

CARSON CITY, NEVADA

Voter Information Guide and Sample Ballot

2024 GENERAL ELECTION
Tuesday, November 5, 2024

Early In-Person Voting
at Carson City Community Center
Begins Saturday, October 19,
through November 1, 2024

Election Day
Tuesday, November 5, 2024

Voting Locations and Schedule is Listed Inside

**NOTICE: TO RECEIVE A SAMPLE BALLOT IN LARGE TYPE,
CALL (775) 887-2087**

William Scott Hoen, Carson City Clerk-Recorder

Elections@Carson.org • (775) 887-2087

885 E. Musser Street, Suite 1025, Carson City, NV 89701

Dear Carson City Voter,

The 2024 Presidential General Election starts with early in-person voting on Saturday, October 19, running through Friday, November 1, 2024, and Election Day is Tuesday, November 5, 2024. You can vote in person during this time, return your ballot via U.S. mail, or drop off your ballot at one of our secure voting locations. Just make sure your ballot is postmarked on or before November 5, 2024, if you do choose to mail it, allowing us time to receive it no later than four (4) days after Election Day.

We are excited to add **additional voting capability this year** with new locations.

- Many of our Carson City Voters go to City Hall to drop off a ballot not realizing that the elections office is at the Courthouse. We are adding a mail ballot drop box in the lobby of City Hall that will be available to anyone to drop off a ballot Monday through Friday, 8 a.m. to 5 p.m., except for Nevada Day, that the office is closed.
- **Two NEW locations to serve ALL Carson City voters** will be at the Carson and Stewart Tribal Communities. Carson Colony will only have a mail ballot drop box during certain days and times (see inside for details) and Stewart will have **IN-PERSON and Mail Ballot Drop-off** only on Election Day, Tuesday, November 5.
- As always, we will have in-person voting and mail ballot drop-off at the Carson City Community Center and now at Stewart Colony.
- Mail ballot drop-off is at our Elections Office in the Courthouse.

Many of you will have received a new Voter Identification card from the Secretary of State's office as we implement our new Voter Registration and Election Management System (VREMS), which is a centralized voter roll management tool that will help the Nevada county clerks. Every registered voter in Carson City now has a unique voter identification number, helping us with voter roll maintenance.

As always, a special "thank you" to ALL our Carson City election workers who make the time to help democracy work in Carson City.

Respectfully Submitted,

A handwritten signature in black ink that reads "William Scott Hoen".

William Scott Hoen
Carson City Clerk-Recorder

FREQUENTLY ASKED QUESTIONS

WARNING: “A person who is entitled to vote shall not vote or attempt to vote more than once in the same election. Any person who votes or attempts to vote twice at the same election is guilty of a Category D felony and shall be punished as provided in NRS 193.130.” (NRS 293.780(1)).

Do NOT vote in person AND mail in your ballot!

HOW DO I VOTE IN PERSON?

Early Voting Only at **CARSON CITY COMMUNITY CENTER GYMNASIUM,
851 E. William Street**

Election Day at **Carson City Community Center or Stewart Colony Gym & Wellness Center, 465 Clear Creek Avenue**

****NOTE: THE CARSON CITY COURTHOUSE IS NOT AN IN-PERSON POLLING LOCATION; HOWEVER, YOU MAY DROP OFF YOUR BALLOT**

Saturday	October 19, 2024	10 a.m. – 2 p.m.
Monday - Friday	October 21 – 25, 2024	9 a.m. – 6 p.m.
Friday, Nevada Day (OPEN)	October 25, 2024	9 a.m. – 6 p.m.
Saturday	October 26, 2024	10 a.m. – 2 p.m.
Monday – Friday	October 28 – November 1, 2024	9 a.m. – 6 p.m.
Tuesday – Election Day	November 5, 2024	7 a.m. – 7 p.m.

Jump Around Carson (JAC) will be offering free rides to and from the Community Center on **Election Day**.

If you need to contact the Carson City Clerk’s Office about anything elections, call (775) 887-2087 or e-mail Elections@Carson.org.

HOW DO I VOTE MY MAIL BALLOT?

- **By mail:**
 - Mark your ballot (**instructions will be provided with your ballot**).
 - Sign the return envelope (for verification purposes) and return your ballot in the postage-paid envelope provided. Make sure the envelope is postmarked on or before Tuesday, November 5, 2024.
 - Mail ballots postmarked on or before November 5, 2024, that are received by the Clerk's Office no later than the fourth day after the election—Saturday, November 9—will be counted in the election.
- **In-person delivery:**
 - **BALLOT DROP BOX:** Mail ballots being delivered in-person at an official ballot drop box must be received by the Clerk's Office no later than 7:00 p.m., Tuesday, November 5, 2024.

WHERE ARE THE OFFICIAL BALLOT DROP BOX LOCATIONS?

- ONLY mint green Carson City mail ballots are accepted at the ballot drop locations. Other county ballots must be taken to their respective counties.

Drop Box Locations:

- Carson City Elections Office at the Courthouse
 - 885 E. Musser Street, Suite 1025, 1st Floor
- Carson City Hall Lobby
 - 201 N. Carson Street
- Carson City Community Center
 - 851 E. William Street
- Carson Colony Community Center
 - 401 Washoe Street
- Stewart Colony Wellness Center and Gym
 - 465 Clear Creek Avenue

Early Voting Hours of Operation:

WHAT IMPORTANT DEADLINES ARE APPROACHING?

Active Registered Voters who have not opted out of receiving a mail ballot can expect their ballot to be mailed by Saturday, October 12, 2024.

- **Tuesday, October 8, 2024**
 - Close of voter registration by paper application (the fourth Tuesday preceding any election).
 - Last day a person may register to vote by appearing in person at the Carson City Elections Office. (NRS 293.560(1)(a)(1))
 - Close of Voter Registration by mail (the fourth Tuesday preceding any election). Last day a person may register to vote by mail (must be postmarked by this date). NRS 293.560
- **Wednesday, October 9, through Tuesday, October 22, 2024**
 - Updating voter registration information online.
 - After the close of registration for an election, a registered voter may update their voter registration information online through the Nevada Secretary of State at www.RegisterToVote.NV.gov or at a polling location.
- **October 19, 2024, through November 1, 2024**
 - Early Voting period for in-person voting at the Carson City Community Center.
 - OPEN NEVADA DAY, October 25, 2024.
- **Tuesday, November 5, 2024, 7 a.m. – 7 p.m.**
 - In-person voting at the Carson City Community Center.
 - In-person voting at the Stewart Colony Gym & Wellness Center.
- **Saturday, November 9, 2024**
 - Deadline for all ballots postmarked on or before November 5, 2024, to be counted.
- **Tuesday, November 12, 2024**
 - Last day for signature verification or curing of mail in ballots to be counted for the election.
- **Friday, November 15, 2024, 8:30 a.m.** Board of Supervisors canvass of the vote.

WHAT WILL BE ON MY NOVEMBER GENERAL ELECTION 2024 BALLOT?

- This *Voter Information and Sample Ballot* includes **ALL** Democratic, Nonpartisan, and Republican candidates and state and local ballot questions on the 2024 General Election ballot as filed with the Secretary of State's Office.
- You can check and update your voter registration information at the Nevada Secretary of State's website www.RegisterToVote.NV.gov
- You can also change your party affiliation during early voting or on Election Day, but expect long lines for this process. You will be required to provide proof of identity to update your registration status at the polling location.

WHAT IS NEVADA EASE VOTING?

- EASE (Nevada's Effective Absentee System for Elections) is an online application that seamlessly integrates voter registration and electronic ballot delivery and marking.
- EASE allows further independence and enables covered voters (active-duty military, voters with a disability, or tribal voters who live on a colony or reservation) to register, request, mark and return their ballots. EASE is available for elections with a federal contest on the ballot 45 days before Election Day at NVEASE.gov.

WHAT IF MY SIGNATURE HAS CHANGED OR DOES NOT MATCH?

- If there is an issue with your mail ballot such as a signature mismatch or a missing witness signature, Carson City allows voters a chance to fix the ballot signature to avoid a ballot not being counted.
- Carson City Clerk's Elections Office will contact you to **cure the discrepancy** using the contact information you have provided on your voter registration record. Most are done via telephone.

The deadline to cure the signature discrepancy is no later than 5:00 p.m., Wednesday, November 12, 2024. Once cured, the voter will have their ballot counted.

WHAT IF I AM UNABLE TO VOTE AND/OR SIGN MY MAIL BALLOT DUE TO A LIMITING CONDITION?

- The Nevada Secretary of State's Office has a web-based solution if you are unable to sign your mail ballot. Please visit NVEASE.gov to find out more.

WHAT IF MY MAIL BALLOT ENVELOPE STATES "ID REQUIRED"?

- If you registered to vote by mail or did not provide proof of identity at the time of registering, you may be required to provide proof of identity and residency with your ballot. Please contact the Clerk's Office at (775) 887-2087 with any questions.

HOW DO I KNOW IF MY BALLOT WAS RECEIVED BY THE CLERK'S OFFICE?

- The Clerk's Office will post two separate lists of those who have voted by mail and in person, which can be found at www.carson.org/elections.
- You can register to receive email or text alerts regarding your mail ballot status at www.Nevada.BallotTrax.net/voter/.
- You may contact the Clerk's Office directly at (775) 887-2087.

WHAT IF I NEED TO MAKE A CORRECTION ON MY MAIL BALLOT SELECTIONS?

- You will receive instructions in your mail ballot packet explaining the process for making a correction on your ballot. Please read the instructions prior to making a correction. If you need further assistance, please contact the Clerk's Office prior to making a correction.

DO I NEED TO PUT POSTAGE ON MY MAIL BALLOT TO RETURN IT TO THE CLERK'S OFFICE?

- Mail ballot **postage is pre-paid**. You do not need to put additional postage on your mail ballot return envelope.

CAN I PUT MORE THAN ONE BALLOT IN AN ENVELOPE FROM THE HOUSEHOLD?

- **NO** – Use only one ballot per envelope from each registered voter so we can verify the signature!

WHAT IF I RECEIVE MORE THAN ONE BALLOT?

- Voters who go to the DMV between the time ballots have been mailed and Election Day might receive a second mail ballot due to a change made to voter registration information. **VOTE THE MOST RECENTLY RECEIVED** ballot by checking the Ballot ID number. The first ballot received will be accepted and the other spoiled.

WE NEED YOUR HELP!

- You can help us with voter roll maintenance to **STOP** ballots being delivered to your address that do not belong to you.
- Do **NOT** throw away any mail ballot that is not yours.
- **PLEASE RETURN ANY MAIL BALLOT YOU RECEIVE THAT IS NOT YOURS TO THE CLERK-RECORDER'S OFFICE IN ORDER FOR US TO PREVENT INCORRECT BALLOTS BEING SENT IN THE FUTURE.**

FREQUENTLY ASKED QUESTIONS

HOW DO I VOTE IN PERSON USING A BALLOT MARKING DEVICE?

1. **INSERT** paper ballot into Expressvote ballot marking device.
2. **MAKE YOUR SELECTIONS** on the Expressvote touchscreen.
3. **VERIFY YOUR SELECTIONS** on the Expressvote touchscreen.
4. **MAKE YOUR CORRECTIONS (if needed)** on the Expressvote touchscreen.
5. **PRINT YOUR SELECTIONS** from the Expressvote ballot marking device.
6. **REVIEW** your printed selections on the Expressvote ballot.
7. **CAST YOUR BALLOT** by placing your printed ballot in the polling location tabulator as you exit the polling location.
8. **If you need assistance, please notify an election worker BEFORE you cast your ballot. Once your ballot is cast, it cannot be retrieved.**

EXPRESSVOTE BALLOT MARKING DEVICE

POLLING LOCATION TABULATOR

WHAT IF I NEED ASSISTANCE AT THE POLLING LOCATION?

Reasonable accommodations will be made to help any voter requesting assistance at a polling location. (NRS 293.296(4)).

Please notify an election worker if you require assistance.

Shall Carson City be authorized to impose a supplemental government services tax of \$0.01 on each \$1.00 of valuation for vehicles based in Carson City, with the revenue generated from that tax increase to be deposited in a fund dedicated solely to reconstructing, maintaining, and repairing local public roads in Carson City?

YES

NO

STATE QUESTION NO. 1

Amendment to the *Nevada Constitution*

Senate Joint Resolution No. 7 of the 81st Session

CONDENSATION (Ballot Question)

Shall the *Nevada Constitution* be amended to remove certain provisions governing the Board of Regents of the Nevada System of Higher Education and its administration of the State University and certain federal land grant funds and to provide additional legislative oversight of public institutions of higher education through regular independent audits, without repealing the current statutory election process or other existing statutory provisions relating to the Board of Regents?

Yes No

EXPLANATION & DIGEST

EXPLANATION—The *Nevada Constitution* requires the Legislature to provide for the establishment of a State University that is controlled by an elected Board of Regents whose duties are prescribed by law. Additionally, the *Nevada Constitution* provides for the Board of Regents to control and manage the affairs and funds of the State University under regulations established by law. This ballot measure, also known as “The Nevada Higher Education Reform, Accountability and Oversight Amendment,” would remove the constitutional provisions governing the election and duties of the Board of Regents and its control and management of the affairs and funds of the State University and would require the Legislature to provide by law for the governance of the State University and for the auditing of public higher education institutions in Nevada. This ballot measure would not repeal any existing statutory provisions governing the Board of Regents, including those that provide for the election of Board members, but it would make the Board a statutory body whose structure, membership, powers and duties are governed by those existing statutory provisions, subject to any statutory changes made through the legislative process.

The *Nevada Constitution* provides that certain funding derived by the State of Nevada under a federal law enacted by the United States Congress in 1862 must be invested in a separate fund and dedicated for the benefit of certain departments of the State University, and that if any amount of the separate fund is lost or misappropriated through neglect or any other reason, the State of Nevada must replace the lost or misappropriated amount so that the principal of the fund remains undiminished. This ballot measure would revise these provisions by: (1) clarifying the legal citations to the federal law, including all amendments by Congress; and (2) specifying that the funding derived under the federal law must be invested by the State of Nevada in the manner required by law.

A “Yes” vote would amend the *Nevada Constitution* by: (1) removing provisions governing the election and duties of the Board of Regents and its control and management of the affairs and funds of the State University and requiring the Legislature to provide by law for the governance of the State University and for the auditing of public higher education institutions in Nevada; and (2) revising provisions governing the administration of certain funding derived under federal law and dedicated for the benefit of certain departments of the State University.

A “No” vote would retain existing provisions of the *Nevada Constitution* governing the election and duties of the Board of Regents and its control and management of the affairs and funds of the State University and would not revise existing provisions governing the administration of certain funding derived under federal law and dedicated for the benefit of certain departments of the State University.

DIGEST—The *Nevada Constitution* requires the Legislature to provide for the establishment of a State University that is controlled by a Board of Regents whose duties are prescribed by statute. (Nev. Const. Art. 11, § 4) The *Nevada Constitution* also requires the Legislature to provide for the election of members of the Board and provides for the Board to control and manage the affairs and funds of the State University under regulations established by law. (Nev. Const. Art. 11, §§ 7, 8)

As required by these constitutional provisions, the Legislature has enacted laws to establish the State University and to provide for the election of the members of the Board of Regents. (*Nevada Revised Statutes* [NRS] 396.020, 396.040) In addition, the Legislature has enacted laws to: (1) establish the Nevada System of Higher Education (NSHE), which consists of the State University and certain other educational institutions, programs and operations; and (2) provide for the Board of Regents to administer NSHE and to prescribe rules for its governance and management. (NRS 396.020, 396.110, 396.230, 396.280, 396.300, 396.420, 396.440, 396.550)

This ballot measure would remove the constitutional provisions governing the Board of Regents and would require the Legislature to provide by statute for the governance of the State University and for the auditing of public higher education institutions. This ballot measure would not repeal any existing statutory provisions governing the Board of Regents, including those that provide for the election of Board members. Rather, by removing the constitutional provisions governing the Board of Regents, this ballot measure would make the Board a statutory body whose structure, membership, powers and duties are governed by those existing statutory provisions, subject to any statutory changes made through the legislative process.

Under the federal Morrill Land Grant Act of 1862, each state was provided with certain federal land grants to be sold to support and maintain at least one college in the state that teaches both agriculture and mechanic arts, including military tactics, so long as the state agrees to certain terms and conditions regarding the preservation and use of the proceeds derived from the sale of the federal land grants. (Act of July 2, 1862, ch. 130, §§ 1-8, 12 Stat. 503-05, as amended and codified at 7 U.S.C. §§ 301 et seq.) To secure the benefits offered by the federal law, the *Nevada Constitution* provides that the funding derived by the State of Nevada under the federal law must be invested in a separate fund and dedicated for the benefit of the appropriate departments of the State University, and that if any amount of the separate fund is lost or misappropriated through neglect or any other reason, the State of Nevada must replace the lost or misappropriated amount. (Nev. Const. Art. 11, § 8) This ballot measure would revise these provisions by: (1) clarifying the legal citations to the federal law, including all amendments by Congress; and (2) specifying that the funding derived under the federal law must be invested by the State of Nevada in the manner required by law. However, because the State of Nevada must administer the funding in the manner required by the federal law, this ballot measure would not change the purpose or use of the funding under the federal law. (*State of Wyoming v. Irvine*, 206 U.S. 278, 282-84 (1907))

ARGUMENTS FOR PASSAGE

Voting in favor of Question 1 will allow for additional legislative oversight and accountability of the Board of Regents to improve public higher education in Nevada. Question 1 would mandate that the Legislature provide for the governance of the State University, giving the Legislature the ability to change the policies and procedures of the Nevada System of Higher Education (NSHE) to be more responsive to the higher education needs of the State.

For years, the Legislature has received complaints about the Board's policies and practices, and the Board has taken actions that have obstructed or undermined the Legislature's investigation and review of NSHE. The Board's actions have also led to controversies around the failure of the Board to hold NSHE and its colleges and universities to high standards of transparency and accountability and failed searches for Board leadership. Passage of Question 1 would enable the Legislature to address concerns surrounding the Board and its members by changing any of the Board's policies and procedures.

