Reading today's, April 2, 2022, Nevada Appeal, I could not believe my eyes. The article states that the Board is going to "Review Carson City's policy for investment of surplus money."

Any and all money you have is NOT yours, it is not a toy for you to play with! It belongs to the taxpayers. If there ever is any "surplus" money, it NEEDS to be returned to the taxpayers via a rebate or a lower tax rate.

What are you thinking? Or are you thinking at all? If there is a surplus, return it to the taxpayers ASAP!!
