## 1Carson City Community Support Services APPLICATION FOR GRANT FUNDS

Fiscal Year 2012-2013

#### **Organization Information**

1. What is the overall purpose or goal of your organization?

The Capital City Circles Initiative is a cooperative community effort to elevate people out of poverty by intentionally creating relationships across class lines, and empowering people in poverty to chart their own course toward self-sufficiency.

- 2. How long has your organization been in existence? <u>5</u> Years <u>6</u> Months

  How long has your organization been in Carson City? <u>5</u> Years <u>6</u> Months
- 3. Describe in general the activities or services of your organization:

Circles recruits motivated families from the Carson City community who desire to move out of poverty and into a life of self-sufficiency. Recruited participants attend an intensive 20-week "Getting Ahead" workgroup with a curriculum based on Ruby Payne's "Bridges Out of Poverty." In the workgroup, participants identify and investigate behaviors that have prevented them from leading a financially secure life. Once they complete the workgroup, participants are matched with community volunteers - "Allies." The deliberate friendships that Circles fosters between program participants and Allies is a key component of the program, these friendships cross socioeconomic lines and provide participants with invaluable support and encouragement as they meet their goals.

Another key component of Circles is continued participation by "Getting Ahead" graduates - now called "Circle Leaders" - and newly recruited allies in weekly community meetings. The focus of the meetings is to provide content, guest speakers, opportunities for service, communication and leadership - all with the goal of supporting the Circle Leaders as they develop the social, organizational, spiritual, and financial skills to emerge from generational and situational poverty. These meetings are a collaborative effort between government, faith-based organizations, local businesses, educational institutions, and the community at large. These meetings are held in local churches, with community volunteers providing meals and child care. Programs during 2011 included a parenting class; a smoking cessation presentation; job searching and workplace etiquette presented by JOIN; a question and answer session with a marriage and family therapist; and presentations by Nevada Legal Services, the Ron Wood Center, Big Brothers Big Sisters, and the Carson City School District Kids in Transition program

Community building, family self-sufficiency and reciprocity are the foundation of Circles. All Circle Leaders currently involved in the program are practicing some sort of reciprocity. This practical strategy not only stretches the program's resources as far as possible - as participants gradually take on volunteer duties including leadership roles - it offers the younger generation in participating families a model of community-oriented, proactive behavior.

It is important to understand that the Circles program is very labor-intensive. Staff, Allies, other volunteers, and the Circle Leaders (and their families) make a substantial commitment of time to the program. It takes eighteen months to two years for a Circles family to gain economic self-sufficiency. This is two years of weekly meetings, volunteer activities, goalsetting and working toward goals, establishing relationships, and gaining the social, organizational and work skills necessary to thrive. The overall number of people served by Circles seems small compared to other anti-poverty groups. However, these groups, while certainly serving a valuable function, are not as engaged in the lives of program participants, nor are other programs as comprehensive in their approach to ending poverty within specific families and their unique family structures. The benefit to the community by this approach, however, is large: we expect that successful Circle Leaders will no longer use any public assistance.

4. How many people do you intend to serve during this Fiscal Year 2012-2013?

# of Youth  $\underline{37}$  # of Adults  $\underline{42}$  # of Seniors  $\underline{13}$ 

5. How many people served this Fiscal Year 2012-2013 will be Carson City residents?

# of Youth 37 # of Adults 37 # of Seniors 10

\*All Circle Leaders are and must be Carson City residents to be eligible for services.

- 6. How many paid employees/volunteers does your organization employ?
- # of full-time employees <u>1 paid</u> # of part-time employees <u>0 paid and 54</u> volunteers
- 7. Percentage of organizational funds to be utilized for administrative costs (i.e., salaries, travel, training, etc): While we intend to use all of this funding toward paying the salary of our program coordinator, her position is more program delivery than administrative. She interviews and selects program participants; organizes and leads all "Getting Ahead" sessions; organizes all ongoing communication with program participants, Allies, and other volunteers; and serves as a coach and counselor for Circle Leaders. Other administrative duties budgeting, newsletters, website management, grantwriting are done by volunteers.
- 8. Describe how your organization is managed and governed (i.e., Board of Directors).

It is a fundamental value of the Capital City Circles Initiative that the Circle Leaders themselves take primary responsibility for their journey out of poverty, with the entire community – from volunteer Allies to paid staff to board members and the many other volunteers taking part in the program – drawing around them in circles of encouragement and support. Circle Leaders are encouraged to assume leadership roles both within the program and in the larger community as they become more economically stable, thus giving back to the community and completing a circle of reciprocity. The management structure that has evolved to carry out this work consists of a board of directors tasked with fiscal oversight, fundraising, and identifying and developing community support for Circles. A Guiding Coalition consisting of Circle Leaders and Allies directs the evolution of the program. Circles has one paid staff - a full-time Program Coordinator.

