditures other than General Fund requirements and for the collection and payment to the State of Nevada for the auto accident indigent ad valorem tax levy.

Library Gift Fund - This Fund was established in accordance with Nevada Revised Statute 379.106 and is used to account for all gifts to the Ormsby Public Library.

Administrative Assessments Fund - This Fund was established by NRS 176.059 and is used to account for the City's share of assessments on misdemeanor convictions.

SPECIAL REVENUE FUNDS Continued

911 Surcharge Fund - This fund was established to account for the 911 surcharge imposed for the enhancement or improvement of the telephone system for reporting an emergency in Carson City County.

Capital Projects Fund - This Fund is used to account for the additional ad valorem tax imposed in accordance with Nevada Revised Statute 354.598155 for the purpose of replacing major assets.

Landfill Closure / Post Closure - This fund is used to accumulate resources to pay for future landfill closure and post closure care costs.

Street Maintenance Fund - This Fund is used to account for the one-quarter percent (0.25%) retail sales and use tax for the sole purpose of maintaining and repairing public roads within Carson City; the one cent per gallon motor vehicle fuel tax approved by the voters in 1986 for the purpose of repairing or restoring existing paved roads, streets, and alleys; and the 3.60 and 1.75 cents per gallon motor vehicle fuel taxes collected in accordance with Nevada Revised Statutes 365.180 and 365.190.

Capital Acquisition and Development Fund - This Fund is used to account for sales of City property and the financing and purchasing of large capital items for the benefit of the public at large.

Stabilization Fund - This fund is used to stabilize the operation of the City and mitigate the effects of natural disasters.

Redevelopment Administration Fund - This Fund is used to account for the operations of the Redevelopment Agency, which has been combined with Carson City for financial statement purposes.

Firefighter Retirement Medical Fund - This fund is used to account for revenues raised and expenditures incurred to provide retirement medical benefits to qualified retirees of the Carson City Fire Department.

Carson City Transit Fund - This Fund is used to account for transit grants, fares, donations, and additional City funding to be used for the sole purpose of providing public transportation services within Carson City.

Commissary Fund - This Fund is used to operate a commissary to allow the Sheriff to sell to the prisoners food, beverages, toiletries, and similar items as the Sheriff may approve. The Sheriff must expend the profits from the operation of the commissary only for the welfare and benefit of the prisoners in the jail.

SPECIAL REVENUE FUNDS
Continued

V & T Special Infrastructure Fund – This fund is used to account for the 0.125% sales tax revenue that is pledged for the payment of principal and interest on the bonds known as the V & T Historical Bonds.

Campo Fund - This fund is used to account for revenues received and expenditures incurred related to the administration of Federal Highway Administration and Federal Transit Administration Metropolitan Planning activities.

Airport Fund - This Fund is used to account for Federal Aviation Administration grants awarded to the City.

Grant Fund - This fund is used to account for state and federal grants.

DEBT SERVICE FUNDS

Debt Service Funds are used to account for the accumulation of resources and payment of long-term obligation principal and interest from governmental resources.

Nonmajor Funds

Carson City Debt Service Fund - This Fund is used to accumulate monies for payment of general obligation bonds, notes, and capital lease obligations of the City that are not required to be accounted for in the Proprietary Funds.

Redevelopment Debt Service Fund - This Fund is used to accumulate monies for the payment of bonds and notes of the Redevelopment Agency.

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for the acquisition and construction of major capital facilities other than those financed by Proprietary Funds.

Nonmajor Funds

Capital Facilities Fund - This Fund is used to account for acquisition, construction, or renovation of City facilities.

Residential Construction Fund - This Fund is used to account for the one percent tax on the valuation of each building permit issued or \$1,000 per residential dwelling unit, whichever is less, to be used for the purpose of providing neighborhood parks and park facilities in accordance with Nevada Revised Statute 278.4983.

Redevelopment Revolving Fund - This Fund is used to account for construction projects of the Redevelopment Agency.

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises—where the intent of the government's board is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the government's board has decided that periodic determination of net income is appropriate for accountability purposes.

Major Funds

Sewer Fund - This Fund is used to account for the revenues and expenses of sewer services provided to the residents of Carson City.

Water Fund - This Fund is used to account for the revenues and expenses of water services provided to the residents of Carson City.

Stormwater Drainage Fund – This Fund is used to account for the revenues and expenses of the stormwater management program.

Nonmajor Funds

Ambulance Fund - This Fund is used to account for the operations of the ambulance service provided by the Carson City Fire Department.

Cemetery Fund - This Fund is used to account for the costs of providing interment services and perpetual care of the City's cemetery.

Building Permits Fund - This Fund is used to account for the revenues and expenses of the Building Permit Program.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency of a government to other departments or agencies on a cost reimbursement basis. Accounting for Internal Service Funds as a proprietary fund type is designed to accumulate the total cost (including depreciation) of providing a particular service. Costs for services are reimbursed by the departments or agencies to which the services are provided.

Group Medical Insurance Fund - This Fund is used to account for monies collected from City departments and employees to be expended for claims for medical services provided to employees and their dependents.

