

STAFF REPORT

Report To: Redevelopment Authority

Meeting Date: June 1, 2017

Staff Contact: Lee Plemel, Community Development Director

Agenda Title: For Possible Action: To amend the Carson City Redevelopment Authority Policies and Procedures, Section 3.2, Financial Assistance for Special Events, by amending subsection 3.21, Application Process, to remove the specific requirement to allocate 40 percent of special event funding to arts and culture events and allow allocation of funding for arts and culture events as independently determined by the annual Redevelopment budget. (Lee Plemel, lplemel@carson.org)

Staff Summary: The Redevelopment Authority Policies and Procedures were amended in April 2015 to allocate a specific percentage (40%) of special event funding to "arts and culture" events. The proposed amendment would remove the specific percentage amount and allow the Redevelopment Authority to authorize funding on an annual basis for arts and culture events without specifying the percentage of special event funds. During discussion regarding the FY 2018 budget, the Board of Supervisors adopted an informal policy to annually fund arts and culture events at a fixed rate of \$25,000 per year.

Agenda Action: Formal Action/Motion

Time Requested: 10 minutes

Proposed Motion

I move to amend the Carson City Redevelopment Authority Policies and Procedures, Section 3.2, Financial Assistance for Special Events, by amending subsection 3.21, Application Process, to remove the specific requirement to allocate 40 percent of special event funding to arts and culture events and allow allocation of funding for arts and culture events as independently determined by the annual Redevelopment budget.

Board's Strategic Goal

Economic Development

Previous Action

The Redevelopment Authority Citizens Committee (RACC) recommended approval of the proposed amendment on May 1, 2017, by a vote of 5-0 (2 absent).

Background/Issues & Analysis

The Redevelopment Authority Policies and Procedures ("Policies") was amended in April 2015 to add a policy specific to funding for "arts and culture" special events. The amendment provided for funding for arts and culture special events as a percentage of overall Redevelopment special event funding.

During the same time period as this prior amendment to the Policies, the RACC and Redevelopment Authority also adopted an informal policy (through the Redevelopment Allocation Plan) to reduce special event Redevelopment funding each year to eventually phase out special event funding. However, during initial FY (Fiscal Year) 2017-18 budget discussions at a Redevelopment Authority meeting where the Redevelopment Allocation Plan was being discussed, the Authority voted to keep arts and culture special event funding constant (at \$25,000 per year) while continuing to reduce funding for other special events, and directed staff to

amend the Policies, as necessary. (Staff note: The reduction in direct funding for other Redevelopment special events is being replaced with more general support for event infrastructure.)

In accordance with the direction from the Redevelopment Authority, the RACC recommends modifying the applicable section of the Redevelopment Authority Policies and Procedures, Section 3.21, as noted in applicable part as follows:

Upon submittal of an application to the Redevelopment office, the Director or designee shall determine if the application is for an Arts and Culture special event or other Redevelopment special event. Arts and Culture special events shall be reviewed by the Cultural Commission for a recommendation to the Redevelopment Authority, and all other Redevelopment special event permits shall be reviewed by the Redevelopment Authority Citizens Committee for a recommendation to the Redevelopment Authority. Arts and Culture special events include performing arts, visual arts, and literary arts, and are generally events such as:

- (a) Theatrical productions;*
- (b) Music festivals or music event series involving coordination among multiple event sites or organized through an arts organization;*
- (c) Art displays; or*
- (d) Other events deemed to be Arts and Culture events as determined by the Director.*

It is the policy of the Redevelopment Authority to allocate ~~40% of the total amount of Redevelopment Special Event funding, as determined in the annual Redevelopment budget,~~ to Arts and Culture special events as determined in the annual Redevelopment budget, which may be independent from funding allocations for other special events.

The initial intent of the policy was to provide for consistent funding for arts and culture special events in Carson City. The revised policy follows this initial intent while acknowledging the shift in other special event funding priorities, and also gives the Redevelopment Authority more flexibility in determining the amount of funds allocated to all special events each year.