In addition, taxpayers and students will ultimately benefit from greater legislative oversight of the Board's financial decisions by reducing the potential for further fiscal mismanagement within NSHE. A recent audit of NSHE found that due to vague or insufficient Board policies and a lack of systemwide oversight, NSHE institutions engaged in questionable and inappropriate financial activities between 2018 and 2022, including moving state funds between accounts designated for different purposes, redirecting state funds to a different institution without legislative approval, taking action to avoid returning unused funds to the State as required by law, and spending student fees in ways that do not directly relate to the fees' purposes or enhance the education of the students who pay them. Question 1 will require an audit of NSHE every two years, improving accountability and transparency in the fiscal management of NSHE.

The framers of the *Nevada Constitution* never intended for the Board to have absolute control over the management of the State University. Granting constitutional powers to the Board was simply related to accessing federal land grant funding without requiring action by the Legislature. However, the Board has asserted in cases before the Nevada Supreme Court that its constitutional status gives it virtual autonomy and thus immunity from certain laws and policies enacted by the Legislature. Based on legislative testimony, there is an impression that the Board uses its constitutional status as a shield against additional legislative oversight and accountability and even conducts itself as a fourth branch of government though the *Nevada Constitution* specifies only the Executive, Legislative, and Judicial Branches of State government. Passage of Question 1 will prevent the Board from using its current constitutional status to protect NSHE from legislative scrutiny.

Improve our public higher education system by allowing for greater accountability, transparency and oversight of the system. Vote "Yes" on Question 1.

ARGUMENTS AGAINST PASSAGE

Proponents of Question 1 want voters to believe that the framers of the *Nevada Constitution* got it wrong, and that the Legislature's involvement will somehow improve the transparency, efficiency and effectiveness of Nevada's higher education system. Unfortunately, passage of this ballot question does not guarantee any of these promised benefits. Question 1 is nothing but the Legislature trying to gain more power and control, and it would only serve to add political pressures to a governance system that is serving this State well. Previous attempts to change higher education governance, including a similar 2020 ballot question to remove the constitutional status of the Board of Regents, have failed because Nevadans recognize the importance of keeping the system in the *Nevada Constitution* as originally drafted.

Academic freedom is under unprecedented attack around the country. The ability to independently pursue research that benefits the State or to retain expert faculty may be jeopardized with increased legislative influence in higher education. By removing the constitutional status of the Board of Regents from the *Nevada Constitution*, Question 1 increases the potential for political interference over curriculum and academic standards in our public colleges and universities.

The Board of Regents is best equipped to establish policy for the Nevada System of Higher Education (NSHE) because its sole focus is on higher education. The Board has governed our higher education system for over 150 years as the system has grown in size, prestige, and complexity, and in that time, outcomes have improved. It does not make sense to risk losing the Board's independence, institutional knowledge, and expertise with no assurance of what the Legislature may put in its place. Furthermore, there is no evidence that the Legislature, which meets only once every other year, would be more effective at establishing higher education policy than the elected Regents.

The Board is already subject to considerable legislative oversight and accountability. For example, the Legislature recently passed legislation to alter the Board's composition from 13 to 9 members and reduce member terms from six to four years. The Board must also explain and justify its financial management decisions to the Legislature and the Legislature retains the ultimate power of the purse to determine the amount of state funding for higher

education. Finally, the Legislature already has the ability to require audits of NSHE as evidenced by the Legislature’s recent audit of NSHE. Because the Legislature has demonstrated its ability to oversee the Board and hold it accountable, the constitutional requirement for audits and the removal of the constitutional status of the Board are not necessary.

The Board’s current status in the *Nevada Constitution* ensures that the Board remains elected, responsible to the voters, and responsive to constituents. Passage of Question 1 would allow the Legislature to change existing higher education policies and procedures and even allow the Legislature to make members of the Board appointed rather than elected.

Keep the status and election of the Board of Regents in the *Nevada Constitution*. Vote “No” on Question 1.

FISCAL NOTE

Financial Impact—Cannot Be Determined

If approved by the voters, Question 1 removes provisions governing the election and duties of the Board of Regents and its control and management of the affairs and funds of the State University from the *Nevada Constitution* and requires the Legislature to provide by law for the governance of the State University and for the auditing of public higher education institutions in Nevada.

Future actions, if any, taken by the Legislature regarding the governance of the State University cannot be predicted. Thus, the resulting financial impact upon State government, if any, cannot be determined with any reasonable degree of certainty.

The provisions of Question 1 requiring the Legislature to provide for biennial auditing of the State University and other public institutions of higher education in Nevada will have a financial effect upon the State government. However, because it is unknown what factors the Legislature may use in determining the scope of each biennial audit, the resultant cost to the State to pay for these audits cannot be determined with any reasonable degree of certainty.

Finally, this ballot question clarifies existing provisions of the *Nevada Constitution* relating to the administration of the federal land grant proceeds dedicated for the benefit of certain departments of the State University under the federal Morrill Land Grant Act of 1862. However, because the State of Nevada must administer those proceeds in the manner required by the federal law, this ballot question will not change the purpose or use of those proceeds under the federal law. Thus, there is no anticipated financial impact upon State government from these revisions if Question 1 is approved by the voters.

FULL TEXT OF THE MEASURE

Senate Joint Resolution No. 7—Senator Dondero Loop
Joint Sponsor: Assemblyman Roberts

SENATE JOINT RESOLUTION—Proposing to amend the Nevada Constitution to remove the constitutional provisions governing the election and duties of the Board of Regents of the State University and to authorize the Legislature to provide by statute for the governance of the State University and for the auditing of public institutions of higher education in this State.

Legislative Counsel’s Digest:

Article 11 of the Nevada Constitution, commonly known as the Education Article, requires the Nevada Legislature to provide for the establishment of a State University that is controlled by a Board of Regents whose duties are prescribed by law. (Nev. Const. Art. 11, § 4) The Education Article also: (1) requires the Legislature

to provide for the election of the members of the Board of Regents of the State University and to define their duties by law; and (2) authorizes the Board of Regents to control and manage the affairs of the State University and its funds under such regulations as may be provided by law. (Nev. Const. Art. 11, §§ 7, 8)

As required by the Education Article, the Legislature has provided by law for: (1) the establishment of the State University, which is known as the University of Nevada; and (2) the election of the members of the Board of Regents. (NRS 396.020, 396.040) Additionally, the Legislature has: (1) provided by law for the establishment of the Nevada System of Higher Education, which consists of the State University and other educational institutions, programs and operations; and (2) authorized the Board of Regents to administer the System and to prescribe rules for its governance and management. (NRS 396.020, 396.110, 396.230, 396.280, 396.300, 396.420, 396.440, 396.550)

This resolution proposes to amend the Nevada Constitution to remove the constitutional provisions governing the Board of Regents and to authorize the Legislature to provide by statute for the governance of the State University and for the auditing of public institutions of higher education in this State. However, although this resolution removes the status of the Board of Regents as a constitutional body under the Nevada Constitution, this resolution does not change the status of the Board of Regents as a statutory body under existing statutory provisions, which authorize the Board of Regents to administer the Nevada System of Higher Education and prescribe rules for its governance and management. In addition, this resolution does not repeal, either expressly or by implication, any of those existing statutory provisions relating to the Board of Regents, including the existing statutory provisions that provide for the election of the members of the Board of Regents.

Under the federal Morrill Land Grant Act of 1862, each state was provided with certain federal land grants to be sold to support and maintain at least one college in the state that teaches both agriculture and mechanic arts, including military tactics, so long as the state agrees to certain terms and conditions regarding the preservation and use of the proceeds derived from the sale of the federal land grants. (Act of July 2, 1862, ch. 130, §§ 1-8, 12 Stat. 503-05, as amended and codified at 7 U.S.C. §§ 301 et seq.) To secure the benefits offered by the federal law, the Framers of the Nevada Constitution approved Section 8 of the Education Article to provide for the preservation and use of the proceeds derived from the sale of the federal land grants. (Nev. Const. Art. 11, § 8; *Debates & Proceedings of the Nevada State Constitutional Convention of 1864*, at 586 and 589-91 (Andrew J. Marsh off. rep. 1866)) This resolution proposes to amend Section 8 of the Education Article to: (1) remove references to the Board of Regents; (2) delete obsolete provisions; (3) clarify citations to the pertinent federal law, including all amendments thereto; and (4) specify that the proceeds derived under the federal law must be invested by the State of Nevada in the manner required by law.

EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets [omitted material] is material to be omitted.

.....

WHEREAS, Article 11 of the Nevada Constitution, commonly known as the Education Article, requires the Legislature to provide for the establishment of a State University that is controlled by a Board of Regents whose duties are prescribed by law (Nev. Const. Art. 11, § 4); and

WHEREAS, The Education Article also requires the Legislature to provide for the election of the members of the Board of Regents and to define their duties by law (Nev. Const. Art. 11, § 7); and

WHEREAS, The Education Article authorizes the Board of Regents to control and manage the affairs of the State University and its funds under such regulations as may be provided by law (Nev. Const. Art. 11, §§ 7, 8); and

WHEREAS, When drafting the Education Article, the Framers of the Nevada Constitution purposefully added constitutional language to ensure that the powers and duties of the Board of Regents and its members “shall be

prescribed by the Legislature,” in order to “not leave it to be inferred, perhaps, that they have absolute control” over the State University (*Debates & Proceedings of the Nevada State Constitutional Convention of 1864*, at 586 (Andrew J. Marsh off. rep. 1866) (statement of Delegate George A. Nourse)); and

WHEREAS, The Framers believed that the Board of Regents’ control and management of the affairs of the State University should be governed by laws enacted by the Legislature (*Debates & Proceedings of the Nevada State Constitutional Convention of 1864*, at 585-87 (Andrew J. Marsh off. rep. 1866)); and

WHEREAS, The Framers did not create the Board of Regents as a constitutional body in the Education Article to give the Board of Regents unchecked autonomy from legislative oversight (*Debates & Proceedings of the Nevada State Constitutional Convention of 1864*, at 585-91 (Andrew J. Marsh off. rep. 1866)); and

WHEREAS, As required by the Education Article, the Legislature has provided by law for the establishment of the State University, known as the University of Nevada, and has provided by law for the election of the members of the Board of Regents (NRS 396.020, 396.040); and

WHEREAS, The Legislature has provided by law for the establishment of the Nevada System of Higher Education, which consists of the State University and other educational institutions, programs and operations, and for the Board of Regents to administer the System and to prescribe rules for its governance and management (NRS 396.020, 396.110, 396.230, 396.280, 396.300, 396.420, 396.440, 396.550); and

WHEREAS, In cases before the Nevada Supreme Court, the Board of Regents has asserted that its “unique constitutional status” gives it “virtual autonomy and thus immunity” from particular laws and policies enacted by the Legislature (*Board of Regents v. Oakley*, 97 Nev. 605, 607 (1981)); and

WHEREAS, Although the Nevada Supreme Court has rejected the Board of Regents’ broad assertion of autonomy and immunity from laws and policies enacted by the Legislature, the Nevada Supreme Court has recognized that the Board of Regents’ constitutional status prevents the Legislature from enacting certain legislation that directly “interferes with the Board’s essential management and control of the University” (*Board of Regents v. Oakley*, 97 Nev. 605, 608 (1981); *King v. Board of Regents*, 65 Nev. 533, 564-69 (1948)); and

WHEREAS, Under our Nation’s fundamental, well-established and long-standing principles of representative government, the traditional role of the people’s elected representatives in the Legislature is to serve as the people’s legislative check of accountability to ensure that public bodies, agencies and officers in the other branches of government are carrying out their governmental functions for the benefit of the people and in a manner consistent with the laws and policies enacted by the Legislature; and

WHEREAS, The Board of Regents has, at various times, relied on its constitutional status and its authority to control and manage the affairs of the State University as a defensive shield and cloak against the people’s legislative check of accountability, and the Board of Regents has, at various times, taken actions that have hindered, thwarted or undermined the Legislature’s investigation, review and scrutiny of the institutions, programs and operations of the Nevada System of Higher Education; and

WHEREAS, Like other public bodies, agencies and officers of the State Government, the Board of Regents should be subject to the people’s legislative check of accountability through legislative oversight, and the Board of Regents’ control and management of the affairs of the State University should be governed by all laws enacted by the Legislature; and

WHEREAS, To secure accountability to the people’s elected representatives in the Legislature, the Nevada Constitution should be amended to remove the Board of Regents’ constitutional status so that the Board of Regents operates only as a statutory public body to ensure that it is subject to the people’s legislative check of

accountability through legislative oversight and to ensure that the Board of Regents' control and management of the affairs of the State University are governed by all laws enacted by the Legislature; and

WHEREAS, Amending the Nevada Constitution to remove the Board of Regents' constitutional status will allow the Legislature to exercise the full extent of its legislative power to review, reform and improve the programs and operations of the State University and, in doing so, the Legislature will also have more options and greater flexibility to review, reform and improve all other institutions, programs and operations of the Nevada System of Higher Education; and

WHEREAS, Amending the Nevada Constitution to remove the Board of Regents' constitutional status will not repeal, either expressly or by implication, the existing statutory provisions which apply to the Board of Regents, the State University and all other institutions, programs and operations of the Nevada System of Higher Education, including, without limitation, the existing statutory provisions that provide for the voters to elect the members of the Board of Regents; now, therefore, be it

RESOLVED BY THE SENATE AND ASSEMBLY OF THE STATE OF NEVADA, JOINTLY, That this resolution may be cited as the Nevada Higher Education Reform, Accountability and Oversight Amendment; and be it further

RESOLVED, That Section 4 of Article 11 of the Nevada Constitution be amended to read as follows:

~~{See:}~~ **Sec. 4. 1.** The Legislature shall provide *by law* for the establishment *and governance* of a State University which shall embrace departments for Agriculture, Mechanic Arts, and Mining ~~{to be controlled by a Board of Regents whose duties shall be prescribed by Law.}~~ *and other departments deemed appropriate for the State University.*

2. The Legislature shall provide by law for biennial auditing of the State University and any other public institutions of higher education established by the Legislature in this State.

And be it further,

RESOLVED, That Section 8 of Article 11 of the Nevada Constitution be amended to read as follows:

~~{See:}~~ **Sec. 8.** The ~~{Board of Regents shall, from the interest accruing from the first funds which come under their control, immediately organize and maintain the said Mining department in such manner as to make it most effective and useful, Provided, that all the}~~ proceeds of the public lands donated by Act of Congress approved July ~~{second AD. Eighteen hundred and sixty Two.}~~ **2, 1862, ch. 130, 12 Stat. 503, and thereafter amended by Act of Congress,** for a college for the benefit of Agriculture ~~{, the Mechanics}~~ *and Mechanic Arts,* ~~{and}~~ including Military tactics, shall be invested by the ~~{said Board of Regents}~~ **State of Nevada in the manner required by law** in a separate fund to be appropriated exclusively for the benefit of the first named departments to the **State University** as set forth in Section ~~{Four above;}~~ **4 of this Article.** And the Legislature shall provide that if through neglect or any other contingency, any portion of the fund so set apart ~~{, shall be}~~ *is* lost or misappropriated, the State of Nevada shall replace said amount so lost or misappropriated in said fund so that the principal of said fund shall remain forever undiminished.

And be it further,

RESOLVED, That Section 7 of Article 11 of the Nevada Constitution be repealed.

And be it further,

RESOLVED, That this resolution becomes effective upon passage.

STATE QUESTION NO. 2

Amendment to the *Nevada Constitution*

Assembly Joint Resolution No. 1 of the 81st Session

CONDENSATION (Ballot Question)

Shall Section 1 of Article 13 of the *Nevada Constitution* be amended to: (1) revise the description of the persons who benefit from institutions that the State is required to foster and support; (2) replace the term “institutions” with “entities”; and (3) add entities for the benefit of persons with intellectual or developmental disabilities to the types of entities that the State is required to foster and support?

Yes No

EXPLANATION & DIGEST

EXPLANATION—This ballot measure amends Section 1 of Article 13 of the *Nevada Constitution* to revise the description of the persons who benefit from institutions that the State is required to foster and support from: (1) “insane” to “persons with significant mental illness”; (2) “blind” to “persons who are blind or visually impaired”; and (3) “deaf and dumb” to “persons who are deaf or hard of hearing.”

This ballot measure also replaces the terms “institutions” with “entities” in Section 1 of Article 13 of the *Nevada Constitution*.

This ballot measure further adds to Section 1 of Article 13 of the *Nevada Constitution* entities for the benefit of persons with intellectual or developmental disabilities to the types of entities that the State is required to foster and support.

A “Yes” vote would amend the *Nevada Constitution* to: (1) revise the description of the persons who benefit from institutions that the State is required to foster and support; (2) replace the term “institutions” with “entities”; and (3) add entities for the benefit of persons with intellectual or developmental disabilities to the types of entities that the State is required to foster and support.

A “No” vote would retain the existing language in the *Nevada Constitution* and would not add entities for the benefit of persons with intellectual or developmental disabilities to the types of entities that the State is required to foster and support.

DIGEST—Section 1 of Article 13 of the *Nevada Constitution* requires the State to foster and support institutions for the benefit of the insane, blind, and deaf and dumb, and to foster and support such other benevolent institutions as required by the public good.

This ballot measure amends Section 1 of Article 13 of the *Nevada Constitution* to replace the term “institutions” with “entities” and to revise the description of persons who benefit from entities that the State is required to foster and support from: (1) “insane” to “persons with significant mental illness”; (2) “blind” to “persons who are blind or visually impaired”; and (3) “deaf and dumb” to “persons who are deaf or hard of hearing.”

This ballot measure also amends Section 1 of Article 13 of the *Nevada Constitution* to add entities for the benefits of persons with intellectual or developmental disabilities to the types of entities that the State must foster and support.

