The Bond shall be dated initially as of the date of delivery thereof to the State, and shall be issued as a single bond in the maximum principal amount of \$12,000,000. The City’s indebtedness as represented by the Bond shall be \$12,000,000 or such lesser amount as shall represent the aggregate principal amount advanced under the Loan Contract as shown on the principal advance panel appended to the Bond. The Bond shall bear interest (calculated on the basis of a 360 day year consisting of twelve 30 day months) at the rate set forth in the Loan Contract on the unpaid principal amount advanced from the date or dates of each advance until the principal thereof is paid in full, and such interest shall be payable on the dates specified in the Loan Contract. Principal payments shall be made semiannually on January 1 and July 1, commencing on the first January 1 or July 1 immediately following the date the City draws the maximum principal amount authorized (i.e. \$12,000,000) under the Loan Contract, the date the City completes the Project, or three years from the date of the initial principal advance under the Loan Contract, whichever occurs first.

The amount of principal and interest payments shall be substantially in the amounts set forth in the Loan Contract, provided that such payments shall be structured so as to produce payments substantially consistent in amount from payment date to payment date and which shall amortize the outstanding principal amount of the Bond by the date which is no more than 20 years from the date of the initial advance under the Loan Contract.

If the Bond is reissued upon replacement, it shall bear interest from the most recent interest payment date to which interest has been paid, or if no interest has been paid, from the date of the initial advance to the City under the Loan Contract. The installments of principal and interest on the Bond shall be paid, as long as the State is the registered owner of the Bond, by electronic funds transfer to the State, and otherwise by check, wire or warrant made to the order of the registered owner of the Bond and mailed to the address of the registered owner shown on the registration records kept by the Registrar as of the close of business on the day immediately prior to such payment date, or if such date is not a business day, on or before the next succeeding business day. So long as the State is the registered owner, such payment shall be made by depositing with the State Treasurer, not later than the principal or interest payment date, the amount coming due on the Bond on such date, or if such payment date is not a business day, on or before the next succeeding business day, immediately available funds in an amount sufficient to make the payment then due. The final installment of principal on the Bond whether at maturity or prior redemption (if the State consents to such prior redemption), shall be made only on presentation and surrender of the Bond, as provided in Section 22 hereof, at the office of the Paying Agent. If any installment of principal shall not be paid when due, interest shall continue to accrue at the rate set forth in the Loan Contract until the principal thereof is paid in full, plus a penalty in the amount of one-tenth of one percent (0.1%) will be due for each day of nonpayment commencing 10 days after the maturity date of that principal installment. The Paying Agent may make payments on the Bond by such alternative means as may be mutually agreed to between the owner of the Bond and the Paying Agent. All such payments shall be made in lawful money of the United States of America without deduction for any service charges of the Paying Agent or Registrar.

SECTION 15. **Prior Redemption or Prepayment Option.** The Bond, or portions thereof, are subject to redemption prior to the respective maturities of the installments of principal, in whole or in part, at the option of the City, on any January 1, or July 1, at a price equal to the principal amount of the Bond or portion thereof, so prepaid and the accrued interest thereon to the Redemption Date; provided that (i) the State consents in writing to such prepayment, or (ii) a change in use of the facilities financed by the Bond occurs which change in use necessitates remedial action under Treas. Reg. 1.141-12 in order to comply with the covenant in Section 55 hereof. If all or a portion of the principal of the Bond is so called for prior redemption, no payment of the principal or interest on the Bond due on or after the date fixed for redemption shall be made unless the Bond is presented to the Paying Agent and notation of the installments of principal redeemed is made on the Bond.

SECTION 16. **Compliance with Federal and State Laws.** The City agrees that it will, at all times that the Bond is outstanding, comply with and require its contractors and subcontractors to comply with all applicable federal and state laws, rules, guidelines, regulations and requirements. The City covenants that it will comply with the requirements of 40 CFR Part 31 and comply with, implement and fulfill all environmental mitigation measures committed to by the City as a part of its request to the Director for financing from the Revolving Fund.

All such payments shall be valid and effectual to discharge the liability upon the Bond to the extent of the sum or sums so paid.

C. If the Bond shall be lost, stolen, destroyed or mutilated, the Registrar shall, upon receipt of such evidence, information or indemnity relating thereto as it or the City may reasonably require, and upon payment of all expenses in connection therewith,

authenticate and deliver a replacement Bond. If such lost, stolen, destroyed or mutilated Bond shall have matured, or shall have been called for redemption, the Registrar may direct that such Bond be paid by the Paying Agent in lieu of replacement.