REDEVELOPMENT AUTHORITY POLICIES AND PROCEDURES

FOREWORD

Nevada state law regarding Redevelopment of Communities is set forth in Nevada Revised Statute (NRS) Chapter 279. In 1984, pursuant to NRS 279.428, the Carson City Board of Supervisors declared that there was a need for a redevelopment agency to function in Carson City, and the Board of Supervisors established the Carson City Redevelopment Authority in Ordinance No. 1986-10. The Carson City Redevelopment Authority is a public body, corporate and politic of Carson City. The Carson City Redevelopment Authority may transact any business or exercise any powers set forth in NRS 279.382 to 279.685, inclusive.

In an effort to perpetuate the redevelopment of Carson City, the Carson City Redevelopment Authority has approved and published Policies and Procedures for the Carson City Redevelopment Authority. The policies and procedures are intended as guidelines for the fair administration of the Carson City Redevelopment Authority funds and the projects under the jurisdiction of the Carson City Redevelopment Authority.

It is expected that as the state law changes or as circumstances change in the Carson City Redevelopment District, the policies and procedures will also change to reflect the declarations of state policy regarding redevelopment of communities. These Redevelopment Authority Policies and Procedures replace and supersede the Policies and Procedures adopted on May 7, 2009.

Adopted by the Carson City Redevelopment Authority on December 1, 2011.

TITLE 1.0
ORGANIZATION

Section 1.1 General

Chapter 279 of the Nevada Revised Statutes provides that a city council, board of county commissioners or other legislative body of the community may create a public body, corporate and politic known as the redevelopment agency of the community. In 1984, the Carson City Board of Supervisors declared that there was a need for a redevelopment agency to function within the jurisdictional limits of Carson City, and the Board adopted Ordinance No. 1986-10, a resolution creating the Carson City Redevelopment Authority.

Section 1.2 Composition of the Redevelopment Authority

The Carson City Board of Supervisors declared itself the Carson City Redevelopment Authority. Therefore, the Carson City Redevelopment Authority is composed of the five (5) members of the Carson City Board of Supervisors.

The Board of Supervisors selects the Chairperson and Vice Chairperson, who serve 2 year terms. The Chairperson and Vice Chairperson are selected by the Board of Supervisors at the first meeting in January.

Section 1.3 Responsibility

The Redevelopment Authority is responsible for redeveloping those areas designated by the Authority for redevelopment due to blight.

The Carson City Redevelopment Authority has designated two areas as being “blighted”, the Downtown Carson City Redevelopment Area and the South Carson Street Redevelopment Area. See Ordinance No.1986-10 and Ordinance No. 2004-17.

The Carson City Board of Supervisors has adopted two plans to redevelop the Downtown and South Carson Street areas. See Ordinance No. 1986-10 and Ordinance No. 2004-17. The Carson City Redevelopment Authority is responsible for carrying out the plans adopted by the Board of Supervisors. The Redevelopment Authority may not take any action that will constitute a material deviation from the plans.

Section 1.4 Interest in Property Included in Redevelopment Area Forbidden; Disclosure of Interest; Exception

1. Except as provided in subsection 2, no officer or employee of the Carson City Redevelopment Authority or of Carson City who in the course of his duties is required to participate in the formulation of or to approve plans or policies for the redevelopment of a redevelopment area may acquire any interest in any property included within a redevelopment area within Carson City. If any officer or employee owns, purchases or has or acquires any direct or indirect financial interest in such property, he shall immediately make a written disclosure of it to the Redevelopment Authority and the Carson City Board of Supervisors which must be entered on their minutes. Failure to disclose constitutes misconduct in office.
2. Such an officer or employee may purchase or acquire property in the redevelopment area if he uses it for his residence.

Section 1.5 Redevelopment Authority's Powers

The Redevelopment Authority may:

1. Sue and be sued.
2. Have a seal.
3. Make and execute contracts and other instruments necessary or convenient to the exercise of its powers.
4. Make, amend and repeal bylaws and regulations not inconsistent with, and to carry into effect, the powers and purposes of NRS 279.382 to 279.685, inclusive.
5. Obtain, hire, purchase or rent office space, equipment, supplies, insurance and services.
6. Authorize and pay the travel expenses of Redevelopment Authority members, officers, agents, counsel and employees on Redevelopment Authority business.