ARGUMENTS FOR PASSAGE

When the *Nevada Constitution* was originally written 160 years ago, different terms were used to describe people with mental illness or who are deaf. This language is outdated and offensive. Additionally, by changing “institutions” to “entities,” this ballot measure will ensure the *Constitution* mirrors other State agency policies regarding the use of terms describing certain populations as institutionalized. The *Nevada Constitution* is frequently amended to reflect our evolving society, and replacing offensive terms in Section 1 of Article 13 is a much-needed change to provide respect to all Nevadans.

The impact of the words used in the *Nevada Constitution* extends beyond the document itself. When offensive and derogatory terms are used in State law, they are perpetuated by lawyers, judges, social workers, and others who reference the law in their work. By replacing the terms “insane” and “deaf and dumb” with more dignified terms, we can avoid stigmatizing and marginalizing individuals and reduce the discriminatory barriers they may face when seeking employment, housing or mental health services. For these same reasons, the United States Congress took action over ten years ago to remove the terms “mental retardation” and “lunatic” from the *United States Code*.

By adding entities for the benefit of people with intellectual or developmental disabilities to the types of entities that the State must foster and support, Question 2 ensures the constitutional provision applies to a wider range of people with disabilities. Similarly, by changing the term “blind” to “persons who are blind or visually impaired,” this ballot measure recognizes that visual impairment exists on a spectrum and people who are not fully blind but have some level of visual impairment may also need access to public entities, such as contemporary training and assistive technology programs.

Replace outdated and offensive language in the *Nevada Constitution*. Vote “Yes” on Question 2.

ARGUMENTS AGAINST PASSAGE

Amending the *Nevada Constitution* should be a rare occurrence, and its language should not be changed simply to accommodate terminology that may be outdated or fall in and out of favor over time. While terms like “insane” and “deaf and dumb” can be seen as offensive by today’s standards, the language was acceptable at the time the provision was written. The *Nevada Constitution* is a historical document, and we should not expect it to keep pace with the ever-changing nature of language.

Question 2 does not effectively address the broader issue of appropriate language use. Most Nevadans do not consult the *Nevada Constitution* to determine which terms are acceptable to use, and many Nevadans are likely unaware of their State’s constitutional provisions. In fact, more than half of the respondents to a nationwide survey conducted by Johns Hopkins University did not know whether their state even had a constitution. This ballot measure is a misguided attempt to effect change to everyday language use.

There is no need to broaden the language defining the types of institutions that the State must foster and support. Nevada already provides public services for people with intellectual and developmental disabilities as well as those who are visually impaired but not fully blind. Changing these terms will have no tangible impact on the types of institutions fostered and supported by the State.

This ballot measure is an unnecessary change to the *Nevada Constitution*. Vote “No” on Question 2.

FISCAL NOTE

Financial Impact—Cannot Be Determined

The provisions of Question 2 revise existing provisions in Article 13, Section 1 of the *Nevada Constitution* requiring certain institutions for the benefit of “the Insane, Blind and Deaf and Dumb, and such other benevolent institutions as the public good may require,” to be fostered and supported by the State, subject to such regulations as may be prescribed by law. If this ballot question is approved by the voters, the *Nevada Constitution* instead would require that certain entities for the benefit of “persons with significant mental illness, persons who are blind or visually impaired, persons who are deaf or hard of hearing and persons with intellectual disabilities or developmental disabilities, and such other benevolent entities as the public good may require,” be fostered and supported by the State.

Because Article 13, Section 1 provides that the support for these entities by the State is “subject to such regulations as may be prescribed by law,” the Legislature would need to approve legislation in order to provide support to entities that may not currently be supported under the existing law, were this question to be approved by the voters. However, because it cannot be predicted what actions the Legislature may take with respect to the entities that may be supported or the amount of support that may be provided, the financial impact upon the State cannot be determined with any reasonable degree of certainty.

Assembly Joint Resolution No. 1—Assemblymen Titus, Benitez-Thompson, Krasner; Gorelow, Hafen, Hansen, Hardy, Matthews, Nguyen, Orentlicher, Peters, Summers-Armstrong and Thomas

Joint Sponsors: Senators Hardy, D. Harris, Seevers Gansert; Kieckhefer and Ratti

ASSEMBLY JOINT RESOLUTION—Proposing to amend the Nevada Constitution to add and revise terms relating to persons with certain conditions for whose benefit certain public entities are supported by the State.

Legislative Counsel’s Digest:

Section 1 of Article 13 of the Nevada Constitution requires that institutions for the benefit of the insane, blind and deaf and dumb be fostered and supported by the State. This joint resolution proposes to amend the Nevada Constitution to replace the term “institutions” with “entities” and to revise the description of the persons who benefit from these entities from: (1) “insane” to “persons with significant mental illness”; (2) “blind” to “persons who are blind or visually impaired”; and (3) “deaf and dumb” to “persons who are deaf or hard of hearing.” This joint resolution also proposes to amend the Nevada Constitution to add entities for the benefit of persons with intellectual or developmental disabilities to the types of entities that shall be fostered and supported by the State.

EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets [omitted material] is material to be omitted.

RESOLVED BY THE ASSEMBLY AND SENATE OF THE STATE OF NEVADA, JOINTLY, That Section 1 of Article 13 of the Nevada Constitution be amended to read as follows:

Section [-] 1. [Institutions] ***Entities*** for the benefit of [~~the Insane, Blind and Deaf and Dumb,~~] ***persons with significant mental illness, persons who are blind or visually impaired, persons who are deaf or hard of hearing and persons with intellectual disabilities or developmental disabilities,*** and such other benevolent [institutions] ***entities*** as the public good may require, shall be fostered and supported by the State, subject to such regulations as may be prescribed by law.

And be it further

RESOLVED, That this resolution becomes effective upon passage.

STATE QUESTION NO. 3

Amendment to the *Nevada Constitution*

CONDENSATION (Ballot Question)

Shall the *Nevada Constitution* be amended to allow all Nevada voters the right to participate in open primary elections to choose candidates for the general election in which all voters may then rank the remaining candidates by preference for the offices of U.S. Senators, U.S. Representatives, Governor, Lieutenant Governor, Secretary of State, State Treasurer, State Controller, Attorney General, and State Legislators?

Yes No

EXPLANATION & DIGEST

EXPLANATION— This initiative, if enacted, changes Articles 5 and 15 of Nevada’s Constitution for U.S. Congressional, Governor, Lieutenant Governor, Secretary of State, State Treasurer, State Controller, Attorney General, and State Legislator elections, eliminating partisan primaries and establishing an open top-five primary election and a ranked-choice voting general election.

For these offices, all candidates and voters participate in a single primary election regardless of party affiliation or non-affiliation. The top five finishers advance to the general election, and the general election winner is determined by ranked-choice voting:

- General election voters will rank the candidates in order of preference from first to last, if they wish to rank more than just their first preference.
- As currently provided for during certain primary races, a general election candidate receiving first-choice votes of more than 50% is declared winner.
- If no candidate is the first choice of more than 50% of the voters in the general election, the candidate with the fewest votes is eliminated. Each voter who had ranked the now-eliminated candidate as their first choice, has their single vote transferred to their next highest choice candidate.
- This tabulation process repeats until the one candidate with more than 50% support is determined as the winner.

If passed, the Legislature would need to adopt implementing legislation by July 1, 2025. These changes would go into effect for the 2026 election cycle, starting with the primary election in June 2026.

A “Yes” vote would amend Articles 5 & 15 of the *Nevada Constitution* to allow all Nevada voters the right to participate in open primary elections to choose candidates for the general election in which all voters may then rank the remaining candidates by preference for the offices of U.S. Senators, U.S. Representatives, Governor, Lieutenant Governor, Secretary of State, State Treasurer, State Controller, Attorney General, and State Legislators.

A “No” vote would retain the provisions of Articles 5 & 15 of the *Nevada Constitution* in their current form.

DIGEST—Under current law, Nevada primary elections are closed elections in which the “candidates for partisan office of a major political party and candidates for nonpartisan office must be nominated at the primary election by a vote of the voters registered to each respective major political party” (NRS 293.175). Only registered voters of a major political party may take part in the selection of the candidates for a major political party for the general

election during a primary election. Voters registered to a minor party or not affiliated with a party may only vote for nonpartisan contests during a primary election.

Article 15, section 14 of the *Nevada Constitution* currently provides that a plurality of votes given at an election by the people, shall constitute a choice. This means that the candidate who receives the majority of the votes, regardless of whether or not it is a majority (more than 50%) of the votes cast, is identified as the winner of that contest.

If approved by the voters, this ballot measure would return on the ballot of the general election in 2024. If passed then as well, it would amend the *Nevada Constitution* to change the primary election so that all voters, regardless of their party affiliation, would be able to cast votes for all candidates. This would change the primary election from a means for major political parties to identify their candidate for the general election and make it instead a means to simply reduce the total number of candidates whose names will appear on the ballot at the general election for partisan office. Under this change, no more than five candidates shall advance to the ballot of the general election for partisan office.

This ballot measure would also change the manner of selection for the offices of U.S. Senators, U.S. Representatives, Governor, Lieutenant Governor, Secretary of State, State Treasurer, State Controller, Attorney General, and State Legislators such that the voters would be able to rank their candidates by preference in the general election. The changes identified in this ballot measure would not apply to the office of President or Vice-President of the United States. Under this new system, voters would be able to list, or rank, the candidates of their choice by preference, identifying on their ballot up to five candidates for each partisan contest in their order of preference. Votes would be tabulated in a manner that determines if a candidate is highest-ranked on a majority of the active ballots, then that candidate is deemed elected and the tabulation is complete. If no candidate is highest-ranked on a majority of the active ballots, tabulation would proceed in sequential rounds as outlined in Section 7 of the proposed constitutional amendment until the candidate with a majority of the votes is declared winner.

Under existing law, ballots for statewide office must include an option for voters to select “None of These Candidates” (NRS 293.269). Under the proposed changes, any votes for “None of These Candidates” shall be tabulated, recorded, and made public, but would not be counted for the purpose of electing or ranking any candidates for partisan office.

Finally, this ballot measure requires that the legislature create or modify existing statutes by July 1, 2025, in order to effect the implementation of these changes to the *Nevada Constitution*.

ARGUMENTS FOR PASSAGE

The current partisan election process is not working for Nevada. Current law excludes over one third of all Nevada voters from the taxpayer-funded partisan primary elections.¹ These closed partisan primaries are controlled by political party insiders and no citizen should be compelled to join a political party so as to vote.²

Despite being funded on the backs of all taxpayers³, Nevada’s partisan primaries are only open to Nevadans who register as Republican or Democrat.⁴ This current system leaves out many voters and entitles a very small, partisan minority to determine the general election candidates.⁵

¹ <https://thenevadaindependent.com/article/non-major-party-voters-now-make-up-majority-of-registered-nevada-voters-for-first-time-in-state-history> (noting that 34.8% of voters consists of non-partisan or minor party voters).

² NRS 293.175 specifies that only candidates for partisan office of a major political party can appear on primary ballot.

³ Pursuant to NRS Chapter 293, primary elections are currently used as the nominating process for major political parties even though the elections are conducted by the government at taxpayer expense. NRS 293.175.

⁴ NRS 293.175 specifies that only candidates for partisan office of a major political party can appear on primary ballot.

⁵ Id.

The closed partisan primary system leaves many feeling like their voices don't matter, and that their elected leaders only represent the most extreme party constituents.⁶ Our leaders are often more concerned with angry partisan rhetoric rather than sensible policy making. Question 3 will greatly improve Nevada's election process, putting the power of elections where it belongs – in the hands of all voters, rather than the party establishment.⁷

Question 3 will give ALL Nevada voters the right to participate regardless of their party registration.⁸ By creating an open primary, Question 3 allows all voters a voice in all those who appear on the general election ballot regardless of party affiliation.⁹

In addition to giving Nevadans more voice, Question 3 will also give voters more choice by establishing a Ranked-Choice general election system.¹⁰ Ranked-Choice is a simple change to our general elections that allows voters the opportunity to rank up to five candidates who best represent their positions, rather than having to choose between the “lesser of two evils”.¹¹ Nevadans will list the candidates in order of preference; however, ranking is not required, and voters can continue to simply vote for their top choice if they so choose.¹² The candidate who receives the broadest support from all voters will be the winner.¹³ This simple change encourages candidates to focus on issues that matter to the majority rather than the partisan bases of the parties.¹⁴

Question 3 ensures that every Nevadan's voice is heard and that every vote matters, regardless of party registration, and makes elected officials more accountable to all Nevadans.¹⁵

Vote YES and give Nevadans more choice and more voice in our elections.

The above argument was submitted by the Ballot Question Committee composed of citizens in favor of this question as provided for in NRS 293.252. Committee members: Sondra Cosgrove (Chair), Pat Hickey, and Doug Goodman. This argument, with active hyperlinks, can also be found at www.nvsos.gov.

<https://www.uniteamerica.org/strategy/nonpartisan-primaries> (Address how elected officials must appeal and answer to the small minority of voters who participate in partisan primaries); https://www.fairvote.org/research_rcvcampaigncivility

⁷ Initiative's amendment to add Article 15, Section 17(1)(c) specifying that “[a]ny registered voter may cast a primary ballot for any candidate for partisan office regardless of the political party affiliation of the voter”

⁸ Initiative's amendment to add Article 15, Section 17(1)(c).

⁹ Initiative's amendment to add Article 15, Section 17(1)(c) specifying that “[a]ny registered voter may cast a primary ballot for any candidate for partisan office regardless of the political party affiliation of the voter”

¹⁰ Initiative's amendment to add Article 15, Section 18.

¹¹ Initiative's amendment to add Article 15, Section 18(7), specifying that if no single candidate is the first ranked choice of 50% plus 1 of all votes, the tabulation process continues until the candidate with the most support among all voters is determined.

¹² Initiative's amendment to add Article 15, Section 18(8).

¹³ Initiative's amendment to add Article 15, Section 18(7), specifying that if no single candidate is the first ranked choice of 50% plus 1 of all votes, the tabulation process continues until the candidate with the most support among all voters is determined.

¹⁴ Initiative's amendment to add Article 15, Section 18(7), specifying that if no single candidate is the first ranked choice of 50% plus 1 of all votes, the tabulation process continues until the candidate with the most support among all voters is determined. As such, candidates must now appeal to the majority of all voters, not just the partisan voters that can presently participate.

¹⁵ Id.

REBUTTAL TO ARGUMENTS FOR PASSAGE

Question 3's jungle primary and confusing multi-stage general election proposal does nothing to address partisanship in Nevada's political process, and will likely make things worse.

Instead, this initiative will fundamentally damage the traditional conduct of our elections, and it could function to shut out parties entirely from running general election candidates in some races. In many districts, the only choices in November might be between candidates of the same party, or among fewer parties' candidates than currently.

In addition, if Question 3 passes, independent candidates not affiliated with the political parties would be prevented from launching a campaign in the general election, and would instead have to compete directly in expensive primaries against established party candidates. Nevadans need more quality voices and ideas in politics, but this initiative actually narrows voters' options.

Question 3's out-of-state special interest funders want to permanently lock this extreme change in our elections into our state Constitution, meaning this risky scheme would be nearly impossible to change or repeal, and the cost of future elections would increase.

This initiative's result will be more money in toxic political campaigns and thousands of votes thrown away because of confused voters, with no improvement in our political system.

The above rebuttal was submitted by the Ballot Question Committee composed of citizens opposed to this question as provided for in NRS 293.252. Committee members: Emily Persaud-Zamora (Chair) and Eric Jeng. This rebuttal can also be found at www.nvsos.gov.

ARGUMENTS AGAINST PASSAGE

The changes to elections proposed by Question 3 do not put voters first. This initiative, funded by out-of-state millionaires and special interest groups, would completely overhaul elections in Nevada, making them more complicated and more time-consuming for voter participation.¹ It could cost Nevadans millions of taxpayer dollars to implement, and lock these changes into our state Constitution, making it nearly impossible to repeal if this scheme fails.²

"One person, one vote" is at the core of free and fair elections in America. Question 3 raises questions regarding whether it undermines that basic principle, and leaves some voters at risk of having votes ultimately not counted in the final tally.³ For example, if a voter chooses to rank only one candidate, their ballot might be excluded from the final count – as if they didn't show up for the election at all. Meanwhile, voters who selected multiple candidates will have their votes counted multiple times. In 2021, more than 140,000 ballots in New York City were declared "inactive" before the final round of tabulation and no longer factored into the ultimate vote count – nearly 15% of all ballots cast.⁴

Ranked-choice voting is a complex process that results in up to five times as many ballots uncounted because of errors.⁵ Currently, Nevada's voting process is straightforward: voters pick which candidate they support, and the candidate with the most votes wins. Ranked-choice voting makes casting ballots more confusing and tedious, and decreases participation in our elections.⁶ In close races, it could take weeks to determine the winner, leading many voters to question the validity of the results.⁷

Question 3 would replace our traditional primary system with a California-style "jungle primary" system. This means candidates from a single political party can overwhelm the primary and shut out other political parties from even appearing on the November general election ballot. This is an extreme change that threatens the ability to have all viewpoints represented during a general election in Nevada.

⁷ <https://www.nytimes.com/article/nyc-primary-results-explained.html>

Question 3 would enshrine a complicated, time-consuming, error-prone, and expensive new voting system into the Nevada Constitution. This constitutional change would be extremely difficult to repeal if the new system fails voters.

Our elections won't be better if Nevadans are left questioning whether their vote will be counted in final tallies. Voters in other states and municipalities have recently rejected ranked-choice voting.⁸ We encourage our fellow Nevadans to vote no on Question 3.

The above argument was submitted by the Ballot Question Committee composed of citizens opposed to this question as provided for in NRS 293.252. Committee member: Emily Persaud-Zamora (Chair) and Eric Jeng. This rebuttal, with active hyperlinks, can also be found at www.nvsos.gov.