D. Whenever any Bond shall be surrendered to the Paying Agent upon payment thereof, or to the Registrar for replacement as provided herein, such Bond shall be promptly canceled by the Paying Agent or Registrar, and counterparts of a certificate of such cancellation shall be furnished by the Paying Agent or Registrar to the Board, upon request.

No resignation or dismissal of the Registrar or Paying Agent may take effect until a successor is appointed. It shall not be required that the same person or institution serve as both Registrar and Paying Agent hereunder, but the City shall have the right to have the same person or institution serve as both Registrar and Paying Agent.

Any successor by merger with the Registrar and Paying Agent is automatically appointed as Registrar and Paying Agent hereunder without any further action of the Board, as long as the successor otherwise is qualified to act as Registrar and Paying Agent pursuant to this Section. Any bank, trust company or national banking association into which the Registrar and/or Paying Agent or its successor may be converted, merged or with which it may be consolidated, or to which it may sell or otherwise transfer all or substantially all of its corporate trust business shall be the successor of the Registrar and/or Paying Agent under this Ordinance with the same rights, powers, duties and obligations and subject to the same restrictions, limitations, and liabilities as its predecessor, all without the execution or filing of any papers or any further act on the part of any of the parties hereto, anything herein to the contrary notwithstanding.

SECTION 24. **Delivery of the Bond; Deposit of Proceeds.** When the Bond has been duly executed, the Treasurer shall cause it to be delivered to the State upon receipt of the initial advance under the Bond and shall authenticate and register it in the name of the State on the Bond registration records of the Registrar and make notation of such registration on the registration panel appended to the Bond. The Treasurer shall cause the proceeds of the Bond to be deposited in a special account hereby created and designated as the “Carson City, Nevada, General Obligation (Limited Tax) Sewer Bond (Additionally Secured by Pledged Revenues), Series 2015A, Acquisition Account” (the “Acquisition Account”) to be held by the City. Moneys in the Acquisition Account shall be used solely to defray wholly or in part the Cost of

the Project including, without limitation, as provided in NRS 350.516, all costs of issuing the Bond, including any interim financing, all issuance costs and other costs and fees associated with the State's administration of the loan related to the Bond which the Board hereby determines are necessary and desirable and appertain to the Project. After the Project is complete and after all expenses have been paid or adequate provision therefor is made, pursuant to NRS 350.650, any unexpended balance of Bond proceeds (or, unless otherwise required by law, any other moneys) remaining in the Acquisition Account shall be deposited into the Bond Fund hereinafter created to be used to pay the principal of and interest on the Bond.

SECTION 25. **Completion of the Project.** The City, with the proceeds derived from the sale of the Bond, shall proceed to complete the Project with due diligence.

SECTION 26. **Investments; Use of Investment Gain.** Pursuant to NRS 350.658, and except as may otherwise be required herein, any gain from any investment and any reinvestment of any proceeds of the Bond shall be deposited promptly upon the receipt of such gain at any time or from time to time into the Acquisition Account to defray, in part, the Cost of the Project or, if adequate provision has been made for the Project, into the Bond Fund hereinafter created, for the respective payment of the principal of or interest on the Bond or any combination thereof. As provided herein, the annual General Taxes for the payment of the principal of or interest on the Bond levied after such deposits of any such investment or reinvestment gain may be diminished to the extent of the availability of such deposit for the payment of such principal or interest.

SECTION 27. **Purchaser Not Responsible.** The validity of the Bond shall not be dependent on nor be affected by the validity or regularity of any proceedings relating to the Project, or any part thereof, or to the completion of the Project. The State shall not in any manner be responsible for the application or disposal by the City or by any of its officers, agents and employees of the moneys derived from the sale of the Bond or of any other moneys referred to in this Ordinance.

SECTION 28. **General Tax Levies.** So far as possible, the Bond Requirements of the Bond shall be paid from Net Revenues of the Utility System. However, pursuant to NRS 350.596, the principal and interest falling due on the Bond at any time when there are not on