9. Please provide information on your Executive Board members or contact person:

#### **Program/Proposal Information**

- 10. Amount of funds requested? \$ 7,500
- 11. <u>Purpose of Program/Proposal</u>: Describe the program/proposal, target population, number to be served, what the grant will specifically fund. Explain your organization's qualifications to deal with the issue.

Circles targets the working poor population of Carson City. This grant will cover a portion of the salary of the Circles Coordinator. This will be our fifth year offering the Circles program. Last year we transitioned to a fully independent operation, leaving the "umbrella" of Carson City Health and Human Services. We continue to develop working relationships with Carson City's other organizations serving people living in poverty, including the Ron Wood Family Resource Center, FISH, the Salvation Army, and Carson City Health and Human Services. The leadership of all these longstanding community organizations have told us that they view Circles — with its emphasis on skills building, relationships, and self-reliance - as a critical and effective component of Carson City's efforts to alleviate poverty in our city. We continue to receive referrals from these organizations, and have built closer ties this year through ongoing coordination meetings.

12. Goals, Objectives & Measurable Outcomes: The events and/or services must assist the City to fulfill its vision statement and accomplish one or more of the City's Goals. Please indicate which goal(s) will be met. Clearly state measurable outcomes of the project. Tell how you propose to achieve the outcomes of the project in terms of specific activities, including a timetable (proposed starting date and duration of the project):

#### Carson City Goals met by Circles:

#### A Safe and Secure Community:

Working families who are an active part of their community do not commit crimes and threaten the security of their neighbors. By engaging families living in poverty in a self-help network of communication, education, and friendship, Circles is taking individuals who were formerly isolated and helping them to become leaders of their families and their community. These newly fledged leaders then become role models for friends and family.

#### A Healthy Community:

Working families are better able to provide good nutrition and adequate healthcare to their children. In addition to this, current Circles families are actively engaged in initiatives that will improve the overall health of the community. In one initiative last year, discussions with local dentists resulted in agreements with two dentists for lower-cost treatments for qualified families. Two other dentists have offered free dental health education to families in need. This year, Circles families will attend a class on nutrition and preparing inexpensive, nutritious meals for their families. Circles families are encouraged to allow their children to participate in organized sports: this year five Circles families, who had never done so before, enrolled their children in organized sports programs.

An active and engaged community and a physically and socially connected community:

Connection and engagement is what Circles is about. Circle Leaders and Allies foster and maintain active friendships: these friendships, we have found, continue to grow, drawing more friends of friends into the circle of support. Circles also engages with the local business community in many ways, including serving as an employment reference for Circle Leaders. Circle Leaders and Allies continually reach out to the community, presenting to service clubs, churches, and business groups regularly. Circle Leaders volunteer in the community. Last year, Circle Leaders volunteered at Ron Wood Family Resource Center (food bank, packing holiday meals & distribution); FISH (Thrift store); Salvation Army (Holiday Sign-Up, Packing Holiday Meals & Distribution, Set up of Warehouse, & Walk Thru Shopper for Christmas Program;) Carson City Health & Human Services (Homeless Connect- Cutting Hair & Handing Out Circles Info.); Noon Rotary Club Fundraiser; Computer Corps; National Night Out (Handing Out Circles Information); Shop With A Hero (Gift Wrapping); Educare Montessori Academy (Daycare 12 toddlers arts & crafts); Fremont Elementary School; Fritsch Elementary School; churches; and sports events.

#### A community where information is available to all:

Circles staff and volunteers act as brokers of information, through trainings and presentations bringing to the community at large information on poverty issues in the community.

#### Measurable Outcomes:

The goal of Circles is for all participating families to achieve economic selfsufficiency. This process generally takes eighteen months to two years after the family completes the Getting Ahead training, and there are many milestones, small and large, along the way. We currently are designing an evaluation system to track the outcomes of our program and the progress of Circles participants toward economic self sufficiency. This evaluation system will consist of focused interviews with Circle Leaders at set intervals during their engagement with the program. This evaluation strategy will be in place by the end of this year.

Circles volunteer and Ally, Steve Shaw (former Administrator of the Division of Child and Family Services of the State of Nevada) has calculated the value of this economic self sufficiency to the community in terms of reduced cost of TANF, food stamps, Medicaid, Section 8 rental housing subsidies and child care subsidy at \$33,801 per family annually.

13. Indicate who will benefit from the use of these funds, and how they will benefit. If this is an ongoing event, please state how you intend to fund the program in future years.

Who will benefit from funds:

The Circles program benefits not only the families involved, but the entire community. The goal of the program is to permanently break the cycle of poverty and ensure self-sufficiency through the next generation. As the necessary resources and support are provided to Circles families by their circle of support, they become less dependent on social services and other assistance programs, thus alleviating the burden of support by state and local governments and taxpayers. See section 11, above, for an estimate of the social services cost savings per family, as families become financially self-sufficient.