Workers' Compensation Fund - This Fund is used to account for monies collected for the insurance program from City departments to be expended for payment of claims, as required by law, to employees injured by accident while at work.

Insurance Fund - This Fund is used to account for monies collected from City departments for liability and property insurance.

Fleet Management Fund – This fund is used to account for monies collected from City departments for fleet maintenance operations.

FIDUCIARY FUNDS

Fiduciary Funds are used to account for assets held by the government in a trustee or agency capacity.

Investment Trust Fund - This Fund is used to account for the external investment pool administered by Carson City. The pool has one involuntary participant, the Carson City School District Debt Service Fund. These statements can be found in the City's basic financial statements.

Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Agency Funds are merely clearing accounts and have no fund equity. The following information is presented to describe each of the City's Agency Funds:

Sierra Forest Fire Protection Fund - This Fund is used to accumulate ad valorem and supplemental City/County relief tax monies and provide payment of debts and just claims against the District.

Eagle Valley Water District Fund - This Fund is used to account for the collection and payment of ad valorem taxes on behalf of the District.

Sub-Conservancy District Fund - This Fund is used to account for the collection and payment of ad valorem taxes on behalf of the District.

Fish and Game Fund - This Fund is used to account for monies withdrawn from the wildlife account within the State General Fund and transferred to the City for disposition by the City's Advisory Board to manage wildlife.

Controller Trust Fund - This Fund is used to account for unclaimed payroll warrants and accounts payable warrants during the required statutory period, which have been returned to the City until claimed or remitted to the State of Nevada Unclaimed Property Division.

State of Nevada Fund - This Fund is used to account for the collection and payment of the State of Nevada's share of ad valorem taxes, District and Justice Court fees, marriage fees, or fees otherwise mandated by statute, and collected by the City.

FIDUCIARY FUNDS
Continued

Nevada Commission for the Reconstruction of the V & T Railway Fund - This Fund is used to account for the collection and distribution of gifts, grants, and donations to reconstruct the Virginia and Truckee Railroad between Virginia City and Carson City.

Carson City School District Debt Service Fund - This Fund is used to account for ad valorem taxes and interest earned thereon, specifically apportioned and appropriated for the retirement of long-term general obligation principal and interest of the School District.

Carson City School District Operating Fund - This Fund is used to account for the collection of and remittance to the school district of ad valorem taxes.

Forfeiture Account Fund - This Fund is used to account for currency that is seized by the Sheriff's Office and will remain in the Fund until the court determines if the currency is subject to forfeiture.

STATISTICAL SECTION

**CITY OF CARSON CITY, NEVADA
STATISTICAL SECTION
(UNAUDITED)**

This part of the City of Carson City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the city's overall financial health.

<u>Section Contents</u>	<u>Schedule #</u>
Financial Trends <i>These schedules contain trend information to help the reader understand how the city's financial performance and well-being have changed over time.</i>	1.1 - 1.4
Revenue Capacity <i>These schedules contain information to help the reader assess the factors affecting the city's ability to generate its property and sales taxes.</i>	2.1 - 2.4
Debt Capacity <i>These schedules present information to help the reader assess the affordability of the city's current levels of outstanding debt, and its ability to issue additional future debt.</i>	3.1 - 3.4
Demographic and Economic Information <i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the city's financial activities take place and to help make comparisons over time and with other governments.</i>	4.1 - 4.2
Operating Information <i>These schedules contain information about the city's operations and resources to help the reader understand how the city's financial information relates to the services the city provides and the activities it performs.</i>	5.1 - 5.3

Sources: *Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The city implemented GASB Statement 34 in 2003, and schedules presenting government-wide information include information beginning in that year.*

Pursuant to NRS 361.227, real property is valued at taxable value, determined by calculating the full cash value (market value) of land and estimated replacement cost of improvements less appropriate depreciation. Taxable assessed value is 35% of estimated actual value. Real property is reappraised at least every five years. Property not reappraised is revalued annually using various approved methods.

(1) Per hundred dollars of assessed valuation.

Notes:

- (1) Pledged revenues include a tax currently levied at the rate of four cents per gallon by the City, and the City's interest in taxes equal in the aggregate to 5.35 cents per gallon, levied by the State of Nevada on certain motor vehicle fuel sold in the City and the State. Operating expenses include amounts in the Regional Transportation Fund, less NDOT bypass portion and expenses in the Streets Maintenance Fund, less County Option Sales Taxes and the County Option 1 cent fuel tax.
- (2) Pledged revenues are the same as those for (1).
- (3) Pledged revenues include the property taxes levied in the Redevelopment District.
- (4) Pledged revenues include the County Option Fuel tax collected in the Regional Transportation Fund. Expenditures include operating expenditures, less capital outlay.
- (5) Pledged revenues for Special Assessment Bonds includes assessments, prepaid assessments, assessment interest, and prepaid assessment interest.