The Redevelopment Authority exercises governmental functions and has the powers prescribed in NRS 279.382 to NRS 279.685, inclusive.

Section 1.6 Duties of Redevelopment Authority

The Redevelopment Authority may:

1. Prepare plans for the improvement, rehabilitation and redevelopment of blighted areas.
2. Disseminate redevelopment information.
3. Accept financial or other assistance from any public or private source, for the agency's activities, powers and duties, and expend any funds so received for any of the purposes of NRS 279.382 to 279.685, inclusive.

4. For each neighborhood within the redevelopment area, create a residential plan for the neighborhood or appoint an advisory council for redevelopment and delegate the authority to create the residential plan to the advisory council. A residential plan created by an advisory council must be approved by the agency, and each residential plan created pursuant to this subsection must include a financing plan.

5. Include in its budget all money received from any source, including, without limitation, money received from Carson City for use by an advisory council in carrying out a residential plan approved by the Redevelopment Authority.

Section 1.7 Organization of the Office of Redevelopment

The Office of Redevelopment provides administrative assistance to the Redevelopment Authority. It is composed of the Carson City, City Manager, the Redevelopment Authority Director and any other staff deemed necessary by the City Manager. The Redevelopment Director is responsible for reporting to the City Manager.

The Redevelopment Authority shall have access to the services and facilities of the planning commission, the city engineer and other departments and offices of Carson City.

The Redevelopment Authority may select, appoint and employ such permanent and temporary officers, agents, counsel and employees as it requires, and determine their qualifications, duties, benefits and compensation, subject only to the conditions and restrictions imposed by the Carson City Board of Supervisors on the expenditure and encumbrance of the funds appropriated to the administrative fund.

Section 1.8 Meetings

The Redevelopment Authority will meet at the request of the City Manager, Redevelopment Authority Director or any Redevelopment Authority member. A quorum consists of a majority of all the members of the Redevelopment Authority. The Authority is comprised of elected officials. Therefore, in order for the Authority to take action, there must be a vote of at least three members in favor of the action to be taken, even if only three members are present at the meeting. See NRS 241.015.

The Redevelopment Authority will utilize a prepared agenda. Items for discussion or action must be submitted to the City Manager by the Redevelopment Authority Director, no later than 14 calendar days before the meeting date. The City Manager may waive the 14day requirement upon good cause shown by the Redevelopment Authority.

Section 1.9 Advisory Committees

1. The Carson City Redevelopment Authority may create advisory committees as it deems appropriate.
2. Advisory committees are responsible for making recommendations to the Redevelopment Authority regarding incentives that may be given to property owners to assist in the redevelopment of their property in accordance with the applicable redevelopment plan.
3. Advisory committees are responsible for making recommendations to the Redevelopment Authority regarding redevelopment activities associated with advisory committee's particular redevelopment area.
4. The Redevelopment Authority Director is responsible for providing administrative assistance to both advisory committees, and must attend all meetings of the committees.

TITLE 2.0
REDEVELOPMENT PLANS

Section 2.1 Designation of Areas for Redevelopment

The Carson City Board of Supervisors is responsible for designating areas of Carson City for evaluation to determine if a redevelopment project within the area is feasible.

Any person may, in writing, request an evaluation of an area within Carson City for a determination of whether or not the area is feasible for a redevelopment project. Such request should be submitted to the City Manager, who will prepare a resolution to be presented to the Board of Supervisors. The resolution designating the area for evaluation must contain: (1) a finding that the area requires study to determine if a redevelopment project within the area is feasible and (2) a description of the boundaries of the area designated.

Before a resolution is presented to the Board of Supervisors, the City Manager and the Redevelopment Authority Director must make a determination that the area requested to be designated as a redevelopment area meets the requirements set forth in NRS 279.519.