hand from the Net Revenues sufficient funds to pay the same shall be promptly paid when due out of the general fund of the City or out of any other funds that may be available for such purpose, including, without limitation, any proceeds of General Taxes. For the purpose of repaying any moneys so paid from any such fund or funds (other than any moneys available without replacement for the payment of such Bond Requirements on other than a temporary basis), and for the purpose of creating funds for the payment of the Bond Requirements, there are hereby created two separate accounts designated as the “Carson City, Nevada, General Obligation (Limited Tax) Sewer Bond (Additionally Secured by Pledged Revenues), Series 2015A Interest Account” (the “Interest Account”) and the “Carson City, Nevada, General Obligation (Limited Tax) Sewer Bond (Additionally Secured by Pledged Revenues), Series 2015A Principal Account” (the “Principal Account”) (the Interest Account and the Principal Account collectively, the “Bond Fund”). Pursuant to NRS 350.592 and 350.594, there shall be duly levied immediately after the issuance of the Bond and annually thereafter, until all of the Bond Requirements shall have been fully paid, satisfied and discharged, a General Tax on all property, both real and personal, subject to taxation within the boundaries of the City fully sufficient together with the revenue which will result from the application of the rate to the net proceeds of minerals to reimburse such fund for any such amounts temporarily advanced to pay such initial installments of principal and interest, and to pay the interest on the Bond becoming due after such initial installment, and to pay, retire and redeem the Bond as they thereafter become due at maturity as herein provided, after there are made due allowances for probable delinquencies. The proceeds of such annual levies shall be duly credited to such separate accounts for the payment of such Bond Requirements. In the preparation of the annual budget or appropriation resolution or ordinance for the City, the Board shall first make proper provisions through the levy of sufficient General Taxes for the payment of the interest on and the retirement of the principal of the bonded indebtedness of the City, including, without limitation, the Bond, subject to the limitation imposed by NRS 361.453 and Section 2, Article 10, State Constitution, and the amount of money necessary for this purpose shall be a first charge against all the revenues received by the City.

SECTION 29. **Priorities for Bonds.** As provided in NRS 361.463, in any year in which the total General Taxes levied against the property in the City by all overlapping units within the boundaries of the City exceeds the limitation imposed by NRS 361.453, or a lesser or greater amount fixed by the State Board of Examiners in any fiscal year, and it becomes necessary for that reason to reduce the levies made by any of those units, the reductions so made shall be in General Taxes levied by such unit or units (including, without limitation, the City and the State) for purposes other than the payment of their bonded indebtedness, including interest thereon. The General Taxes levied for the payment of such bonded indebtedness and the interest thereon shall always enjoy a priority over General Taxes levied by each such unit (including, without limitation, the City and the State) for all other purposes where reduction is necessary in order to comply with the limitation of NRS 361.453.

SECTION 30. **Correlation of Levies.** Such General Taxes shall be levied and collected in the same manner and at the same time as other taxes are levied and collected, and the proceeds thereof for the Bond shall be kept in the Principal Account and in the Interest Account, which accounts shall be used for no other purpose than the payment of principal and interest, respectively, as the same fall due.

SECTION 31. **Use of General Fund.** Any sums becoming due on the Bond at any time when there are not on hand from such General Taxes (and any other available moneys) sufficient funds to pay the same shall be promptly paid when due from the general fund of the City, reimbursement to be made for such general fund in the sums so advanced when the General Taxes herein provided for have been collected, pursuant to NRS 350.596.

SECTION 32. **Use of Other Funds.** Nothing in this Ordinance prevents the City from applying any funds (other than General Taxes but including Net Revenues) that may be available for that purpose to the payment of the Bond Requirements as the same, respectively, fall due, and upon such payments, the levy or levies herein provided may thereupon to that extent be diminished, pursuant to NRS 350.598.

SECTION 33. **Legislative Duties.** In accordance with NRS 350.592, it shall be the duty of the Board annually, at the time and in the manner provided by law for levying other General Taxes of the City, if such action shall be necessary to effectuate the provisions of this

Ordinance, to ratify and carry out the provisions hereof with reference to the levy and collection of General Taxes; and the Board shall require the officers of the City to levy, extend and collect such General Taxes in the manner provided by law for the purpose of creating funds for the payment of the principal of the Bond and the interest thereon. Such General Taxes when collected shall be kept for and applied only to the payment of the principal of and the interest on the Bond as hereinbefore specified.

SECTION 34. **Appropriation of General Taxes.** In accordance with NRS 350.602, there is hereby specially appropriated the proceeds of such General Taxes to the payment of such principal of and interest on the Bond; and such appropriations will not be repealed nor the General Taxes postponed or diminished (except as herein otherwise expressly provided) until the Bond Requirements of the Bond have been wholly paid.

