Pete Livermore Sports Complex was named in honor of Peter L. Livermore. I don't recall anybody saying it should be called the Peter "Pete" Livermore Sports Complex. So it isn't clear to me why we're talking about renaming the Sierra Room the Robert "Bob" Crowell Board Room and the MAC the Robert "Bob" Crowell Multi-purpose Athletic Center in honor of Robert L. Crowell. If Pete Livermore could be remembered as Pete Livermore, why couldn't Bob Crowell be remembered as Bob Crowell?

Subject: water/sewer rates

Message submitted from the <Carson City> website.

Site Visitor Name: Lorretta Marcin

I'm responding to the water storm drain rates. The water rates are high enough in Carson. We have many seniors who are on fixed incomes. I work for the school district. We get 2% percent raise. I've worked for the district for over 2yrs. and I now just make over 17.00 an hour. My husband is on social security and then there's the supplement insurance you must have in case you get really sick. I can tell you there are many citizens who are not happy with these increases. What are the contractors expense when they put in new apartments, housing or offices? Our wages don't go up that much as the utilities do. Many people around town have let their lawns go. We have mandatory garage now, which is another expense some of us to make. People are really getting fed up with the water and sewage rates. The city wants to grow but at what price do the citizens have to make. People have asked why did we need a round about now down Carson St? People use Fairview more than Stewart. It just feels like when people become supervisors, their concern doesn't address the people who work in low paying jobs. This of course, is my view, but there are many of us who feel that same and can't make it to a meeting when it is held during the day. Please pass my comments to the other supervisors. Thank you.
