Subject Title: For Possible Action: To Approve the Carson City Performance Scorecard.

Staff Summary: At the first regular meeting in June, the Board of Supervisors approved revised strategy maps that reflect the revised Carson City Strategic Plan. One important part of the plan is the performance measurements that are linked to the various objectives. These performance measures serve as indicators of our progress in meeting our objectives, or they serve as indicators of factors that may affect our progress. Targets for most measures have been developed. Each month, current measure data is compared to targets in order to determine where attention should be focused. This is the basis for the Carson City Scorecard.