SECTION 35. **Pledge of Net Revenues.** Subject only to the provisions of this Ordinance permitting the application thereof for or to the purposes and on the terms and conditions set forth herein, there are hereby additionally pledged to secure the payment of principal of and interest on the Bond in accordance with its terms and the provisions of this Ordinance, all of the Net Revenues of the Utility System. This pledge shall be valid and binding from and after the date of the delivery to the State of the Bond; and the Net Revenues as received by the City shall immediately be subject to the lien of this pledge without any physical delivery thereof, any filing or further act; and the lien of this pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the City (except as herein otherwise provided) irrespective of whether such parties have notice thereof. The lien of this pledge and the obligation to perform the contractual provisions hereby made shall be subordinate and junior to the lien thereon of any Superior Securities hereafter issued but shall have priority over any and all other obligations and liabilities of the City payable from the Net Revenues, except as herein otherwise provided. The lien of this pledge for the Bond is on a parity with the pledge of the Net Revenues for the Parity Securities, the Bond and any other Parity Securities hereafter issued, and shall be equally and ratably secured by the pledge of Net Revenues and are not entitled to any priority one over the other in the application of the Net Revenues.

SECTION 36. **Revenue Fund.** So long as the Bond shall be Outstanding, the entire Gross Revenues, upon their receipt from time to time by the City, shall be set aside and credited immediately to a separate account hereby created in the treasury of the City and designated as the “Carson City Utility System Gross Revenues Fund” (the “Revenue Fund”). So long as the Bond shall be Outstanding, the Revenue Fund shall be administered and the moneys on deposit therein shall be applied in the order of priority specified in Sections 37 through 42.

SECTION 37. **Operation and Maintenance Fund.** First, from time to time there shall be transferred and credited to a separate account heretofore created in the treasury of the City and continued hereby and designated as the “Carson City Utility System Operation and Maintenance Fund” (the “Operation and Maintenance Fund”) moneys sufficient to pay Operation and Maintenance Expenses, as budgeted and approved in accordance with law, as such expenses become due and payable, and thereupon they shall be promptly paid. Any surplus remaining in the Operation and Maintenance Fund at the end of the Fiscal Year of the City and not needed for Operation and Maintenance Expenses shall be transferred to the Revenue Fund.

SECTION 38. **Superior Securities.** Second, from any moneys thereafter remaining in the Revenue Fund, i.e., from the Net Revenues, there shall be transferred and credited to the funds and accounts established for the Superior Securities such transfers and credits as are required by the bond ordinances authorizing the Superior Securities prior to the application of Net Revenues for securities that are subordinate to the Superior Securities.

SECTION 39. **Bond Fund.** Third, from any moneys thereafter remaining in the Revenue Fund, and concurrent with transfers to any bond funds created with respect to any Parity Securities, there shall be transferred and credited to the Bond Fund the following transfers:

A. Monthly, commencing on the first day of the month immediately succeeding the delivery date of the Bond, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next maturing installment of interest on the Outstanding Bond, and monthly thereafter, commencing on such interest payment date, one-sixth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source,

to pay the next maturing installment of interest on the Outstanding Bond, except to the extent any other moneys are available therefor.

B. Monthly, commencing the first day of the month immediately succeeding the delivery date of the Bond, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next maturing installment of principal of the Outstanding Bond and monthly thereafter, commencing on such principal payment date, one-sixth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next maturing installment of principal of the Outstanding Bond, except to the extent any other moneys are available therefor.

The money credited to the Bond Fund shall be used to pay the Bond Requirements of the Bond as such Bond Requirements become due.

SECTION 40. **Payment of Rebate Accounts.** Fourth, after the aforementioned deposits, there shall be transferred and credited to a special and separate account hereby created and designated as the “Carson City, General Obligation (Limited Tax) Sewer Bond (Additionally Secured by Pledged Revenues), Series 2015A, Rebate Account” (the “Rebate Account”) and to the funds or accounts established for payment of amounts due the United States under Section 148(f) of the Tax Code in connection with any Outstanding Parity Securities in such amounts as are required to be deposited therein to meet the City’s obligations under the covenant contained in Section 55 hereof, in accordance with Section 148(f) of the Tax Code and the covenants contained in the respective bond ordinances authorizing the issuance of the Outstanding Parity Securities.

SECTION 41. **Payment of Subordinate Securities.** Fifth, any moneys thereafter remaining in the Revenue Fund may be used by the City for the payment of the principal of and interest on Subordinate Securities and may be used to create reasonable reserves for such securities.

SECTION 42. **Surplus Revenues.** Sixth, any moneys thereafter remaining in the Revenue Fund may be used by the City at the end of any Fiscal Year of the City, or whenever there shall have been credited all amounts required to be deposited in the respective foregoing

separate accounts for all of that Fiscal Year, for any lawful purposes of the City, as the Board may from time to time determine, including, without limitation, for the creation of operation and maintenance reserves and capital reserves, the payment of capital costs and major maintenance costs of the Utility System, to pay any other obligations pertaining to the Utility System or otherwise.

