STAFF REPORT FOR THE PLANNING COMMISSION MEETING OF JULY 25, 2018

FILE NUMBER: AB-18-094

AGENDA ITEM: E.1

STAFF CONTACT: Kathe Green, Assistant Planner

AGENDA TITLE: To make a recommendation to the Board of Supervisors regarding an application from Carson City for abandonment of up to a 20-foot wide public ingress/egress easement from Ash Canyon Road to Wellington South, then north on Wellington West, turning west and ending at the southwest corner of lot 12 of Wellington Crescent Subdivision.

STAFF SUMMARY: The subject easement was recorded August 26, 1992 as document number 133478 in Carson City to create a non-exclusive easement to allow members of the public a means of ingress and egress to Ash Canyon. Per the recorded document, the easement was to be rescinded and revoked when an additional means of ingress and egress was dedicated that provides members of the public with an alternate access to Ash Canyon. This alternate access for the public was secured by Carson City, and was recorded August 26, 2003 under document 304501. Therefore, abandonment of the easement is proposed. It is noted the 50-foot private access, public utility easements(s) as well as the 20-foot public water easement are not being abandoned and will remain in effect. The abandonment is adjacent to Assessor's Parcel Numbers referenced in the Order of Abandonment.

PROPOSED MOTION: "I move to recommend that the Board of Supervisors approve AB-18-094, an abandonment of easement application, to allow an abandonment of up to a 20-foot wide public ingress/egress easement from Ash Canyon Road to Wellington South, then north on Wellington West, turning west and ending at the southwest corner of Lot 12 of Wellington Crescent Subdivision, adjacent to Assessor's Parcel Numbers referenced in the Order of Abandonment, based on seven findings and subject to the conditions of approval contained in the staff report."

RECOMMENDED CONDITIONS OF APPROVAL:

1. Prior to the recordation of said abandonment, the applicant shall be responsible for the submittal of all necessary legal documentation and title search materials as required by the Planning Division in order to fully complete the abandonment process.
2. The applicant must sign and return the Notice of Decision for conditions of approval within 10 days of receipt of notification. If the Notice of Decision is not signed and returned within 10 days, then the item may be rescheduled for the next Planning Commission meeting for further considerations (this Notice of Decision will be mailed to the applicant for signature after approval by the Board of Supervisors).
3. The area of abandonment totals approximately 22,608 square feet and is more particularly described in the Order of Abandonment and exhibits. This easement abandonment pertains to areas up to 20 feet wide, adjacent to Assessor's Parcel Numbers 007-371-05, 007-371-08, 007-371-09, 007-371-10, 007-371-12, 007-371-34, 007-371-35, 007-371-36, 007-371-37, 007-371-38, 007-371-60 and 007-371-61, and addressed as 2777 Wellington South, 1654 Wellington West, 1686 Wellington West, 1718 Wellington West, 1792 Wellington West, 2778 Wellington South, 1673 Wellington West, 1711 Wellington West, 1747 Wellington West, 1789 Wellington West, 1560 Wellington West and 1622 Wellington West.
4. Conditional approval for the requested abandonment shall expire four years after Board of Supervisors approval of the original application, unless an extension of time has been granted by the Board of Supervisors.

LEGAL REQUIREMENTS: Nevada Revised Statutes (NRS) 278.480 (Vacation or Abandonment of Streets, Easements or Maps; Reversion of Divided Land) and Carson City Municipal Code (CCMC) Title 17 Division of Land, Subdivision of Land, Chapter 17.15 Abandonment of Right-of-Way.

Adjacent MASTER PLAN DESIGNATION: Low Density Residential (LDR)

Adjacent ZONING: Single Family 1 Acre (SF1A)

KEY ISSUES: Will the City or public be materially injured by the approval of the abandonment of the ingress/egress easement?