⁸ <https://www.wbur.org/news/2020/11/04/question-two-ranked-choice-voting-massachusetts-no>

REBUTTAL TO ARGUMENTS AGAINST PASSAGE

The opposition statement above is filled with misleading claims. Political party bosses want to keep their power by stopping Question 3 – continuing to keep over 1/3 of voters from voting in Nevada's closed primaries.¹

Question 3 guarantees every Nevadan the right to vote in primaries, maximizing the principle of one person one vote.² Question 3 promotes better governance because elected officials will be held accountable to the majority of Nevadans, not just partisan extremists.³

In the general election, Question 3 lets voters choose just one candidate or rank up to five in order of preference, giving voters more say and the winning candidate will be the one with broadest support of all voters.⁴ No votes are uncounted or excluded. Millions of U.S. voters outside Nevada already have such a right, including many Military voters.⁵

Question 3 necessitates no greater delay in ballots being counted, as we already have mail voting.⁶

Maximizing the right to vote is hardly complicated. Citizens prioritize choices everyday. Prioritizing those candidates so that the winner is most reflective of the will of voters — as opposed to party bosses — is what matters.

Vote YES ON Question 3 – to help fix a broken system.

The above rebuttal was submitted by the Ballot Question Committee composed of citizens in favor of this question as provided for in NRS 293.252. Committee members: Sondra Cosgrove (Chair), Pat Hickey, and Doug Goodman. This argument, with active hyperlinks, can also be found at www.nvsos.gov.

¹ <https://thenevadaindependent.com/article/non-major-party-voters-now-make-up-majority-of-registered-nevada-voters-for-first-time-in-state-history> (noting that 34.8% of voters consists of non-partisan or minor party voters).

² Initiative's amendment to add Article 15, Section 17(1)(c) specifying that "[a]ny registered voter may cast a primary ballot for any candidate for partisan office regardless of the political party affiliation of the voter"

³ Initiative's amendment to add Article 15, Section 18(7), specifying that if no single candidate is the first ranked choice of 50% plus 1 of all votes, the tabulation process continues until the candidate with the most support among all voters is determined. As such, candidates must now appeal to the majority of all voters, not just the partisan voters that can presently participate.

⁶ AB 321 (2021 Nevada Legislature).

FISCAL NOTE

FINANCIAL IMPACT – YES

OVERVIEW

The Statewide Constitutional Initiative Petition – Identifier: C-01-2021 (Initiative) proposes to amend various sections of the *Nevada Constitution* to make the following changes to the state’s election process:

1. All primary elections for partisan offices shall be held as open primaries.
2. The five candidates receiving the most votes at the primary election shall advance to the general election, regardless of the candidate’s party affiliation.
3. General elections for partisan offices, which include United States Senator, United States Representative, Governor, Lieutenant Governor, Attorney General, Secretary of State, State Treasurer, State Controller, and state legislators, but excludes the offices of President and Vice President of the United States, shall be conducted by a ranked-choice ballot.

FINANCIAL IMPACT OF THE INITIATIVE

Pursuant to Article 19, Section 2 of the *Nevada Constitution*, an initiative proposing to amend the *Nevada Constitution* must be approved by the voters at two successive general elections in order to become a part of the *Constitution*. If this Initiative is approved by voters at the November 2022 and November 2024 General Elections, the provisions of the Initiative would become effective on the fourth Tuesday of November 2024 (November 26, 2024), when the votes are canvassed by the Supreme Court pursuant to NRS 293.395.

The following provisions of the Initiative have been identified as having a potential financial impact upon the state and local governments:

1. The provisions of the Initiative requiring that all primary elections for partisan offices be held as open primaries will result in a single sample ballot being produced for all registered voters for each primary election, irrespective of party affiliation, rather than separate sample ballots for voters of each political party. Although these provisions will eliminate the need for local governments to prepare separate sample ballots for each major political party, the addition of all candidates for each partisan race to all ballots, regardless of party affiliation, may result in an increase in the number of pages required to print each sample ballot, thereby potentially increasing the costs borne by local governments to provide those sample ballots.

Because the number of candidates who may choose to run for each partisan office in future primary elections cannot be predicted, the size of the sample ballot sent to each registered voter, and the resultant financial impact upon local governments, cannot be determined with any reasonable degree of certainty.

2. The provisions of the Initiative requiring that the five candidates receiving the most votes at the primary election shall advance to the general election, regardless of the candidate’s party affiliation, may also affect the number of candidates appearing on the sample ballot produced for registered voters at each general election and, therefore, may increase the number of pages required to print each sample ballot for registered voters at any general election held in this state.

Because the number of candidates who may choose to run for each office in future elections cannot be predicted, the potential increase to the size of the sample ballot that is sent to each registered voter before each general election, as well as the potential financial impact upon local governments that may result

from these changes to the size of the sample ballot, cannot be determined with any reasonable degree of certainty.

3. The provisions that require general elections for certain partisan offices specified within the Initiative be conducted using a ranked-choice ballot will increase costs for the state and local governments, beginning with the general election that would be held in November 2026, if the Initiative is approved by voters at the November 2022 and November 2024 general elections.

In December 2021, the Secretary of State's Office provided information to the Fiscal Analysis Division relating to potential costs relating to the implementation of ranked-choice voting. This information, which was obtained with the cooperation of local governments, estimated one-time expenditures by the state and local governments of approximately \$3.2 million beginning in FY 2025, prior to the November 2026 General Election, relating to voter outreach and education, increased ballot stock costs, personnel expenses, equipment, software and programming costs for voting machines, and updates to training materials.

The Secretary of State's Office additionally estimated ongoing expenditures relating to the implementation of ranked-choice voting of approximately \$57,000 per fiscal year, relating to the payment of license fees to the vendors supplying election software to each of Nevada's seventeen counties. The information provided also indicated that there may be additional ongoing expenditures relating to increased ballot stock that would need to be used by the counties for each primary and general election, depending on the number of individuals who run for the offices of United States Senator, United States Representative, Governor, Lieutenant Governor, Attorney General, Secretary of State, State Treasurer, State Controller, and the State Legislature. However, because the number of individuals who may run for these offices in any given election cannot be predicted, the resultant impact upon ongoing expenditures for the state and local governments cannot be determined with any reasonable degree of certainty.

Based on the information provided by the Secretary of State's Office, in cooperation with affected local governments, the Fiscal Analysis Division has determined that the implementation of the Initiative will result in additional one-time and ongoing expenditures for the state and local governments following its effective date. However, the Secretary of State's estimates of these costs outlined in this financial impact statement were based on information available in December 2021. The Fiscal Analysis Division cannot easily estimate the costs associated with the implementation and administration of the Initiative beginning with the 2026 election cycle; therefore, the actual impacts upon one-time and ongoing expenditures that would be borne by the state and local governments in FY 2025 and future fiscal years cannot be determined with any reasonable degree of certainty.

Prepared by the Fiscal Analysis Division of the Legislative Counsel Bureau – May 20, 2022

FULL TEXT OF THE MEASURE

BETTER VOTING NEVADA INITIATIVE

EXPLANATION: Matter in *bolded italics* is new; matter between brackets [~~omitted material~~] is material to be omitted.

The People of the State of Nevada do enact as follows:

Section 1. Article 5, Section 4 of the Nevada Constitution is hereby amended to read as follows:

Section 4. Returns of general election transmitted to secretary of state; canvass by supreme court; declaration of election. The returns of every election for United States senator and member of Congress, district and state officers, and for and against any questions submitted to the electors of the State of

Nevada, voted for at the general election, shall be sealed up and transmitted to the seat of government, directed to the secretary of state, and the chief justice of the supreme court, and the associate justices, or a majority thereof, shall meet at the office of the secretary of state, on a day to be fixed by law, and open and canvass the election returns for United States senator and member of Congress, district and state officers, and for and against any questions submitted to the electors of the State of Nevada, and forthwith declare the result and publish the names of the persons elected and the results of the vote cast upon any question submitted to the electors of the State of Nevada. The persons having the highest number of votes for the respective offices *as provided for and governed by Nevada law and/or Section 18 of Article 15 of this Constitution* shall be declared elected. [~~but in case any two or more have an equal and the highest number of votes for the same office, the legislature shall, by joint vote of both houses, elect one of said persons to fill said office.~~]

Section 2. Article 15, Section 14 of the Nevada Constitution is hereby amended to read as follows:

Sec: 14. Election by plurality. A plurality of votes given at an election by the people, shall constitute a choice, *except as provided in Section 18 of Article 15 or* where not otherwise provided by this Constitution.

Section 3. Article 15 of the Nevada Constitution is hereby amended by adding thereto a new section to be designated as Section 17, to read as follows:

Section 17. Top-five primary elections for partisan office.

1. *Primary elections for partisan office shall be conducted as follows:*
 - a. *The primary election for partisan offices must be held on the date and time as provided by Nevada law.*
 - b. *A person may become a candidate at the primary election for partisan office regardless of the person's affiliation with a political party, or lack thereof.*
 - c. *Any registered voter may cast a primary ballot for any candidate for partisan office regardless of the political party affiliation of the voter or any political party preference indicated by the candidate. The primary election for partisan office does not serve to determine the nominee of a political party or political group but serves only to narrow the number of candidates whose names will appear on the ballot at the general election for partisan office.*
2. *At a primary election for partisan office, only the names of the five candidates receiving the greatest number of votes at the primary election shall advance to the general election for partisan office. If, however, there are five or fewer candidates for a specific partisan office, the primary election for partisan office will still be held and the results made public, and all must be declared the candidates for the general election.*
3. *In the event of a tie for fifth place, the candidate who proceeds to the general election for partisan office will be decided by lot.*
4. *The ballot for the primary election must clearly delineate the partisan offices to which the top-five process provided by this section applies.*
5. *Immediately following the name of each candidate for a partisan office must appear the name or abbreviation of the political party with which the candidate is registered, the words "no political party" or the abbreviation "NPP," as the case may be.*
6. *The ballots for the primary elections for partisan office must include a conspicuously placed statement: "A candidate for partisan office may state a political party that he or she prefers. A candidate's preference does not imply that the candidate is nominated or endorsed by the party, or that the party approves of or associates with that candidate."*
7. *In the event that one of the five candidates who received the greatest number of votes at the primary election withdraws, is disqualified, dies, or is otherwise deemed ineligible to be elected after the primary election for partisan office but before the 5 p.m. on the fourth Friday in July, the candidate receiving the next greatest number of votes at the primary election for partisan*

office shall be declared a nominee, and his or her name shall be placed on the ballot at the general election for partisan office.

8. As used in this section:

“Partisan office” means the Offices of United States Senator, United States Representative, Governor, Lieutenant Governor, Attorney General, Secretary of State, State Treasurer, State Controller, and State Legislators, and excludes the Offices of President of the United States and Vice President of the United States.

9. Implementation

a. Not later than July 1, 2025, the Legislature shall provide by law for provisions consistent with Section 17 of Article 15 of this Constitution to require top-five primary elections for partisan office.

b. Upon enactment of any law by the Legislature pursuant to Section 17 of Article 15 of this Constitution before July 1, 2025, and not later than that date, any laws, regulations, regulatory orders or other provisions which conflict with Section 17 of Article 15 of this Constitution will be void. However, the Legislature may enact legislation, in whole or in part, consistent with Section 17 of Article 15 of this Constitution that to provide top-five primary elections for partisan office before July 1, 2025.

Section 4. Article 15 of the Nevada Constitution is hereby amended by adding thereto a new section to be designated as Section 18, to read as follows:

Section 18. Ranked-choice voting for general elections for partisan office.

- 1. All general elections for partisan office shall be conducted by ranked-choice voting.*
- 2. The general election ballots for partisan office shall be designed so that the candidates are selected by ranked-choice voting.*
- 3. The general election ballots for partisan office shall be designed so that the voter is directed to mark candidates in order of preference and to mark as many choices as the voter wishes, but not to assign the same ranking to more than one candidate for the same office.*
- 4. Immediately following the name of each candidate for a partisan office must appear the name or abbreviation the political party with which the candidate is registered, the words “no political party” or the abbreviation “NPP,” as the case may be.*
- 5. The ballots for the general elections for partisan office must include a conspicuously placed statement that: “Each candidate for partisan office may state a political party that he or she prefers. A candidate's preference does not imply that the candidate is nominated or endorsed by the party, or that the party approves of or associates with that candidate.”*
- 6. When counting ballots in a general election for partisan office, the Registrar, County Clerk, or chief election official (as applicable) in each County shall initially tabulate each validly cast ballot as one vote for the highest-ranked candidate on that ballot or as an inactive ballot. If a candidate is highest-ranked on a majority of the active ballots, that candidate is elected and the tabulation is complete. If no candidate is highest-ranked on a majority of the active ballots, tabulation proceeds in sequential rounds as outlined in Section 7.*
- 7. Tabulation proceeds in sequential rounds as follows:*
 - a. If two or fewer continuing candidates remain, the candidate with the greatest number of votes is elected and the tabulation is complete; otherwise, the tabulation continues under (b) of this subsection.*
 - b. The candidate with the fewest votes is eliminated, votes cast for the eliminated candidate shall cease counting for the eliminated candidate and shall be added to the totals of each ballot's next-highest-ranked continuing candidate or considered an inactive ballot under (8)(b) and (8)(c) of this section, and a new round begins under (7)(a) of this subsection.*
- 8. When counting general election ballots for partisan office,*

- a. *A voter may choose to rank just one candidate for partisan office, and that vote will be tabulated.*
 - b. *A ballot containing an overvote shall be considered an inactive ballot once the overvote is encountered at the highest ranking for a continuing candidate.*
 - c. *If a ballot skips a ranking, then the election board shall count the next ranking. If the next ranking is another skipped ranking, the ballot shall be considered an inactive ballot for that race.*
 - d. *Any votes for “None of These Candidates” shall be tabulated, recorded, and made public, but not be counted for the purpose of electing or ranking any candidates for partisan office.*
 - e. *In the event of a tie between the final two continuing candidates, the winner shall be decided in a manner as provided by statute.*
 - f. *In the event of a tie between two candidates with the fewest votes, the candidate eliminated shall be decided by lot.*
 - g. *An inactive ballot may not be counted for any candidate in that particular race.*
9. *As used in this section:*
- a. *“Continuing candidate” means a candidate who has not been eliminated.*
 - b. *“Inactive ballot” means a ballot that is no longer tabulated, either in whole or in part, because it does not rank any continuing candidate, contains an overvote at the highest continuing ranking, or contains two or more sequential skipped rankings before its highest continuing ranking.*
 - c. *“Overvote” means an instance where a voter has assigned the same ranking to more than one candidate.*
 - d. *“Ranking” or “ranked” means the number assigned by a voter to a candidate to express the voter’s choice for that candidate; a ranking of “1” is the highest ranking, followed by “2,” and then “3,” and so on.*
 - e. *“Round” means an instance of the sequence of voting tabulation in a general election for partisan office.*
 - f. *“Skipped ranking” means a blank ranking on a ballot on which a voter has ranked another candidate at a subsequent ranking.*
 - g. *“Partisan office” means the Offices of United States Senator, United States Representative, Governor, Lieutenant Governor, Attorney General, Secretary of State, State Treasurer, State Controller, and State Legislators, and excludes the Offices of President of the United States and Vice President of the United States.*
10. *Completion of ballot count; certificate.*
- a. *The certification of results shall be conducted as provided by Nevada law.*
11. *Implementation*
- a. *Not later than July 1, 2025, the Legislature shall provide by law for provisions consistent with this constitutional amendment, including providing for disclosure as to the full ranking of each candidate.*
 - b. *Upon enactment of any law by the Legislature pursuant to this constitutional amendment before July 1, 2025, and not later than that date, any laws, regulations, regulatory orders or other provisions which conflict with this constitutional amendment will be void. However, the Legislature may enact legislation, in whole or in part, consistent with this constitutional amendment before July 1, 2025.*

Section 5. Severability. If any provision of this act, or the application therefore to any person, thing or circumstance is held invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not affect the validity or constitutionality of this act as a whole or any provision or application of this act which can be given effect without the invalid or unconstitutional provision or application, and to this end the provisions of this act are declared to be severable.

STATE QUESTION NO. 4

Amendment to the Ordinance of the *Nevada Constitution* and the *Nevada Constitution*

Assembly Joint Resolution No. 10 of the 81st Session

CONDENSATION (Ballot Question)

Shall the Ordinance of the *Nevada Constitution* and the *Nevada Constitution* be amended to remove language authorizing the use of slavery and involuntary servitude as a criminal punishment?

Yes No

EXPLANATION & DIGEST

EXPLANATION—This proposed amendment removes from the Ordinance of the *Nevada Constitution* and from the *Nevada Constitution* the language that allows for slavery or involuntary servitude as a punishment for crimes. “Slavery,” as defined by Black’s Law Dictionary, is a situation in which one person has absolute power over the life, fortune and liberty of another person. For the purposes of a federal statute prohibiting involuntary servitude as a means of enforcing a similar prohibition against involuntary servitude in the *United States Constitution*, the United States Supreme Court defined involuntary servitude to mean the use or threat of physical restraint or physical injury, or coercion through law or the legal process, to force a person to work. *United States v. Kozminski*, 487 U.S. 931, 952 (1988)

Currently, Article I, Section 17 of the Ordinance of the *Nevada Constitution* and the *Nevada Constitution* prohibit slavery and involuntary servitude, except as punishment for a crime for which a person has been convicted. This amendment removes this exception, clarifying that slavery and involuntary servitude are prohibited in all circumstances.

A “Yes” vote would prohibit the use of slavery and involuntary servitude as a punishment for a crime.

A “No” vote would maintain the current language authorizing the use of slavery or involuntary servitude as a punishment for a crime.

DIGEST—As included in the original Ordinance of the *Nevada Constitution* and the *Constitution of the State of Nevada*, slavery and involuntary servitude are prohibited, except as punishment for a crime. This resolution proposes to amend the Ordinance of the *Nevada Constitution* and the *Nevada Constitution* to remove language authorizing the use of slavery and involuntary servitude as a criminal punishment.