SECTION 43. **Termination of Deposits.** No payment need be made into the Bond Fund if the amounts in that fund total a sum at least equal to the entire amount of the Outstanding Bond as to all Bond Requirements to its respective maturities both accrued and not accrued, in which case moneys in such fund in an amount, except for any interest or other gain to accrue from any investment of moneys in Federal Securities from the time of any such investment to the time or respective times the proceeds of any such investment or deposit shall be needed for such payment, at least equal to such Bond Requirements, shall be used, together with any such gain from such investments, solely to pay such Bond Requirements as the same become due.

SECTION 44. **Equal Security.** The Bond and any Parity Securities from time to time Outstanding shall be equally and ratably secured by the pledge of Net Revenues hereunder and shall not be entitled to any priority one over the other in the application of the Net Revenues regardless of the time or times of the issuance of the Bond and any such Parity Securities.

SECTION 45. **Defraying Delinquencies.** If at any time the City shall for any reason fail to pay into the Bond Fund the full amount above stipulated from the Net Revenues, then an amount shall be paid into the Bond Fund at such time equal to the difference between that paid from the Net Revenues and the full amount so stipulated. If Parity Securities are Outstanding, and if the proceedings authorizing issuance of those securities require the replacement of moneys in a bond fund, reserve account or rebate account therefor, then the moneys replaced in such funds shall be replaced on a pro rata basis related to the principal amount of the then Outstanding Bond and the then Outstanding Parity Securities, as moneys become available therefor, first into all of such bond and reserve accounts and second into all such rebate accounts.

SECTION 46. Conditions to Issuance of Superior Securities.

A. Nothing herein, except as expressly hereinafter provided, shall prevent the issuance by the City of securities payable from Net Revenues and constituting a lien thereon superior and senior to the lien thereon of the Bond and any Parity Securities, provided, however, that the following are express conditions to the authorization and issuance of any such Superior Securities:

(1) The 1995 Bonds and the 1998 Bonds shall all no longer be Outstanding.

(2) At the time of adoption of the instrument authorizing the issuance of the additional Superior Securities, the City shall not be in default in the payment of the principal of or interest on the Bond.

(3) The Pledged Revenues (subject to adjustments as hereinafter provided) projected by the Finance Director, the City Engineer or an independent accountant or consulting engineer to be derived in the later of (a) the Fiscal Year immediately following the Fiscal Year in which the facilities to be financed with the proceeds of the additional Superior Securities are projected to be completed or (b) the first Fiscal Year for which no interest has been capitalized for the payment of any Superior Securities, including the Superior Securities proposed to be issued, will be sufficient to pay at least an amount equal to the Bond Requirements (to be paid during that Fiscal Year) of the Outstanding Bond any Outstanding Superior Securities and the Superior Securities proposed to be issued (excluding any reserves therefor).

(4) The Superior Securities proposed to be issued shall not be issued as general obligations but shall be issued solely as special obligations secured by and payable from the Net Revenues of the Utility System.

(5) The City shall not issue any additional securities payable from the revenues of the City's Drainage System on a parity with the lien thereon of the 2005B Drainage Bonds; except, the City may refund any portion of the Outstanding 2005B Drainage Bonds with refunding bonds, so long as such refunding bonds do not extend the final maturity date of the 2005B Drainage Bonds.

B. In any determination of whether or not additional Superior Securities may be issued in accordance with the foregoing earnings test, consideration shall be given to any probable estimated increase or reduction in Operation and Maintenance Expenses that will result from the expenditure of the funds proposed to be derived from the issuance and sale of the additional Superior Securities.

C. In any determination of whether or not additional Superior Securities may be issued in accordance with the foregoing earnings test, the respective annual principal (or redemption price) and interest requirements shall be reduced to the extent such requirements are scheduled to be paid with moneys held in trust or in escrow for that purpose by any Trust Bank, including the known minimum yield from any investment in Federal Securities.

D. A written certificate or written opinion by the Finance Director, the City Engineer, or an independent accountant or consulting engineer that the foregoing earnings test is met shall be conclusively presumed to be accurate in determining the right of the City to authorize, issue, sell and deliver additional Superior Securities.

E. In connection with the authorization of any such additional securities the Board may on behalf of the City adopt any additional covenants or agreements with the holders of such additional securities; provided, however, that no such covenant or agreement may be in conflict with the covenants and agreements of the City herein and no such covenant or agreement may be materially adverse to the interests of the holders of the Bond. Any finding of the Board to the effect that the foregoing requirements are met shall, if made in good faith, conclusively establish that the foregoing requirements have been met for purposes of this Ordinance.

