When you submit your request for reimbursement to ASAP, on the confirmation screen, the payment request status will read: Awaiting Federal Program Agency (FPA) Approval. Your payment will be delayed until the appropriate paperwork has been received and approved.

Your organization will remain on agency review until a corrective actions plan which specifies the actions your organization will take to mitigate the problem(s) identified above have been submitted to the BLM and have been implemented to the BLM's satisfaction. The BLM will remove your organization from agency review upon your written request and on its discretion that the identified problems have been corrected.

The recipient will report program outlays on the basis of their financial management system, as identified on the SF-425, cash or accrual.

2. An original and one copy of the final FFR is due to the GMO no later than 90 calendar days after the expiration or termination of this agreement.
3. Recipients who are placed on agency review will submit an original and one completed copy of the SF 270, Request for Advance or Reimbursement, to report the status of funds for each payment requested before reimbursement payments are made. In addition include separately, detailed information of costs, by budget categories that reflects the approved SF 424A, Budget Information. Before submitting FFRs to the GMO, grantees must ensure that the information submitted is accurate, complete, and consistent with the grantee's accounting system. The recipient's Authorized Certifying Official's signature on the FFR certifies that the information in the FFR is correct and complete and that all outlays and obligations are for the purposes set forth in agreement documents, and represents a claim to the Federal government. Filing a false claim may result in the imposition of civil or criminal penalties.

B. Performance Reports:

The performance report must be prepared in accordance with 43 CFR, Subpart C, Section 12.80 for State, local and Indian tribal governments or 2 CFR Part 215.51 for institutions of higher education, hospitals, and other non-profit organizations.

The performance report will include a narrative summary both of completed activities and activities in progress, a calculation of percent of completed work based on work identified in the Recipient's submitted proposal, Project Management Plan, the reason for slippage if objectives or milestones are not met, a prediction of future activities and how they will be accomplished, and a discussion of issues and problems which may impact the ability to complete the work on time. Recommendations to overcome problems will also be provided.

1. Recipient will submit an annual brief summary performance report to the GMO within 90 days after the end of the reporting period which for annual reports is September 30th (end of the fiscal year).
2. Copies of this report may be required to be included with any application for continuing support of the agreement.

C. Non-compliance:

Failure to comply with the reporting requirements contained in this agreement may be considered a material non-compliance with the terms and conditions of the award. Non-compliance may result in being placed on agency review, withholding of future payments, suspension or termination of the agreement, recovery of funds paid under the agreement, and withholding of future awards.

Federal awards are defined as Federal financial assistance and Federal cost-reimbursement contracts that non-Federal entities receive directly from Federal awarding agencies or indirectly from pass-through entities. They do not include procurement contracts, under grants or contracts, used to buy goods or services from vendors. Non-Federal entities that expend less than \$500,000 for a fiscal year in Federal awards are exempt from Federal audit requirements for that year, except as noted in A-133, § 215(a), but records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and General Accounting Office (GAO).

However, the recipient may use non-metric measurements to the extent the recipient has supporting documentation that the use of metric measurements is impracticable or is likely to cause significant inefficiencies or loss of markets to the recipient, such as when foreign competitors are producing competing products in non-metric units.

I. Officials Not to Benefit:

No member of or delegate to Congress, or resident commissioner, will be admitted to any share of

this agreement, or to any benefit arising from it. However, this clause does not apply to this agreement to the extent that this agreement is made with a corporation's general benefit.

It is a national policy to place a fair share of purchases with minority business firms. The Department of the Interior is strongly committed to the objectives of this policy and encourages all recipients of its grants and cooperative agreements to take affirmative steps to ensure such fairness. Positive efforts will be made by recipients to utilize small businesses, minority-owned firms, and women's business enterprises, whenever possible. Recipients of Federal awards will take all of the following steps to further this goal:

1. Ensure that small businesses, minority-owned firms, and women's business enterprises are used to the fullest extent practicable.
2. Make information on forthcoming opportunities available and arrange time frames for purchases and contracts to encourage and facilitate participation by small businesses, minority-owned firms, and women's business enterprises.
3. Consider in the contract process whether firms competing for larger contracts intend to subcontract with small businesses, minority-owned firms, and women's business enterprises.
4. Encourage contracting with consortiums of small businesses, minority-owned firms and women's business enterprises when a contract is too large for one of these firms to handle individually.
5. Use the services and assistance, as appropriate, of such organizations as the Small Business Development Agency in the solicitation and utilization of small business, minority-owned firms and women's business enterprises.