ARGUMENTS FOR PASSAGE

Slavery and involuntary servitude are morally unacceptable and should not exist in any form, even in our prison system. This form of punishment for crime has a history of discrimination and lack of respect for basic human rights and has had disproportionate and hurtful impacts. Nevada is not the only state considering this change. In recent years, seven of the 23 states that permitted slavery or involuntary servitude as forms of criminal punishment in their state constitutions removed this language. By voting for this ballot question, Nevadans are signaling that we no longer accept this hurtful and outdated form of punishment in our most important legal document.

In our prison system, offenders have the opportunity to volunteer for work in prison, earning work credits towards their sentences or wages that go toward, among other things, restitution, child support, and commissary. This

change is not intended to impact those voluntary work programs. Removing language authorizing the use of slavery or involuntary servitude as punishment for crime would get rid of hurtful and offensive language in our *Constitution* while allowing voluntary work programs to continue.

Vote “Yes” on Question 4 and abolish slavery from the *Nevada Constitution* once and for all.

ARGUMENTS AGAINST PASSAGE

Proponents of Question 4 want voters to believe that this change to the *Nevada Constitution* will not negatively affect the criminal justice system. However, this ballot question could lead to unintended consequences within the criminal justice system relating to prison work requirements, community service, and parole and probation.

Removing the language may create legal uncertainty in the State around current offender work practices. The uncertainty arising from the passage of Question 4 could impact prison work assignments, such as clerks, cooks, boiler operators, and porters that provide the basic labor to meet the institutions’ operational needs. Additionally, offenders who voluntarily participate in work programs that provide life skills, job training, and rehabilitation and offenders who chose community service as an alternative to incarceration may lose these opportunities.

Vote “No” on Question 4 against this unnecessary change to the *Nevada Constitution*.

FISCAL NOTE

Financial Impact—Cannot Be Determined

The provisions of Question 4 remove existing provisions in the Ordinance of the *Nevada Constitution* and Article 1, Section 17 of the *Nevada Constitution* that allow slavery and involuntary servitude to be utilized as a criminal punishment. If this ballot question is approved by the voters, the removal of this exception may require the State and local governments to revise laws, policies or procedures relating to prison labor, parole and probation, community service and other programs that may require labor to be performed by an offender as a condition of his or her sentence, if it is determined that the existing laws, policies or procedures may be in violation of the *Nevada Constitution*.

To the extent that any laws, policies or procedures would need to be revised, the changes may have a financial impact upon the State or local governments utilizing these programs. However, because it is not known what changes may be required, if any, to comply with these provisions, nor can the changes that would be made by the State or a local government, if any, be predicted, the resultant effect on the State or local governments cannot be determined with any reasonable degree of certainty.

FULL TEXT OF THE MEASURE

Assembly Joint Resolution No. 10—Assemblymen Watts, C.H. Miller, Frierson, Brittney Miller, Monroe-Moreno; Summers-Armstrong and Thomas

Joint Sponsors: Senators D. Harris, Neal and Spearman

ASSEMBLY JOINT RESOLUTION— Proposing to amend the Ordinance of the Nevada Constitution and the Nevada Constitution to remove language authorizing the use of slavery and involuntary servitude as a criminal punishment.

Legislative Counsel’s Digest:

Under the Ordinance of the Nevada Constitution and the Nevada Constitution, slavery and involuntary servitude are prohibited except as punishment for a crime. (Ordinance of the Nevada Constitution; Nev. Const. Art. 1,

§ 17) This resolution proposes to amend the Ordinance of the Nevada Constitution and the Nevada Constitution to remove language authorizing the use of slavery and involuntary servitude as a criminal punishment. If this resolution is passed by the 2021 Legislature, it must also be passed by the next Legislature and then approved and ratified by voters in an election before the proposed amendments become effective.

EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets [omitted material] is material to be omitted.

.....

RESOLVED BY THE ASSEMBLY AND SENATE OF THE STATE OF NEVADA, JOINTLY, That the Ordinance of the Nevada Constitution be amended to read as follows:

In obedience to the requirements of an act of the Congress of the United States, approved March twenty-first, A.D. eighteen hundred and sixty-four, to enable the people of Nevada to form a constitution and state government, this convention, elected and convened in obedience to said enabling act, do ordain as follows, and this ordinance shall be irrevocable, without the consent of the United States and the people of the State of Nevada:

First. That there shall be in this state neither slavery nor involuntary servitude. [~~otherwise than in the punishment for crimes, whereof the party shall have been duly convicted.~~]

Second. That perfect toleration of religious sentiment shall be secured, and no inhabitant of said state shall ever be molested, in person or property, on account of his or her mode of religious worship.

Third. That the people inhabiting said territory do agree and declare, that they forever disclaim all right and title to the unappropriated public lands lying within said territory, and

that the same shall be and remain at the sole and entire disposition of the United States; and that lands belonging to citizens of the United States, residing without the said state, shall never be taxed higher than the land belonging to the residents thereof; and that no taxes shall be imposed by said state on lands or property therein belonging to, or which may hereafter be purchased by, the United States, unless otherwise provided by the congress of the United States.

And be it further

RESOLVED, That Section 17 of Article 1 of the Nevada Constitution be amended to read as follows:

Sec. 17. Neither Slavery nor involuntary servitude [~~unless for the punishment of crimes~~] shall ever be tolerated in this State.

And be it further

RESOLVED, That this resolution becomes effective upon passage.

STATE QUESTION NO. 5

Amendment to the Sales and Use Tax Act of 1955

Senate Bill 428 of the 82nd Session

CONDENSATION (Ballot Question)

Shall the Sales and Use Tax Act of 1955 be amended to provide an exemption from the taxes imposed by this Act on the gross receipts from the sale and the storage, use or other consumption of diapers?

Yes No

EXPLANATION & DIGEST

EXPLANATION—This proposed amendment to the Sales and Use Tax Act of 1955 would exempt from the taxes imposed by this Act the gross receipts from the sale and storage, use or other consumption of diapers.

If this proposal is adopted, the Legislature has provided that the Local School Support Tax Law and certain analogous taxes on retail sales will be amended to provide the same exemptions.

Additionally, the Legislature has provided that in administering these sales and use tax exemptions for diapers, the term “diaper” will mean any type of child or adult diaper.

Finally, the Legislature has provided that these sales and use tax exemptions for child and adult diapers will become effective on January 1, 2025, and expire by limitation on December 31, 2050.

A “Yes” vote would exempt child and adult diapers from the Sales and Use Tax Act of 1955, the Local School Support Tax Law and certain analogous sales and use taxes.

A “No” vote would keep the current provisions of the Sales and Use Tax Act of 1955, the Local School Support Tax Law and certain analogous sales and use taxes.

DIGEST—The Sales and Use Tax Act of 1955 imposes taxes on the gross receipts from the sale and storage, use or other consumption of all tangible personal property in this State unless the property is exempt from such taxation. Because the Sales and Use Tax Act of 1955 was approved by the voters at a referendum election as prescribed by the *Nevada Constitution*, the Act cannot be amended, annulled, repealed, set aside, suspended or in any way made inoperative unless such action is also approved by the voters at an election. This ballot measure would amend the Sales and Use Tax Act of 1955 by creating an exemption from sales and use taxes for diapers. This ballot measure would decrease public revenue because diapers would no longer be subject to sales and use taxes.

Under existing laws, additional sales and use taxes are imposed by: (1) the Local School Support Tax Law which provides revenue for the support of local schools; and (2) other tax laws which provide revenue for the support of counties, cities, towns, special and local districts, regional agencies and authorities, other political subdivisions and specific projects and purposes. This ballot measure would change those existing laws by creating exemptions from sales and use taxes for diapers.

This ballot measure defines the term “diaper” for purposes of these exemptions to mean any type of diaper intended for use by a child or an adult, including, without limitation, a disposable diaper.

Under existing provisions of the *Nevada Constitution*, when any measure enacts exemptions from sales and use taxes, the measure must provide a specific date on which the exemptions will cease to be effective. Because this ballot measure would enact exemptions from sales and use taxes for diapers, this ballot measure provides that the exemptions will cease to be effective on December 31, 2050.

ARGUMENTS FOR PASSAGE

All diapers should be exempt from Nevada’s sales and use taxes to increase their affordability and access. These products are considered basic healthcare necessities for families with young children and for adults experiencing incontinence. Without a sufficient supply of clean diapers, babies are at risk for a host of illnesses, including skin infections, rashes, urinary tract infections and viral meningitis. Adults with conditions that require the use of an adult diaper face similar health risks without access to diapers, and additionally face risks of social isolation—which is linked to poorer health outcomes—from avoiding activities with family or friends.

The sales and use taxes on diapers place a financial burden on low-income families and other individuals who pay a larger percentage of their income each month on these essential goods. Child and adult diapers need to be more accessible, and eliminating these taxes will make them more affordable. Each year, Nevada families spend, on average, \$1,000 on diapers per child and pay up to \$84 in sales tax on those diapers. With the yearly tax savings from the passage of this ballot measure, Nevada families will be able to afford roughly one additional month supply of diapers or put that money toward other necessities. Adults with conditions requiring the use of diapers will receive similar tax relief.

Diapers are already exempt from sales and use taxes in 20 other states and an additional 5 that do not have sales and use taxes. In some states, such as Texas and Virginia, diapers are exempt specifically because they are considered necessities.

Ensure that Nevadans of all ages who rely on diapers have more affordable access to this basic healthcare necessity. Vote “Yes” on Question 5.

ARGUMENTS AGAINST PASSAGE

Exempting diapers from Nevada’s sales and use taxes will result in less revenue for the State and local governments and reduce funding for public schools. Passage of Question 5 is anticipated to reduce sales tax revenues by at least \$400 million between January 1, 2025, through the sunset date of December 31, 2050, which will adversely affect the provision of State and local governmental services, including K-12 education. Additionally, State and local government funding, including funding for public schools, will no longer benefit from additional sales tax revenue generated from diapers purchased in Nevada by tourists and other nonresidents.

This ballot measure will narrow the tax base by reducing the types of goods that can be taxed, creating the potential for more volatility in sales and use tax revenue and complicating the administration of these taxes. A broader tax base generally leads to lower tax rates overall and is better suited to accommodate upturns and downturns in the economy, which is the opposite of what this ballot measure achieves. Question 5 is not consistent with sound tax policy.

Products sold in Nevada are generally subject to sales and use taxes regardless of who buys or uses them. For example, other products that are considered necessities, such as soap and toothpaste, are not exempt from Nevada sales and use taxes. Chipping away at tax revenues to benefit specific groups of people will limit the services the State and local governments can provide to all Nevadans.

Do not approve yet another tax exemption that violates sound tax policy and decreases revenue for public services. Vote “No” on Question 5.

FISCAL NOTE

Financial Impact—Yes

Under current law, diapers, defined as any type of child or adult diaper, are considered tangible personal property subject to state and local sales and use taxes in the State of Nevada. If Question 5 is approved by the voters, an exemption from state and local sales and use taxes for diapers purchased in the State of Nevada would be provided, which would reduce the revenue received by the State and local governments, including funding for public schools, during the last six months of Fiscal Year 2025 (January 1, 2025, through June 30, 2025), all of Fiscal Years 2026 through 2050 (July 1, 2026, through June 30, 2050), and the first six months of Fiscal Year 2051 (July 1, 2050, through December 31, 2050).

According to the data company Statista, the consumption of child and adult diapers in the United States is estimated at approximately \$12.3 billion in 2024. The population of Nevada, according to the United States Bureau of the Census, currently makes up approximately 0.95 percent of the national population; thus, assuming that consumption of diapers in Nevada is consistent with total national expenditures, approximately \$117.3 million in diapers will be purchased in Nevada during 2024.

Had this exemption been effective during this calendar year, the exemption of approximately \$117.3 million in diapers from the combined statewide sales and use tax rate of 6.85 percent would have resulted in the following estimated revenue reductions for each component of the combined rate:

Combined Statewide Sales & Use Tax Rate Component	Tax Rate	Recipient of Revenue	Estimated Revenue Loss per Fiscal Year
State Sales Tax	2.00%	State General Fund	\$2.3 million
Local School Support Tax (LSST)	2.60%	State Education Fund	\$3.0 million
Basic City-County Relief Tax (BCCRT)	0.50%	Counties, cities, towns, and other local government entities	\$0.6 million
Supplemental City-County Relief Tax (SCCRT)	1.75%	Counties, cities, towns, and other local government entities	\$2.0 million
TOTAL	6.85%		\$7.9 million

The estimated revenue loss for each component of the combined statewide sales and use tax rate represents approximately 0.13 percent of the estimated revenue collected for each of these components, based on the Economic Forum's forecast for the 2 percent state sales and use tax in Fiscal Year 2024.

In addition to the statewide taxes described above, 13 of Nevada's 17 counties (Carson City, Churchill, Clark, Douglas, Elko, Lander, Lincoln, Lyon, Nye, Pershing, Storey, Washoe and White Pine) impose one or more optional local sales tax rates for authorized uses. Based on the assumptions above and an average statewide sales and use tax rate of 8.234 percent, it is estimated that the exemption would additionally reduce total revenue generated for the counties imposing optional local sales tax rates by approximately \$1.6 million.

Additionally, under current law, Nevada's Department of Taxation retains commissions, which are deposited in the State General Fund, for the cost of collecting sales and use taxes for local governments and school districts. The commissions are collected at a rate of 0.75 percent for the LSST and a rate of 1.75 percent for the BCCRT, SCCRT and the optional local sales taxes. It is estimated that the exemption of approximately \$117.3 million in taxable sales would reduce the commissions generated for the State General Fund by approximately \$97,000.

Finally, the State and local governments, including public schools, may lose additional sales tax revenue from this exemption for diapers purchased in Nevada by tourists and other nonresidents. However, the amount of these

products that may be purchased by such nonresidents, and the resulting loss in revenue to these governmental entities, cannot be determined with any reasonable degree of certainty.

Note that the revenue loss to the State and local governments, including public schools, illustrated in the table and narrative above are estimates based on estimated sales of diapers and the State’s population in 2024. The actual revenue loss to the State and local governmental entities during the 26 years when this exemption would be effective (January 1, 2025, through December 31, 2050) may be higher or lower in any given fiscal year, depending on the number of exempt products that are actually purchased and the price of those products. Additionally, changes in the statewide population and the number of nonresidents purchasing these products may affect the actual reduction in sales and use tax revenue.

Additionally, the estimated revenue loss described in this fiscal note does not make any assumptions regarding whether consumers who are not paying sales and use tax on the purchase of diapers will use that savings to purchase other tangible personal property subject to the sales and use tax or will engage in other activities that are subject to a state or local tax in Nevada. Although it is possible that taxpayers will use these savings towards other activities that may generate additional revenue for the State or a local government, the types of taxable activities, the amount of revenue that may be generated, and the recipients of this revenue cannot be determined with any reasonable degree of certainty.

Nevada’s Department of Taxation has indicated that no additional funding would be required to implement and administer this exemption for diapers from the state and local sales and use taxes.

FULL TEXT OF THE MEASURE

Senate Bill No. 428—Senators Flores, Neal; Buck, Donate, Dondero Loop, D. Harris, Ohrenschall, Pazina, Scheible and Spearman

Joint Sponsors: Assemblymen D’Silva, Torres, González; Anderson, Brown-May, Dickman, Gurr, C.H. Miller, Orentlicher, Peters, Taylor and Yurek

AN ACT relating to taxes on retail sales; providing for the submission to the voters of the question whether the Sales and Use Tax Act of 1955 should be amended to provide an exemption from the tax for child and adult diapers; providing for the exemptions from certain analogous taxes if the voters approve this amendment to the Sales and Use Tax Act of 1955; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

The nonadministrative provisions of the Sales and Use Tax Act of 1955 (part of chapter 372 of NRS) were approved by the voters by a referendum and therefore cannot be amended, annulled, repealed, set aside, suspended or in any way made inoperative except by the direct vote of the people. (Nev. Const. Art. 19, § 1)

Sections 2-9 of this bill require the submission of a question to the voters at the 2024 General Election of whether the Sales and Use Tax Act of 1955 should be amended to provide an exemption for diapers. **Section 10** of this bill construes the term “diaper” for the purposes of the exemption to include all types of child and adult diapers. **Sections 11 and 12** of this bill amend the Local School Support Tax Law to provide an identical exemption. This tax exemption becomes effective of January 1, 2025, and expires by limitation on December 31, 2050, only if the voters approve the amendment to the Sales and Use Tax Act of 1955 at the General Election in 2024.

Any amendment to the Local School Support Tax Law, including exemptions, also applies to other sales and use taxes imposed under existing law. (NRS 354.705, 374A.020, 376A.060, 377.040, 377A.030, 377B.110, 543.600 and various special and local acts) Therefore, if the voters approve the exemption of diapers proposed by this bill, from January 1, 2025, through December 31, 2050, diapers will be exempt from all sales and use taxes currently contemplated under existing law.

EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets [omitted material] is material to be omitted.

.....

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. The Legislature hereby finds that each exemption provided by this act from any excise tax on the sale, storage, use or consumption of tangible personal property sold at retail:

1. Will achieve a bona fide social or economic purpose and that the benefits of the exemption are expected to exceed any adverse effect of the exemption on the provision of services to the public by the State or a local government that would otherwise receive revenue from the tax from which the exemption would be granted; and
2. Will not impair adversely the ability of the State or a local government to pay, when due, all interest and principal on any outstanding bonds or any other obligations for which revenue from the tax from which the exemption would be granted was pledged.

Sec. 2. At the General Election on November 5, 2024, a proposal must be submitted to the registered voters of this State to amend the Sales and Use Tax Act, which was enacted by the 47th Session of the Legislature of the State of Nevada and approved by the Governor in 1955, and subsequently approved by the people of this State at the General Election held on November 6, 1956.