Upon approval of the resolution designating the area for evaluation, the Board of Supervisors must direct the Carson City Planning Commission to evaluate and formulate a preliminary plan for the redevelopment of the area. The Planning Commission has the authority to select one or more redevelopment areas comprising all or part of the area for evaluation, and formulate a preliminary plan for the redevelopment of each redevelopment area. The preliminary plan(s) must meet the requirements of NRS 279.526.

Upon completion of the preliminary plan(s), the Planning Commission shall submit the plan(s) to the Carson City Redevelopment Authority. The Authority must make an analysis of the preliminary plan(s) and include the analysis in its report to the Carson City Board of Supervisors. The Planning Commission and the Authority shall cooperate in the selection of redevelopment areas and in the preparation of the preliminary plans.

Following review of the preliminary plans by the Carson City Board of Supervisors, the Redevelopment Authority must adopt a final redevelopment plan for each redevelopment area. Prior to adoption of the final plan, the Redevelopment Authority must conduct at least one informational hearing on the plan.

The final plan must comply with the provisions of NRS 279.566, NRS 279.568, NRS 279.572, NRS 279.574, NRS 279.576, and NRS 279.598.

Once the Redevelopment Authority has adopted the final redevelopment plan, it must submit the plan to the Planning Commission for its report and recommendation. In

addition to its report and recommendation on the plan, the Planning Commission must make a finding that the redevelopment plan conforms to the Carson City Master Plan. The Planning Commission must make and file its report and recommendation to the Redevelopment Authority within 30 days after receiving the plan.

The Redevelopment Authority must formulate a report pursuant to NRS 279.578.

The Redevelopment Authority must then submit the redevelopment plan, the report and recommendation from the Planning Commission and the report from the Redevelopment Authority to the Carson City Board of Supervisors.

The Carson City Board of Supervisors shall consider the redevelopment plan submitted by the Redevelopment Authority and all evidence and testimony for or against the adoption of the plan at a public hearing, notice of which must be given by publication for not less than once a week for 4 successive weeks in a newspaper of general circulation published in Carson City. The notice must comply with the provisions of NRS 279.580.

If, at the hearing, the Carson City Board of Supervisors determines that certain land should be excluded from the Redevelopment Plan, the Board of Supervisors, prior to adoption of the Redevelopment Plan, may submit a proposal to the Planning Commission a proposal to exclude land from the proposed redevelopment area.

The Planning Commission must submit its report and recommendation to the Carson City Board of Supervisors within 30 days of receipt of the Board of Supervisors' proposal.

Following receipt of the Planning Commission's recommendation, the Board of Supervisors must hold a hearing to adopt the Redevelopment Plan. The Board of Supervisors is not required to follow the notice requirements set forth in NRS 279.580 again, but it must follow the notice requirements set forth in NRS Chapter 241. The Redevelopment Plan must be adopted by ordinance. Pursuant to the Carson City Charter, the ordinance must first be introduced before adopted.

The Board of Supervisors must make the findings set forth in NRS 279.586. If the Board of Supervisors does not receive the report and recommendation from the Planning Commission, it may proceed to exclude the land from the proposed redevelopment area.

If the Planning Commission recommended against approval of the redevelopment plan, the Board of Supervisors may adopt the plan by a two-thirds vote of its entire membership (4 of 5 members). If the Planning Commission recommends approval of the redevelopment plan, or fails to make any recommendation within the 30 day time period, the Board of Supervisors may adopt the plan by a majority vote of its entire membership.

The Board of Supervisor's decision regarding the redevelopment area is final and conclusive pursuant to NRS 279.589. Once the ordinance is filed, it shall be transmitted to the Redevelopment Authority, who is responsible for carrying out the plan. The Board of Supervisors is also responsible for following the recording provisions required by NRS 279.603.