SECTION 47. Conditions to Issuance of Additional Parity Securities.

A. Nothing herein, except as expressly hereinafter provided, shall prevent the issuance by the City of additional securities payable from Net Revenues and constituting a lien thereon on a parity with the lien thereon of the Bond, provided, however, that the following are express conditions to the authorization and issuance of any such Parity Securities:

(1) At the time of adoption of the instrument authorizing the issuance of the additional Parity Securities, the City shall not be in default in the payment of the principal of or interest on the Bond.

(2) The Pledged Revenues (subject to adjustments as hereinafter provided) projected by the Finance Director, City Engineer or an independent accountant or consulting engineer to be derived in the later of (a) the Fiscal Year immediately following the Fiscal Year in which the facilities to be financed with the proceeds of the additional Parity Securities are projected to be completed or (b) the first Fiscal Year for which no interest has been capitalized for the payment of any Parity Securities, including the Parity Securities proposed to be issued, will be sufficient to pay at least an amount equal to the Bond Requirements (to be paid during that Fiscal Year) of the Outstanding Bond, any Outstanding Superior Securities, any Outstanding Parity Securities and the Parity Securities proposed to be issued (excluding any reserves therefor).

B. In any determination of whether or not additional Parity Securities may be issued in accordance with the foregoing earnings test, consideration shall be given to any probable estimated increase or reduction in Operation and Maintenance Expenses that will result from the expenditure of the funds proposed to be derived from the issuance and sale of the additional Parity Securities.

C. In any determination of whether or not additional Parity Securities may be issued in accordance with the foregoing earnings test, the respective annual principal (or redemption price) and interest requirements shall be reduced to the extent such requirements are scheduled to be paid with moneys held in trust or in escrow for that purpose by any Trust Bank, including the known minimum yield from any investment in Federal Securities.

D. A written certificate or written opinion by the Finance Director, the City Engineer, or an independent accountant or consulting engineer that the foregoing earnings test is met shall be conclusively presumed to be accurate in determining the right of the City to authorize, issue, sell and deliver additional Parity Securities.

E. In connection with the authorization of any such additional securities the Board may on behalf of the City adopt any additional covenants or agreements

with the holders of such additional securities; provided, however, that no such covenant or agreement may be in conflict with the covenants and agreements of the City herein and no such covenant or agreement may be materially adverse to the interests of the holder of the Bond. Any finding of the Board to the effect that the foregoing requirements are met shall, if made in good faith, conclusively establish that the foregoing requirements have been met for purposes of this Ordinance.

SECTION 48. **Subordinate Securities.** Nothing herein, except as expressly hereinafter provided, shall prevent the City from issuing additional securities payable from Net Revenues and constituting a lien thereon subordinate to the lien thereon of the Bond and any Outstanding Parity Securities.

SECTION 49. **Issuance of Refunding Bonds.**

A. At any time after the Bond is issued and remains Outstanding, if the City shall find it desirable to refund any portion of the Outstanding Bond, any Outstanding Superior Securities, any Outstanding Parity Securities, or any Outstanding Subordinate Securities, such Bond or other securities, or any part thereof, may be refunded only if the Bond or other securities at the time or times of their required surrender for payment shall then mature or shall be then callable for prior redemption for the purpose of refunding them at the City's option upon proper call, unless the owner or owners of all such Outstanding securities consent to such surrender and payment, regardless of whether the priority of the lien for the payment of the refunding securities on the Net Revenues is changed. Bonds or other securities issued to refund Outstanding Superior Securities may be issued as Superior Securities provided such bonds or other securities (1) are issued in compliance with Section 46 hereof or (2) are issued in compliance with subsection (C)(1) of this Section 49 and are issued solely as special obligations secured by and payable from the Net Revenues of the Utility System. Except as provided in the immediately preceding sentence, and notwithstanding subsection (C)(3) or any other provision of this Section 49, no refunding bonds or other refunding securities may be issued as Superior Securities.

B. Any refunding bonds or other refunding securities payable from any Net Revenues shall be issued with such details as the Board may by ordinance provide,

subject to the provisions of this Section but without any impairment of any contractual obligation imposed upon the City by any proceedings authorizing the issuance of any unrefunded portion of the Outstanding securities of any one or more issues (including, without limitation, the Bond).