Sec. 3. At the time and in the manner provided by law, the Secretary of State shall transmit the proposed act to the several county clerks, and the county clerks shall cause it to be published and posted as provided by law.

Sec. 4. The proclamation and notice to the voters given by the county clerks pursuant to law must be in substantially the following form:

Notice is hereby given that at the General Election on November 5, 2024, a question will appear on the ballot for the adoption or rejection by the registered voters of the State of the following proposed act:

AN ACT to amend an Act entitled “An Act to provide revenue for the State of Nevada; providing for sales and use taxes; providing for the manner of collection; defining certain terms; providing penalties for violation, and other matters properly relating thereto.” approved March 29, 1955, as amended.

THE PEOPLE OF THE STATE OF NEVADA DO ENACT AS FOLLOWS:

Section 1. Section 56.1 of the above-entitled Act, being chapter 397, Statutes of Nevada 1955, as added by chapter 306, Statutes of Nevada 1969, at page 532, and amended by chapter 627, Statutes of Nevada 1985, at page 2028, and amended by chapter 404, Statutes of Nevada 1995, at page 1007, and amended by chapter 389, Statutes of Nevada 2017, at page 2540, is hereby amended to read as follows:

Sec. 56.1. 1. There are exempted from the taxes imposed by this act the gross receipts from sales and the storage, use or other consumption of:

- (a) Prosthetic devices, orthotic appliances and ambulatory casts for human use, and other supports and casts if prescribed or applied by a licensed provider of health care, within his scope of practice, for human use.
- (b) Appliances and supplies relating to an ostomy.
- (c) Products for hemodialysis.
- (d) Medicines:
 - (1) Prescribed for the treatment of a human being by a person authorized to prescribe medicines, and dispensed on a prescription filled by a registered pharmacist in accordance with law;
 - (2) Furnished by a licensed physician, dentist or podiatric physician to his own patient for the treatment of the patient;

- (3) Furnished by a hospital for treatment of any person pursuant to the order of a licensed physician, dentist or podiatric physician; or
- (4) Sold to a licensed physician, dentist, podiatric physician or hospital for the treatment of a human being.
- (e) Feminine hygiene products.

(f) Diapers.

2. As used in this section:

(a) “Medicine” means any substance or preparation intended for use by external or internal application to the human body in the diagnosis, cure, mitigation, treatment or prevention of disease or affliction of the human body and which is commonly recognized as a substance or preparation intended for such use. The term includes splints, bandages, pads, compresses and dressings.

(b) “Medicine” does not include:

- (1) Any auditory, ophthalmic or ocular device or appliance.
- (2) Articles which are in the nature of instruments, crutches, canes, devices or other mechanical, electronic, optical or physical equipment.
- (3) Any alcoholic beverage, except where the alcohol merely provides a solution in the ordinary preparation of a medicine.

(4) Braces or supports, other than those prescribed or applied by a licensed provider of health care, within his scope of practice, for human use.

3. Insulin furnished by a registered pharmacist to a person for treatment of diabetes as directed by a physician shall be deemed to be dispensed on a prescription within the meaning of this section.

Sec. 2. This act becomes effective on January 1, 2025, and expires by limitation on December 31, 2050.

Sec. 5. The ballot page assemblies and the paper ballots to be used in voting on the question must present the question in substantially the following form:

Shall the Sales and Use Tax Act of 1955 be amended to provide an exemption from the taxes imposed by this Act on the gross receipts from the sale and the storage, use or other consumption of diapers?

Yes No

Sec. 6. The explanation of the question which must appear on each paper ballot and sample ballot and in every publication and posting of notice of the question must be in substantially the following form:

(Explanation of Question)

The proposed amendment to the Sales and Use Tax Act of 1955 would exempt from the taxes imposed by this Act the gross receipts from the sale and storage, use or other consumption of diapers.

If this proposal is adopted, the Legislature has provided that the Local School Support Tax Law and certain analogous taxes on retail sales will be amended to provide the same exemptions.

Sec. 7. If a majority of the votes cast on the question is yes, the amendment to the Sales and Use Tax Act of 1955 becomes effective on January 1, 2025, and expires by limitation on December 31, 2050. If less than a majority of votes cast on the question is yes, the question fails and the amendment to the Sales and Use Tax Act of 1955 does not become effective.

Sec. 8. All general election laws not inconsistent with this act are applicable.

Sec. 9. Any informalities, omissions or defects in the content or making of the publications, proclamations or notices provided for in this act and by the general election laws under which this election is held must be so construed as not to invalidate the adoption of the act by a majority of the registered voters voting on the question

if it can be ascertained with reasonable certainty from the official returns transmitted to the Office of the Secretary of State whether the proposed amendment was adopted by a majority of those registered voters.

Sec. 10. Chapter 372 of NRS is hereby amended by adding thereto a new section to read as follows:

In administering the provisions of section 56.1 of chapter 397, Statutes of Nevada 1955, which is included in NRS as NRS 372.283, the Department shall construe the term “diaper” to mean any type of diaper intended for use by a child or an adult, including, without limitation, a disposable diaper.

Sec. 11. Chapter 374 of NRS is hereby amended by adding thereto a new section to read as follows:

In administering the provisions of NRS 374.287, the Department shall construe the term “diaper” to mean any type of diaper intended for use by a child or an adult, including, without limitation, a disposable diaper.

Sec. 12. NRS 374.287 is hereby amended to read as follows:

374.287 1. There are exempted from the taxes imposed by this chapter the gross receipts from sales and the storage, use or other consumption of:

(a) Prosthetic devices, orthotic appliances and ambulatory casts for human use, and other supports and casts if prescribed or applied by a licensed provider of health care, within his or her scope of practice, for human use.

(b) Appliances and supplies relating to an ostomy.

(c) Products for hemodialysis.

(d) Medicines:

(1) Prescribed for the treatment of a human being by a person authorized to prescribe medicines, and dispensed on a prescription filled by a registered pharmacist in accordance with law;

(2) Furnished by a licensed physician, dentist or podiatric physician to his or her own patient for the treatment of the patient;

(3) Furnished by a hospital for treatment of any person pursuant to the order of a licensed physician, dentist or podiatric physician; or

(4) Sold to a licensed physician, dentist, podiatric physician or hospital for the treatment of a human being.

(e) Feminine hygiene products.

(f) Diapers.

2. As used in this section:

(a) “Medicine” means any substance or preparation intended for use by external or internal application to the human body in the diagnosis, cure, mitigation, treatment or prevention of disease or affliction of the human body and which is commonly recognized as a substance or preparation intended for such use. The term includes splints, bandages, pads, compresses and dressings.

(b) “Medicine” does not include:

(1) Any auditory, ophthalmic or ocular device or appliance.

(2) Articles which are in the nature of instruments, crutches, canes, devices or other mechanical, electronic, optical or physical equipment.

(3) Any alcoholic beverage, except where the alcohol merely provides a solution in the ordinary preparation of a medicine.

(4) Braces or supports, other than those prescribed or applied by a licensed provider of health care, within his or her scope of practice, for human use.

3. Insulin furnished by a registered pharmacist to a person for treatment of diabetes as directed by a physician shall be deemed to be dispensed on a prescription within the meaning of this section.

Sec. 13. 1. This section and sections 1 to 9, inclusive, of this act become effective on October 1, 2023.

2. Sections 10, 11 and 12 of this act become effective on January 1, 2025, and expire by limitation on December 31, 2050, only if the proposal submitted pursuant to sections 2 to 9, inclusive, of this act is approved by the voters at the General Election on November 5, 2024.

STATE QUESTION NO. 6

Amendment to the *Nevada Constitution*

Initiative Petition C-05-2023

CONDENSATION (Ballot Question)

Should the *Nevada Constitution* be amended to create an individual’s fundamental right to an abortion, without interference by state or local governments, whenever the abortion is performed by a qualified healthcare professional until fetal viability or when necessary to protect the health or life of the pregnant individual at any point during the pregnancy?

Yes No

EXPLANATION & DIGEST

EXPLANATION— This initiative, if approved by the voters, amends the Nevada Constitution to create a constitutional right to abortion.

This right to abortion would apply from the start of a person’s pregnancy up until the start of “fetal viability,” unless the pregnant person needs medical care to protect that person’s life or health, in which case the right applies throughout the pregnancy. “Fetal viability” means “the point in pregnancy when, in the professional judgment of the patient’s treating health care practitioner, there is a significant likelihood of the fetus’ sustained survival outside the uterus without the application of extraordinary medical measures.”

The initiative makes clear that the State of Nevada, including county and city governments in Nevada, generally cannot not interfere with this right. But a state, county, or city government can interfere with the right if there is a “compelling state interest” in doing so. A “compelling state interest” exists only if the government uses the least restrictive means to protect or improve the pregnant person’s life or health in ways that follow clinical standards of practice.

Lastly, this proposed right to abortion does not require or force any individual in Nevada to have an abortion. Instead, it creates a right that allows an individual to make their own decision.

A “Yes” vote would create a new section of the *Nevada Constitution* to establish a person’s constitutional right to abortion, so that a person can make decisions about matters relating to abortion and reproductive healthcare, without interference from state or local governments.

A “No” vote would keep the *Nevada Constitution* in its current form and would not impact the availability of abortion as a statutory right under Nevada law.

DIGEST—Existing law states that abortions are legal in Nevada and must occur within 24 weeks after the start of the pregnancy. An exception currently exists to allow an abortion after 24 weeks if a physician reasonably believes that an abortion is necessary to preserve the pregnant person’s life or health. Existing law also requires that abortions performed after the 24th week of pregnancy be performed in a hospital licensed by the State of Nevada.

If approved by the voters, this ballot measure would add a new section to Article 1 of the Nevada Constitution with the following information.

Section 1 of this amendment to the Nevada Constitution would create a “fundamental right to abortion.” This means that the Nevada Constitution would make abortion a legal option for all individuals, not just Nevadans, that is protected by the Nevada Constitution. The proposed amendment also includes the right to have an abortion procedure done by a qualified healthcare professional.

The amendment proposes that the right to an abortion would extend until “fetal viability, or when needed to protect the life or health of the pregnant patient.” “Fetal viability” means “the point in pregnancy when, in the professional judgment of the patient's treating health care practitioner, there is a significant likelihood of the fetus’ sustained survival outside the uterus without the application of extraordinary medical measures.”

If the abortion would be necessary to protect the pregnant person’s life or health, the proposed amendment allows an abortion procedure to be carried out after the start of fetal viability.

The proposed amendment would also generally prevent the State of Nevada or any of its political subdivisions (e.g., the Nevada Legislature, county and city governments) from interfering with the constitutional right to abortion. State and local governments can interfere with this right only if they have a “compelling state interest” in doing so. A “compelling state interest” exists only if the government uses the least restrictive means to protect or improve the pregnant person’s life or health in ways that follow clinical standards of practice.

Section 2 of the proposed constitutional amendment states that if any part of the amendment is challenged in court, then the rest of the amendment is not affected and remains in force. This section ensures that the right to abortion is protected to the greatest extent possible in the event of future lawsuits.

ARGUMENTS FOR PASSAGE

Decisions about abortion should be left to women and qualified healthcare professionals, who take a pledge to act in their patients’ best interest. When it comes to something as personal and complicated as pregnancy, politicians are never more qualified to make healthcare decisions than women and their doctors. That’s why it is so important to vote YES on this amendment.

People across Nevada are voting YES because:

- YES protects doctors so that they will never have to risk jail time just to treat the patient in front of them¹.
- Extreme abortion bans are already in place across the country – from Texas² to Florida³ to right next door in Utah and Arizona – and they are having dangerous effects. A 10-year-old girl from Ohio who was raped had to travel to Indiana to get the abortion she needed⁴, and in Texas, one woman who miscarried lost liters of blood and had to go on a breathing machine before doctors could legally help her⁵. YES protects the right to abortion in our state for good, so these tragic stories can never happen here.

- YES establishes a permanent layer of protection⁶ so that no matter who holds office in our state, extreme abortion bans⁷ cannot become law in Nevada.

YES keeps families – not politicians – in charge of their own healthcare decisions, so that women can make these personal decisions in consultation with their doctors and those they love and trust.

We should trust women and doctors to make the right decisions for their own situations without government getting involved. If this amendment fails, future generations could have fewer rights and freedoms than their parents and grandparents⁸. Vote YES to keep politicians out of our personal, private decisions.

Question 6 has no fiscal or environmental impact.

The above argument was submitted by the Ballot Question Committee composed of citizens in favor of this question as provided for in NRS 293.252. Committee members: Lindsey Harmon (Chair), Denise Lopez, and Bradley Schrager. This argument can also be found at www.nvsos.gov.

REBUTTAL TO ARGUMENTS FOR PASSAGE

Do you want courts and judges making decisions about pregnancy instead of women and doctors?¹

Vote NO to stop courts from invading your personal, private medical decisions.

Vote NO to protect our current abortion laws.² There literally *cannot be “any reasonable degree of certainty”*³ what laws will change or how much you will have to pay to fund abortion with Question 6. Vote NO.

Do you want to spend *millions of taxpayer dollars* to fund abortions through all 9-months of pregnancy? Do you want to write a *blank check to use taxpayer money to pay for abortions*?⁴ Last year, California spent *\$200 million*⁵

¹ *Silver State Hope Fund vs. The State of Nevada ex rel. Nevada Dept. of Health and Human Services, Division of Health Care Financing and Policy*, (Case NO. A-23-876702-W), Eighth Judicial District Court Clark County, Nevada (lawsuit financed by the ACLU to force Nevada taxpayers to pay for more abortions as a result of the “yes” vote for Question 1 on the 2022 Ballot).

⁸ “Nevada woman’s death after taking abortion pills spurs lawsuit, safety fears,” Washington Times (Sept. 28, 2023) <https://www.washingtontimes.com/news/2023/sep/28/nevada-womans-death-after-taking-abortionpills-sp/>.

ARGUMENTS AGAINST PASSAGE

Vote NO to stop Question 6 from re-writing our State Constitution.

Vote No to stop Question 6 from writing a blank check to fund unlimited, 9-month abortions using taxpayer money.¹

Question 6 may *force you the taxpayer to pay for abortions*.² The cost and fiscal impact of Question 6 cannot be determined:³ It may cost taxpayers MORE than *\$120-million-dollars every year*.⁴

¹ The total cost cannot be known, and a single abortion can cost “\$15,000 or more” according to the State of Nevada Division of (“DPBH”), “Abortion Information for Nevadans,” <https://dpbh.nv.gov/Programs/MIP/AbortionInNevada/> (For a “later pregnancy” using “induction abortion” procedure to “induce labor and delivery,” the cost is “\$8,000 to \$15,000 or more” for each delivery, labor and abortion procedure)

² The Nevada Legislative Counsel Bureau (Aug. 1, 2024), <https://www.nvsos.gov/sos/home/showpublisheddocument/14294/638581076670730000> (this non-partisan government body analyzed the language of Question 6 and concluded that “it is not known how the Legislature may revise existing laws if they are determined to not comply with these provisions, the financial effect upon the State or local governments cannot be determined with any reasonable degree of certainty).

³ See Notes 1-2.

⁴ An abortion in Nevada can cost anywhere from “\$500” for a chemical abortion to “\$15,000 or more” for an induction abortion, according to the State of Nevada Division of (“DPBH”), “Abortion Information for Nevadans,”

<https://dpbh.nv.gov/Programs/MIP/AbortionInNevada/>; The Nevada Independent, “Indy Explains: What happens to Nevada’s abortion laws if Roe is overturned?,”

(May 2, 2022), <https://thenevadaindependent.com/article/indy-explains-what-happens-to-nevadas-abortion-laws-if-roe-is-overturned> (estimating that approximately 8,000 to 10,000 abortions were performed annually in Nevada between 2017 and 2019, with the predication that more would follow if Nevada became an abortion “refuge.”).

Vote NO to protect our current abortion law. Abortion is legal in Nevada.⁵ Currently, doctors can do abortions—without restriction—up to 24 weeks (6 months).⁶ After that, it's also allowed to save the mom's life or health.⁷

Our current law is more pro-choice than *Roe v. Wade*.⁸ Only voters can change our state's abortion law, and it hasn't changed in decades.⁹ Unlike Nevada, other states have recently changed their abortion laws, and "*litigation has exploded*."¹⁰ Vote NO to keep the courts out of private, personal decisions.¹¹

If you like the current law, protect it: Vote NO. If you don't like the current law, vote NO so it's not even harder to fix.¹²

Question 6 has no bright-line rule saying when abortion is legal. Is it always legal at 4 months? 6 months? 9 months? Our current law is clear. Question 6 is not.

Question 6 has no bright-line rule saying when taxpayers must pay for abortions. Do taxpayers pay for an optional abortion at 9 months? Our current law is clear. Question 6 is not.

What about doctors? Can a non-doctor perform a surgical abortion at 9 months outside a hospital? Question 6 may not stop this, but the current law protects women. *Vote NO*.

What about parents? Can a non-doctor perform a secret surgical abortion on a 13-year-old girl? Question 6 may not stop this, but the current law protects children and parents. *Vote NO*.

When laws are unclear, the result is expensive lawsuits.¹³ The legal, fiscal and environmental impacts of Question 6 are unknown.¹⁴ Lawsuits cost taxpayers money.¹⁵

Vote NO because Question 6 is:

- *Dangerous*: It lets people who aren't doctors do abortions.
- *Wrong*: It allows abortions through all 9 months of pregnancy.
- *Harmful*: It strips out rules that keep women safe.
- *Expensive*: It may cause lawsuits and cost millions to fund abortions.
- *Unwanted*: It changes our current abortion laws which are clear.

⁵ See Nevada Revised Statutes (NRS) § 442.250 (Question 7 on the 1990 Nevada Ballot).

A-23-876702-W), Eighth Judicial District Court Clark County, Nevada (lawsuit to force Nevada taxpayers to pay for more abortions as a result of the "yes" vote for Question 1 on the 2022 Ballot).

¹² See above Notes 10-11.