Section 2.2 Material Deviation or Amendment of Redevelopment Plan

If the Redevelopment Authority desires to take an action that will constitute a material deviation from the Redevelopment Plan or determines that it would be necessary or desire able to amend the Redevelopment Plan, the Redevelopment Authority must make a recommendation to the Board of Supervisors. An amendment may include the addition of one or more areas to any redevelopment area.

"Material Deviation" means an action that, if taken, would alter significantly one or more of the aspects of a redevelopment plan that are required to be shown in the redevelopment plan pursuant to NRS 279.572. The term includes, without limitation, the vacation of a street that is depicted in the streets and highways plan of the master plan described in paragraph (p) of subsection 1 of NRS 278.160 which has been adopted for Carson City and the relocation of a public park. The term does not include the vacation of a street that is not depicted in the streets and highways plan of the master plan described in paragraph (p) of subsection 1 of NRS 278.160 which has been adopted for Carson City.

Before the Redevelopment Authority makes a recommendation to the Board of Supervisors that the Redevelopment Plan should be amended, the Redevelopment Authority must hold a public hearing. The public hearing must be conducted in accordance with NRS 279.608.

If the Redevelopment Authority recommends substantial changes to the redevelopment plan which affects the Carson City Master Plan, the Redevelopment Authority must submit the changes to the Carson City Planning Commission for its report and recommendation. The Planning Commission must give its report and recommendation to the Carson City Board of Supervisors within 30 days after receipt of the changes from the Redevelopment Authority.

The Board of Supervisors must be provided with the Redevelopment Authority's recommended changes and the report and recommendations of the Planning Commission. Upon receipt, the Board of Supervisors must hold a public hearing. Notice of the meeting must comply with the requirements of NRS 279.608(2) as well as NRS 241 et. seq..

If the Board of Supervisors determines at the hearing that the amendments in the redevelopment plan proposed by the Redevelopment Authority are necessary or

desirable, the Board of Supervisors shall hold another hearing for the adoption of an ordinance amending the ordinance adopting the plan.

Section 2.3 Limitations on Challenging the Validity of a Redevelopment Plan or Amendment to a Redevelopment Plan

Any challenges to a redevelopment plan or an amendment to a redevelopment plan may only be brought after the adoption of the plan or amendment or within 90 days after the date of adoption of the ordinance adopting or amending the plan.

TITLE 3.0
FINANCIAL INCENTIVES

Section 3.1 Financial Incentives for Value of Land or Cost of Construction

[Note: The Carson City Incentives Program for small, private redevelopment projects was suspended indefinitely by Resolution 2010-RA-R-3 in July 2010 and reaffirmed by Resolutions 2011-RA-R-3 and 2011-R-41. The policies and procedures of Section 3.1 are only applicable as determined by the Redevelopment Authority and Board of Supervisors.]

3.11 Financial Incentives to Carry Out Plans

The Redevelopment Authority may, with the consent of the Board of Supervisors, pay all or part of the value of the land for the construction of any building, facility structure or other improvement which is publicly or privately owned and located within or without the redevelopment area.

The Redevelopment Authority may, with the consent of the Board of Supervisors, pay all or part of the cost of construction of any building, facility structure or other improvement which is publicly or privately owned and located within or without the redevelopment area.

The Redevelopment Authority may, with the consent of the Board of Supervisors, pay all or part of the cost of the installation of any improvement which is publicly or privately owned and located within or without the redevelopment area.

3.12 Incentive Application Process

The Redevelopment Authority considers incentive applications on a quarterly basis. The deadline for filing an incentive application is April 1st, July 1st, October 1st and December 1st. All applications for incentive payments must be complete and must be submitted to the Redevelopment Authority Director prior to the application deadline in order for it to be considered for payment within that quarter.

If the incentive request is for a redevelopment project in or near a particular redevelopment area, the Director must place it on the redevelopment agenda of the advisory committee for that particular area no later than 30 days after the application deadline.

The advisory committee must review the application and make a recommendation to the Redevelopment Authority as to whether the incentive should be given and the amount of the incentive. In order to recommend that an incentive be given, the advisory committee must determine that: (1) The buildings, facilities, structures or other improvements are of benefit to the redevelopment area or the immediate neighborhood

in which the redevelopment area is located; and (2) No other reasonable means of financing those buildings, facilities, structures or other improvements are available.