C. If only a part of the Outstanding Bond and other Outstanding securities of any issue or issues payable from the Net Revenues is refunded, then such securities may not be refunded without the consent of the owner or owners of the unrefunded portion of such securities:

(1) Unless the refunding bonds or other refunding securities do not increase for any Bond Year the aggregate principal and interest requirements evidenced by the refunding securities and by the Outstanding securities not refunded on and before the last maturity date or last Redemption Date, if any, whichever is later, of the unrefunded securities, and unless the lien of any refunding bonds or other refunding securities on the Net Revenues is not raised to a higher priority than the lien thereon of the Bond or other securities thereby refunded; or

(2) Unless the lien on any Net Revenues for the payment of the refunding securities is subordinate to each such lien for the payment of any securities not refunded; or

(3) Unless the refunding bonds or other refunding securities are issued in compliance with Section 46 or 47 hereof.

SECTION 50. **Operation of the System.** The City shall at all times operate the Utility System properly and in a sound and economical manner and shall maintain, preserve and keep the Utility System, or cause the same to be maintained, preserved and kept, in good repair, working order and condition. The City also shall from time to time make or cause to be made all necessary and proper repairs, replacements and renewals so that at all times the operation of the Utility System may be properly and advantageously conducted in conformity with standards customarily followed by municipalities operating sanitary sewer systems and drainage systems of like size and character.

Except for the use of the Utility System or services pertaining thereto in the normal course of business, neither all nor a substantial part of the Utility System shall be sold,

leased, mortgaged, pledged, encumbered, alienated or otherwise disposed of until the Bond Requirements of the Bond have been paid in full, or unless provision has been made therefor as hereinafter provided.

SECTION 51. **Payment of Taxes, Etc.** The City shall pay or cause to be paid all taxes, assessments and other municipal or governmental charges, if any, lawfully levied or assessed upon or in respect of the Utility System or any part thereof, or upon any portion of the Gross Revenues, when the same shall become due. The City shall duly observe and comply with all valid requirements of any municipal or governmental authority relative to the Utility System or any part thereof, except for any period during which the validity of the same is being contested in good faith by proper legal proceedings. The City shall not create or suffer to be created any lien or charge on the Utility System or any part thereof, or upon the Gross Revenues, except the pledge and lien created by this Ordinance for the payment of the Bond and any Outstanding Superior Securities, Parity Securities or Subordinate Securities issued in accordance herewith, and except as herein otherwise permitted. The City shall pay or cause to be discharged or shall make adequate provision to satisfy and to discharge within 60 days after the same shall become payable, all lawful claims and demands for labor, materials, supplies or other objects which, if unpaid, might by law become a lien upon the Utility System or any part thereof, or upon the Gross Revenues. Nothing herein contained requires the City to pay or cause to be discharged or to make provision for any such tax, assessment, lien, charge or demand before the time when payment thereon shall be due, or so long as the validity thereof shall be contested in good faith by appropriate legal proceedings.

SECTION 52. **No Competing Facilities.** The City shall neither construct nor permit to be constructed other facilities or structures to be operated by the City separate from the Utility System and competing for Gross Revenues otherwise available for the payment of the Bond or any other securities payable from Net Revenues; provided, however, that nothing herein contained shall impair the police powers of the City or otherwise cause the City to violate any applicable law.

SECTION 53. **Rate Covenant.** The City shall charge against users or against purchasers of services or commodities pertaining to the Utility System such fees, rates and other

charges as shall be sufficient to produce Gross Revenues annually which, together with any other funds available therefor, will be in each Fiscal Year of the City at least equal to the sum of:

A. an amount equal to the annual Operation and Maintenance Expenses for such Fiscal Year;

B an amount equal to the debt service due in such Fiscal Year on the then Outstanding Bond, any Outstanding Superior Securities, and any Outstanding Parity Securities; and

C. any other amounts payable from the Net Revenues and pertaining to the Utility System, including, without limitation, debt service on any Subordinate Securities and any other securities pertaining to the Utility System, operation and maintenance reserves, capital reserves and prior deficiencies pertaining to any account relating to Gross Revenues.

The foregoing rate covenant is subject to compliance by the City with any legislation of the United States, the State or other governmental body, or any regulation or other action taken by the United States of America, the State or any agency or political subdivision of the State pursuant to such legislation, in the exercise of the police power thereof for the public welfare, which legislation, regulation or action limits or otherwise inhibits the amounts of fees, rates and other charges collectible by the City for the use of or otherwise pertaining to, and all services rendered by, the Utility System.

Subject to the foregoing, the City shall cause all fees, rates and other charges pertaining to the Utility System to be collected as soon as reasonable and shall provide methods of collection and penalties to the end that the Gross Revenues shall be adequate to meet the requirements hereof.

