EXISTING ZONING

PROPOSED ZONING

LEGAL REQUIREMENTS: CCMC 18.02.050 (Review); 18.02.075 (Zoning Map Amendments and Zoning Code Amendments).

DISCUSSION:

The purpose of this application and the additional Master Plan applications and Zoning Map applications is to amend the zoning and master plan of multiple parcels of land owned by Carson City acquired for Open Space purposes to be properly reflected as such on the Land Use Map and the Zoning Map of Carson City.

The subject properties are currently owned by Carson City. The current and proposed Zoning Maps are also attached to this staff report with the draft ordinance.

The subject properties were acquired by Carson City through the Open Space Program in 2012 from the Bentley Family LTD Partnership. This application includes changing the zoning of APNs 010-011-24 (200 acres) and 101-011-25 (270 acres) from Conservation Reserve (CR) to Public Community (PC).

The purpose of Public Community zoning district is typically facilities and uses that serve primarily a smaller portion of Carson City. The use of the subject parcels is limited to open space because of the ownership by the Carson City Open Space program.

This Zoning Map Amendment is being processed concurrently with a proposed Master Plan Amendment. Further detailed discussion regarding the Master Plan Amendment is included in the staff report for MPA-12-108.

PUBLIC COMMENTS: Public notices were mailed to 37 adjacent property owners within 7,375 feet of the subject parcel in accordance with the provisions of NRS and CCMC 18.02.045. As of November 16, 2012, no written comments have been received either in support or opposition of this application. Any comments that are received after this report is completed will be submitted prior to or at the Planning Commission meeting, depending on their submittal date to the Planning Division.

OTHER CITY DEPARTMENT OR OUTSIDE AGENCY COMMENTS:

Engineering Division: No concerns with the request.

Building Division: No comments.

Fire Department: No comments.

FINDINGS: Staff recommends the following findings for approval of the Zoning Map Amendment pursuant to the Carson City Municipal Code Section 18.02.075, Zoning Map Amendments.

1. ***The proposed amendment is in substantial compliance with the goals, policies and action programs of the Master Plan.***

Rationale: *The proposed amendment will be in substantial compliance with the following goals and policies of the Master Plan:*

Goal 1.3 – Promote the preservation of State and Federal lands as a community amenity.

Policy 1.3a – State and Federal Land Disposal – Continue to coordinate with the BLM to ensure that its Urban Interface Plan is consistent with the Land Use Plan.

Policy 1.3b – State and Federal Land Transfers – Monitor lands slated for potential disposal and identify opportunities for the transfer of such lands to City ownership, where lands are needed for public facilities, parks, trail access or similar functions, through the Federal Lands Bill and other programs, particularly within the urbanized area of the City.

Goal 4.3 –Expand the City's Open Space Network.

Policy 4.3a – Open Space Master Plan- Continue to review future development proposals for consistency with the City's Open Space Master Plan and continue to coordinate with the Open Space Advisory Committee and the Carson River Advisory Committee on Master Plan issues.

Policy 4.3b– Open Space Network- Continue to pursue opportunities to expand or enhance the community's open space network using a range of available tools (as specified in the Open Space Master Plan) to help implement the objectives of this Master Plan.

Rationale: The proposed amendment will provide for public review of all uses to be established on the properties, allowing review of existing site features. Typically all parcels owned by Carson City are zoned Public Community, Public Neighborhood or Public Regional.

- 2. The proposed amendment will provide for land uses compatible with existing adjacent land uses and will not have detrimental impacts to other properties in the vicinity.**

Rationale: The proposed Public Community zoning designation is consistent with the public uses, facilities and use that serve primarily all portions of Carson City. The use of the subject parcels is limited to open space because of the ownership by the Carson City Open Space program, which is similar to adjacent land uses.

- 3. The proposed amendment will not negatively impact existing or planned public services or facilities and will not adversely impact the public health, safety and welfare.**

Rationale: The proposed amendment provides consistency purposes with the Carson City Land Use Map. The proposed amendment will not adversely impact the public health, safety and welfare.

4. That sufficient consideration has been exercised by the applicant in adapting the project to existing improvements in the area.

Rationale: The proposed amendment is not associated with a specific project. The subject properties were acquired by Carson City through the Open Space program in 2012. The subject properties are currently zoned Conservation Reserve and are proposed to be designated Public Community to be consistent with the Land Use Map of Carson City.