If the advisory committee determines that an incentive should be given, it must make its recommendation to the Redevelopment Authority. If the advisory committee recommends that an incentive should not be given, the applicant has 10 days to file an appeal with the Redevelopment Authority.

The Redevelopment Authority must review any incentive recommendation as well as any appeal within 30 days after receipt from either the advisory committee or the applicant. In order to recommend that an incentive be given, the Redevelopment Authority must determine that: (1) The buildings, facilities, structures or other improvements are of benefit to the redevelopment area or the immediate neighborhood in which the redevelopment area is located; and (2) No other reasonable means of financing those buildings, facilities, structures or other improvements are available. If the Redevelopment Authority does not recommend the approval of the incentive application, the applicant cannot appeal the Redevelopment Authority's decision.

If, after determination by the Redevelopment Authority that an incentive should be given, it must submit the application request to the Board of Supervisors with its findings and the findings of the advisory committee, if any. The Board of Supervisors must consider the application within 30 days from receipt of the Redevelopment Authority. The Board of Supervisors may consent to the payment of the incentive if it determines that: (1) The buildings, facilities, structures or other improvements are of benefit to the redevelopment area or the immediate neighborhood in which the redevelopment area is located; and (2) No other reasonable means of financing those buildings, facilities, structures or other improvements are available. The consent of the Board of Supervisors must be made by a resolution of the Board of Supervisors consenting to the payment of incentive and authorizing the expenditure from the Revolving Fund for the Redevelopment Authority for the payment of the incentive. The resolution of the Board of Supervisors must be passed by the applicable number of votes required for an expenditure from the Revolving Fund as set forth in Section 6.4.

The determinations by the Redevelopment Authority and the Board of Supervisors are final and conclusive.

3.13 Materials to Be Submitted in Conjunction with Application for Financial Incentive

In order for the Redevelopment Authority to properly assess an application for a financial incentive and analyze conformance with the standards for granting a financial incentive, the applicant must submit to the Redevelopment Authority, at the time the application is submitted, the following materials:

- (a) A description of the proposed development.

- (b) A history of the development entity.
- (c) Resumes for all principals and key individuals in the development entity.
- (d) Organizational structure of the development entity including delineation of lines of responsibility.
- (e) Narrative description of the project.
- (f) Schematic drawings of a conceptual site plan.
- (g) Proof that the development entity controls the ownership of the property or a description of how the development entity intends to gain control of the ownership of the property.
- (h) A breakdown of the sources and use of funds for the construction of the project.
- (i) A pro-forma profit and loss statement for the project covering at least five (5) years.
- (j) Current financial statements including a balance sheet and profit and loss statement with explanations regarding the valuation of assets and recognition of revenues and expenses. Corresponding tax returns should also accompany the financial statements.
- (k) Identification of current banking relationships and major credit references.
- (l) Name, address and phone number of companies that have issued performance bonds on previous developments.
- (m) Demonstration of why Redevelopment Authority funds are required for the development. There must also be evidence provided that no other reasonable means of financing is available.
- (n) Explanation of how the project complies with the objectives of the Redevelopment Authority plan.
- (o) Description of how you intend to adhere to the employment plan if applicable.

3.14 Factors That Must Be Considered Prior to Awarding An Incentive

The advisory committee, the Redevelopment Authority and the Board of Supervisors must consider the following factors when determining whether or not an incentive application is of benefit to the redevelopment area or the immediate neighborhood in which the redevelopment area is located:

- (a) Whether the buildings, facilities, structures or other improvements are likely to:
 - (1) Encourage the creation of new business or other appropriate development;
 - (2) Create jobs or other business opportunities for nearby residents;
 - (3) Increase local revenues from desirable sources;
 - (4) Increase levels of human activity in the redevelopment area or the immediate neighborhood in which the redevelopment area is located;
 - (5) Possess attributes that are unique, either as to type of use or level of quality and design;

(6) Require for their construction, installation or operation the use of qualified and trained labor; and

(7) Demonstrate greater social or financial benefits to the community than would a similar set of buildings, facilities, structures or other improvements not paid for by the agency.