SURROUNDING ZONING AND LAND USE INFORMATION:

NORTH: Single Family 1 Acre (SF1A)/Residences

SOUTH: Single Family 1 Acre (SF1A)/Residences

WEST: Single Family 1 Acre (SF1A)/Residences

EAST: Single Family 1 Acre (SF1A)/Residences

PREVIOUS REVIEWS: None

DISCUSSION:

This request is to allow the relinquishment of an ingress/egress easement granted by Canyon Properties in 1992, to allow members of the public a means of ingress and egress to Ash Canyon. The grant of easement included provisions that the easement would be rescinded and revoked by Carson City when an additional means of ingress and egress was dedicated, which would provide members of the public an alternative means of access to Ash Canyon. This alternative access was secured in 2003 and was recorded as Carson City Recorder's document number 304501. As a result of this alternative access, the original ingress/egress easement is no longer required. This request is to abandon the access easement pursuant to the original agreement.

The area of abandonment totals approximately 22,608 square feet and is more particularly described in the Order of Abandonment and exhibits. This easement abandonment pertains to areas up to 20 feet wide, adjacent to Assessor's Parcel Numbers 007-371-05, 007-371-08, 007-371-09, 007-371-10, 007-371-12, 007-371-34, 007-371-35, 007-371-36, 007-371-37, 007-371-38, 007-371-60 and 007-371-61, and addressed as 2777 Wellington South, 1654 Wellington West, 1686 Wellington West, 1718 Wellington West, 1792 Wellington West, 2778 Wellington South, 1673 Wellington West, 1711 Wellington West, 1747 Wellington West, 1789 Wellington West, 1560 Wellington West and 1622 Wellington West.

Pursuant to NRS 278.480 Vacation or Abandonment of a Street or Easement: If upon public hearing by the Board of Supervisors, the Board is satisfied that the public will not be materially injured by the proposed vacation it shall order the street or easement vacated.

With the recommended conditions of approval and if it is determined based on the findings of fact that the public will not be materially injured by the proposed vacation, it is recommended that the Planning Commission make a recommendation to the Board of Supervisors for approval of AB-18-094, subject to the recommended conditions of approval.

Carson City Public Works has provided detail regarding the Chain of Title as follows: The right-of-way was created pursuant to Document 133478, a grant of public easement for a 20-foot public access ingress/egress easement. There was no fee title right-of-way dedication, only a grant of easement. There is no record that the City ever paid for the grant of easement.

PUBLIC COMMENTS: A public notice was sent by certified mail to the 13 adjacent property owners per Nevada Revised States on June 29, 2018. At the writing of this report, there have been no comments received in opposition or support of the proposed abandonment.

CITY DEPARTMENT/OUTSIDE AGENCY COMMENTS: The following comments were received from City departments. Recommendations have been incorporated into the recommended conditions of approval, where applicable.

Building Department: No concerns

Engineering Division: Recommends APPROVAL of the proposed abandonment of the easement.

Fire Department: No concerns

Environmental Health: No concerns

RIGHT-OF-WAY ABANDONMENT FINDINGS: In accordance with Title 17.15.010, the staff recommendation is based upon the following findings, which are substantiated in the public record.

1. Will the abandonment result in material injury to the public?

The easement was created to provide public ingress/egress to Ash Canyon. A condition of the original document was that the easement would be relinquished when an alternative means of access was created. This access was created in 2003. Therefore, this easement is no longer needed. Property owners will not be damaged by this abandonment application, nor will the public be materially injured by the abandonment.

Per the information provided by Stephen Pottey of the Engineering Division, Carson City Public Works, as well as the Planning Division, the public will not be materially injured by the proposed abandonment

of the easement. There will be no landlocked parcels created as a result of the proposed abandonment. There are other easements in the vicinity of this easement which will not be relinquished. All other easements will remain in place.

2. What is the history regarding the street being dedicated or not?

The proposal is to relinquish the easement, not the street. The easement was created to provide public ingress/egress to Ash Canyon. There are no records indicating that the City ever paid for the easement. Since Carson City did not pay for the easement, it is staff's conclusion that no charge for the easement be required.