¹³ See Notes 10-11.

¹⁴ See Note 1.

¹⁵ See Notes 10-11.

Keep our laws clear. Keep tax spending transparent. Keep courts out of abortion. Keep decisions between women and doctors. Vote NO.

The above argument was submitted by the Ballot Question Committee composed of citizens opposed to this question as provided for in NRS 293.252. Committee members: Emily Mimnaugh (Chair) and Jason Guinasso. This argument can also be found at www.nvsos.gov.

REBUTTAL TO ARGUMENTS AGAINST PASSAGE

The people against this amendment are lying to scare voters. Nevadans know that a woman may end a pregnancy for many different reasons. We also know that women and doctors do not decide on an abortion later in pregnancy unless there is a serious reason, like a risk to her life or pregnancy.

And this amendment does nothing to change parental rights in Nevada, because we all want young people to get the support they need from those who love them when making decisions.

All this amendment does is ensure families – not politicians – are in charge of their own health care decisions and can make the right choice for their unique situations without government getting in the way.

When families are making difficult, personal medical decisions, one-size-fits all laws don't work. As bans across the country are already putting lives at risk, this amendment adds a permanent layer of protection for abortion rights in Nevada so that no matter who holds office in our state, these extreme bans cannot become law here.

Again, this amendment has no fiscal or tax implications.

The above rebuttal was submitted by the Ballot Question Committee composed of citizens in favor of this question as provided for in NRS 293.252. Committee members: Lindsey Harmon (Chair), Denise Lopez, and Bradley Schrager. This argument can also be found at www.nvsos.gov.

FISCAL NOTE

FINANCIAL IMPACT – CANNOT BE DETERMINED

OVERVIEW

The Statewide Constitutional Initiative Petition – Identifier: C-05-2023 (Initiative) proposes to amend Article 1 of the Nevada Constitution by adding a new section, designated as Section 25, establishing a fundamental right to abortion performed or administered by a qualified health care practitioner until fetal viability, or when needed to protect the life or health of the pregnant patient, without interference from the state or its political subdivisions, unless the denial of that right is justified by a compelling state interest that is achieved by the least restrictive means.

FINANCIAL IMPACT OF THE INITIATIVE

Pursuant to Article 19, Section 2 of the Nevada Constitution, an initiative proposing to amend the Nevada Constitution must be approved by the voters at two successive general elections in order to become a part of the Constitution. If this Initiative is approved by voters at the November 2024 and November 2026 General Elections, the provisions of the Initiative would become effective on the fourth Tuesday of November 2026 (November 24, 2026), when the votes are canvassed by the Supreme Court pursuant to NRS 293.395.

If this Initiative is approved by the voters at the November 2024 and November 2026 General Elections, the Legislature may be required to evaluate existing laws governing abortion to determine whether they are in compliance with the provisions of this amendment. If it is determined that existing laws are not in compliance, it is possible that the amount of resources utilized by the State or local governments for the administration or enforcement of new abortion laws that would comply with these provisions may be affected.

However, because it is unknown what laws, if any, may not be in compliance with the provisions of the Initiative, nor is it known how the Legislature may revise existing laws if they are determined to not comply with these provisions, the financial effect upon the State or local governments cannot be determined with any reasonable degree of certainty.

Prepared by the Fiscal Analysis Division of the Legislative Counsel Bureau – August 1, 2024

FULL TEXT OF THE MEASURE

Explanation - Matter in *italics* is new; matter between brackets [~~omitted material~~] is material to be omitted.

THE PEOPLE OF THE STATE OF NEVADA DO ENACT AS FOLLOWS

Sec. 1. That a new section, designated Section 25, be added to Article 1 of the Nevada Constitution to read as follows:

Sec. 1. All individuals shall have a fundamental right to abortion performed or administered by a qualified health care practitioner until fetal viability, or when needed to protect the life or health of the pregnant patient, without interference from the state or its political subdivisions. The right established by this section shall not be denied, burdened, or infringed upon unless justified by a compelling state interest that is achieved by the least restrictive means.

Sec. 2. As used in this section: A “compelling state interest” means an interest which is limited exclusively to the state’s interest in protecting, maintaining, or improving the health of an individual who is seeking abortion care that is consistent with accepted clinical standards of practice; and

“Fetal viability” means the point in pregnancy when, in the professional judgment of the patient’s treating health care practitioner, there is a significant likelihood of the fetus’ sustained survival outside the uterus without the application of extraordinary medical measures.

Sec. 2. Severability. If any part of this Act be declared invalid, or the application thereof to any person, thing or circumstance is held invalid, such invalidity shall not affect the remaining provisions or application of this Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable. This subsection shall be construed broadly to preserve and effectuate the declared purpose of this Act.

[REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

STATE QUESTION NO. 7

Amendment to the *Nevada Constitution*

Initiative Petition C-02-2023

CONDENSATION (Ballot Question)

Should the *Nevada Constitution* be amended to require voters to either present photo identification to verify their identity when voting in-person or to provide certain personal information to verify their identity when voting by mail ballot?

Yes No

EXPLANATION & DIGEST

EXPLANATION— This initiative, if enacted, changes Article 2 of the Nevada Constitution to create a requirement for voters to provide identification before they receive a ballot.

Voters who vote in-person at a polling place would need to show an ID that is current or that has not been expired for more than four years. If a voter is more than 70 years old, the identification could be expired for any length of time so long as it is otherwise valid.

The acceptable forms of identification include:

1. Nevada driver's license.
2. Identification card issued by the State of Nevada, any other State, or the U.S. Government.
3. Employee photo identification card issued by the U.S. government, Nevada government, or any county, municipality, board, authority, or other Nevada government entity.
4. U.S. passport.
5. U.S. military identification card.
6. Student photo identification card issued by a Nevada public college, university, or technical school.
7. Tribal photo identification.
8. Nevada concealed firearms permit.
9. Other form of government-issued photo identification that the Legislature may approve.

Voters who vote by mail ballot would need to include certain information so that election officials can use it to verify the voter's identity. That information includes:

1. The last four digits of their Nevada driver's license number.
2. If the voter does not possess a Nevada driver's license, the last four digits of their Social Security number.
3. If the voter has neither a Nevada driver's license or a Social Security number, the number provided by the county clerk when the voter registered to vote.

A “Yes” vote would amend Article 2 of the *Nevada Constitution* to require in-person Nevada voters present certain identification and mail ballot voters to provide certain information in order to cast a legal ballot.

A “No” vote would keep the *Nevada Constitution* in its current form.

DIGEST—Under current law, Nevada voters must only show identification in certain situations. These situations are rare and related to the method and timing of how they register to vote.

Currently only voters who register to vote by mail or computer, or who preregisters to vote by mail or computer, and who has not previously voted in an election for federal office in Nevada must provide identification. Additionally, state law requires voters who register to vote online less than 14 days before an election must also vote in-person and present an identification and proof of residency.

If approved by a vote by the voters during the 2024 general election it would go to the 2026 general election ballot for additional approval. If approved there, the Nevada Legislature could create related laws through legislation during the 2027 Legislative Session and these changes would go into effect for the 2028 election cycle.

ARGUMENTS FOR PASSAGE

Flaws in the nation's registration and voting laws are being seen as creating a lack of confidence in election outcomes. Many people lost trust in how elections were run.

New voting technology raised worries about mistakes. More mail-in ballots also led to fears of fraud. A national bipartisan committee reviewed voting laws in many states. One of their recommendations in their report was to require Voter ID.¹

Requiring voters to show a photo ID before voting is a sensible and effective step to help make our elections more secure and to give people more confidence in the results.

In Nevada, many people support this idea. A recent poll shows 74% of Nevadans back it. This includes 68% of Independents, and 62% of Democrats.²

As of 2024, 36 states have laws requiring photo ID for voting. There have been no major complaints in these states, and, contrary to what people were told would happen, turnout has not decreased.³

Some argue that requiring a photo ID would unfairly impact minorities. They say that many minorities and low-income people don't have a photo ID. This is not true, because people need a photo ID to apply for a job, cash a check, use a credit card, apply for a loan, see a doctor, pick up a prescription, apply to college, buy alcohol or tobacco, get on a plane, check into a hotel, and vote in some union elections.

Nevada law requires those who don't register in person show identification and address the first time they vote. This doesn't have to be a photo ID. It can be a utility bill or some other official document that shows only their name and address. Also, this is only for the first time they vote. After that, there is no requirement to show an ID when voting.⁴

Others say that voter fraud is rare. However, identity theft is a growing problem. Close elections also show the need for every vote to be legal. For example, a 2002 race in Nevada ended in a tie. Former U.S. Attorney Jennifer Arbritter Williams said, "If even one vote has been illegally cast...it diminishes faith in the process."⁵

² Poll: Plurality of Nevada voters approve of Lombardo, majority support voter ID - The Nevada Independent

³ Requiring Photo ID Has Little Effect on Voter Turnout, MU Study Finds | MU News Bureau (missouri.edu)

⁴ Nevada Revised Statutes 293.272, 293.2725

⁵ Eastern District of Pennsylvania | Former U.S. Congressman and Philadelphia Political Operative Pleads Guilty to Election Fraud Charges | United States Department of Justice

Requiring a photo ID has no environmental, public health, safety, or welfare impact.

A photo ID requirement will help people trust our election system and make sure that every vote is valid. Vote "YES" on Question 7.

The above argument was submitted by the Ballot Question Committee composed of citizens in favor of this question as provided for in NRS 293.252. Committee members: David Gibbs (Chair), Chuck Muth, and David O'Mara. This argument can also be found at www.nvsos.gov.

REBUTTAL TO ARGUMENTS FOR PASSAGE

The people who support Question 7 talk a lot about fear and mistrust. They've spent years trying to make us doubt our election system. But they can't show us even one time when voter ID would have actually made our elections safer in Nevada.

They don't tell you what bad things voter ID will stop because there haven't been any. They don't mention that identity theft has never changed any election here. They don't talk about how many Nevadans—people just like you and me—don't have the ID that Question 7 needs. They also don't explain how Question 7 helps people get those IDs. It doesn't.

They just say that other states have voter ID and people there like it. But remember, not everyone does things like cash checks, go to college, or fly on planes. These aren't like voting. Voting is a right we all have to choose our leaders. We shouldn't stop anyone who can vote from voting.

Think about this: you're more likely to get hit by a meteor than to find someone cheating by pretending to be someone else when they vote. Question 7 is a step back for our democracy.

The above rebuttal was submitted by the Ballot Question Committee composed of citizens opposed to this question as provided for in NRS 293.252. Committee members: Jennifer Fleischmann Willoughby (Chair), Daniel Bravo, and Jessica Rodriguez. This argument can also be found at www.nvsos.gov.

ARGUMENTS AGAINST PASSAGE

When it comes to voting rights, we shouldn't be leaving anyone behind. The ID requirements in Question 7 will mean fewer eligible people will cast ballots, while the new law would do nothing to prevent voter fraud.

The measure's supporters say they want more confidence in elections, but they don't tell you that impersonating someone else at the polls never happens. One study found that out of more than a billion votes cast, it happened 31 times—statistically zero.¹ You have a better chance of being struck by lightning.² Question 7 overreacts to a problem that simply does not exist.

And the risks of Question 7 are big. It does not ensure that Nevadans have the kinds of ID the law demands, IDs that cost money and take time to get. Voters living in rural or tribal communities will have to travel long distances to a DMV to receive an ID. In fact, almost 21% of all voting-age Americans don't have a valid driver's license

¹ Justin Levitt, "A Comprehensive Investigation of Voter Impersonation Finds 31 Credible Incidents Out of One Billion Ballots Cast," Washington Post, August 6, 2014, <https://www.washingtonpost.com/news/wonk/wp/2014/08/06/a-comprehensive-investigation-of-voter-impersonation-finds-31-credibleincidents-out-of-one-billion-ballots-cast/>.

² Brennan Center for Justice, January 31, 2017, <https://www.brennancenter.org/our-work/research-reports/debunking-voter-fraud-myth>

with their current name and address.³ In terms of Nevada’s population, that would equal more than half a million people.⁴

Studies have shown that strict voter ID laws reduce turnout among underserved communities and communities of color, making it harder to have their voices heard at the ballot box.⁵

Voter ID laws are also a waste of taxpayer dollars. Indiana, for example, spent over \$10 million to produce free ID cards between 2007 and 2010.⁶

Question 7 will keep eligible Nevadans from voting, and won’t improve election integrity. Vote no on laws that reduce participation in democracy, like Question 7.

Requiring a photo ID has no environmental impact.

The above argument was submitted by the Ballot Question Committee composed of citizens opposed to this question as provided for in NRS 293.252. Committee members: Jennifer Fleischmann Willoughby (Chair), Daniel Bravo, and Jessica Rodriguez. This argument can also be found at www.nvsos.gov.

REBUTTAL TO ARGUMENTS AGAINST PASSAGE

Opponents say that “impersonating someone else at the polls never happens.” But without a photo ID required, how can they be sure?

To try to back their argument, opponents cite an opinion column from Washington, DC, from over ten years ago. This was before Nevada adopted new election laws in 2021.

Opponents also claim that “21% of all voting-age Americans don’t have a valid driver’s license.” However, the same study shows that only 1% lack some other acceptable photo ID. The Legislature can find a way to help these voters, just like 36 other states have done.

Opponents say voter ID laws “reduce turnout” among minorities. But the same study also says that “the research is mixed on whether ID laws actually reduce turnout.”

A similar claim was made against Georgia’s photo ID law in 2021. Yet, Georgia’s Secretary of State reported that turnout in the 2022 general election set new records after the law took effect.⁷

The bottom line is this: Requiring a Photo ID won’t make it harder to vote. It will make it harder to cheat. Vote YES on Question 7.

The above rebuttal was submitted by the Ballot Question Committee composed of citizens in favor of this question as provided for in NRS 293.252. Committee members: David Gibbs (Chair), Chuck Muth, and David O’Mara. This argument can also be found at www.nvsos.gov.

FISCAL NOTE

FINANCIAL IMPACT – YES

OVERVIEW

The Statewide Constitutional Initiative Petition – Identifier: C-02-2023 (Initiative) proposes to amend Article 2 of the Nevada Constitution by adding new Sections 1B and 1C, as follows:

- Section 1B would require the presentation of a specified form of identification in order to vote in person in an election in Nevada, either through early voting or on Election Day.
- Section 1C would require voters who submit a mail-in ballot to provide certain specified information in order to verify that voter's identity.

FINANCIAL IMPACT OF THE INITIATIVE

Pursuant to Article 19, Section 2 of the Nevada Constitution, an initiative proposing to amend the Nevada Constitution must be approved by the voters at two successive general elections in order to become a part of the Constitution. If this Initiative is approved by voters at the November 2024 and November 2026 General Elections, the provisions of the Initiative would become effective on the fourth Tuesday of November 2026 (November 24, 2026), when the votes are canvassed by the Supreme Court pursuant to NRS 293.395.

The provisions of the Initiative are anticipated to have a financial impact upon the State and local governments relating to procedures and systems utilized during the election process. The Secretary of State's Office has indicated that these provisions will require modifications to processes and systems related to check-in of voters at the polling location and verification of mail-in ballots, as well as ensuring that the statewide voter registration system is modified to ensure that all data necessary to implement the provisions of the Initiative is captured.

Based on information provided by the Secretary of State's Office, the estimated costs to make these changes to voter systems in Nevada would be approximately \$6,750, and these changes would need to be made in time for the elections that would be held in the year 2028.

The provisions of the Initiative additionally allow the Legislature to determine additional forms of valid identification that can be used to verify identity for voting, aside from those already specified in the Initiative, which the Fiscal Analysis Division assumes will need to be created by the Legislature for those people who do not have or cannot obtain another form of allowable identification.

The Fiscal Analysis Division additionally assumes that this alternate form of voter identification will be provided to the voter at no cost, which means that the cost for these identification documents will be wholly borne by the State or by one or more local governments. However, the Initiative does not specify the form which these alternative identification documents must take, nor does it specify which agency or agencies (either at the state or local level) will be required to provide these documents. Additionally, it is unknown how many registered voters will not have one of the specified documents that would be acceptable to provide as proof of identity for in-person voting, who would need to be issued one of these alternative documents.

Thus, the financial effect upon the State or local governments relating to the issuance of an alternative identity document to those voters who will require such a document in order to vote in person cannot be determined with any reasonable degree of certainty.

Prepared by the Fiscal Analysis Division of the Legislative Counsel Bureau – July 29, 2024

FULL TEXT OF THE MEASURE

Explanation - Matter in *italics* is new; matter between brackets [~~omitted material~~] is material to be omitted.

THE PEOPLE OF THE STATE OF NEVADA DO ENACT AS FOLLOWS

Article 2 of the Nevada Constitution is hereby amended by adding thereto new sections to be designated as Section 1B and Section 1C, to read as follows:

Sec 1B. Photo Identification. Each voter in Nevada shall present photo identification to verify their identity when voting in person at a polling place during early voting or on election day before being provided a ballot. To be considered valid, the photo identification must be current or expired for no more than four years. If the voter is 70 years old or more, the identification can be expired for any length of time, so long as it is otherwise valid. Acceptable forms of identification include:

- 1. Nevada driver's license.***
- 2. Identification card issued by the State of Nevada, any other State, or the US Government.***
- 3. Employee photo identification card issued by the US government, Nevada government, or any county, municipality, board, authority, or other Nevada government entity.***
- 4. US passport.***
- 5. US military identification card.***
- 6. Student photo identification card issued by a Nevada public college, university, or technical school.***
- 7. Tribal photo identification.***
- 8. Nevada concealed firearms permit.***
- 9. Other form of government-issued photo identification that the Legislature may approve.***

Sec C. Voter Verification. Each voter in Nevada who votes by mail-in ballot shall enter one of the following in the block provided next to the voter's signature for election officials to use in verifying the voter's identity:

- 1. The last four digits of their Nevada driver's license number.***
- 2. If the voter does not possess a Nevada driver's license, the last four digits of their Social Security number.***
- 3. If the voter has neither a Nevada driver's license or a Social Security number, the number provided by the county clerk when the voter registered to vote.***

[REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

Carson City

Question No. CC1

Shall Carson City be authorized to increase its sales and use tax by 0.25%, with the revenue generated from that tax increase to be deposited in a fund dedicated solely to reconstructing, maintaining, and repairing local public roads in Carson City?