**Independent Auditor's Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

To the Honorable Mayor and Members of the
Board of Supervisors, Carson City, Nevada

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Carson City, Nevada as of and for the year ended June 30, 2010, which collectively comprise Carson City, Nevada's basic financial statements, and have issued our report thereon dated December 21, 2010. Our report includes a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Airport Authority of Carson City, Nevada and the Carson City Convention and Visitors' Bureau, as described in our report on Carson City, Nevada's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters for the Airport Authority of Carson City that are reported on separately by those auditors. The financial statements of the Carson City Convention and Visitors' Bureau were not audited in accordance with *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit, we considered Carson City, Nevada's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Carson City, Nevada's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Carson City, Nevada's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in items 10-1 and 10-2 in the accompanying Schedule of Findings and Questioned Costs to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Carson City, Nevada's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Carson City, Nevada's responses to the identified findings are described in the accompanying Schedule of Findings and Questioned Costs. We did not audit Carson City, Nevada's responses, and accordingly, we express no opinion on them.

This report is intended solely for the information of the Mayor, Board of Supervisors, management, federal awarding agencies and pass through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Reno, Nevada
December 21, 2010

**Independent Auditor's Report on Compliance with Requirements
That Could Have a Direct and Material Effect on Each Major Program and on Internal Control over
Compliance in Accordance with OMB Circular A-133**

To the Honorable Mayor and Members of the
Board of Supervisors, Carson City, Nevada

Compliance:

We have audited Carson City, Nevada's compliance with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Carson City, Nevada's major federal programs for the year ended June 30, 2010. Carson City, Nevada's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Carson City, Nevada's management. Our responsibility is to express an opinion on Carson City, Nevada's compliance based on our audit.

Carson City, Nevada's basic financial statements include the operations of the Airport Authority of Carson City, a discretely presented component unit, which received \$9,244,692 in federal awards which is not included in the Carson City, Nevada's schedule of expenditures of federal awards for the year ended June 30, 2010. Our audit, as described below, did not include the operations of the Airport Authority of Carson City because the Airport Authority of Carson City engaged other auditors to perform its audit in accordance with OMB Circular A-133.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Carson City, Nevada's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Carson City, Nevada's compliance with those requirements.

In our opinion, Carson City, Nevada complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

Internal Control over Compliance:

Management of Carson City, Nevada is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs.

In planning and performing our audit, we considered Carson City, Nevada's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Carson City, Nevada's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we identified deficiencies in internal control over compliance that we consider to be significant deficiencies as described in the accompanying Schedule of Findings and Questioned Costs as items 10-3 through 10-7. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Carson City, Nevada's responses to the findings identified in our audit are included in the accompanying Schedule of Findings and Questioned Costs. We did not audit Carson City, Nevada's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of the Mayor, Board of Supervisors, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

See accompanying notes to the Schedule of Expenditures of Federal Awards

CARSON CITY
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2010

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Carson City, Nevada and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 2 - SUBRECIPIENTS

Of the federal expenditures presented in the schedule, Carson City, Nevada provided federal awards to subrecipients as follows:

<u>Program Title</u>	<u>Federal CFDA Number</u>	<u>Amount Provided to Subrecipients</u>
Schools and Roads - Grants to States	10.665	<u>\$ 4,842</u>
Community Development Block Grants	14.218	<u>\$298,290</u>
Job Access Reverse Commute – Transit Services Programs Cluster	20.516	<u>\$152,364</u>
Federal Transit – Formula Grants (Urbanized Area Formula Program)	20.507	\$ 43,379
ARRA Federal Transit – Formula Grants (Urbanized Area Formula Program)	20.507	32,367
Federal Transit – Capital Investment Grants	20.500	<u>1,135</u>
Total Federal Transit Cluster		<u>\$ 76,881</u>

NOTE 3 - NON-CASH ASSISTANCE

The expenditures for the Food Donation program (CFDA #10.555) represent the dollar value of food commodities distributed to eligible recipients during the year. The value of commodities is determined by the U.S. Department of Agriculture.

**CARSON CITY, NEVADA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2010**

A. Summary of Auditor's Results

- Kafoury, Armstrong & Co. issued an unqualified opinion on the basic financial statements of Carson City, Nevada for the year ended June 30, 2010.
- Significant deficiencies, considered to be material weaknesses, were identified during the audit of the financial statements as reported in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
- The audit disclosed no instances of noncompliance, which were material to the financial statements of Carson City, Nevada.
- Significant deficiencies, not identified as material weaknesses, in internal control over major federal award programs were disclosed during the audit and are reported in the Independent Auditor's Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control over Compliance in Accordance with *OMB Circular-A-133*.
- Kafoury, Armstrong & Co. issued an unqualified opinion on compliance for major federal award programs of Carson City, Nevada.
- Audit findings relative to major federal award programs for Carson City, Nevada, which are required to be reported under Section .510(a) of the OMB Circular A-133, are reported in the following pages.
- Carson City, Nevada had seven major federal award programs for the year ended June 30, 2010, as follows:
 - CDBG – Entitlement Grants Cluster – CFDA 14.218 and 14.253
 - Highway Planning and Construction Cluster:
 - Highway Planning and Construction – CFDA 20.205
 - Recreational Trails Program – CFDA 20.219
 - Federal Transit Cluster:
 - Federal Transit - Capital Investment Grants – CFDA 20.507
 - Federal Transit - Formula Grants – CFDA 20.507
 - ARRA Capitalization Grants for Drinking Water State Revolving Funds – CFDA 66.468
 - Public Health Emergency Preparedness – CFDA 93.069
 - Family Planning Services – CFDA 93.217
 - National Bioterrorism Hospital Preparedness Program – CFDA 93.889
- The dollar threshold used to distinguish between Type A and Type B programs for the year ended June 30, 2010, was \$341,081.
- Carson City, Nevada qualified as a low risk auditee for the year ended June 30, 2010 under the criteria set forth in section .530 of OMB Circular A-133.

