

CARSON CITY BOARD OF SUPERVISORS
RESOLUTION NO. 2018-R-30

A RESOLUTION OF THE CARSON CITY BOARD OF SUPERVISORS
DESIGNATING CARSON CITY, NEVADA AS A BEE CITY USA® AFFILIATE.

WHEREAS, the mission of BEE CITY USA is to galvanize communities to sustain pollinators, responsible for the reproduction of 90% of the world's wild plant species, by providing them with a healthy habitat, rich in a variety of native plants and free to nearly free of pesticides; and

WHEREAS, due in part to the tremendous diversity of wild native bees, and introduced honey bees, we have very diverse dietary choices rich in fruits, nuts and vegetables; and

WHEREAS, bees and other pollinators have experienced population declines due to a combination of habitat loss, use of pesticides, and the spread of pests and diseases; and

WHEREAS, in order to enhance understanding among local government staff and the public about the vital role that pollinators play and what each of us can do to sustain them, Carson City chooses to support and encourage pollinator habitat creation and enhancement on both public and private land; and

WHEREAS, an ideal pollinator-friendly habitat:

- Provides diverse and abundant nectar and pollen from plants blooming in succession throughout the growing season;
- Provides water for drinking, nest-building, cooling, diluting stored honey, and butterfly puddling;
- Provides undisturbed spaces (leaf and brush piles, un-mowed fields or field margins, fallen trees and other dead wood) for nesting and overwintering for wild pollinators;
- Has pesticide use carried out with least ill effects on pollinators;
- Is comprised of mostly, if not all, native species of annual and perennial forbs, grasses, vines, shrubs, and trees in landscapes, parks and open space;
- Includes, where possible, designated pollinator zones in public spaces with signage to educate the public and build awareness; and
- Provides for safe and humane removal of honey bees when required.

WHEREAS, pollinator-friendly communities can benefit local and regional economies through healthier ecosystems, increased vegetable and fruit crop yields, and increased demand for pollinator-friendly plant materials from local nurseries and growers; and

WHEREAS, supporting pollinators fosters environmental awareness and sustainability, and increases interactions among community stewards; and

WHEREAS, designating Carson City as a BEE CITY USA community would:

- Enhance understanding among the public about the vital role that pollinators play and how to sustain them;
- Encourage pollinator habitat creation and enhancement on both public and private land;
- Honor and emphasize Carson City's rich history, both past and present;
- Benefit local businesses that support pollinators;
- Celebrate our cultural identity as a community that values sustainable practices;
- Contribute to tourism in the region;
- Improve food security and health by supporting local food sources; and
- Encourage local collaboration on projects that promote environmental education and sustainable practices.

NOW, THEREFORE, Carson City resolves as follows:

1. Carson City, through its Parks, Recreation & Open Space Department is hereby designated as the BEE CITY USA sponsor and will facilitate the program on behalf of the City.
2. The Senior Natural Resource Specialist of Carson City is designated as the BEE CITY USA liaison.
3. Facilitation of the Carson City BEE CITY USA program is assigned to the Great Basin Beekeepers of Nevada.
4. The Parks, Recreation and Open Space Department is authorized to, and should encourage and support:
 - a. **Celebration:** Annually participate in National Pollinator Week (third full week of June) by encouraging educational events, pollinator habitat plantings or restoration, proclamations or promotions that showcase Carson City's commitment to enhancing pollinator health and habitat within the City's park system.

- b. **Publicity & Information:** Install and maintain at least one authorized BEE CITY USA street sign in a prominent location, and create and maintain information on the Carson City website which includes: a copy of this resolution, links to the national BEE CITY USA website, contact information for the BEE CITY USA liaison (Senior Natural Resource Specialist), and highlights the pollinator-friendly activities the community has accomplished the previous year(s).
- c. **Habitat:** Develop and implement a program to create or expand pollinator-friendly habitat, which can include, but is not limited to:
 - i. Identification and inventory of Carson City property that can be enhanced with pollinator-friendly plantings;
 - ii. Creation of a recommended locally native species list to include forbs, grasses, vines, shrubs, and trees and a list of local suppliers for those species;
 - iii. Encouraging least toxic integrated pest management practices throughout the City;
 - iv. Maintaining pesticide free areas, and striving to create additional pesticide free areas throughout its Parks and Open Space system;
 - v. Dissemination of informational and educational materials to the public; and
 - vi. Tracking annual area of pollinator habitat created or enhanced by square footage and/or acreage.
- d. **Integrated Pest Management:** Create an Integrated Pest Management (IPM) plan and implement strategies that include non-chemical techniques and reduces pesticide use on City property with least toxic and most effective techniques, while recognizing that pesticides are used (as directed by the manufacturers label) to treat critical needs, including:
 - i. Defensible space and rights of way – to maintain the safety of the citizens of Carson City; and
 - ii. Compliance with NRS 555.150 – which requires the treatment of noxious weeds on your property.
- e. **Policy:** Review the Carson City Master Plan and the City’s Development Codes to encourage pollinator-friendly habitat and pest management practices and acknowledge the BEE CITY USA designation during future plan and policy updates.
- f. **Renewal:** After completing the first full year as a BEE CITY USA affiliate, each January, apply for renewal of the Carson City’s BEE CITY USA designation by completing the forms provided by BEE CITY USA, including a report of the previous year’s BEE CITY USA activities. The Great Basin Bee Keepers of Nevada will fund the renewal fee based on Carson City’s population.

Upon motion by Supervisor Karen Abowd, seconded by Supervisor Lori Bagwell, the foregoing Resolution was passed and adopted this 18th day of October, 2018, by the following vote:

AYES: Supervisor Karen Abowd
 Supervisor Lori Bagwell
 Supervisor Brad Bonkowski
 Supervisor John Barrette
 Mayor Robert Crowell

NAYS: None

ABSENT: None

ABSTAIN: None.

 ROBERT L. CROWELL, Mayor