SECTION 54. **Books of Record and Account**. So long as any installments of the Bond remain Outstanding, proper books of record and account shall be kept by the City, separate and apart from all other records and accounts, showing complete and correct entries of all transactions relating to the Utility System and to all moneys pertaining thereto, including, without limitation, the Gross Revenues.

SECTION 55. **Tax Covenant**. The City covenants for the benefit of the owners of the Bond that it will not take any action or omit to take any action with respect to the Bond,

the proceeds thereof, any other funds of the City or any facilities financed with the proceeds of the Bond if such action or omission (i) would cause the interest on the Bond to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Tax Code or (ii) would cause interest on the Bond to lose its exclusion from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code, except to the extent such interest is required to be included in the adjusted current earnings adjustment applicable to corporations under Section 56 of the Tax Code in calculating corporate alternative minimum taxable income. The foregoing covenant shall remain in full force and effect notwithstanding the payment in full or defeasance of the Bond until the date on which all obligations of the City in fulfilling the above covenant under the Tax Code have been met.

SECTION 56. **Defeasance**. When all Bond Requirements of the Bond have been duly paid, the pledge, the lien and all obligations hereunder as to that Bond shall thereby be discharged, and the Bond shall no longer be deemed to be Outstanding within the meaning of this Ordinance. There shall be deemed to be such due payment when the City has placed in escrow or in trust with a Trust Bank located within or without the State, an amount sufficient (including the known minimum yield available for such purpose from the Federal Securities in which such amount may be initially invested wholly or in part) to meet all Bond Requirements of the Bond, as the same become due to the final maturity of the Bond, or upon any Redemption Date as of which the State Treasurer shall have consented to and the City shall have exercised or shall have obligated itself to exercise its prior redemption option by a call of the Bond for payment. The Federal Securities shall become due before the respective times on which the proceeds thereof shall be needed, in accordance with a schedule established and agreed upon between the City and the Trust Bank at the time of the creation of the escrow or trust, or the Federal Securities shall be subject to redemption at the option of the holder thereof to assure availability as needed to meet the schedule. For the purpose of this Section, "Federal Securities" shall include only Federal Securities which are not callable for redemption prior to their maturities except at the option of the owner thereof. When such defeasance is accomplished the Paying Agent shall mail written notice of the defeasance to the State Treasurer or any other

registered owners of the Bond at the addresses last shown on the registration records for the Bond maintained by the Registrar.

SECTION 57. Amendments. This Ordinance may be amended or supplemented by instruments adopted by the City, without receipt by the City of any additional consideration, but with the written consent of the State Treasurer at the time of the adoption of the amendatory or supplemental instrument. No such instrument shall permit:

A. A change in the maturity or in the terms of redemption of the principal or any installment thereof of any Outstanding Bond or any installment of interest thereon, without the consent of the State Treasurer;

B. A reduction in the principal amount of any Bond or in the rate of interest thereon, without the consent of the State Treasurer; or

C. A reduction of the principal amount or percentages or otherwise affecting the description of the Bond the consent of the State Treasurer of which is required for any modification or amendment; or

D. The establishment of priorities as between the Bond issued and Outstanding under the provisions of this Ordinance; or

E. The modification of, or other action which materially and prejudicially affects the rights or privileges of the State.

Whenever the City proposes to amend or modify this Ordinance under the provisions hereof, it shall cause notice of the proposed amendment to be mailed within 30 days to the State Treasurer. The notice shall briefly set forth the nature of the proposed amendment and shall state that a copy of the proposed amendatory instrument is on file in the office of the City Clerk for public inspection.

Whenever at any time within one year from the date of such notice there shall be filed in the office of the City Clerk an instrument or instruments executed by the State Treasurer, which instrument or instruments shall refer to the proposed amendatory instrument described in the notice and shall specifically consent to and approve the adoption of the instrument; thereupon, but not otherwise, the Board may adopt the amendatory instrument and the instrument

shall become effective. Any consent given by the State Treasurer pursuant to the provisions hereof shall be irrevocable.

Any Bond authenticated and delivered after the effective date of any action taken as provided in this Section may bear a notation by endorsement or otherwise in a form approved by the City as to the action; and if any Bond so authenticated and delivered shall bear such notation, then upon demand of the State Treasurer at such effective date and upon presentation of his or her Bond, suitable notation shall be made on the Bond as to any such action. If the City so determines, a new Bond so modified as in the opinion of the City to conform to such action shall be prepared, registered and delivered; and upon demand of the owner of any Bond then Outstanding, shall be exchanged without cost to the owner for the Bond then Outstanding upon surrender of such Bond.