**CARSON CITY, NEVADA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2010**

B. Financial Statement Findings:

Significant Deficiency Considered a Material Weakness:

Finding 10-1: Year-End Accrual

<i>Criteria:</i>	Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. One of the key components of an effective system of internal control is maintaining accounting records that do not require adjustments as part of the audit process, including adjustments for year-end accruals.
<i>Condition:</i>	During our audit testing, we noted an instance where the financial statements required audit adjustment to accrue insurance expense for the last quarter of FY10 in the Workers' Compensation Internal Service Fund.
<i>Effect:</i>	The financial statements were materially misstated prior to recording of the audit adjustment.
<i>Cause:</i>	Sufficient controls over year-end accruals have not been implemented to ensure that expenses are reflected in the proper reporting period.
<i>Recommendation:</i>	We recommend the Carson City, Nevada's Finance Department staff implement a control to prevent or detect and correct errors in the year-end accrual process.
<i>Management's Response:</i>	The Finance Department will work with the Treasurer's Office to develop more standardized procedures related to the initiation, processing and reporting of wire transfers.

**CARSON CITY, NEVADA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2010**

Significant Deficiency Considered a Material Weakness:

Finding 10-2: Capital Assets

<i>Criteria:</i>	Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. One of the key components of an effective system of internal control is reconciliation of accounts to ensure proper reporting in the financial statements.
<i>Condition:</i>	During our audit testing, we noted several instances where donated capital assets were 1) recorded in the current fiscal year but were contributed in the previous year, 2) omitted in current year's capital asset subsidiary ledger and thus not reflected in the capital asset balance in the general ledger, and 3) recorded in duplicate in the subsidiary ledger and thus duplicated in the general ledger. As a result, capital asset contributions were not captured correctly in the general ledger.
<i>Effect:</i>	The internally-prepared financial information utilized during the year was not accurate and the financial statements were materially misstated, resulting in a prior period adjustment to correct the error.
<i>Cause:</i>	Responsibility for identification and reporting of donated capital assets is shared by the Public Works and Finance departments. Adequate communication between the two departments has not been implemented to ensure capital asset donations are recorded properly and accurately.
<i>Recommendation:</i>	We recommend the Carson City, Nevada's Finance Department and Public Works Department staff coordinate no less than quarterly to ensure donated capital asset activity is accurately reflected in the financial statements and supporting ledgers.
<i>Management's Response:</i>	The City's Finance Department will review all Board of Supervisors and Regional Transportation Commission agenda reports and meeting minutes to determine what assets have been contributed during the fiscal year. The Finance Department staff will meet quarterly with Public Works Department staff to review these transactions and determine the value of the assets.

CARSON CITY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2010

C. Findings and Questioned Costs for Major Federal Award Programs:

U.S. Department of Transportation; passed through from the Nevada Department of Transportation:

Finding 10-3:

Highway Planning and Construction Cluster:
Highway Planning and Construction, CFDA 20.205
Recreational Trails, CFDA 20.219

Grant Award Number: Affects the grant award PR70003-00-804 included under CFDA 20.205 on the Schedule of Expenditures of Federal Awards.

Condition and Criteria: General principles for determining allowable costs found in OMB Circular A-87 Attachment A (G), provide that the cost of services provided by one agency to another within the governmental unit may include allowable direct costs of the service plus a pro rate share of indirect costs. A standard indirect cost allowance equal to ten percent of the direct salary and wage cost of providing the service (excluding overtime, shift premiums, and fringe benefits) may be used in lieu of determining the actual indirect costs of the service.

For indirect cost rates in excess of ten percent, the OMB Circular A-87 Attachment E (D)(1)(a) compliance requirements state that all departments or agencies of the governmental unit desiring to claim indirect costs under Federal awards must prepare an indirect cost rate proposal and related documentation, which includes, among other things, financial data and a certification to support those costs. The proposal and related documentation must be retained for audit in accordance with the records retention requirements contained in the Common Rule.

During payroll testing it was noted that Carson City, Nevada was applying a twenty percent indirect cost rate to direct program payroll expenditures being reimbursed by this grant award. The amount requested during the fiscal year was approximately \$15,000, and was included as payroll costs rather than identified separately from actual payroll costs on the reimbursement requests. Documentation was not available to support that a complete indirect cost rate proposal had been prepared.

Questioned Cost: Undetermined.

Context: The condition noted above appears to be a systemic condition.

Effect: Unallowable costs may have been charged to the Federal program.

