Addendum No. 2

Please make the following additions/changes/clarifications to the above referenced project:

1. Disregard Item 5 of Addendum 1.
2. **GC 5.1 GENERAL**  
*Add the following:*  
Prior to the City processing the pay estimate, the Contractor shall submit to the City a copy of its CONTRACTOR'S MONTHLY REPORT OF PAYMENTS TO SUBCONTRACTORS for all payments made to subcontractors within the pay estimate period. Please see attached.
3. The following are based on Request for Information items received prior to July 3, 2014.
  - 1) Does the City know the location or approximate location of the trees? Since the tree sizes are specified as 2" caliper the container can weigh as much as 600 lbs. and knowing would help us determine how we are getting the trees to their specific locations – either by equipment or by lugging them by hand.  
  
*The trees would be located in the general area of the pipeline to be constructed. The Contractor should assume that the trees can be transported to their specific locations using equipment.*
  - 2) Two trees specified on addendum #1 are Ginkgo's – which are slow growing trees and finding a 2" caliper maybe impossible, would Carson City except a substitute? Or a smaller size tree?

*If 2" caliper Ginkgo's are not available, approved substitutions would be permitted.*

End of Addendum 2

Handwritten signature and initials, possibly "J. Hart" or similar, in black ink.

### CONTRACTOR'S MONTHLY REPORT OF PAYMENTS TO SUBCONTRACTORS

6. The following are based on Request for Information items received prior to June 19, 2014.
1. *Please confirm that 304 stainless steel bolts, nuts and washers are required for all buried and submerged service for this project?*

  2. *Can you please clarify the following:*  
Sheet C6, station 72+83.3: Calls for (2) 24" Butterfly Valves. Only (1) is shown. If (2) are required, it pushes Bid Item BP.4 over by (1). Please clarify. Just one butterfly valve is required at station 72+83.3.
