WARD REDISTRICTING

Article 1, Sec. 13, of the Constitution of the State of Nevada requires that "Representation shall be apportioned according to population." The Carson City Charter, Sec. 1.060, requires the City to be divided into four wards which must be as nearly equal in population as can be conveniently provided, and the territory comprising each ward must be contiguous. The wards must be established and realigned by ordinance passed by a vote of at least three-fifths of the Board of Supervisors. The Board shall realign any such boundaries on or before January 1 preceding the next general election at which Supervisors are to be elected. The board shall reconsider the boundaries of the wards upon the receipt of the necessary information from the preceding national decennial census conducted by the Bureau of the Census of the United States Department of Commerce.

The map, Exhibit A, meets the requirement as set forth in the Constitution and the City Charter and follows "traditional redistricting." guidelines. The proposed Ward boundaries follow the lines as they have existed in the past. They are not dissimilar to the Ward boundaries adopted in 1981.

The 2010 U.S. Census showed that Ward One had a population of 13,746; Ward Two, 14,217; Ward Three, 13,413 and Ward Four, 13,898.

To meet the Constitutional and statutory requirements the number of people in Ward Two and Ward Four had to be reduced, and Wards One and Three needed to be increased. This was accomplished by moving people who live south of King Street, north of West Fifth Street, west of Carson Street and east of Thompson Street from Ward Four into Ward One. Ward Two was reduced in population by moving people who lived west of Fairview Drive and south of Steamboat Drive into Ward Three.

The populations are now: Ward One, 13,826; Ward Two, 13,815; Ward Three, 13,815; Ward Four, 13,818. See Exhibit B for actual deviation from ideal and percent deviation from ideal.