Cause: Procedures were not in place to ensure that indirect cost rates were supported by adequate proposal documentation to ensure costs to the Federal program were allowable.

Recommendation: We recommend that Carson City, Nevada implement procedures to ensure that indirect cost rate proposals are communicated to the granting entity, are adequately documented, and such documentation is maintained for audit purposes.

Management's Response: See management's response on page 197 .

CARSON CITY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2010

U.S. Department of Health and Human Services; passed through from the Nevada Department of Health and Human Services:

Finding 10-4:

Public Health Emergency Preparedness, CFDA 93.069:
National Bioterrorism Hospital Preparedness, CFDA 93.889:
Family Planning Services, CFDA 93.217:

Grant Award Number: Potentially affects all grant awards under CFDA 93.069, 93.889 and 93.217 on the Schedule of Expenditures of Federal Awards.

Criteria and Condition: OMB Circular A-87 states that when employees are expected to work solely on a single Federal award or cost objective, charges for their salaries and wages will be supported by periodic certifications that the employee worked solely on that program for the period covered by the certification. These certifications will be prepared at *least semi-annually* and will be signed by the employee or supervisory official having first hand knowledge of the work performed by the employee.

Additionally, the Circular states where employees work on multiple activities or cost objectives, a distribution of their salaries or wages will be supported by personnel activity reports or equivalent documentation which: must reflect an after the fact distribution of the actual activity of each employee, must account for the total activity for which each employee is compensated, *must be prepared monthly* and coincide with one or more pay periods, and must be signed by the employee.

During our testing of charges for salaries and wages for these programs it was noted that, although Carson City, Nevada prepared certifications for some of the employees charged to the programs, these certifications did not always meet the criteria for compliance with OMB Circular A-87. Certifications were not consistently prepared for all covered employees, and some that we tested were not prepared in compliance with the OMB Circular A-87 requirement, as outlined above, for either classification of employee.

Questioned Costs: None.

Context: The condition noted above appears to be a systemic problem.

Effect: Unallowable costs could be charged to the Federal program.

Cause: Adequate procedures were not in place to ensure the required certifications were prepared timely and in accordance with the criteria set forth in OMB Circular A-87.

Recommendation: We recommend that Carson City, Nevada implement procedures to ensure that the required certifications are prepared timely and in accordance with the criteria set forth in OMB Circular A-87.

Management's Response: See management's response on page 197.

**CARSON CITY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2010**

U.S. Department of Housing and Urban Development:

Finding 10-5:

Community Development Block Grant – Entitlement Grants Cluster:

Community Development Block Grants/Entitlement Grants, CFDA 14.218

ARRA Community Development Block Grant ARRA Entitlement Grants (CDBG-R), CFDA 14.253

Grant Award Number: Affects the grant award under CFDA 14.218 on the Schedule of Expenditures of Federal Awards.

Criteria and Condition: As noted in *OMB Circular A-133*, a pass-through entity is responsible for communicating certain Federal award information to each subrecipient, including informing each subrecipient of the Catalog of Federal Domestic Assistance (CFDA) title and number.

As part of our testing over subrecipient monitoring, we tested a sample of two subrecipient awards for communication of required information, and noted that the awards did not include the CFDA number, and no documentation was available to support that the CFDA number was communicated in a different manner.

Questioned Cost: None.

Context: The condition noted above appears to be a systemic problem.

Effect: Subrecipients may be unaware of specific Federal award information and requirements, which could result in noncompliance at the subrecipient level that is not detected by the Carson City, Nevada.

Cause: Carson City, Nevada does not have adequate procedures in place to ensure that communication of all the required grant information is made to subrecipients.

Recommendation: We recommend that Carson City, Nevada implement procedures to ensure subrecipient awards contain all of the required information.

Management's Response: See management's response on page 197.

**CARSON CITY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2010**

U.S. Department of Transportation: Direct and passed through from the Nevada Department of Transportation:

Finding 10-6:

Federal Transit Cluster:

Federal Transit – Capital Investment Grants, CFDA 20.500

Federal Transit – Formula Grants, CFDA 20.507

ARRA Federal Transit – Formula Grants, CFDA 20.507

Grant Award Number: Affects the grant award numbers NV-96-X003-01, NV-90-X058-01, PR 799-05-802 and PR-155-08-802 on the Schedule of Expenditures of Federal Awards.

Criteria and Condition: As noted in *OMB Circular A-133*, a pass-through entity is responsible for communicating certain Federal award information to each subrecipient, including informing each subrecipient of the Catalog of Federal Domestic Assistance (CFDA) title and number.

As part of our testing over subrecipient monitoring, we tested a sample of two subrecipient awards for communication of required information, and noted that the awards did not include the CFDA number, and no documentation was available to support that the CFDA number was communicated in a different manner.

Questioned Cost: None.

Context: The condition noted above appears to be a systemic problem.

Effect: Subrecipients may be unaware of specific Federal award information and requirements, which could result in noncompliance at the subrecipient level that is not detected by Carson City, Nevada.

Cause: Carson City, Nevada does not have adequate procedures in place to ensure that communication of all the required grant information is made to subrecipients.