How program will be funded in future years:

Circles relies upon public and private grant funding and donations from individuals for support. Last year we completed a five-year strategic plan that made the development of recurring, dependable funding a principal goal. Efforts continue to identify and develop ongoing support, and we think we are making progress despite the difficult and competitive giving environment in northern Nevada. In 2011, our end-of-year appeal letter generated five times the response as previous appeals. Circles was a beneficiary of the Carson City Noon Rotary Club's annual fundraising event and will be again this year, as well as receiving support from other local service clubs. This year Circles will carry out its own fundraising event for the first time; an event that we plan to continue annually. We have just contracted with a professional fundraiser skilled and knowledgeable about regional grantmakers, who will help us identify donors and fine-tune our appeals.

14. Are you aware of any other private sector/nonprofit/governmental/agencies in the area providing the same services as your program/proposal? If yes, please explain how your project will compliment other existing programs?

Carson City's Department of Health and Human Services and nonprofit agencies such as FISH, Advocates to End Domestic Violence, the Salvation Army, Food for Thought, and the Ron Wood Family Resource Center provide a spectrum of services to families living in poverty. The place of Circles in this spectrum is to be the program that allows families to permanently end reliance on public support. It is not for everyone families must be ready to put in the intense effort it takes to change old habits of dependency. Professionals at Carson City's social services organizations have recognized how Circles helps families move on from poverty. Circles is seen as complementing, rather than competing with these agencies, and families are referred to Circles by them. In 2011, these agencies began to meet regularly in an effort to better coordinate services and referrals, and avoid duplication of services. Circles is taking part in this coordination effort. In another partnership, Nevada Legal Services recently closed their office in Carson City. Now NLS clients - many of whom cannot afford automobiles and are unable to drive - must go to Reno to obtain services. Circles and NLS are currently negotiating use of office space for NLS in the Circles office two days per week to serve these Carson City residents.

15. Please include a detailed budget for this program/event, and detailed list of intended expenditures and revenues.

3. Approximately how many people benefited from your project? How many of those people were Carson City residents? What were some of the individual benefits?

A total of 13 adults and 17 kids were assisted in addition to 25 Allies/Facilitators.

All 13 families and their children are Carson City residents, all Allies/Facilitators are residents of Carson City with the exception of 7.

The list of benefits can be found in section 2 above.

Weekly meetings are held to provide Circle Leaders an opportunity to meet with their Allies, receive training and community presentations that enrich all aspects of their lives while addressing their needs. In addition participants are encouraged and provided an opportunity to take on leadership roles within the initiative.

Carson City community members have been exposed to the realities of poverty thru Circles presentations as well as thru 2 Poverty Simulations which were attended by a total of 112 community members.

4. What specific community benefit did your project provide Carson City?

By permanently breaking the cycle of poverty and ensuring that the next generation lives a life of self-sufficiency, the dependence on social services and other assistance programs are alleviated and the burden of support from all citizens are reduced. It has been conservatively estimated that the cost of poverty exceeds \$33,800 for each family annually. This number represents the annual value of the services provided by government agencies as follows:

TANF	\$6,400
Food Stamps	\$5,300
Medicaid	\$8,100
Section 8 Rental Subsidy	\$7,700
Childcare Subsidy	\$6,300

5. Will this program/project be reoccurring? How do you anticipate funding the project in the future?

Circles plans to continue carrying out its mission of "Building Self-Sufficiency, One Family At A Time" for years to come. It takes an average of 18 to 24 months of support, commitment, hard work and determination after being matched in a Circle for a family or individual to be completely off of all public assistance.

Families actively participate in the weekly meetings as well as in the community during their journey towards financial stability. All Circles families are expected to practice reciprocity within the initiative as well as in our community.

We anticipate to fund the Capital City Circles Initiative in the future thru fund raising, grants, donations and thru community support. In addition to grants, local churches, community service clubs, financial institutions and private donors are currently supporting Circles financially. Examples of such supporters are the First United Methodist Church, St. Peter's Episcopal Church, First Presbyterian Church, St. Teresa of Avila Catholic Community, Noon Rotary Club, Carson City Democratic Women Group, We of the World Group, and Citi National Bank amongst others.

For the first time since Circles was established a Circles fundraiser will be taking place in March 2012 which we plan on holding annually.

Fund raising efforts will continue in order to provide more families a hand up so they can achieve financial stability enabling them to lead a life of self sufficiency.

6. Describe any challenges that impacted your program.

In this fiscal year we were faced with the challenge of being on our own after

leaving the "umbrella" of the City of Carson City. We have had to secure an office location as well as completely furnish the office space. Another challenge for Circles has been securing larger funding so that more participants can be provided services in these challenging economic times.