3. What should the reasonable consideration be if the street was not dedicated?

It has been determined by the Engineering Division that there are no indications that the City of Carson City ever paid for the easement in question. It is recommended that there be no charge.

4. If abandonment has a public benefit, how much of the public benefit should be offset against the determination of reasonable consideration?

No charge for this abandonment is recommended. Therefore, this item does not apply to this abandonment.

5. What is the applicability of the parking value analysis applied to this request?

The streets in Wellington Crescent Subdivision are a part of the adjacent residential parcels. No change is proposed to parking as a result of the abandonment of the easement. Property owners and guests may continue to park in same areas as are presently utilized. No impact to parking is anticipated as a result of an approval of the request to abandon this access ingress/egress easement. Approval of the abandonment will not result in any elimination or changes to existing parking.

6. Should utilities easements be reserved, continued or vacated?

No changes to any other existing utility or access easements in the area are being proposed. The Carson City Engineering Division has reviewed the submitted documents. The documents to relinquish this easement will need to be recorded if approved.

7. Are any conditions of approval by the Board of Supervisors or recommendations by the Planning Commission or staff included?

Staff has included within this staff report conditions of approval, which relate to the responsibilities of the applicant in the event this application is approved.

Dear Ms. Sullivan:

Please accept this letter as the project description and statement of justification for a request for abandonment of a 20-foot public ingress/egress easement on Wellington West per Document Number 133478. This easement was granted by Canyon Properties in 1992 to allow members of the public a means of ingress and egress to Ash Canyon. However, the grant of easement included provisions that the easement would be rescinded and revoked by the City when an additional means of ingress and egress were dedicated to provide members of the public with an alternative access to Ash Canyon.

An alternative access to Ash Canyon was subsequently secured in 2003 pursuant to Document Number 304501. However, the original access easement never abandoned. Therefore, this request will abandon the original access easement pursuant to the agreement.

The area to be abandoned totals approximately 22,608 square feet and is more particularly described in the attached exhibits.

Pursuant to Carson City Municipal Code 17.15.010, we have addressed the required findings below.

1. *Will the abandonment result in material injury to the public?*

Comment: Neither the adjacent property owners nor the public will be materially damaged by this abandonment. Alternative access to Ash Canyon for bicycles and pedestrians has been provided to the public has been constructed. Additionally, residential parcels have access through the 50-foot private access and public utility easement which is not being abandoned as a part of this request.

2. *What is the history regarding the street being dedicated or not?*

Comment: The right-of-way was created pursuant to Document 133478, a grant of public easement for a 20-foot public access ingress/egress easement. There was no fee title right-of-way dedication, only a grant of easement.

3. *What should the reasonable consideration be if the street was not dedicated?*

Comment: Since there are no records indicating that the City ever paid for the grant of easement, it is recommended that there be no cost to the adjacent property owners for gaining the abandoned right-of-way.

4. *If an abandonment has a public benefit, how much of the public benefit should be offset against the determination of reasonable consideration?*

Comment: No charge for the abandonment is recommended. Therefore, this item does not apply to this abandonment.

5. *What is the applicability of the parking value analysis applied to this request?*

Comment: The abandonment will not result in the elimination of on-street parking. The subject area is not currently used as a roadway or for parking area.

6. *Should utilities easements be reserved, continued, or vacated?*

Comment: The abandonment of the ingress/egress easement does not include the abandonment of any utility easements. There are separate easements for a 50-foot private access and public Utility easement along Wellington West which will remain. Additionally, there is a separate 20-foot public water main easement between APN 007-371-11 and 007-371-12 to remain.

7. *Are any conditions of approval by the board of supervisors or recommendations by the planning commission or staff included?*

Comment: There are no additional conditions from the Engineering Division.

If you have any questions, please contact me directly at (775) 283-7904. Thank you for your assistance with this matter.

Sincerely,

Stephanie A. Hicks, AICP, CFM
Real Property Manager