Recommendation: We recommend that Carson City, Nevada implement procedures to ensure subrecipient awards contain all of the required information.

Management's Response: See management's response on page 197.

**CARSON CITY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2010**

U.S. Department of Transportation:

Finding 10-7:

Federal Transit Cluster:

Federal Transit – Formula Grants, CFDA 20.507
ARRA Federal Transit – Formula Grants, CFDA 20.507
Federal Transit – Capital Investment Grants, CFDA 20.500

Grant Award Number: Affects the grant award number NV-96-X003-01 on the Schedule of Expenditures of Federal Awards.

Criteria and Condition: As noted in Part 3 of the June 2010 *OMB Circular A-133 Compliance Supplement*, there are special tests and provisions which apply to all programs with expenditures of American Recovery and Reinvestment Act (ARRA) funds. Recipients to agree to: (1) separately identify to each subrecipient, and document at the time of the subaward and disbursement of funds, the Federal award number, CFDA number, and the amount of ARRA funds; and (2) require their subrecipients to provide similar identification in their Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC).

As part of our testing over subrecipient monitoring, we tested subrecipient awards for communication of the required information, and noted that a subgrant award related to the ARRA funds containing the required information had not been provided to the subrecipient. Additionally, we noted that Carson City, Nevada did not include the Federal award number, CFDA number, and the amount of ARRA funds with the disbursement of funds to the subrecipient.

Questioned Cost: None.

Context: The condition noted above appears to be a systemic problem.

Effect: Subrecipients may be unaware of specific Federal award information and requirements, which could result in noncompliance at the subrecipient level.

Cause: Carson City, Nevada does not have adequate procedures in place to ensure that communication of all the required grant information is made to subrecipients.

Recommendation: We recommend that Carson City, Nevada implement procedures to ensure subrecipient awards contain all of the required information.

Management's Response: See management's response on page 197.

CARSON CITY, NEVADA CONSOLIDATED MUNICIPALITY AND STATE CAPITAL

December 21, 2010

Dear Grantor Agencies:

The following is a discussion of our corrective action plan in response to the findings noted by Kafoury, Armstrong & Co. in the Schedule of Findings and Questioned Costs for the year ended June 30, 2010.

U.S. Department of Transportation; passed through from the Nevada Department of Transportation:

Finding 10-3:

Highway Planning and Construction Cluster:
Highway Planning and Construction, CFDA 20.205
Recreational Trails, CFDA 20.219

Criteria and Condition:

General principles for determining allowable costs found in OMB Circular A-87 Attachment A (G), provide that the cost of services provided by one agency to another within the governmental unit may include allowable direct costs of the service plus a pro rate share of indirect costs. A standard indirect cost allowance equal to ten percent of the direct salary and wage cost of providing the service (excluding overtime, shift premiums, and fringe benefits) may be used in lieu of determining the actual indirect costs of the service.

For indirect cost rates in excess of ten percent, the OMB Circular A-87 Attachment E (D)(1)(a) compliance requirements state that all departments or agencies of the governmental unit desiring to claim indirect costs under Federal awards must prepare an indirect cost rate proposal and related documentation, which includes, among other things, financial data and a certification to support those costs. The proposal and related documentation must be retained for audit in accordance with the records retention requirements contained in the Common Rule.

During payroll testing it was noted that Carson City, Nevada was applying a twenty percent indirect cost rate to direct program payroll expenditures being reimbursed by this grant award. The amount requested during the fiscal year was approximately \$15,000, and was included as payroll costs rather than identified separately from actual payroll costs on the reimbursement requests. Documentation was not available to support that a complete indirect cost rate proposal had been prepared.

Recommendation:

We recommend that Carson City, Nevada implement procedures to ensure that indirect cost rate proposals are communicated to the granting entity, are adequately documented, and such documentation is maintained for audit purposes.

DEPARTMENT OF FINANCE

201 North Carson Street, Suite #3, Carson City, NV 89701 - (775) 887-2133 (775) 887-2107 fax

Comment:

During fiscal year 2010, the City received verbal approval from the Nevada Department of Transportation to add an indirect cost rate of twenty percent to direct program payroll expenditures being reimbursed by this grant award. As a result of this audit finding, the City received written approval on November 8, 2010 from the Nevada Department of Transportation for using an indirect cost rate of twenty percent effective back to January 1, 2010.

Corrective Action:

In the future, the City will obtain written authorization from the granting entity for indirect cost rates in excess of ten percent. The indirect cost rate proposal and related backup documentation will be maintained for audit purposes. The contact information for the management official responsible for ensuring that corrective action has been taken is as follows:

Patrick Pittenger, AICP, PTP
Transportation Manager
3505 Butti Way, Carson City, NV, 89701
E-mail: ppittenger@carson.org
775-283-7396

U.S. Department of Health and Human Services; passed through from the Nevada Department of Health and Human Services:

Finding 10-4:

Public Health Emergency Preparedness, CFDA 93.069:
National Bioterrorism Hospital Preparedness, CFDA 93.889:
Family Planning Services, CFDA 93.217:

Criteria and Condition:

OMB Circular A-87 states that when employees are expected to work solely on a single Federal award or cost objective, charges for their salaries and wages will be supported by periodic certifications that the employee worked solely on that program for the period covered by the certification. These certifications will be prepared at *least semi-annually* and will be signed by the employee or supervisory official having first hand knowledge of the work performed by the employee.

