All aboard! Join us as we visit the Nevada State Railroad Museum where we can view locomotives, rolling stock, artifacts, photographs, and memorabilia directly related to railroads and railroading in Nevada. In addition to static exhibits, select pieces of equipment in the collection are restored and operated throughout the year to demonstrate steam and early gasoline technology and provide visitors with a first-hand experience with railroad history through the sights, sounds and sensations of a train ride. This activity includes a ride on the historic Tucson, Cornelia & Gila Bend No. 401 Edwards Motor Car. Bring a lunch and water.
