Addendum No. 1

The following questions have been received as of 6/29/2017. Responses are in italics.

1. Will you guys be providing a storage area for the tables and PC/Equipment that is to be removed and replaced back into service in the Computer room at the Senior Center?

A storage area for the tables and PC/Equipment has not been identified however there is space in the rooms along the north wall within the project area which may be suitable. The billiard room may be a suitable storage area.