EXPLANATION

A “YES” vote would allow Carson City to increase the existing 0.25% sales and use tax for the maintenance and repair of public roads to 0.5%, with the revenue generated from that 0.25% increase dedicated solely to the reconstruction, maintenance, and repair of local public roads in Carson City.

A “NO” vote would maintain the sales and use tax rate for the maintenance and repair of public roads at 0.25% and would not allow the Carson City Board of Supervisors to enact an ordinance increasing the sales and use tax by an additional 0.25% to fund the reconstruction, maintenance, and repair of local public roads.

NRS 377A.020 provides that, if approved by a majority of the registered voters of Carson City voting upon this question, the Carson City Board of Supervisors is authorized to enact an ordinance imposing a special purpose sales tax at a rate of up to 0.5% for the purposes of maintaining a public transit system; the construction, maintenance and repair of public roads; the improvement of air quality; or any combination of those purposes.

In 1986 Carson City adopted Carson City Municipal Code (“CCMC”) chapter 21.04, which imposes a sales and use tax at a rate of 0.25% for the maintenance and repair of public roads. NRS 377A.020 permits Carson City to collect up to 0.5% for the reconstruction, maintenance and repair of public roads, meaning there is currently an additional 0.25% in potential sales and use tax revenue that could be collected for those purposes. The Carson City Board of Supervisors can only increase the current sales and use tax rate for the reconstruction, maintenance and repair of public roads from 0.25% to 0.5% if a majority of the registered voters of Carson City voting upon this question approve that increase.

NRS 377A.020 permits up to 0.5% in sales and use tax revenue to be used for three potential purposes: (1) maintaining a public transit system; (2) the construction, maintenance, and repair of public roads; and/or (3) the improvement of air quality. However, the existing 0.25% tax imposed by CCMC chapter 21.04 only permits this tax revenue to be used for the maintenance and repair of public roads and does not allow the tax revenue to be used for public transit or the improvement of air quality.

Similarly, the additional 0.25% in sales and use tax proposed through this question would not be permitted to fund new road construction, public transit or air quality improvements. Instead, the additional 0.25% in sales and use tax proposed through this question would only be used for the

reconstruction, maintenance and repair of local public roads in Carson City along with any required repair and replacement of roadway elements such as curb, gutter and sidewalk. The Carson City Board of Supervisors would require that revenues from the special purpose sales tax be administered by the Carson City Regional Transportation Commission.

It is anticipated that a 0.25% increase in sales and use tax would annually raise approximately \$4 to \$4.5 million in funding for the reconstruction, maintenance and repair of roads classified as local public roads.

DIGEST

If passed, this measure would increase public revenue. Passage or defeat of this measure by the voters of Carson City would not add to, change or repeal Nevada state laws which govern special purpose taxes (NRS chapter 377A). If passed, the Carson City Board of Supervisors would adopt an ordinance amending CCMC chapter 21.04 to increase the tax rate from 0.25% to 0.5%; to require the additional 0.25% in tax revenue to be deposited in a separate fund dedicated solely to reconstructing, maintaining and repairing local public roads; and making the 0.25% tax increase effective April 1, 2025, as required by NRS 377A.020(3). Therefore, passage of this ballot measure would require revisions to CCMC chapter 21.04.

DESCRIPTION OF ANTICIPATED FINANCIAL EFFECT

If passed, this measure would increase the sales and use tax by 0.25%. According to Carson City's Fiscal Year (FY) 2023 Annual Comprehensive Financial Report, the existing 0.25% sales tax rate generated \$3.9 million in FY 2023. Carson City estimates it will collect approximately \$4.1 million in FY 2024 from the existing 0.25% tax rate. Based on this data, an increase to the tax rate of 0.25% is estimated to generate between \$4 and \$4.5 million per year in additional revenue. Revenue generated would be deposited in a separate fund dedicated solely to reconstructing, maintaining, and repairing local public roads.

ARGUMENTS FOR PASSAGE

Many of Carson City's "local roads" need repair. Improving local roads is important for the well-being and economic prosperity of any community. Maintaining and repairing roads requires money, and our local roads have been underfunded for many years. Implementing a modest 0.25% sales tax dedicated to fixing local roads is a practical and fair solution to address this urgent issue.

Currently, 46% of local roads are between "poor" and "failed" condition. "Poor" means they have serious cracking, "failed" means they are just shy of being gravel.

Regional roads are major roads like Carson and William streets and are eligible for federal and state funding. Local roads, which make up roughly 70 percent of the City's roads, are not eligible

for federal or state funding. It is up to the City to fund the reconstruction, maintenance, and repair of local roads.

What current gas taxes are used for?

Carson City collects 15.35 cents for each gallon of gasoline sold in the city. This amount has not changed since 1997. These funds are used for the reconstruction, maintenance, and repair of “regional” (non-local) roads.

A 0.25% sales tax is a relatively small cost for consumers. It means an additional 25 cents for every \$100 spent. Everyone who buys goods in the city, residents, travelers, and electric vehicle owners, will share in the cost to fix our local roads. The money will be dedicated to improving “existing local roads only”, not new roads, and not regional roads.

If funds are not raised through this tax the city’s local roads will continue to deteriorate such that over 95% will be between “poor” and “failed” condition by 2030. In other words, they will eventually become gravel roads or more potholes than road. The proposed 0.25% sales tax is an equitable way to raise a portion of the money needed to maintain our local roads.

In conclusion, passing this measure to fund local road repairs is a reasonable and fair solution to a serious problem. The small cost to taxpayers, the broad base of contributors and the long-term economic benefits, make a strong case for this modest increase. Investing in our roads is an investment in Carson City’s future, and by funding local road repairs, we can build a stronger, safer, and more prosperous Carson City for generations to come.

ARGUMENTS AGAINST PASSAGE

Citizens of Carson City have openly expressed their legitimate concerns regarding the deteriorating condition of roads upon which they must routinely use for their livelihood and their socially important community activities. Passable roads are significant to other uses that include emergency police and fire which require even more legitimate, but less frequent, concerns.

However, most folks understand that, as just as our personal lives have a critical need to plan our long- and short-term monetary income, it goes without saying that Carson City’s Board of Supervisors also have the responsibility to plan the expenditure of taxpayer’s money to assure that fire trucks, police, ambulances, and citizens have safe roads upon which to conduct their daily survival needs.

Assuredly, the residents of Carson City, like their private lives, will understand that the Carson City Board of Supervisors must assume that tax money is managed by the Board in compliance with comprehensive strategic planning that will prevent taxpayers’ money from being consumed by “surreptitious” or hidden action for purposes other than actual road building and repair.

Although the Board of Supervisors did develop a Strategic Plan back in 2022 that will last until 2026, **it does not include funding for roads.**

For this reason, the absence of road construction and maintenance funding within our current Strategic Plan is our motive to vote “NO”.

REBUTTAL TO ARGUMENTS AGAINST PASSAGE

Citizens of Carson City have expressed their legitimate concerns regarding the deteriorating condition of “local” roads upon which they must routinely use. Local roads are significant to other uses that include emergency police and fire. We must pass this measure to address those concerns.

The argument against passage of CC1 states there is no City plan for spending the money and the concern that the money raised may be used for “purposes other than actual road building and repair”.

Neither of these concerns are valid. The ballot wording clearly states that “the revenue generated from that tax increase to be deposited in a fund dedicated solely to reconstructing, maintaining and repairing local public roads in Carson City.” The money must be placed in a dedicated fund and expenditures administered and tracked by the Regional Transportation Commission (RTC). **It cannot be used for any other purpose.**

The RTC has developed a pavement management plan to use the money on local road repair if this ballot measure passes. For road repair projects the city is divided into five performance districts or zones. Each year road repair projects take place in one zone (let’s say Zone 1). The next year the projects are in the next zone (Zone 2), and so on through Zones 3, 4 and 5 in following years. Then they start at Zone 1 again.

If this ballot measure passes, the first set of projects will be on local roads that have been identified based on condition, use and location.

As with everything the price to maintain and repair roads has increased. The funds currently available are not enough to maintain and repair our local roads. This is a fair way for everyone to share in the cost.

In summary, the city will only be able to use the funds from this tax for local road projects and there is a plan and oversight for how the money will be spent. The Regional Transportation Commission will oversee the budget and expenditures and report to the Board of Supervisors, just as they do for current regional road repair projects.

A “YES” vote will allow the city to make much needed road repairs.

REBUTTAL TO ARGUMENT FOR PASSAGE

It is also noteworthy that while Carson City does have a Strategic Plan, it is interesting to learn that the *Strategic Plan does not have a road maintenance line item.*

Yes, we need more money for repair of local roads BUT THIS PROPOSAL IS THE WRONG WAY TO DO IT.

This tax would be PERMANENT – it has no end date! Do we really want to saddle future generations with this tax?

Vote NO on Question CC1.

Question No. CC2

Shall Carson City be authorized to impose a supplemental government services tax of \$0.01 on each \$1.00 of valuation for vehicles based in Carson City, with the revenue generated from that tax increase to be deposited in a fund dedicated solely to reconstructing, maintaining, and repairing local public roads in Carson City?

EXPLANATION

A “YES” vote would allow Carson City to impose a supplemental government services tax of \$0.01 on each \$1.00 of valuation of vehicles based in Carson City, with the revenue generated from that supplemental government services tax dedicated solely to the reconstruction, maintenance, and repair of local public roads in Carson City.

A “NO” vote would prevent Carson City from imposing a supplemental government services tax on vehicles based in Carson City.

NRS 371.045 provides that, if approved by a majority of the registered voters of Carson City voting upon this question, the Carson City Board of Supervisors is authorized to enact an ordinance imposing a supplemental government services tax of \$0.01 on each \$1.00 of valuation for vehicles based in Carson City. Revenue generated through the proposed supplemental government services tax could be used for projects in Carson City that are related to the construction and maintenance of sidewalks, streets, avenues, boulevards, highways and other public rights-of-way used primarily for vehicular traffic.

The Nevada Department of Motor Vehicles would collect the supplemental government services tax during the registration, or renewal of registration, for vehicles based in Carson City. NRS 371.050 and 371.060 establish how a vehicle’s value will be calculated for the purposes of the supplemental government services tax. Pursuant to NRS 371.050 a vehicle’s initial value will generally be 35% of the manufacturer’s suggested retail price. That initial valuation will then be further reduced based on an annual depreciation schedule set forth in NRS 371.060. Therefore, the vehicle’s value, including depreciation, will be calculated under NRS 371.050 and 371.060 before the supplemental government services tax of \$0.01 on each \$1.00 of vehicle valuation is levied.

NRS 371.045 allows revenues from the supplemental government services tax to be used for projects related to the construction and maintenance of sidewalks, streets, avenues, boulevards, highways and other public rights-of-way used primarily for vehicular traffic, including, without limitation, overpass projects, street projects or underpass projects in, or just outside of, Carson City. However, if this ballot question is approved, the Carson City Board of Supervisors would enact an ordinance only allowing the supplemental government services tax revenues to be used for the reconstruction, maintenance and repair of local public roads in Carson City along with any required repair and replacement of roadway elements such as curb, gutter and sidewalk. The Carson City Board of Supervisors would also require that revenues from the supplemental

government services tax be administered by the Carson City Regional Transportation Commission.

It is anticipated that the supplemental government services tax would annually raise approximately \$2.5 million in funding for the reconstruction, maintenance and repair of roads classified as local public roads.

DIGEST

If passed, this measure would increase public revenue. Passage or defeat of this measure by the voters of Carson City would not add to, change or repeal Nevada state laws which govern supplemental government services taxes (NRS chapter 371). If passed, the Carson City Board of Supervisors would adopt an ordinance adding a new chapter to CCMC title 21. That new chapter would impose a supplemental government services tax of \$0.01 on each \$1.00 of valuation for vehicles based in Carson City; require the supplemental government services tax revenues to be deposited in a separate fund dedicated solely to reconstructing, maintaining and repairing local public roads; and allow collection of the supplemental government services tax to begin no earlier than the first day of the second calendar month after the ordinance is adopted, as required by NRS 371.045(4). Therefore, passage of this ballot measure would require revisions to CCMC title 21.

DESCRIPTION OF ANTICIPATED FINANCIAL EFFECT

If passed, this measure would increase public revenue for local roads. According to the Nevada Department of Motor Vehicles, there are approximately 74,000 registered vehicles in Carson City. The State of Nevada collected \$10 million in revenue from these registered vehicles through an existing \$0.04 government services tax in fiscal year 2023. Based on the revenue generated by the State of Nevada, the passage of a supplemental government services tax of \$0.01 would generate an estimated \$2.5 million per year in new revenue solely for Carson City. Revenue generated would be deposited in a separate fund dedicated to reconstructing, maintaining, and repairing local public roads.

ARGUMENTS FOR PASSAGE

Many of Carson City's "local roads" need repair. Improving local roads is important for the well-being and economic prosperity of any community. Maintaining and repairing roads requires money, and our local roads have been underfunded for many years. Implementing a modest Supplemental Government Services Tax (SGST) dedicated to fixing local roads is a practical and fair solution to address this urgent issue.

Currently, 46% of local roads are between "poor" and "failed" condition. "Poor" means they have serious cracking, "failed" means they are just shy of being gravel.

Regional roads are major roads like Carson and William streets and are eligible for federal and state funding. Local roads, which make up roughly 70 percent of the City's roads, are not eligible for federal or state funding. It is up to the City to fund the reconstruction, maintenance, and repair of local roads.

What current gas taxes are used for?

Carson City collects 15.35 cents for each gallon of gasoline sold in the city. This amount has not changed since 1997. These funds are used for the reconstruction, maintenance, and repair of "regional" (non-local) roads.

The proposed SGST is a relatively small cost for vehicles registered in Carson City. All vehicles registered in Carson City will contribute to fixing our local roads, including electric vehicle owners, who currently pay no tax for road maintenance. The money will be dedicated to improving "existing local roads only", not new roads, and not regional roads.

Example: The owner of a new \$50,000 vehicle would only pay \$175 in year 1. After 9 years of depreciation the annual cost would be \$26.25.

If funds are not raised through this tax the city's local roads will continue to deteriorate such that over 95% will be between "poor" and "failed" condition by 2030. Eventually they will become gravel roads or more potholes than road. The proposed SGST tax is an equitable way to raise the money needed to maintain our local roads.

In conclusion, passing this measure to fund local road repairs is a reasonable and fair solution to a serious problem. The small cost to vehicle owners, the broad base of contributors and the long-term economic benefits, make a strong case for this modest increase. Investing in our roads is an investment in Carson City's future. By funding local road repairs, we can build a stronger, safer, and more prosperous Carson City for generations to come.

ARGUMENTS AGAINST PASSAGE

When the citizens of the community are asked to approve a tax increase shouldn't they be told what exactly these proposed taxes are to be used for? Nothing in this proposal details, step by step, year by year, how exactly the money is to be spent. Indeed, the language in this one sentence proposal, is so generic as to leave it solely up to the Board of Supervisors discretion as to what constitutes a proper expense. Furthermore, this proposed tax increase would be permanent with no end in sight.

Since this proposed tax increase lacks a Strategic Plan to detail exactly what the monies could or could not be used for its language is generic enough to allow the Board of Supervisors to treat the money raised as their personal "Piggy Bank" for whatever pet projects they may desire. Nowhere in this proposal does it prohibit any of these funds to be used for: Bicycle lanes, HOV lanes, landscaping, sidewalk maintenance or improvements.

This is a thinly veiled measure to further tax the citizens of this city and county without adequate controls on its use and should be rejected – Vote “NO” on this proposal.

REBUTTAL TO ARGUMENTS AGAINST PASSAGE

The argument against passage of CC2 states there is no detailed city plan for spending the money and is concerned that the money raised may be used for “...their personal “Piggy Bank” for whatever projects they may desire.” (Referring to the Board of Supervisors).

Neither of these concerns are valid. The ballot wording clearly states that “the revenue generated from this tax increase to be deposited in a fund dedicated solely to reconstructing, maintaining and repairing local public roads in Carson City.”

The money must be placed in a dedicated fund and expenditures administered and tracked by the Regional Transportation Commission (RTC). **It cannot be used for any other purpose.**

Should the repair of a local road require the replacement of some curb, gutter, or sidewalk, this would be allowed under this ballot measure. It makes no sense to replace asphalt pavement next to a badly deteriorated gutter. The language in the ballot measure permits only curb (such as handicap access), gutter and sidewalk repairs that is required to maintain the overall integrity of the road repair. The funds cannot be used to widen roads, construct HOV lanes, or for landscaping.

The RTC has developed a pavement management plan to use the money on “local” road repairs if this measure passes. For road repair projects the city is divided into five performance districts or zones. Each year road repair projects take place in one zone then the next zone the following year.

If this measure passes, the first set of projects will be in an area that has preliminarily been identified due to condition, use and location.

There is no sunset clause for this tax. The need to repair and maintain our local roads will not magically disappear after a few years. Needed maintenance will be ongoing and funding sources to fix the problem need to be ongoing also.

In summary, the city is only allowed to use the funds from this tax for local road projects and there is a plan and oversight for how the money will be spent. The Regional Transportation Commission will oversee the budget and expenditures and report to the Board of Supervisors, just as they do for current regional road repair projects.

A “YES” vote will allow the much-needed repairs for our “local” roads.

REBUTTAL TO ARGUMENTS FOR PASSAGE

This tax would also be PERMANENT – it also has no end date.

This is a thinly veiled measure to further tax the citizens of this city and county without adequate controls on its use and should be rejected – Vote “NO” on this proposal.
