Staff Summary: If accepted, this grant funding will be used to update the Carson City Hazard Mitigation Plan from 2021 to 2026. Board's Strategic Goal

Safety

Previous Action

On December 19, 2019 the Board of Supervisors approved the submittal of this grant application.

Background/Issues & Analysis

The Hazard Mitigation Plan development and update is done in an attempt to reduce loss of life and property by lessening the impact of disasters. It is most effective when implemented under a comprehensive, long-term mitigation plan that is continuously updated. This plan, in essence, is to help Carson City engage in hazard mitigation planning by identifying risk and vulnerabilities associated with natural disasters, and developing long-term strategies for protecting people and property from future hazard events. This mitigation plan is key to breaking the cycle of disaster damage, reconstruction, and repeated damage. The development and subsequent 5 year updates to this Hazard Mitigation Plan enables Carson City to increase education and awareness around threats, hazards, and vulnerabilities; build partnerships for risk reduction involving government, organizations, businesses, and the public; identify long-term, broadly-supported strategies for risk reduction; align risk reduction with other state, tribal, and community objectives; identify implementation approaches that focus resources on the greatest risks and vulnerabilities; and communicate priorities to potential sources of funding.

The Carson City Hazard Mitigation Plan was first adopted in 2005 and updated in 2011 and 2016. This current grant will allow Carson City Fire to update the Hazard Mitigation Plan from 2021 to 2026.

Financial Information

Is there a fiscal impact? Yes

If yes, account name/number: Grant Fund - 2752505-501225 Grant Number to be determined. Match will likely be paid through in-kind City Labor, however, if needed may also be paid through a transfer from the General Fund to the Grant Fund.

Is it currently budgeted? No

Explanation of Fiscal Impact: The Hazard Mitigation Plan estimated cost is \$115,000. This grant covers 75% of the cost, \$86,250, and the City is responsible for \$28,750 (25% match); payment of which may run through fiscal year 2022. The match can be "in-kind" labor, however, if 100% of the match is not satisfied with in kind labor, a transfer from the General Fund may be necessary.

Alternatives

1. Choose not to accept the grant.
2. Pay the full price of \$115,000 to update the Hazard Mitigation Plan without grant funding.
3. Provide alternative direction to staff.