(b) The opinions of persons who reside in the redevelopment area or the immediate neighborhood in which the redevelopment area is located.

(c) Comparisons between the level of spending proposed by the agency and projections, made on a pro forma basis by the agency, of future revenues attributable to the buildings, facilities, structures or other improvements.

3.15 Prevailing Wage

If the Redevelopment Authority, with the consent of the Board of Supervisors, provides property for development at less than the fair market value of the property, or provides financial incentives to the developer with a value of more than \$100,000, the Redevelopment Authority must provide in the agreement with the developer that the development project is subject to the provisions of NRS 338.010 to 338.090, inclusive, to the same extent as if the Authority had awarded the contract for the project. This provision applies only to the project between the Redevelopment Authority and the Developer. It does not apply to future development of the property unless additional financial incentives with a value of more than \$100,000 are provided to the Developer.

3.16 Conditions on Lessees and Purchasers

When the Redevelopment Authority leases or sells property the following conditions may be placed on the property:

1. The lessee or purchaser must use the property for the purpose designated in the redevelopment plan.
2. The lessee or purchaser must begin redevelopment of the property within a period of time which the Redevelopment Authority believes is reasonable.
3. The lessee or purchaser must comply with any other condition the Redevelopment Authority deems necessary to carry out the purposes of NRS 279.382 to NRS 279.685, inclusive, including, without limitation, the provisions of an employment plan or a contract approved for a redevelopment project.

3.17 Employment Plan

As appropriate for a particular project, each proposal for a redevelopment project must include an employment plan. The employment plan must include:

1. A description of the existing opportunities for employment within the area;
2. A projection of the effect that the redevelopment project will have on opportunities for employment within the area; and
3. A description of the manner in which an employer relocating his business into the area plans to employ persons living within the area of operation who:
 - (a) Are economically disadvantaged;
 - (b) Have a physical disability;
 - (c) Are members of racial minorities;
 - (d) Are veterans; or
 - (e) Are women.

3.18 Deed of Trust or Lien to Secure Incentive Funding

If the Redevelopment Authority approves, with the consent of the Board of Supervisors, a financial incentive, the person to whom the financial incentive is paid shall agree to execute a Deed of Trust or other appropriate lien to secure the performance of the person to whom the financial incentive is paid. The Deed of Trust or other lien shall have the amount of the financial incentive as the principal amount secured by the Deed of Trust or other lien. The Deed of Trust or other lien shall provide that the principal amount secured will be reduced annually by equal amounts over a period of 7 years. Any financial incentive approved by the Redevelopment Authority, and consented to by the Board of Supervisors, shall not be paid until the appropriate Deed of Trust or other lien has been executed.

Section 3.2 Financial Assistance for Special Events

3.21 Financial Assistance for Special Events Application Process

The deadline for filing an application for financial assistance for a special event is April 15 each year. If excess funding is available after the initial application review process has been concluded, the Redevelopment Authority, at its sole discretion, may decide to entertain additional applications for financial assistance. All applications for financial assistance for a special event must be complete and must be submitted to the Redevelopment Authority Director prior to the application deadline. If an application is deemed to be incomplete it shall lose its eligibility for consideration.

Upon submittal of an application to the Redevelopment office, the Director or designee shall determine if the application is for an Arts and Culture special event or other Redevelopment special event. Arts and Culture special events shall be reviewed by the Cultural Commission for a recommendation to the Redevelopment Authority, and all other Redevelopment special event permits shall be reviewed by the Redevelopment Authority Citizens Committee for a recommendation to the Redevelopment Authority. Arts and Culture special events include performing arts, visual arts, and literary arts, and are generally events such as:

- (a) Theatrical productions;
- (b) Music festivals or music event series involving coordination among multiple event sites or organized through an arts organization;