Additionally, the Circular states where employees work on multiple activities or cost objectives, a distribution of their salaries or wages will be supported by personnel activity reports or equivalent documentation which: must reflect an after the fact distribution of the actual activity of each employee, must account for the total activity for which each employee is compensated, *must be prepared monthly* and coincide with one or more pay periods, and must be signed by the employee.

During our testing of charges for salaries and wages for these programs it was noted that, although Carson City, Nevada prepared certifications for some of the employees charged to the programs, these certifications did not always meet the criteria for compliance with OMB Circular A-87. Certifications were not consistently prepared for all covered employees, and some that we tested were not prepared in compliance with the OMB Circular A-87 requirement, as outlined above, for either classification of employee.

Recommendation:

We recommend that Carson City, Nevada implement procedures to ensure that the required certifications are prepared timely and in accordance with the criteria set forth in OMB circular A-87.

Corrective Action:

When an employee's salaries and wages are charged to either a single Federal award or cost objective or multiple activities and cost objectives, the appropriate distribution will be reflected on their bi-weekly timesheet which is signed by the employee and a supervisor. The contact information for the person responsible for implementing the corrective action and management official responsible for ensuring that corrective action has been taken is as follows:

U.S. Department of Transportation:

Finding 10-7:

Federal Transit Cluster:
Federal Transit – Formula Grants, CFDA 20.507
ARRA Federal Transit – Formula Grants, CFDA 20.507
Federal Transit – Capital Investment Grants, CFDA 20.500

Criteria and Condition:

As noted in Part 3 of the June 2010 *OMB Circular A-133 Compliance Supplement*, there are special tests and provisions which apply to all programs with expenditures of American Recovery and Reinvestment Act (ARRA) funds. Recipients to agree to: (1) separately identify to each subrecipient, and document at the time of the subaward and disbursement of funds, the Federal award number, CFDA number, and the amount of ARRA funds; and (2) require their subrecipients to provide similar identification in their Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC).

As part of our testing over subrecipient monitoring, we tested subrecipient awards for communication of the required information, and noted that a subgrant award related to the ARRA funds containing the required information had not been provided to the subrecipient. Additionally, we noted that Carson City, Nevada did not include the Federal award number, CFDA number, and the amount of ARRA funds with the disbursement of funds to the subrecipient.

Recommendation:

We recommend that Carson City, Nevada implement procedures to ensure subrecipient awards contain all of the required information.

Corrective Action:

The City will revise subrecipient awards of American Recovery and Reinvestment Act (ARRA) funds to include the following:

- The Federal award number, CFDA number, and the amount of ARRA funds awarded.
- Information related to the requirement that subrecipients provide similar identification in their Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC).

In addition, the backup related to the disbursement of funds to subrecipient will include the federal award number, CFDA number, and the amount of ARRA funds.

**CARSON CITY, NEVADA
SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS
FOR THE YEAR ENDED JUNE 30, 2010**

U.S. DEPARTMENT OF TRANSPORTATION:

Finding 09-2:

Highway Planning and Construction Cluster:
Highway Planning and Construction, CFDA 20.205:
Recreational Trails Program, CFDA 20.219:

Condition and Criteria:

The OMB Circular A-133 Compliance Supplement requires that non-federal entities include in their construction contracts subject to the Davis-Bacon Act a requirement that the contractor or subcontractor comply with the requirements of the Davis-Bacon Act, and the DOL regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction"). This includes a requirement for the contractor or subcontractor to submit to the non-federal entity weekly, for each week in which any contract work is performed, a copy of the payroll and a statement of compliance (certified payrolls).

One construction contract related to this major program was subject to the Davis-Bacon Act provisions and was selected for testing. Our tests included reviewing the contract documents for the Davis-Bacon Act provisions, and reviewing the payroll files maintained at the Carson City Public Works Department. We noted that payroll submission requirements were communicated to the contractor via a "Notice to Proceed" letter from the Carson City Purchasing and Contracts Department, and that notice stated that certified payrolls for both the contractor and subcontractor were to be submitted within seven calendar days after the end of the weekly pay period, as per Davis-Bacon Act requirements. Subsequently, the Carson City Public Works Department communicated separately and verbally to the contractor that it was preferable for certified payrolls to be submitted bi-weekly or monthly. We noted that the payroll submissions for the contracts tested were submitted in batches on a bi-weekly or monthly basis, rather than weekly.

Auditor's Recommendation: We recommend that Carson City enhance procedures to ensure that certified payrolls are received weekly, as required.

