Manager of Carson City, Nevada

Subject: Support for Eagle Valley Golf Course

If you play golf, then you know of the many benefits the Eagle Valley Golf Courses provides to our community.

If you do not play golf, or have never been involved with the Eagle Valley Golf Courses, this letter is written as information for you.

As a longer term Carson City resident, I want to express my support for maintaining Eagle Valley Golf Courses. The two courses are consistently in the best playable shape of any of the courses we have in the Carson Valley. If you do not believe me, take a drive and look at the Eagle Valley Golf Courses and look at the Empire Ranch Golf Course and you will no doubt see a significant difference in the quality of the golf course conditions.

Eagle Valley Golf Courses prides itself in giving golfers of all abilities the best possible conditions available upon which they can play in the Carson Valley area. They take care of the fairways, greens and practice facilities and have staff that show they care about the golfers who come to the course to play golf, use the practice facilities or go to the restaurant for something to eat or drink. In addition, Eagle Valley Golf Courses maintains rates that are affordable so that people can play golf in our community year-round at those courses.

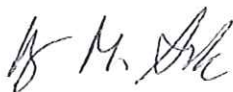

The course supports junior golf, high school golf, those who want to learn to play the game of golf, senior golfers and parents who want to take a child out to play a round of golf. As a Carson City resident and a golfer, I have brought many friends and visitors to play golf at Eagle Valley, as everyone is made to feel welcome when you go there.

ITEM # 23A

The quality of golf and affordability of Eagle Valley Golf Courses brings a large number of golf tournaments to Carson City from other areas. The people booking those tournaments and playing in those tournaments want to play their tournaments at Eagle Valley, as they are made to feel welcome and appreciated for being there and that the courses are in the best condition in the Carson Valley. Those tournaments are either booked directly through the golf course or are booked through one of a number of accommodation sites in Carson City such as the Carson Nugget (with its City Center Motel), Carson Station Hotel and Casino, Gold Dust West and others. The positive economic impact upon our city is that these golfers rent room in our city (that pay room taxes), buy food in our restaurants, drinks in out bars, gasoline in our service stations, souvenirs in our shops and no doubt gamble in our casinos. This is revenue to our city and it is due to the quality and affordability of the golf that Eagle Valley Golf Courses offer, not only to those of us who live here, but to those who visit our community.

I urge you to keep Eagle Valley Golf Courses operating in the manner in which they have operated for many years and therefore providing our residents and visitors to our community the best golf experience in the Carson Valley while maintaining reasonable rates for golf.

Sincerely,

A handwritten signature in dark ink, appearing to read "H. M. Snoek". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Harry M. Snoek
