

STAFF REPORT

Report To: Board of Supervisors

Meeting Date: August 5, 2021

Staff Contact: Carol Akers, Purchasing & Contracts Administrator and Jennifer Budge, Recreation Director

Agenda Title: For Possible Action: Discussion and possible action regarding purchases of equipment for the Carson City Department of Parks, Recreation and Open ("Parks Department"), utilizing cooperative purchasing agreements available through OMNIA Partners Public Sector ("OMNIA"), Sourcewell and National Cooperative Purchasing Alliance ("NCPA"), for a total not to exceed amount of \$387,607.26. (Carol Akers, cakers@carson.org and David Navarro, dnavarro@carson.org)

Staff Summary: Approval of this request would authorize the purchases of the equipment for the Parks Department as approved by the Capital Improvement Program for Fiscal Year ("FY") 2022. The purchase amounts with vendors exceed \$50,000 and therefore requires the Board of Supervisors' approval.

Agenda Action: Formal Action / Motion

Time Requested: 5 Minutes

Proposed Motion

I move to approve the purchases as presented.

Board's Strategic Goal

Efficient Government

Previous Action

N/A

Background/Issues & Analysis

The equipment fleet within the Parks Department is aging, singular use and becoming more costly to repair and maintain. Efforts to strategically update aging equipment as it depreciates and adding new equipment with versatility to perform multiple tasks is a priority for the Parks Department. This equipment represents essential and versatile components of the Parks Department's fleet. Current equipment that is slated to be replaced will either be salvaged for parts for other mowers or sent to auction.

The Parks Department has averaged over 4,800-man hours of mowing in a 26-week period the past couple of growing seasons. The mowers scheduled for replacement represented over 3000 of those staff hours and are used to mow approximately half of the Parks Department's 100+ acres of turf. If the City does not have this type of high efficiency and versatile mowers in its fleet, the overall staff hours and repair costs will significantly increase while the City's level of service will decrease.

Approval of this request will authorize the purchase of:

- Toro Groundsmaster 4000-D – This mower would be new to the current fleet of mowers. The 4000-D is a versatile mower allowing staff to mow in tight places and large areas. Mowing width varies on this mower from 6' to 11' allowing ease of use around landscape areas and large open areas.

- 3 Kubota mowers – The Kubota mowers will be replacing existing mowers in the fleet that have exceeded their useful life and have been in service for 15 – 20 years. Downtime for repairs and increasing maintenance on the older mowers in the fleet have had an impact on timely service for mowing maintenance. These mowers are used in the hard-to-reach turf areas with the larger mowers.
- Toro Outcross – This is a new piece of equipment to the fleet that has many versatile features to help with many tasks. Included with this is a utility bed and loading bucket.
- Harper TV35 – Replaces the Smithco ride on sweeper that has been in service for 14 years. Not only is the Harper TV35 a sweeper but also a large capacity vacuum that handles leaf and debris pick up on large turf areas, multi-use pathways and other hard surface areas throughout the parks system.
- Kubota RTV – Replaces a Toro Workman utility cart that has been in service for 16 years.
- Land Pride Core Aerator – Replaces a current tow behind aerifier that has been in service 14 years and is beyond its normal life expectancy for this type of equipment.
- Kubota Tractor – This is a new addition to the Parks Department fleet and provides more versatility to maintenance tasks and will be used to power an additional new piece of equipment (hydraulic mowing arm) to be used along pathways and trails.
- Land Pride Hydraulic Arm – This is a new piece of equipment to the Parks Department fleet. This versatile mower will allow the department to mow overgrowth of weeds and brush along trails, pathways, fences, and defensible space along property lines adjacent to city properties. This radial arm will be attached to and powered by the Kubota Tractor.

Please refer to the attached spreadsheet for all the equipment information. These proposed purchases were approved as part of the FY 2022 Capital Improvement Plan. All quotes have been verified and all vendors have confirmed they will honor quotes as provided.

Contracts being utilized:

OMNIA Partners Public Sector

Toro Contract# 2017025 (expires March 31, 2022)

Applicable Statute, Code, Policy, Rule or Regulation

NRS 332.195

Financial Information

Is there a fiscal impact? Yes

If yes, account name/number: Capital Projects - Parks Improvements Account 2105050-506515 - \$55,140

General Fund - Park Maintenance Equipment Account 1015012-507710 - \$13,239.22

Quality of Life Maintenance - Equipment Account 2545012-507775 - \$204,012.39

Quality of Life Capital - Equipment Account 2545046-507775 – \$65,630.73

Quality of Life Open Space - Equipment Account 2545047-507775 - \$49,584.92

Is it currently budgeted? Yes

Explanation of Fiscal Impact: FY22 Budget and Capital Improvements – Board of Supervisors approved April 15, 2021

Current available budget in Parks Capital Improvements 2105050-506515 is \$55,140

Current available budget in General Fund Parks Maintenance Capital 1015012-507710 is \$40,000

Current available budget in Quality of Life Departments is 2545012-507775 is \$230,374, 2545046-507775 is \$99,006, and 2545047-507775 is \$44,552. if approved, a budget transfer will be completed, for the difference of \$5,033.14, from undesignated which has a current budget of \$96,415.

Alternatives

Do not approve purchases and provide alternative direction to staff.