Current Status:

Corrective action has been taken. The City's Capital Program Manager oversees the required compliance with the Davis-Bacon Act provisions. Certified payrolls are required to be submitted to the City within seven calendar days after the end of the weekly pay period. The City has also contracted with a consultant to ensure that the review of certified payroll submissions is done on a timely basis.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES:

Finding 09-3:

Public Health Emergency Preparedness, CFDA 93.069:

Criteria and Condition:

OMB Circular A-87 states that when employees are expected to work solely on a single Federal award or cost objective, charges for their salaries and wages will be supported by periodic certifications that the employees worked solely on that program for the period covered by the certification. These certifications will be prepared *at least semi-annually* and will be signed by the employee or

SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS
FOR THE YEAR ENDED JUNE 30, 2010**

supervisory official having first hand knowledge of the work performed by the employee.

Additionally, the Circular states where employees work on multiple activities or cost objectives, a distribution of their salaries or wages will be supported by personnel activity reports or equivalent documentation which: must reflect an after the fact distribution of the actual activity of each employee, must account for the total activity for which each employee is compensated, *must be prepared monthly* and coincide with one or more pay periods, and must be signed by the employee.

During our testing of salary and wage expenditures for this program it was noted that, although the City prepared certifications for the employees charged to the program, those certifications did not meet the criteria for compliance with OMB Circular A-87. The certifications included both employees who work solely on this award objectives and employees who work on multiple cost objectives. Two certifications were prepared for the period under audit, and were for the six-month period July 1, 2008 to December 31, 2008 and for the seventh month period from January 1, 2009 to July 31, 2009. The certifications were not prepared frequently enough for compliance with the OMB Circular A-87 requirement, as outlined above, for either classification of employee.

Auditor's Recommendation: We recommend that Carson City implement procedures to ensure that the required certifications are prepared timely and in accordance with the criteria set forth in OMB Circular A-87.

Current Status: Corrective action has been partially implemented. When an employee's salaries and wages are charged to either a single Federal award or cost objective or multiple activities and cost objectives, the appropriate distribution will be reflected on their bi-weekly timesheet which is signed by the employee and a supervisor.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES:

Finding 09-4:

Family Planning Services, CFDA 93.217:

Criteria and Condition: OMB Circular A-133 requires the City to prepare a Schedule of Expenditures of Federal Awards (Schedule) showing total Federal expenditures for the year and to maintain internal control over Federal programs that provides reasonable assurance that the City is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs.

Carson City has assigned the responsibility for accumulating the information to prepare the Schedule to the Finance Department. The Finance Department compiles this information based on award information provided from the personnel who administer the various programs. During our testing and reconciliation of the Schedule we noted that program income for the Family Planning Services program was not included on the Schedule of Expenditures of Federal Awards.

**CARSON CITY, NEVADA
SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS
FOR THE YEAR ENDED JUNE 30, 2010**

Auditor's Recommendation: We recommend the Finance Department and grant program personnel, develop procedures to enhance communication regarding program income related to Federal awards and the related expenditures to ensure that Federal expenditures are completely and accurately reported to comply with the requirements of OMB Circular A-133.

Current Status: Corrective action has been implemented. The Finance Department reviews grant award documents for program income requirements and communicates with grant program personnel to ensure that program income is accurately reflected on the Schedule of Expenditures of Federal Awards.

Independent Accountant's Report on
Nevada Revised Statute 354.6241

To the Honorable Mayor and Members of the
Board of Supervisors, Carson City, Nevada

We have reviewed the assertion provided by management in accordance with Nevada Revised Statute 354.624 (5) (a):

- The identified funds are being used expressly for the purposes for which they were created,
- The funds are administered in accordance with accounting principles generally accepted in the United States of America,
- The reserved fund balances/net assets in the funds were reasonable and necessary to carry out the purposes of the funds at June 30, 2010 (based on the interpretation of reasonable and necessary provided by the Legislative Counsel Bureau),
- The sources of revenues, including transfers, available for the funds are as noted in the financial statements,
- The funds conformed to significant statutory and regulatory constraints on their financial administration during the year ended June 30, 2010 (except as previously noted in Note 2B to the financial statements),
- The balance and net assets of the funds are as noted in the financial statements.

This assertion is the responsibility of the management of Carson City, Nevada.

Our review was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on the assertion. Accordingly, we do not express such an opinion.

Based on our review, nothing came to our attention that caused us to believe that the assertion provided by management referred to above is not fairly stated in all material respects.

Kafoury, Armstrong & Co.

AUDITOR'S COMMENTS

STATUTE COMPLIANCE

The required disclosure on compliance with Nevada Revised Statutes and the Nevada Administrative Code is contained in Note 2B to the financial statements.

PROGRESS ON PRIOR YEAR STATUTE COMPLIANCE

The City monitored expenditures during the current year in order to prevent over-expenditures; however, refer to Note 2B to the financial statements

PRIOR YEAR RECOMMENDATIONS

See the Summary Schedule of Prior Year Findings on pages 202-204.

CURRENT YEAR RECOMMENDATIONS

Our recommendations for the current year are included in the Schedule of Findings and Questioned Costs.

NRS 354.6115

The financial statements of the Stabilization Fund are located in this report.

As noted above, compliance with Nevada Revised Statutes is contained in Note 2B to the financial statements.
